

Chapter 4971

Hearing the words of Charlie, the seven cavalry guards and May 47 sitting on the other side were stunned!

They didn't know why Charlie would suddenly ask such a question, But the expressions of these eight people were a little excited at this time.

May 47 was the first to speak, clenched his fists, and said sharply, "Mr. Wade, if what you said is true, we dead soldiers will definitely organize to break out of the siege!"

"Even if we die, we will die under the sun!"

The person head of the Cavalry Guard also subconsciously said "That's right, Mr. Wade... If this really happens, Cavalry Guards will definitely take the opportunity to fight to the death!"

May 47 sighed: "To all the dead soldiers Generally speaking, The shackles of the organization are mainly the poison in the body and their own family members."

"Once the trouble of the poison is solved, the dead soldiers will be able to use their own strength to desperately defend the safety of their relatives, And have the opportunity to lead their family members to escape."

"My God, this is the biggest dream of every dead warrior for dozens of generations of ancestors, And once given the chance, every dead warrior will go all out for this dream!"

May 47's words made the other Cavalry Guards agree and show empathy.

Like these dead men, they all longed for the day when they could completely break away, From the control of this mysterious organization.

The reason why he never stood up against the organization was mainly that the poison in his body was powerless to resist.

It's not like none of their predecessors have done this before, But whether they resist or escape, the maximum lifespan of each of them after escaping is only seven days.

Therefore, this kind of thing has no chance of success at all, over time, no one is willing to do it.

But if what Charlie said really happened, and the poison in their bodies was suddenly completely eliminated, They would stand up and resist to the end like dead soldiers.

After seeing the attitudes of several people, Charlie nodded in satisfaction and asked, "Does the Commissioner need to take antidotes regularly?"

"I've never heard of it." The leader of the Cavalry Guards said:

"The Commissioner is mysterious and keeps a low profile."

"We have no way of knowing whether he will take the antidote like us."

Charlie asked again: "Then every time After the antidote is delivered,"

"How is it distributed to you and all the dead men?"

The man explained: "Every time the antidote is delivered,"

"The Commissioner will personally connect with the postman who is responsible for delivering the antidote."

"Ten pieces form a letter, wrapped in waterproof wax paper,"

"And then sealed with special wax and seals. Every time the antidote is delivered,"

"The Commissioner will personally check the packaging of each letter."

"After asking the question, give these antidotes to his bodyguards,"

"And then his bodyguards will personally distribute them to us, cavalry guards."

He continued: "When the antidotes are distributed, we according to the system , line up to receive the antidote,"

"And after receiving the antidote, we must take the antidote immediately,"

"And we must not take the antidote away quietly."

"Together with them, we distribute the antidote to the dead man and their family members."

"The overall process is basically the same."

"The dead man and his relatives must also complete the medication under our supervision."

"In this way, the whole process of taking the medicine at one time is considered complete."

Jack on the side couldn't help asking: "I have a question to ask,"

"Since you can only live for 7 days without the antidote,"

“Why do they supervise you to take the antidote? How about going on?”

“Is there anyone who deliberately refuses to take the antidote they gave you?”

The man smiled wryly, and said: “Whether it is us or the dead, we have always thought about resisting,”

“Although it shows that we know that we have no ability to fight with them.”

“The whole organization fights, but there are still some flukes, so in the past,”

“Many dead soldiers deliberately did not take the antidote,”

“Left the antidote for many people to one person, and then tried to help that person escape from the station.”

“Hoping to exchange help from the outside world by asking for help and exposing the inside story of the entire organization,”

“But all failed without exception, but because of this kind of thing happening,”

“The organization’s requirement is that someone must supervise when taking the medicine.”

Hearing this, Charlie said, “That is to say, the antidote given to you has a special anti-counterfeiting method,”

“But only one person, Commissioner, will know the specific method of anti-counterfeiting,”

“So after the antidote is delivered, he will be responsible for the anti-counterfeiting.””

“He comes to connect and verify the authenticity, and after confirming that there is no problem,”

“They will be issued to the Cavalry Guards first, followed by the dead and their families.”

“Yes.” The man nodded and said: “The whole process is actually very strict.”

Chapter 4972

Charlie asked again: “In your impression, what are the anti-counterfeiting features of the antidote?”

“Every letter of medicine is opened in front of us and handed out to us,”

“But the wax used to seal the wax paper is reheated every time.”

“The pattern on it no longer exists, so I don’t know what the sealant looks like on the original medicine seal.”

Charlie nodded lightly, and said: “In this way, they want to steal the sky and change the day without showing anything.”

“And then cheated the Commissioner, it should be impossible.”

“If I find a link in the middle to change the medicine, it will inevitably destroy the original anti-counterfeiting mark to a certain extent,”

“And wait for the Commissioner to get the medicine. He will realize something is wrong immediately.”

“Yes.” The man agreed: “We don’t know how many anti-counterfeit marks will be on the medicine seal,”

“It may be more than just wax seals, as long as there is a slight negligence, they will know.”

“Hearing this, Jack couldn’t help saying with regret: “If you can really detoxify the body of these more than a thousand dead soldiers and more than two hundred Cavalry Guards,”

“Even if you don’t take them for your own use , once they escape,”

“It will be enough for this organization to drink a pot, thousands of people escaped,”

“And they can’t be caught, and they will definitely be in chaos.”

Charlie couldn’t help laughing: “Actually, it doesn’t matter to the organization even if all these thousand people run away.”

“After all, this is just one of their many dead soldiers’ camps.”

“Even if they are all uprooted, it won’t hurt. If one or two people ran away,”

“In order to keep the station, they would definitely pursue it desperately,”

“So as not to leak the secret, but once the entire station ran away,”

“The station would be of no value to them. It’s fine to just give up the station, for them, it’s no trouble.”

Charlie said again: "It's like the United States has so many military bases around the world,"

"If any of them are taken over by others, For the United States, apart from making the White House tense,"

"Angry, and painful, it will not bring any real harm to the overall national strength."

Jack was slightly startled, then nodded and said:

"Master Wade is right, The power of this organization is beyond imagination, and the escape of a mere resident may not be a big deal."

Charlie smiled playfully, and said casually: "Since there is no way to hide it from Commissioner,"

"Then just turn him into one of our own. , In this way, we can truly realize deception!"

The leader Cavalry Guards asked puzzledly: "Mr. Wade, how do you plan to realize this idea?"

"The Commissioner is the chief official of the border organization in the organization."

"Even if you have the power of life and death, how can such a person become one of your own?"

Charlie smiled and said lightly: "You don't have to worry about this, as long as I see him, I can make him obey me."

Using spiritual energy to brainwash a person is Charlie's tried and tested method.

If he can brainwash the Commissioner of Cyprus, let him become his own puppet, And then take advantage of the opportunity to detoxify the body of all the dead soldiers and Cavalry Guards, Then he can let these dead soldiers and Cavalry Guards join his command, And at the same time Let them continue to stay in Cyprus, And become a puppet Commissioner, and continue to act as normal for the organization.

In this way, not only can they disintegrate one of their stations, But they can even place an eye under their noses.

Once the organization has a mission to Cyprus, they can know it immediately.

Thinking of this, Charlie asked them: "If the dead warriors and the Cavalry Guards are really eager to break the shackles as you said,"

"I can give them this chance at that time, but the premise is that they must swear allegiance to me and join us. Dragon Hall,"

“If they agree, they will stay in the station after detoxification and prepare for the complete destruction of the organization, do you think they will agree?”

May 47 said without hesitation: “Don’t worry, Mr. Wade, I believe that among all the dead No one will refuse!”

The leader of the Cavalry Guards said with some concern: “Mr. Wade, to tell you the truth,”

“In the team of Cavalry Guards, there are already some people who have the idea of continuing to climb up.”

“Their hearts, are very close to the organization, and only want to make contributions to the organization so that they can go to a higher level.”

“If these people are not eliminated, I am afraid that bad things will happen in the future.”

Charlie nodded and said calmly: “These are good. Solve it, when the time comes, you only need to do a little trick to get these people to show up.”

He then asked, “When will they deliver the medicine next time?”

“Four days later.” The leader of the guards said: “Under normal circumstances, we will take the next round of antidotes five days later.”

“The medicine will usually arrive the night before taking the medicine.”

“The next day they just concentrate on taking the medicine.”

Charlie asked: “The medicine, like other supplies, is shipped from Turkey, right?”

“That’s right.” The other party nodded and said:

“Other living supplies will also arrive in Cyprus along with the transport ship. “

“Okay.” Charlie smiled slightly: “I will go there alone in four days.”

Then, he looked at Wesley again, and said: “Wesley, you should prepare in the next few days.”

“Lead people to wait for my news on the high seas, and once I solve the problem, you will lead people to the land and take over

the copper mine with me.”

Wesley said without hesitation: "Okay, Mr. Wade, your subordinates will definitely do their best. go!"

Charlie nodded and said: "I need a few days to prepare the antidote for thousands of people."

"After four days, I will fly directly to Beirut."

"Wesley will prepare a small boat for me in advance. I will be alone to cross the sea to meet them!"

Chapter 4973

Hearing that Charlie wanted to act on his own, Wesley quickly said, "Mr. Wade It's risky, why don't you let your subordinates choose a few elite soldiers and go with you!"

Charlie waved his hand and said seriously:

"The success rate of this kind of thing is the greatest only when one person acts,"

"And even if it fails, one person can do it alone."

"If I can escape completely, once there are more people, the chance of being exposed will be greatly increased."

"Not only must I ensure that this matter is as successful as possible,"

"But I must also ensure that if this matter fails, no clues will be left as much as possible. ..."

Jack also agreed at this time and said: "I support Young Master Wade's point of view."

"Based on my experience as a police officer for so many years,"

"Most of the major cases that have not been solved in the true sense are cases involving a single suspect."

"As long as the person's professionalism is high enough and his strength is strong enough,"

"He will be able to accomplish his goal in a leisurely manner without leaving any valuable clues for the police."

"The chances of usable clues will increase exponentially."

Speaking of this, Jack said again: "To use an appropriate analogy,"

"The murderers behind the double-digit serial murders of the victims are almost without exception a one person."

Hearing this, Wesley could only nod his head and said, "If that's the case, then the subordinates should make preparations in Beirut."

"Whenever Mr. Wade needs the Dragon Hall and the subordinates must furbish it as soon as possible!"

Charlie nodded, and said with a smile: "I really have something that you need to prepare in Beirut in advance."

Then, Charlie said seriously: "Wesley, on the day of the operation,"

"You should bring May 47 and these seven Cavalry Guards and wait for me on the high seas."

"Once I succeed, you take them all to the copper mine."

"If you want to make those Cavalry Guards and dead soldiers surrender completely,"

"You need a few of them to show up and speak."

Wesley said without hesitation: "Alright Mr. Wade, I will arrange a cruise ship in advance,"

"And will be waiting for your news on the high seas."

Charlie nodded, looked at May 47 and the other seven Cavalry Guards, and said, "When the time comes, I will have to work hard for you all."

"If this matter can be successful, I need you to manage this for me together."

All eight agreed without thinking.

Charlie's bold and radical plan made them all very excited.

If the disappearance of the poison in their bodies broke the shackles that the organization had shrouded them for many years,

Then following Charlie to take down the entire resident is the first step to launch a counterattack against the organization.

Afterward, he asked the people:

"Everyone, can you describe to me what the antidote this organization usually takes for you?"

May 47 took the lead and said, "We take round pills with a diameter of About one centimeter,"

“The color is dark brown, and the surface has a certain luster.”

Several other Cavalry Guards also nodded, and the leader said: “We take the same.”

Charlie frowned, took out a blood-scattering heart-saving pill came,

And asked, “Does it look similar to this?”

May 47 nodded: “Basically, it is very similar, but the color of your pill seems to be better.”

Charlie said thoughtfully:

“It seems that the antidote they give you is also made using traditional medical techniques.”

Chapter 4974

Jack thought of something at the moment and said:

“By the way, I have a question, You just said that the antidote will be taken after five days,”

“But the antidote will be sent to your station after four days.”

“Don’t the managers of the organization worry that if something goes wrong during the transportation,”

“Will the antidote not be delivered in time? Will it not kill everyone?”

The leader of the Cavalry Guards shook his head and said, “This is just a daily transportation process. Under normal circumstances, The antidote is delivered one day in advance. As long as there is no accident, It will not affect the time of taking the medicine. , It doesn’t matter if there is an accident,”

“Commissioner has enough reserves for more than two months,”

“But these reserves will only be used in emergencies.”

As he said that, he continued: “A few years ago, for some unknown reason,”

“The antidote did not come for three consecutive weeks.”

“Those three weeks were solved by relying on the reserves of Commissioner,”

“But in the fourth week, the follow-up antidote was delivered.”

Jack hurriedly asked: "Do you know why there was no antidote for three weeks?"

The man replied: "It's not clear."

Jack asked again: "For these three weeks, was the material transportation between you and Turkey terminated?"

"No." The man said: "The material transportation between us and Turkey is very stable,"

"And the freighter basically goes once a week."

Jack nodded lightly, He opened his mouth and said, "Since the connection with Turkey is normal, your antidote should not be processed in Turkey."

"Turkey should also be a transit. The problem is the line from the previous station to Turkey."

"It should be the one." The man said helplessly:

"We only know a little bit about many things, and don't understand the deep situation."

Jack looked at Charlie and said seriously: "Master Wade,"

"If your plan can be successfully achieved this time, then I suggest that you must find an opportunity to follow the vine and take down the copper smelter in Turkey."

"The hierarchy of this organization is too strict,"

"And the information blockade is also very strict."

"Judging from this trend, I speculate that the resident Commissioner may not know too much,"

"And if they go up a level, they should be the copper smelter in Turkey, and the copper smelter must know more."

Charlie nodded and said in agreement: "Inspector Li's analysis is very reasonable."

"The copper smelter should be the highest-level existence in this organization that we know so far."

Jack said again: "Besides, the clue of the antidote is also Very important,"

"May 47 was stationed near Sri Lanka, and these Cavalry Guards stationed in Cyprus,"

“But the antidote they took were all of the same specifications,”

“Which was most likely processed by a processing factory,”

“And the antidote was processed here After batch processing in the factory,”

“It will be distributed from here to the world.”

“If this is the case, then the distribution path of the antidote is an important clue to connect the entire organization!”

Jack’s words made Charlie’s eyes light up.

The biggest impression this organization gave him was the clear division of internal levels.

And the extreme blocking of clues and information.

Moreover, many of the stations basically operate independently,

And are very secretive in themselves. Even if the stations are exposed,

They will not reveal accurate clues about the organization.

However, as Jack said, if the antidote is produced intensively by this organization,

Then as long as he follows the clues of the antidote upward,

He will be able to find the specific location where the antidote was produced by the organization.

In addition, the antidote is of great significance to the organization.

Once the production site of the antidote is found, it is not far from finding the core of the organization.

Originally, Charlie’s attitude towards this mysterious organization was to keep restraint as much as possible,

And only make precise sniper attacks on the global dispatch of its six aircraft.

However, after learning about the situation of the other party’s residence in Cyprus,

He suddenly discovered that the management model of the dead man’s residence seemed to be unbreakable,

Chapter 4975

But it actually left him a breakthrough point.

As long as he can quietly control the Commissioner of Cyprus,

And then detoxify all the dead soldiers and Cavalry Guards in Cyprus from the toxins that occur regularly in the body,

He can directly destroy the mysterious organization without bloodshed or even alarming this mysterious organization.

The entire slain garrison is in the bag.

Moreover, the whole thing is very feasible.

First of all, it is not difficult for him to make an antidote.

If he wants to remove the severe poison in these people, he only needs a small amount of spiritual energy to achieve it.

A batch of quick-acting pills can ensure that these dead men can break free from the shackles of the poison immediately after taking the medicine.

Secondly, it is not difficult to infiltrate the iron barrel-like copper mine,

Because this iron barrel has a gap, and that is the freighter that shuttles between it and Turkey.

As Cavalry Guards said, in order to ensure that they will not be seen by the outside world,

They have been ensuring the stable output of copper mines,

And they have also set up a copper smelter in Turkey to digest the copper ore at fixed points.

Copper mines have stable output and fixed sales channels.

Whether it is goods or funds, the direction and route of flow are very clear.

As a result, no abnormalities can be seen from the outside world.

In fact, if it is only to ensure the normal output of copper mines,

It is not necessary for the organization to establish a copper smelter in Turkey alone.

After all, the copper ore produced by the mine itself does not contain any clues,

And no matter who it is sold to, it has no effect in theory.

But the fundamental purpose of this organization is supporting a copper smelter in Turkey.

This is to ensure that the material needs within the copper mine can be fully met.

Since the number of people in this copper mine is only a few hundred people,

But the number of people living inside it is as high as several thousand.

If the living materials needed by thousands of people are directly purchased from Cyprus,

It will be so huge The quantitative discrepancy will inevitably arouse local suspicion.

This is doomed, they must have a safe channel to carry out the silent supply of materials inside the mine.

At this time, the copper smelter in Turkey played a huge role.

On the surface, they used shipping to transport the copper ore produced by the mine to Turkey.

But in fact, the most important thing is that the ships that came to transport copper ore quietly carried a large number of living materials to Cyprus,

First quietly transported all the supplies to the inside of the copper mine,

And then pretended to produce copper from the copper mine. The ore is shipped back to Turkey.

It just made use of the shipping channel for copper mine transportation,

And at the same time, quietly replenished the interior of the copper mine.

It seems that the copper smelter imports the ore produced by the copper mine and generates income for the copper mine,

But in fact, the core role of the copper smelter is just a deceptive supporting facility of the mine.

One has to say that this way of building the plank road in the open and keeping the warehouse in the dark is indeed very ingenious.

For Charlie, as long as he can seize the opportunity and touch the cargo ship delivering supplies to Cyprus,

He can infiltrate all the way until he meets the Commissioner face to face.

And once he was given such an opportunity, he would be confident enough to control that Commissioner.

However, Charlie also has two plans.

If all goes well, the entire garrison will naturally be taken down without bloodshed.

But it doesn't matter if he can't control that Commissioner,

He can kill him quietly, and then distribute the antidote to all the dead soldiers and Cavalry Guards,

And don't care about the rest, let these dead warriors and Cavalry Guards play freely,

Chapter 4976

And when thousands of people suddenly escape from control,

It is definitely enough for this organization to drink a pot.

Moreover, Charlie acts alone for both plans,

So he was absolutely sure that he would not leave any clues,

And no matter whether he succeeded or failed,

He would not let that mysterious organization find him by following the clues.

Afterward, Charlie, Wesley, and Jack worked out a more detailed action plan.

After the plan was formulated, Charlie planned to leave for the United States and use the remaining few days to prepare well.

However, before leaving, he specially asked Wesley to take him to meet brother Hamid who specializes in communications.

At present, Dragon Hall has prepared an independent two-story building for Hamid,

Which is specially used for his research.

Although Hamid arrived in Syria only a few days ago,

His overall state has undergone earth-shaking changes.

Not only does his spirit, complexion, and mood look much better, but he also seems to be much younger.

Seeing Charlie, Hamid was very pleasantly surprised, and said excitedly:

“Mr. Wade, why did you come to Syria?”

“Are you used to the place?”

Hamid said with a satisfied face: “Since I came here,”

“I feel refreshed every day, but the only regret is that the work still needs to wait for the equipment to be in place,”

“So I can’t start it directly for a while.”

Saying that he said again: “I made a list of equipment and Mr. Wesley has arranged for the purchase without any discount.”

“What I want is basically the world’s top civil communication-related equipment.”

“After arriving in Syria one after another, I plan to first build an encrypted communication system that can cover the entire base,”

“And in the process, design an encryption algorithm, which can be synchronized after the satellite goes into space.”

Charlie asked curiously: “Brother, when will our own satellite be able to go to the sky?”

Hamid explained: “Recently, the people under Dragon Hall are sent to several world companies,

Through a shell company registered in the offshore area.

Well-known communication companies order communication satellites,

But the current satellites are not ready-made and need to be scheduled.

After the satellites are off the production line, we will first ship them to Syria.”

“I will make some modifications to the satellites and then deliver them to a commercial launch company to launch them,”

“But the research and development of the algorithm and the transformation of the satellite require a lot of work,”

“And it may take a year or two at the earliest.”

Charlie asked him: “Brother, It must be difficult for you to complete the work alone,”

“So why not recruit more people to help you do things,”

“If you can build a satellite communication team, the efficiency will definitely be greatly improved.”

Hamid said helplessly: “I have thought about this too, But it is not easy to achieve.”

“I contacted some old colleagues and old subordinates.”

“When they heard that they were going to work in Syria, they were a little reluctant.”

“Moreover, the workplace is inside the base.”

“I am also worried that outsiders will come in and cause the risk of leaks.”

Charlie nodded and said: “We don’t lack money, what we lack is time,”

“So in my opinion, it is better to do this.”

“We first establish or simply acquire a communication company with a sufficient foundation in the United States,”

“And then let this team In the United States, do research and development according to your requirements,”

“And you will coordinate as a whole. In addition, we can use companies in the United States as reserves.”

“During the operation of this team, if we find trustworthy talents, we can gradually absorb them into Syria.”

Speaking of this, Charlie paused slightly, and then said:

“In addition, brother, you don’t have to worry about these people not wanting to come to Syria,”

“As long as you can give enough money, you will definitely be able to impress them!”

Chapter 4977

“Acquisition of a company?”

Hamid was taken aback by Charlie’s words and said: “Mr. Wade, if you want to acquire a communication company with sufficient foundation,”

“The cost is at least one billion US dollars, the investment will be too high,”

“I am afraid it will be difficult to achieve profitability...”

Charlie shook his head and said: “Profit is not the most important thing,”

“How to solve our urgent needs now? That’s the most important thing.”

Then, Charlie said again: “Our biggest pain point right now is time urgency,”

“Not to mention a year or a month, even a day or an hour,”

“We must try our best to fight for it, time is far more important than money.”

Charlie paused for a moment, and continued: “If you want to develop faster than ordinary people,”

“You must change the thinking mode that only solves the immediate needs.”

“If there is no one, or you cannot recruit people,”

“If you still stay In terms of how to solve the problem of recruiting people,”

“It is basically difficult to achieve great things;”

“The prerequisite for doing great things is that the structure must be large enough.”

“When those big companies face the same problem,”

“They will not think about how to build a new team, and then to develop a product,”

“The first solution they will think of is to directly buy suitable products on the market.”

Then, Charlie said: “Elon Musk will not waste precious time to build a Twitter,”

“It is most economical for him to directly buy Twitter.”

“In fact, it is the same for us. If we need to recruit employees one by one,”

“There are too many variables in it. Even if you expect to solve the problem in two years,”

“Once there is a change in personnel, this time will become indefinitely.”

“First of all, the recruitment cycle will definitely be longer than expected.”

“The original plan is to recruit enough manpower in three months.”

“It may actually take at least half a year or even longer;”

“Secondly, the stability of personnel is insufficient.”

“The team recruited in a few months will take at least a few months to cultivate,”

“But once the newcomers who have been trained with painstaking efforts suddenly want to leave,”

“The time of these months may be wasted, Even recruiting and training,”

“Half a year of hard work wasted, and we have no other choice but to start the process all over again.”

“Also, the stability of employees is not enough.”

“The premise of stability is that they have enough.”

“Even if we have the ability to deal with their work, we need to invest in unknown trial and error costs.”

“If we choose the wrong person, everything will have to be started all over again.”

“In this way, even in three years, we may not be able to achieve what we want.”

“Besides, it is always important to do things in one go.”

“If you stumble and stumble at the beginning, the loss of energy and confidence will be beyond imagination.”

“It will be difficult to become bigger and stronger.”

Speaking of this, Charlie looked at Hamid and said earnestly:

“Brother, although you are high-spirited now, if you really encounter various difficulties in the early personnel stage,”

“After one or two years, you yourself will not have the strength you have now.”

Hamid After pondering for a moment nodded lightly and sighed:

“You are right, the energy and confidence are getting less and less,”

“Until the end of the consumption, the whole person is slumped. In the past, I resigned from my first job. I still don’t think it’s a big deal, after all,”

“I have real talents and learning, and it’s definitely not difficult to find a job,”

“But I didn’t expect that I bumped into the wall again and again,”

“And in the end, all my fighting spirit was wiped out...”

Chapter 4978

Speaking of this, Hamid suddenly froze on the spot and murmured:

“That’s how it was, from an arrogant communication expert to a sailor who was willing to go to Mexico to work as a coolie...”

Charlie slightly With a smile, asked,

“Brother, which company did you have the job with the highest salary?”

Hamid hurriedly said, “It’s an old American communication company.”

Charlie asked again: “how much is the current market value of that company?”

Hamid thought for a while, and said: “A few years ago, the company was very prosperous.”

“When the market value was the highest, it exceeded tens of billions of dollars.”

“However, as the bubble continued to burst and the performance continued to decline.”

“When I was fired, the market value should only be more than one billion.”

Charlie nodded and asked him: “How is the foundation of this company?”

Hamid said: "The foundation of software and hardware technology is very good,"

"But the reason why it has gone downhill these years is mainly that the market direction has not been found."

"Yes, the person in charge misjudged the development direction of the communication market,"

"And then gradually killed his own to-C end business,"

"And then turned to rely on his old capital to provide hardware equipment and technical support for other communication companies."

Charlie said pleasantly: "That's just right for us. If its business is doing well and its market value is high,"

"It will be difficult for us to take it down, and after we take it down,"

"The to-C business will also involve us a lot. experience,"

"But now that it specializes in hardware equipment and technical support,"

"Isn't it just suitable to serve us? After all, we are not pursuing a new communication company in the world,"

"We just hope to establish our own communication network as soon as possible."

Hamid nodded and said: "If it is combined with our situation, it is indeed very suitable."

"We can use many technologies of this company directly,"

"And almost all the rest of this company are scientific researchers."

"Although the market is a mess, But research and development capabilities should not be underestimated."

Charlie said without hesitation: "That's it! Brother, pack up and come back to the United States with me immediately!"

Hamid said in surprise: "Back to the United States? Mr. Wade,"

"It's been a few days, and nothing has been sorted out..."

Charlie said: "It is more important to buy your old company as soon as possible."

“After you arrive in the United States, you can go directly to the company’s boss and talk about acquisitions.”

“Didn’t you say that its market value is probably in the early billion dollars?”

“As long as he is willing to sell, I can pay up to two billion dollars.”

“As for how much can be negotiated, it depends on your ability, brother.”

Hamid was dumbfounded, and blurted out: “Mr. Wade...do you really want to buy that company?”

“Yes.” Charlie nodded firmly, and said: “Buy it, and let it design the satellite for us.”

“Since it has ready-made technology, it should be able to design the satellite in a few months, right?”

“And then It will take a few months to produce, and it will be launched in the first half of next year.”

Hamid said excitedly: “It doesn’t take so long!”

“That company itself is developing communication satellites for many large companies,”

“And both technology and supply chain is important. It is complete.”

“If we can successfully acquire them,”

“We only need to make some customized adjustments on the original basis before they can be put into use.”

“Within three months at the earliest, we can develop our own according to our needs. Communication satellite.”

As he spoke, Hamid said again: “If we reserve a launch quota with a commercial launch company now,”

“Our own satellite will be in orbit as soon as this autumn or winter!

Charlie heard this without hesitation and said: “Good! Great!”

“Brother, you are going back to the United States with me this time,”

“You must overcome all difficulties and take this company down!”

Chapter 4979

A few hours after crossing the Mediterranean, Charlie and Abren returned to the United States.

The plane first landed in Providence, and after Charlie got off the plane, it immediately took off again, carrying Abren, Albert, and Issac to Silicon Valley.

The reason why Albert and Issac were allowed to accompany Abren was mainly to protect his personal safety.

After all, it was to discuss a billion-dollar business, and it was not sure whether Georgina had other unknowns in the United States before.

With the two of them as companions, Charlie is relatively relieved.

He got off the plane alone and drove back to the hotel.

In the next few days, he asked Stella to help deliver a batch of medicinal materials, and while Claire was in class during the day, he refined a new batch of Blood Dispersing and Heart Saving Pill.

Afterward, he mixed one Cultivation Pill and two Rejuvenating Pills into it, and mixed it with a lot of medicinal materials mainly for physical fitness,

and fused thousands of pills that contained enough medicinal power and a little spiritual energy.

The medicinal effect of this kind of elixir is not as good as that of Blood Dispersing and Heart Saving Pill, but it can easily dissolve the poison in the bodies of those dead soldiers and Cavalry guards, and help them completely break the shackles passed down from generation to generation for hundreds of years.

In addition to preparing the antidote, Charlie also made two sets of action plans for himself.

The preferred solution is to look for opportunities at sea to sneak into the freighter carrying the antidote, seize the line of drug delivery, find a way to obtain a higher level of secrets about this organization, and then look for opportunities to drop the antidote;

The alternative best plan is to find a way to sneak into the copper mine, wait for the Commissioner to get the antidote, and then quietly attack him.

The advantage of the former is not only the ability to get in touch with higher-level personnel, But also a step earlier in time. In this way, if this plan fails, The latter can also be used, but if the latter is the preferred plan,

There are basically no suitable alternatives.

As for how to quietly board a moving freighter,
He also thought of a feasible plan, and informed Wesley of his request in advance,

So that he could prepare for himself in advance.

Four days later.

Charlie said goodbye to Claire for the time-tested reason of “showing customers Feng Shui”.

Carrying a black waterproof backpack, he took the Concorde airliner and took off directly from Providence to Beirut.

Beirut is located on the westernmost side of the Middle East and on the easternmost coast of the entire Mediterranean Sea.

The city faces Cyprus across the sea, and the shortest distance is only two hundred kilometers.

When Charlie arrived in Beirut, it was already dark, And Wesley was already waiting here to welcome him.

The first time he saw Charlie, he reported to him: “Mr. Wade, those seven cavalry guards, as well as May 47, have already arranged to board the ship in advance.

After crossing the Suez Canal, the first destination is Cyprus, So I used a helicopter to send people on board at the Suez Canal in advance, And they will arrive at Limassol, the largest port in Cyprus later today.”

Charlie nodded, and asked him: “Their copper mine is in Limassol, right?”

“It has its own wharf.”

Charlie asked again: “Have you found out where the ship delivering the supplies departed from Turkey?”

“I figured it out.” Wesley said: “According to the sales data of the copper mine,”

“The copper ore they produce is sold to a copper smelter in Hatay Province, Turkey.”

“On the surface, in order to reduce transportation costs,”

“The copper smelter purchased an 8,000-ton freighter for the purpose of transporting copper from Cyprus.”

“For ore, their shipping route is also very fixed, that is, from Iskenderun Port in Hatay Province, Turkey,”

“To Limassol Copper Mine’s own port, the whole journey is about 210 nautical miles,”

“Almost 390 nautical miles. Ten kilometers.”

Chapter 4980

Charlie asked him: “Have you mastered the movement of this ship?”

“I have.” Wesley explained: “Their registration information is very formal,”

“So the information of the ships can also be found.”

“It just so happens that ISU Shipping also has ships passing through the east of Cyprus to Turkey,”

“And there are also returning ships. We have been monitoring the navigation radar data of these ships,”

“And found the position information of this ship on the navigation radar.”

“It’s almost halfway, and we will arrive in Limassol in more than three hours.”

“Okay.” Charlie nodded slightly, and asked again: “Is the speedboat prepared for me ready?”

“Ready.” Wesley Said: “According to your orders,”

“A speedboat equipped with six Mercury outboard motors has been prepared,”

“With a maximum speed of 120 kilometers per hour.”

Charlie immediately said: “Take me there now!”

Wesley drove Charlie to an uninhabited coastline.

At this time, a large modified pickup was parked on the beach.

The rear of the pickup was facing the direction of the sea,

And a six- to seven-meter-long thing wrapped in a black tarpaulin was attached to the back with a trailer.

Wesley lifted the tarpaulin, and a streamlined speedboat came into view.

Immediately, Wesley asked Charlie: "Mr. Wade, do you want your subordinates to go with you?"

Charlie waved his hand: "I can go by myself. You can take the helicopter,"

"To board the ship to meet other people later. Listen to my orders on the boat."

Wesley nodded, took out a backpack from the cabin, and said to Charlie:

"Mr. Wade, everything you want me to prepare is ready, and the satellite communicator is also inside. "

"Okay!" Charlie jumped on the boat, familiarized himself with the operation of this speedboat,

And said to Wesley, "Wesley, go and dump the boat into the sea."

"Okay, Mr. Wade!"

Wesley drove the pickup truck and slowly dumped the tugboat frame behind it into the sea.

As the speedboat entered the water, the entire ship floated.

Charlie started the engine, and the voice of Wesley came from the communicator, saying:

"Mr. Wade, you can reach the route of the ship by driving 130 kilometers according to the 320 directions."

"If there is no problem, you should be able to arrive at the designated location half an hour earlier."

"Okay," Charlie said to Wesley through the communicator:

"Wesley, see you in Cyprus." After that, he controlled the speedboat into the sea,

And then 180 meters above the sea. Turned at a high speed and sailed into the vast Mediterranean Sea.

After more than an hour, Charlie had already arrived at the designated location on the route map.

After he stopped the speedboat about one nautical mile off the course,

He opened the package Wesley had prepared for him and took out a waterproof black night suit from it.

Afterward, he changed into night clothes, turned off the engine of the speedboat,

And even turned off the navigation radar on the ship.

In the satellite communicator, the voice of Wesley came at this time:

“Mr. Wade, that ship is less than twenty nautical miles away from you.”

“We will monitor its position in real-time and report to you in time.”

About two Ten minutes later, Charlie could already see the lights of the freighter on the sea level.

After confirming with Wesley that this ship was exactly the one he was looking for,

He carried his waterproof backpack, locked the buckle in the middle of the two straps,

And stared at the ship that was getting closer and closer.

When the opponent was less than two nautical miles away from him,

Charlie used a soul-piercing blade to cut off the speedboat decisively.

When the speedboat sank into the sea, he injected spiritual energy into his feet,

And used the spiritual energy to completely blow water under his feet while standing above water.

Immediately afterward, he galloped towards the moving freighter like walking on flat ground!

Chapter 4981

At this time, this freighter with less than 10,000 tons is sailing at full speed on the sea.

The noise and ups and downs of the ship's sailing made them completely unaware that on their left side, Above the sea, a black shadow was rushing towards them quickly.

And this black shadow is Charlie.

Because of the aura, at this moment, under his feet, It was like stepping on two invisible air cushions, And the soles of his feet were about ten centimeters away from the water surface.

Every time he stepped on the waves, there would be a splash of water under his feet.

If it was in the daytime, not only would it be very eye-catching, But once it was seen by others, their jaws might drop in shock.

However, the sea surface was pitch black at this time, and he was dressed in black, Making him look like a ghost. Even enemies with a keen sense of smell didn't notice anything unusual.

As the distance from the ship got closer,

Charlie could even see a few sentries with live ammunition standing on the deck and the fence of the bridge.

Like most freighters, although the tonnage of this freighter is not very large, The structure is also that the cargo warehouse is at the front and middle of the ship, and the entire bridge is at the stern.

The bridge building is the superstructure of the freighter, Where the wheelhouse that controls the operation of the ship and the living areas of the crew are all concentrated.

At this time, there were six sentinels on board, two of them were at the bow, Two were on both sides of the ship in the middle, and two were on the outer platform of the highest level of the bridge.

Since there were no other ships visible to the naked eye in the nearby waters, These sentries were somewhat relaxed, but they just stood routinely, And the two at the stern even got together and smoked.

Charlie thought about it and chose to board the ship at the stern.

Although most of the other party's personnel were concentrated here, The environment here was the noisiest because the engines and propellers of the entire ship were also at the stern.

Even if the opponent has martial arts masters, he is not afraid that the opponent will notice it.

The two sentinels smoking at the stern did not notice that the black shadow approached the hull under their noses, Jumped up from the sea, and climbed directly to the left side of the bridge.

After Charlie searched with spiritual energy,

He found that there were fifteen people in the entire four-story bridge building.

In addition to the two sentinels on the top floor, there are three other people in the cockpit.

Of the remaining ten people, eight are on the third floor and two are on the second floor.

In addition, there were four other people in the engine room below the bridge.

Charlie speculated that the three people in the cockpit and the four people in the engine room,

Should all be staff responsible for the operation of the ship.

The captain may be one of the three people in the cockpit, But the highest commander on this ship must not be listed here.

As for the real commander, it should be among the ten people on the second and third floors.

Therefore, he concentrated his aura on the second and third floors, And conducted a more detailed investigation on these ten people.

It didn't matter, he immediately found that the eight people on the second floor,

Were distributed in four small rooms, and one room for two felt like a crew dormitory.

The room where the two people lived on the third floor was much larger, And the area of one room was equivalent to three crew quarters.

What Charlie didn't expect was that the two people on the third floor were clinging to each other at this moment, Doing intense movements profusely sweating.

Charlie thought to himself: "Take a boat on a mission, and you can still do things on the boat."

"I think the supreme commander of this boat must be one of them!"

So he jumped in from the railing on the third floor and sneaked into the room.

The three-story rest area in the bridge building.

The area inside the bridge building is very large.

On the third floor, besides the large room where two people are having a good time,

There is also a large meeting room, a dining room, and a bathroom.

Charlie skipped these few empty rooms, and when he came to the door of the innermost room,

The two people inside had just finished fighting.

At this time, he heard a rustle of clothes being put on inside,

And then he heard a man smile and say: "Wait for me, I'll go to the cockpit to take a look."

The other person didn't speak but heard the crooked kissing sound of the two,

And then there was the sound of footsteps approaching the door from far to near.

Charlie held the Soul Piercing Blade in the palm of his right hand and waited for it.

The moment the door opened inward, he saw a middle-aged man flashing out from the door.

Before the other party could react, Charlie rushed in at an extremely fast speed.

Strangled the opponent's neck with his left hand, and then closed the door with his foot.

The opponent's strength is already at the Great Perfection of the Ming Realm,

And seeing Charlie subdue him in an instant, he subconsciously wants to attack with both hands.

However, before he could react, Charlie directly sealed the consciousness of the man in front of him with a trace of aura,

Making him unable to control his body at all,

Before the man figured out what happened, his consciousness was completely imprisoned,

His body stood still, and he couldn't even move his eyelids.

After this person is settled, Charlie intends to do the same, And then control the woman inside, and then come to interrogate him.

At this time, because there was a nearly two-meter-long corridor inside the door of the room, The woman in the room didn't know what happened.

But when Charlie stepped into the room, he suddenly found that the person sitting by the bed,

And arranging his clothes at this time turned out to be an old man in his fifties or sixties!

Seeing a man in black break into the room, the old man was startled, And he reached out to grab the pistol by the bedside!

What Charlie didn't expect was that the old man's movements were extremely fast,

And he held the pistol in his right hand in an instant.

However, although his speed is fast, it is far from Charlie's!

Chapter 4982

Charlie saw that he was holding the gun in his hand,

His right hand shook suddenly, and a soul-piercing blade shot out instantly!

With a click, the old man's pistol was cut off from the side.

The old man was startled by the severed pistol, and his pupils shrank suddenly.

He was about to attack Charlie directly, But he didn't expect Charlie to appear in front of him suddenly and grabbed his neck.

The old man was not a fuel-efficient lamp either.

He grabbed Charlie's wrist with both hands and tried his best to resist desperately.

Charlie didn't hide, but gathered his spiritual energy on his wrist,

Strangled his neck tightly, and said with a sneer,

"I thought the guy from the Ming Realm outside was the strongest here,"

"But I didn't expect you to be a master of the third level of the dark realm!"

"Come, let me see how capable you are!"

Among the ranks of warriors, except for the level of the light realm,"

"Which is divided according to the number of meridians opened,"

“The dark realm, the transformation realm, and the master realm, are divided into one to nine levels or heavens.

Wesley, who just stepped into the dark realm,

Is still at the most basic level of the first level of the dark realm.

However, this old guy has already reached the third level of darkness.

With his strength, if Wesley were in front of him today,

He would definitely not be able to survive three moves.

And the old man didn't expect that Charlie's strength was so strong,

That he had no ability to resist at all in front of him,

So he struggled and asked, “You... who are you?!”

Charlie didn't answer his question, just sneered, and said sarcastically: “You don't have to care who I am, but you, at such an old age, have a special taste!”

The old man's expression was suddenly extremely shocked, and he asked nervously:

“You. ...You...You are so young, how can you tell that I am in a dark realm?”

“Are you also a dark master!”

Charlie smiled and said: “In my eyes, the dark realm is not a master.”

Speaking, he searched his dantian with spiritual energy, frowned, and said, “You have been in the dark, and there is still poison in your body.

The old man asked him dumbfounded: “You... how did you see it?!”

Charlie frowned even tighter, and said in a cold voice: “Not only can I see that there is a poison in your body,”

“But I can also see that the poison in your body is different from those dead soldiers and guards.”

“The poison in your body is more violent.”

After all, Charlie stared at him, and said sharply: “I'll give you a chance, to tell the truth. If you can't grasp it, then I will use my method.”

The old man calmed down a little, looked at Charlie, and asked Said: "If I'm not mistaken, your Excellency should have killed all the Cavalry Guards in Bergen, Norway?"

Charlie asked with great interest: "Why, You have already guessed that someone killed all the Cavalry Guards?"

The old man shook his head, and said: "The higher-ups think that the Nordic side had planned and set a trap in advance,"

"But seeing your strength, and hearing your mention of dead soldiers and Cavalry Guards,"

"I guessed that it should be related to you." "

As he said that, the old man continued: "Some time ago in New York,"

"We had dozens of dead men disappear, presumably it has something to do with your Excellency?"

Charlie looked at the old man, raised his eyebrows, and said:

"It seems that you are very smart,"

The old man sneered: "It's not smart, it's just that I have always doubted these two things."

"When I saw you today, I felt a sudden enlightenment. Your power is unpredictable,"

"Which coincides with these two things. They completely match."

Speaking of this, the old man asked Charlie: "Your Excellency suddenly appeared here,"

"The target should not be my old bones, but the place I am going to?"

Charlie also nodded calmly, and said: "That's right since you are a smart person,"

"Let's open the skylight and speak frankly. What do I ask and what do you answer?"

"Don't hide anything. Otherwise, I have ten thousand ways to make your life worse than death."

The old man bit Holding the false teeth in his mouth, he said with a firm gaze:

"I know that your strength is far superior to mine, and it is easy to kill me,"

"But if you want me to tell the truth, you must promise that you will spare my life,"

“Otherwise, I will crush your fangs and kill myself now!”

Charlie smiled, and said playfully: “Crittig your fangs?”

“Some of you dead soldiers in New York had done this before,”

“But even if he gnawed his fangs, I could still protect him.” He didn’t die.”

The old man chuckled and said, “Your Excellency also said just now that the poison in my body is different from theirs.”

“Your Excellency is right, it is indeed different, and not only the poison in my body is different,”

“Even the poison in my fangs is different.”

“It’s different, once the venom in my mouth is crushed, not the gods can save me.”

Charlie asked him with a smile: “Is it really so powerful?”

“Try it, but if I die, you won’t get any information.”

Charlie sighed, shook his head, and said: “You old bastard, not only perverted,”

“But also overconfident, you think I have no other way to let you Open your mouth?”

The old man thought he had grasped Charlie, so he said with a deadpan posture:

“Before you do anything, I want to remind you that I am the only Commissioner on this ship.”

“If you want to know, only I have a deep understanding of the situation in Cyprus and Turkey, and only I can answer for you;”

Speaking of this, he snorted and said arrogantly: “If I die, the branch of the organization in Turkey will immediately cut off all connections with the Cyprus copper mine.”

“Contact and start the self-destruction of the copper mine, in that case,”

“Everyone in the entire Cyprus copper mine will die without a place to bury!”

“At that time, the clues that you have worked so hard to trace will be completely broken!”

Charlie raised his eyebrows, smiled, and said: “You are really good at acting.”

The old man sneered and said: "Everything I said is true, if you don't believe it, then try me!"

"Okay, then let's try it." After Charlie finished speaking, he sneered, and a wave of spiritual energy entered the old man's brain from his hands,

And then he said in an orderly tone: "From now on, your mission is to obey my words without any reservations, do you understand? ?"

The old man's expression froze for a moment, and his eyes were a little empty, But his tone became extremely firm.

He looked at Charlie and said word by word: "I understand!"

Chapter 4983

After the old man was given a psychological hint by Charlie, Charlie went straight in and asked, "What is your name, and what is your status in the organization?"

The old man said humbly: "My name is Reverend Duan, And serve as a commissioner in the Right Army Governor's office."

"Right Army Governor's office?" Charlie frowned and asked him,

"What kind of institution is this Right Army Governor's office?"

Reverend replied respectfully: Following the system of the Ming Dynasty,"

"The Lord established the Command of the Five Armies, which are the Command of the Central Army,"

"The Command of the Left Army, the Command of the Right Army, the Command of the Front Army, and the Command of the Rear Army."

"After hundreds of years of development, now each and every governor's Office is responsible for organizing specific affairs in a continent."

"According to the Chinese tradition of sitting north to south, Asia is at the center,"

"Europe is at the right, America is at the left, and Oceania is at the front."

“Although Africa is also on the left, due to strategic significance It’s not very important, so it’s listed as the last.”

Charlie was horrified when he heard it, he had expected that this mysterious organization would be a powerful behemoth,

But after listening to Reverend’s introduction, he realized that,

The power of this organization has truly covered the whole world.

Covering the whole world is a capability that is currently not available to all the top chaebols.

The Routhschild family has been cultivating for so many years,

But they have only solidified their foundation in Europe and North America.

As for the other continents, they have at most penetrated some capital,

And it is difficult to expand their real influence to other continents.

As for the Saudi royal family, let alone, their power is basically concentrated in the Middle East,

And they can’t even affect East Asia.

Evans family, which ranks third, has a relatively smaller sphere of influence, Almost all of these are concentrated in the United States.

Thinking of this, he looked at Reverend and asked the question that had been on his mind for a long time:

“What is the name of your organization?”

The Reverend said, “The organization is called the Warrior’s Den and it has existed for more than 400 years.”

Charlie knew from May 47 that this organization was at least With a history of two to three hundred years,

He was not very surprised to learn that this organization had been established for more than four hundred years,

So he asked, "Is your military governor's office located in Turkey?"

"No." Reverend shook his head and said: "To be on the safe side,"

"The governor's office of the right army is rotated in various European countries,"

"And the country changes every three years. Now the governor's office has been rotated to Italy."

Chapter 4984

Charlie asked again: "What are the details in Italy?" Do you know the place?"

"I don't know." Reverend shook his head and said,

"Although I am the commissioner of the Governor's Office in Turkey,"

"I have been on standby in Turkey for so many years since I left the Warrior camp."

Charlie asked him: "What is the Warrior Camp?"

Reverend explained: "The Warrior Camp is a place within the organization that specializes in cultivating high-level warriors."

"Only warriors who have opened up all eight meridians have the opportunity to enter the Warrior Camp for further studies."

Charlie nodded, and said lightly: "Give me an in-depth introduction to this Warrior Camp."

The Reverend said: "The Warrior Camp rates each person based on their strength and aptitude."

"There are four levels in total. If you can stay in the Warrior camp for ten years,"

"You will have to leave the camp after ten years to accept other appointments."

"If you can reach the C level, you can stay in the Warrior camp for 20 years."

"If you can reach the B level, you can stay in the Warrior camp for 30 years,"

“If you can reach Grade A, you can stay for 40 years or even longer.”

“I was designated as Grade A and C at that time, and I stayed in Warrior Camp for a full 20 years.”

Charlie asked: “Joining the Warrior Camp, what are the benefits for you?”

The Reverend explained: “There are many benefits to joining the Warrior Camp.”

“The first is to join the Warrior Camp. After the Warrior camp,”

“There are masters of the transformation realm as the instructors to teach them in person,”

“And they can get complete martial arts exercises, and again,”

“Medicinal materials that can improve the cultivation and strengthen the bodies.”

“Although some people have opened up all eight meridians,”

“They can’t reach the realm of greatest perfection in their entire lives.”

“The realm of the Great Perfection, let alone the chance to step into the Dark Realm,”

“But as long as you join the Warrior Camp, even if you are only rated as a C-level,”

“you can still achieve a breakthrough within ten years and become a master of the Dark Realm.”

“I will wait in the Warrior Camp After twenty years,”

“I have broken through from an eight-star warrior to the third level of darkness,”

“Which is something I could never have imagined before.”

“The reason why a warrior like me is willing to join the organization is because of this opportunity.”

Charlie Unexpectedly, there are still people in this organization.

“Where is this Warrior camp?” Charlie asked.

“I don’t know where the Warrior Camp is. When I went to the Warrior Camp,”

“I was taken there in a coma. When I left, I was brought out in a coma.”

“Moreover, the camp of the Warrior camp was no different from the camp of the dead.”

“They were all underground buildings, and it could even be called an underground city.”

“And we students of the Warrior camp all lived in the bottom of this underground city,”

“I have been in Warrior Camp for twenty years, and I had never seen the sun, nor the moon.”

Chapter 4985

Charlie asked with some horror: “The sun has not been seen for twenty years,”

“And the dead have no choice. It’s understandable, you who have the right to choose,”

“And you find that there is a dark life there, wouldn’t you resist or run away?”

“How could that be?” Reverend blurted out without thinking,

“Twenty years in the Warrior Camp, almost snapped your fingers.”

“They pass in a flash, every minute and every second was extremely fulfilling.”

“During the twenty years there, I broke through from an eight-star warrior to the Great Perfection of the Bright Realm,”

“And then from the Great Perfection of the Bright Realm to the First Layer of the Dark Realm.”

“It’s the second heaven, the third heaven, I have lived for eighty-five years,”

“And the twenty years in the Warrior camp are the most fulfilling twenty years of my life!”

Charlie didn’t expect that Reverend looked only in his early sixties, But In fact, he was already eighty-five years old.

However, the Reverend is a master of the dark realm after all, And the natural lifespan of masters of the dark realm is more than 120 to 130 years old, So it is reasonable for him to look younger than his actual age.

At this time, Reverend mentioned the Warrior Camp, and said with regret, "I am still regretting that my cultivation speed in the Warrior Camp did not meet the promotion standards of the Camp."

"In ten years, if I could break through to the fourth level of darkness, Then I could stay for another ten years, or even longer..."

Charlie suddenly realized.

Not everyone is as lucky as they are, able to quickly master the aura, And directly gain a stronger strength that surpasses warriors.

And the vast majority of warriors, in order to achieve improvement of their cultivation base, Have been practicing non-stop for decades.

For such people, the excellent training opportunity of Warrior Camp is tailor-made for them.

Not only can it provide them with various resources, but more importantly, It can allow them to practice for decades without distraction.

Without even being disturbed by day and night.

For those martial idiots whose minds are mostly on cultivation, To have such an opportunity, not only will they not hate and repel them, But it will not be exchanged for a thousand dollars.

Thinking of this, Charlie suddenly remembered Jack's method of using earthquakes to locate the May 47 garrison,

So he asked the Reverend, "Did you experience an earthquake or tsunami during the 20 years you were in Warrior Camp?"

"Earthquake? Tsunami ?" Reverend shook his head:

"I have no impression... In Warrior Camp, we spent most of our time practicing,"

"And paid little attention to the things around us, so we don't have any relevant memories."

Chapter 4986

Hearing this, Charlie, couldn't help but feel a little disappointed.

He naturally knew that Reverend had been psychologically hinted by him,

And there was absolutely no way he could hide anything.

But the Reverend has no impression of the earthquake and tsunami.

It may be that his place has never experienced an earthquake or tsunami, But it may also be that he has experienced it but he does not remember it.

After all, he is different from May 47.

Every day when May 47 was in the dead man's station,

He was trying to find a way to confirm the information from the outside world,

Or trying to find a way to record the time, and he was always thinking about how to escape.

Therefore, May 47 will be very sensitive to any disturbance in the surrounding environment.

But Reverend joined the Warrior Camp completely voluntarily,

And he had no idea of escaping from birth at all.

He even regretted that he could not stay in the Warrior Camp for another ten years.

Pays too much attention to the surroundings.

In desperation, Charlie asked him again:

"How many warriors like you are there in the entire Warrior camp?"

Reverend thought for a while, and said: "During the 20 years I was there,"

"There were more than 30 people one after another."

"At most about twenty people at the same time."

Charlie frowned and asked: "That is to say,"

"Warrior Camp has trained at least dozens of dark realm masters."

“Yes.” The Reverend nodded: “There are at least forty or fifty.”

Charlie was surprised by this strong reserve of the organization He asked in surprise: “Since there are so many masters of the dark realm in breaking the clearing,”

“Why didn’t any of the people sent in these two missions reach the dark realm?”

Reverend explained: “Although there are many masters in the dark realm,”

“At least half of them have been incorporated into the Miracle Battalion.”

“It is said that they will be arranged to serve at the core base of the organization.”

“Some of the rest will be incorporated into Uniform Guards,

And some will be assigned to the Five Armies In the Command’s Office,”

“On average, there are only a few dark masters in each Command’s Office,”

“And each Command’s Office will try to keep the dark realm masters by his side as personal bodyguards,”

“Only one or two people are designated as commissioners,”

“And they go out to perform various tasks like me, so in general, dark-world experts are not enough.”

Charlie was shocked when he heard this, knowing that this organization is very powerful,

But he didn’t expect to be stronger than himself. Stronger than imagined.

Immediately, he regained his composure and asked Reverend:

“Then what is the organization of Uniform Guards?”

Reverend said: “Although Uniform Guards does not serve by the Lord’s side,”

“They are directly dispatched by the Lord. After they leave Warrior Camp,”

“They will use other identities They were assigned to all over the world, but I don’t know more about it.”

Reverend said, “As for the time in New York,”

“It was mainly because the target of the assassination had a great influence in the United States,”

“And that mission was to destroy the other party.”

“Once successful, this matter would have inevitably cause a huge sensation all over the world,”

Chapter 4986

The Reverend continued: “Therefore, in order to avoid exposure, The organization did not send martial arts masters when encountering such things that will attract global attention.”

“So it was decided to send out the dead men;”

“Although the strength of the dead fighters is not as good as that of the masters of the dark realm,”

“Due to the development of thermal weapons, they also have their own special tactics,”

“And they can basically have the actual combat ability no less than that of martial arts masters.”

“Easily interfere with the public’s sight, let the public spontaneously define the murderer as a killer,”

“Mercenary, or some extremists with weapons.”

Speaking, Reverend said again: “As for the time in Norway,”

“It was indeed quite sudden. The information was obtained suddenly,”

“And there was only a few hours of preparation time before departure.”

“It happened that we had a plane in Cyprus at that time,”

“So the organization sent Cavalry guards there went there in disguise;”

“Moreover, the information obtained by the organization is also somewhat biased.”

“The information was sent by an entourage next to the target person.”

“He said in the information that the strongest among them is only a five-star warrior level,”

“And there is only one person, the strength of the eight Cavalry guards,”

“Even the eight five-star warriors cannot be their opponents,”

“Plus the enemy was in the open and we were in the dark, it is impossible to fail,”

“So they are sent there, unexpectedly, one died and seven disappeared...”

Charlie thought of Maria, and thought of the ring she gave him, and asked Reverend:

“How much do you know about that time in Norway? Do you know where she came from?”

Reverend shook his head and said, “I don’t know what she is. As for the time in Norway,”

“I only know that it was the person whom the Lord called for.”

“This is the first time I have encountered it in the many years since I joined the organization.”

“As for the others, I just don’t know...”

Reverend’s explanation made Charlie even more confused about Maria’s identity.

He even regretted it a little.

He regretted letting her and her grandfather go directly.

Although in his opinion, he had already used psychological hints,

And the grandfather and granddaughter must have nothing to hide from him,

But at that time, time was short and he didn’t have enough time and opportunity to ask more questions.

But it’s too late to regret it now,

So he can only ask for as much valuable content as possible from the Reverend.

So, Charlie looked at Reverend and continued to interrogate him:

“Do you know why your lord wanted to arrest her? Is it for her, or for something on her?”

The Reverend shook his head: “I don’t know about this matter, even my superiors in Turkey don’t know about it.”

“We only know that it is a god-sent opportunity to assign that mission,”

“To the Governor’s office of the Right Army. Unfortunately, it failed in the end.”

Charlie knew that Reverend couldn’t lie, so he asked him,

“Do you know where the headquarters of the Warriors’ Den is?”

“I don’t know.” Reverend shook his head and said,

“I have never been to the headquarters at all, I have only been to the Warriors Camp,”

“But I don’t know where the Warriors Camp is.”

After that, the Reverend continued: “I don’t even know the exact location of the Governor’s office of the Right Army in Italy.”

“The isolation of information is very strict,”

“And people of any level can only know what they can know,”

“And it is impossible for us to know the secrets of a little bit higher.”

Chapter 4988

Charlie couldn’t help but feel a little dizzy, it seems that this Warriors’ Den,

Has an internal organizational structure that is too clear,

And the internal confidentiality system is too strict.

Reverend is already regarded as the middle and high level of the entire Warriors’ Den.

He doesn’t know where the headquarters is, and he doesn’t know where the branch he belongs to.

After a moment of silence, Charlie continued to ask him: “What is your plan and deployment in Turkey?”

Reverend replied: “Turkey is a supply chain specially built for the Cyprus base,”

“The purpose is to protect the Cyprus base. Normal operation, by importing copper ore produced by the Cyprus base,”

“To ensure the concealment of the Cyprus base, and at the same time provide it,”

“With the funds required for operation through reasonable and legal import channels.”

“In addition, we will also use copper ore. There are 2,000 tons of materials on this ship,”

“Which will be secretly sent to the Cyprus base.”

Charlie asked again: “Among the two thousand tons of materials you mentioned,”

“What are the details? What do you have here?”

Reverend replied: “There are about 300 tons of various food and medicines,”

“As well as a large amount of weapons and ammunition,”

“Clothing and daily necessities, and various living materials needed by the dead,”

“As well as consumables for air and water purification equipment.”

“In addition, there are nearly 500 tons of diesel.”

Charlie asked him: “Diesel still needed to be shipped so far from Turkey?”

Reverend explained: “The outside world thinks that there are only a few hundred people working and living in the copper mine,”

“But in fact, There are three to four thousand people,”

“Not only is the cost of materials huge, but also the energy consumption is very large.”

“The living electricity consumption of the three to four thousand people under the mine alone is very large.”

“If all the electricity is purchased from the national grid of Cyprus,”

“The energy consumption will be much higher than a copper mine of the same scale,”

“And once someone who is interested in checking the data in this area can detect it,”

“The organization will be exposed.”

Reverend said again: “Because it is necessary to fill in For the energy consumption of these three to four thousand people,”

“We have sent them four large diesel generator sets from Turkey.”

“Their daily electricity consumption is all met by diesel power generation.”

“However, if a copper mine consumes too much diesel, it will make people doubt it,”

“So we provide all the diesel they need, and after the ship docks,”

“There is a special pipeline connecting the copper mine,”

“And the diesel is delivered directly through the pipeline.”

Charlie couldn't help but wonder how meticulous the organization was when he heard this.

He felt a little admiration.

Generally speaking, the larger the organization, the harder it is to keep in mind the details.

However, with such a huge scale, the Warriors' Den can handle all kinds of details very well,

Which is really remarkable.

It is easy to see the clues of such things as energy consumption once they are targeted by interested people.

Often, the police analyze the electricity consumption data of residential buildings,

And find that the electricity consumption of a certain household is several times higher,

Than that of other neighbors of the same type of household.

And that kind of three-bedroom house uses the water and natural gas of more than ten or twenty people a month.

Once this abnormality is discovered, it is likely to be a den of an MLM organization.

Therefore, if this copper mine does not want to expose any clues,

Then all its energy consumption publicly purchased materials,

And even the garbage it discharges must meet the scale of 300 people so that no one will find abnormalities.

Otherwise, once any indicator is abnormal, it may be noticed by potential enemies.

Chapter 4989

This also made Charlie realize that many of his previous operations actually lacked similar details.

Whether it was the Rejuvenation Pill Auction or JX Pharmaceutical,

Which is well-known around the world during this period,

They were actually a bit high-profile. Now, once it is cleared,

It will be followed, and it is only a matter of time before it is found out.

At this time, Reverend said again: "By the way,"

"Among the materials I brought this time, there is also an antidote for them."

Charlie asked him, "Is the antidote produced in Turkey?"

"No" Reverend shook his head and said,

"The antidote is sent to Turkey by the organization, but I don't know where it is sent from."

Charlie frowned and asked: "Is there a fixed delivery time for the antidote to Turkey?"

"No." Reverend explained: "The time for the organization to give the antidote is random every time."

"Sometimes it is not delivered until the day before it is almost used up,"

"But sometimes it is suddenly delivered one or two months in advance."

"When it is delivered, it is unpredictable at all, and there is no pattern,"

"It just suddenly informs us that the antidote has been delivered to a certain place,"

"And we are asked to get it ourselves, probably to prevent us from catching the pattern."

After a pause, Reverend said again: "In addition, the quantity delivered is different each time,"

"Sometimes for one month, sometimes for three months,"

"And these antidotes are delivered with a special safe,"

“We have to apply to the organization to open the safe every time before delivering medicine to the base,”

“And we can only open the safe after the organization authorizes it.”

Charlie asked in surprise: “Is the safe connected to the internet?”

“Yes.” The Reverend nodded. When the organization authorizes, we can take the antidote from inside,”

“And the safe has its own identification function,”

“Which can accurately record how many antidotes we take out,”

“And we can only take a fixed amount of antidote each time,”

“One more will not work. Otherwise, once the organization realizes that things are out of control,”

“It will immediately start to self-destruct.”

The Reverend said, “Not only our safety but also the safety in the hands of the governor of the Cyprus base.”

“There is an emergency antidote reserve, but you also need to apply for authorization from the organization to open it.”

“Once there is a change, the organization will immediately stop the supply of antidote,”

“And destroy the antidote stored in the safe. In this way, at most one week, Everyone in this base will die.”

Charlie asked with some doubts: “If such an important thing is moved to via the internet,”

“If it is hacked, wouldn't it be all over?”

“No.” Reverend shook his head Dao: “The organization is not using the public Internet,”

“But its own satellite communication network, and it is not ordinary civilian communication.”

“It is a military communication satellite bought from senior Soviet officials,”

“Through special channels when the Soviet Union disintegrated.”

“Military communication Satellite?” Charlie asked in shock: “Can this be bought?”

Reverend explained: “Under normal circumstances, no, no matter how rich individuals and companies are,”

“They can’t buy military satellites. But it was a special period of time.”

“The entire Soviet defense system was in chaos.”

“The distribution of time was also muddled and there were a lot of bad debts.”

“At that time, a large part of Ukraine’s heavy weapons were sold.”

“Even the Tu-160 bomber and even nuclear bombs were almost sold, let alone a lot of satellites in the sky.”

“At that time, no one would notice that there were a few satellites missing,”

“And as long as they did something a little bit, other people would not know that these satellites were theirs.”

Chapter 4990

Reverend said again: “This batch of satellites has extremely high security itself,”

“And the communication code has been reset, so even the person who designed it cannot crack the current communication content.”

“The possibility of being cracked is almost non-existent, but it also has certain drawbacks.”

“The disadvantage is that the satellite is a bit old,”

“And it is still an old generation of narrow-band mobile communication satellites.”

“The transmission rate is relatively slow, so it can only transmit text and byte commands,”

“Such as monitoring the status of safes in various places.”

“Under normal circumstances, safes only need to Just send a command of a few bytes to the satellite at regular intervals.”

“If there is an exception, the command is only a few bytes,”

“And the same is true for activating the self-destruct device.”

“There is no problem at all with this small data transmission.”

“In addition, it can satisfy very few users to use this system for voice calls at critical moments,”

“But it cannot satisfy video signal transmission.”

Charlie nodded and said: “That is to say,”

“Even if the base in Cyprus may have surveillance equipment installed,”

“The organization can’t check it in real-time, right?”

“Yes.” Reverend said: “The monitoring equipment in Cyprus is stored locally,”

“And every time I come here, I will bring back a copy of the surveillance video from the past week,”

“But this data will not be connected to the Internet,”

“And will only be stored in Turkey. Every once in a while,”

“All the data will be handed over to the Military Command.”

“As for whether the Military Command will hand over these data to the Lord.”

Charlie couldn’t help laughing and said,

“Seeing how old you are, I didn’t expect you to not know a lot about this.”

The Reverend respectfully said: “These were all systematically trained when I was in Warriors Camp.”

Charlie asked him with interest: “Then let me ask you,”

“As far as you know, has your self-destruct device ever been activated?”

“It has been activated,” Reverend said without hesitation:

“Almost twenty years ago, a base was activated by the organization because of a major failure.”

“One day, the Commissioner was notified temporarily that there was no need to deliver the medicine,”

“And at the same time, the Commissioner was informed that there was some accident on the other side,”

“And he was asked to wait for half a day.”

“If the Commissioner hadn’t delivered it in the early morning of the next day,”

“The organization would authorize him to open Safe, and activate the stored antidote.”

“And then?” Charlie frowned and asked,

“The organization has been using lies to delay them until they are about to die from poison,”

“And then activate the self-destruct?”

“Yes!” Reverend nodded heavily, and said with a shocked expression:

“The organization did not send anyone to deliver the medicine,”

“And destroyed the spare antidote at the last one.”

“There were more than 5,000 people in the base including the commissioner, Cavalry Guards, dead men, and their families.”

“All the people were poisoned and died, and no one was spared.”

Charlie asked him: “How do you know so clearly?”

The Reverend explained: “This is the information that the organization declassified internally.”

“The reason why it was declassified at that time was to warn all bases,”

“About the consequences of a major failure.”

Charlie suddenly thought of something, and blurted out:

“You just said that the major failure was twenty years ago?!”

“Yes!” The Reverend nodded: “It was twenty years ago, I remember it very clearly.”

Charlie’s expression was horrified, his parents were killed in Aurous Hill twenty years ago!

The timing is so coincident, it can’t be just a coincidence, right?

Is there any connection between the death of the parents and what the Reverend said?!

Chapter 4991

At this point, Charlie's pupils constricted, and immediately asked Reverend: "What happened twenty years ago that could make your Lord, To execute thousands of people directly?!"

Reverend shook his head blankly: "I don't know the specific reason, I only know that the Lord was furious at their failure at that time, so he killed them. ..."

Charlie raised his eyebrows, and asked in a cold voice: "Then do you know where they failed?"

Reverend shook his head and said, "I don't know either..."

Charlie thought of what Reverend said just now.

He thought that the one in charge of Asian affairs in the Warriors' Den was the Military Commander's Office, so he asked him:

"Which one was the one that experienced that failure?"

"Is it the Chinese Military Commander's Office?"

Reverend shook his head and said, "I don't know,"

"But it's basically certain that it's not the Governor's Office of the Right Army..."

As he spoke, he continued, "Actually, how many copper mines like the Cyprus Copper Mine are there in the whole world?"

"I don't know at all, or even I don't know, how many bases there are under the Commander's Office of the Right Army where I am."

"This information is completely isolated from the inside."

"I only know that there is also the Governor's Office of the Left Army and the Central Army The Governor's Office,"

"The Former Military Governor's Office, and the Rear Military Commander's Office,"

"But I don't know who is in charge of the other four military governor's Offices,"

"And what the specific scale is..."

Hearing this, Charlie's heart sank again.

He was not sure whether the failure that Reverend said 20 years ago was related to the death of his parents.

It seems that if he wants to find out more information, He can only hope to find a higher level of this Warriors' Den.

So, Charlie asked again: "What kind of organization structure do you have in Turkey?"

Reverend replied, "The highest officer of the Right Army Governorate is the left and right governors,"

"And there are four governors under their command, which can be understood as deputy governors,"

"Each deputy governor is responsible for a closed-loop system,"

"And this line of Turkey and Cyprus is one of the closed loops."

Charlie asked, "Then who is your vice-governor of this closed loop?"

Reverend said, "It's Ramos Zhang, Zhang's deputy governor."

Charlie asked again, "This Ramos, is he a martial artist?"

"Yes."

"What cultivation level?"

"Dark realm fifth level."

Charlie was slightly startled in his heart and asked with a frown,

"This closed loop of yours, besides the copper refinery in Turkey,"

"And the copper mine in Cyprus, what other industries are there?"

"Many." Reverend replied, "There are also natural gas companies,"

"Large farms and shipyards in Turkey, in addition to that,"

"There are also some garment processing factories, stone processing factories,"

“Basically in all walks of life, the overall market value is about eighty billion dollars or so.”

In Turkey, with a total market value of eighty billion dollars,

It can already be called a super business empire,

And this is only the industry under the responsibility of a deputy governor of one of the five military governorates under the command of the Warriors Den.

If it is a deputy governor in an economically developed Western Europe,

Then he is responsible for the closed loop, perhaps the market value exceeds hundreds of billions of dollars.

In this way, the strength of the assets of a right Governor,

I am afraid that it has easily exceeded the Wade family.

Charlie suddenly remembered something and hastily asked:

“What is the public identity of your vice governor, in the Den? Will it be disguised as a business tycoon?”

“No.” Reverend shook his head and said, “The official position of the deputy governor is the governor’s colleague,”

“And below that, there is the governor’s commander (qiān), and then there is a special envoy or commissioner like me,”

“And from the special envoy on up, there is absolutely no well-known identity in the community,”

“And generally very low-profile, my public identity in Turkey,”

“It is the quality inspector of this copper refinery, responsible for checking the quality inspection of all copper ore in the factory,”

“So it is only in name. That’s why I came to Cyprus with the ship in name only,”

“While our deputy governor’s public identity is the accountant of the copper refinery.”

“Accountant?!” Charlie frowned and spoke, “In that case, the head of the copper refinery,”

“In this closed loop of yours, has an even lower status instead?”

“Right.” Reverend nodded, “The chairman is just pretending, as for the heads of the other industries,”

“They are all just spokesmen arranged within the Warriors Den,”

“And many of them are the sons of the Cavalry Guards.”

Charlie asked him, “The heirs of the Cavalry Guards?”

“Right.” Reverend added: “Below this closed loop of ours, there are at least fifty enterprises.”

Charlie asked curiously, “Since you guys are so focused on secrecy, these fifty-odd enterprises,”

“How do you manage them to ensure that you don’t leak secrets?”

“It can’t be that all the employees of these fifty enterprises are your own people, right?”

Chapter 4992

Reverend shook his head and said, “Most of the enterprises have no explicit relationship with each other,”

“As well as with the vice governor, moreover, each enterprise is not all our people,”

“We don’t have that many grassroots personnel,”

“But the people openly in charge of each enterprise are all descendants of the Cavalry Guards.”

“The descendants of the Cavalry Guards?” Charlie pursued,

“Why are they descendants of the Cavalry Guards?”

Reverend replied, “Because the Cavalry Guards were all promoted up from the dead soldiers who performed well and even had merits,”

“So the Warriors Den, in order to make these Cavalry Guards feel more superior psychologically,”

“Compared to the dead soldiers, especially allowed them to let their third child,”

“Break away from the Cavalry Guards’ identity after every three children they had.”

“Leaving the identity of Cavalry Guards means that this offspring can grow up without practicing martial arts,”

“But receive formal education within the Warriors Den from a young age,”

“And it is the basic education where the person is, such as Turkey is four years of elementary school,”

“Four years of middle school, and four years of high school,”

“That child’s elementary and middle school content, are learned within the Warriors Den,”

“After getting legal status in high school, in Turkey Local public high school study,”

“And then the normal examination for university, after graduating from university,”

“They can directly go through the channels of social recruitment into our closed-loop enterprise work,”

“And gradually be trained to become the successor of different enterprises.”

Charlie asked him, “Why are they sent out to study only in high school?”

Reverend replied: “Children who are too young lack self-restraint,”

“Let them go to social schools to study, it is easy to speak more mistakes,”

“So there will first be internal education for them while teaching them,”

“While their parents constantly give them to strengthen the sense of secrecy,”

“After the children began to go out to high school, they will start to give them drugs,”

“So that they also have a strong poison in their bodies in order to ensure control.”

The first is that they do not need to practice martial arts hard,”

“The other is that they do not need to take the antidote once a week, but once every six months,”

“Just like me, and if they study well and do have real talent,”

“After taking over the business in the future, they can be white-collar elite,”

“Or even well-known entrepreneurs in a society where living conditions are much better than those of the Cavalry Guards.”

When Charlie heard this, he couldn't help but realize it.

In this way, it seemed that his aunt, as well as her family, should not be considered high-end members in the Warriors Den,

And most likely they were also the descendants of Cavalry Guards,

Only that they had the opportunity to live a normal life in the real world.

Thinking of this, Charlie asked Reverend: “During your years in the Warriors Den,”

“Have you ever heard of the Warriors Den sending people into society and then deliberately letting that person get close to a particular person and marry them,”

“Making them become undercover agents planted by the Warriors Den on the other side?”

“I have heard of it.” Reverend nodded and said, “This kind of thing is very normal,”

“After the children of the Cavalry Guards are sent into society,”

“The Warriors Den will set up a point system for them,”

“As long as they create contributions for the Warriors Den to be able to increase the points,”

“The greater the contribution, the more points;”

“If the points can reach a certain level, then they will be able to use the points to bail one of their family members out of the Cavalry Guards;”

“If they continue to make significant contributions, then they can even bail out all their loved ones,”

“Once their family is bailed out, then their family members don't have to do anything,”

“They can regain their freedom to a certain extent, as long as they don't threaten the safety of the Warriors Den,”

“They can go wherever they want and do whatever they want,”

“But the poison in their body can't be solved, they can only take the antidote from once a week, upgraded to once every six months.”

“If the contribution is big enough, they can even redeem themselves, and after the redemption,”

“The Society will give them a generous amount of money to let them and their families take care of themselves,”

“But it’s still the same premise, not to threaten the safety of the Society while taking the medicine regularly.”

Here, Reverend added: “Because of this mechanism in place,”

“Every Cavalry Guard will try to have three children or even multiples of three,”

“And every child sent to study will be instilled with a great sense of responsibility by their parents and older siblings from an early age,”

“So that they realize from an early age that they are responsible for changing the fate of the whole family,”

“So that almost all of these children are academic talent,”

“As soon as they enter society is the elite class, these people marry high-ups only,”

“Maybe which billionaire’s offspring are from the Cavalry Guards you don’t know.”

“However, the descendants of these Cavalry Guards in the Warriors’ Den, there is a special term, called a scholar.”

Charlie couldn’t help but laugh dumbly and asked him,

“It’s the ancient scholar who took the imperial examination?”

“Right.” Reverend said, “The ancients said that no one asked under the window for ten years,”

“And once you become famous, the world knows, whether it is the ancient scholar,”

“Or the scholar of the Warriors Den, they are all trying desperately to change their lives and achieve class crossing by studying and taking exams.”

Charlie nodded gently, thinking: “I originally thought that my uncle’s better half must have been a Cavalry Guard offspring,”

“But according to him, the probability is of a ‘scholar’,”

“The probability is to study hard for more than ten years,”

“Carrying the mission of rescuing the whole family, was arranged into a certain university to approach uncle.....”

“Moreover, she could successfully marry into the An family,”

“Enough to prove that she is definitely at the top of the group of ‘scholar’.”

Thinking of this, Charlie also could not help but have some chills on his back.

Although the Warriors Den is not known, but in fact has already laid its own forces everywhere in the world,

And has long since completed the penetration of high society.

God knows how many of those global tycoons on the Forbes rich list are actually the other half of this organization’s “scholar” only.

Moreover, even if a “scholar” is married to the world’s richest man,

The Warriors Den can still achieve absolute control over her through the poison in her body and her family,

As well as the antidote in their own hands.

Moreover, this control chain has formed a closed loop, flawless, and unbreakable

Chapter 4993

At this time, Charlie, in his heart, can not help but think of his own third aunt, who he did not know.

And in his mind, he could not help but rely on the clues provided by Reverend,

As well as his own imagination outlined the tragic life of that woman.

During her teenage years as well as her youth,
It is likely that she had been studying hard in order to change the fate of her entire family.

Her father had probably experienced the tragedy of the dead soldiers first hand, So he must have instilled in her at a very young age the belief in studying hard to save the whole family.

And she must have lived up to his expectations by getting into a top university with her hard work.

At this time, because she excelled in her studies and was also very good externally,

The Warriors Den gave her the difficult and significant task of preparing to approach his uncle, Martel Evans.

Jack once told Charlie about the process of his aunt's acquaintance with his uncle.

Back then, uncle was in his second year of his master's degree at Harvard University, While he had just entered Harvard for his master's degree.

The two met over a clichéd drama of a hero saving a woman, while uncle, Through his contact with her, was surprised to find that this woman catered to all his requirements for the opposite sex, Both internally and externally.

The Evans family and Jack, too, because of speculation, the young aunt was probably,

At that time, a secret informer was deliberately planted by the enemy on the young uncle's side.

But according to Jack, after the death of his aunt, This matter is only a speculation that has no way to be confirmed.

However, now one can be sure that their speculation is 100% accurate.

Although his uncle was twenty-two or three years old when she met my him, It is likely that she had been trying to become the kind of woman that his uncle would have liked, And even became obsessed with it when she was fifteen or sixteen years old.

It took years of preparation for her to fall in love at first sight with her uncle at Harvard University.

The naive uncle thought he had found the one,
But what he didn't know was that it was all just an elaborate play around him.

He has been with this woman for nearly twenty years, This woman gave birth to two daughters, a family of four seemingly affectionate, But he never dreamed that this woman was with him for twenty years, From the day he saw her, her mouth has always been filled with highly toxic dentures.

The husband who has been with her for twenty years, Having two biological daughters has not been able to stop her from selling her life for the Warriors Den.

On the day of Stefanie's New York concert, this woman acted as an inside informer, Cooperating with the dead soldiers of the Warriors Den to exterminate the entire Evans family.

Only, Charlie did not know if this woman and her two daughters, Were on the Warriors Den's kill list in the first place.

If they were also on, then wonder if this uncle was clear in her own mind.

However, from the last moment, she decided to bite her teeth and choose to commit suicide, Her heart, even to death, did not escape the control of the Warriors Den.

And her suicide is likely to protect her family members who are still controlled by the Warriors Den.

This, too, is where Charlie feels that the Warriors Den is the most powerful.

Just when Charlie was feeling emotional in his heart, Someone knocked on the door and said respectfully outside the door, "Lord Envoy, in half an hour, our ship will be docking."

Charlie sensed that this person was not a martial arts expert, So he said to the Reverend in a very low voice, "Send him away."

The Reverend nodded and spoke, "All right, I know, you go to work."

"As you wish!" The other party answered, turned around, and left the floor.

Charlie then asked Reverend, "These people on the ship, are they all your people?"

"No." Reverend shook his head: "The bodyguards on this ship are all Turkish Cavalry Guards,"

"As for these crew members, they are all some peripheral members,"

"Only responsible for sailing the ship, they don't know anything about the specifics."

Chapter 4994

Charlie pointed to the man standing motionless in the corridor inside the door and asked him, "What is he?"

The Reverend said, "He is my second-in-command."

Charlie frowned and asked, "Your deputy, do you still have to meet your needs in that area normally?"

Reverend replied, "He wanted to join the Battalion, but to join the Battalion,"

"He needed a recommendation from someone who had been trained in the Battalion,"

"So that's why I used that as a condition and asked him to satisfy me"

Charlie stretched out a hand to interrupt him,

"All right, you don't have to say anything."

The Reverend immediately closed his mouth.

Charlie then asked, "In a moment, do you have any way to let me mix with you into the copper mine?"

The Reverend said without thinking, "This is simple, you just need to wrap up in a black robe with me."

"Black robe?"

"Right." Reverend stood up, took off two black robes from the hanger behind the door, and said to him:

"Because I am a special envoy, my true face, only my superiors and my deputies can see,"

"In front of the rest of the organization, I am wrapped in robes to not let anyone see any features."

Charlie nodded and asked, "The head of the Cyprus Copper Mine, has he seen your true face?"

"No." Reverend shook his head and said, "If you want to go in,"

"Later you just need to disembark the ship wrapped in black robes like me,"

"And after we disembark, the Cavalry Guards of the copper mine will pick us up."

Charlie asked again, "Then when will you return?"

"Tomorrow." Reverend said, "After the ship docks, the Cavalry Guards on this ship will gather all the crew members into the engine room and not allow them to see the outside world,"

"Then the Cavalry Guards of the copper mine will start unloading,"

“After unloading all the supplies, they will also start loading the copper ore,”

“And after it’s full tomorrow morning, we will depart back.”

Charlie asked him, “What about you?”

Reverend explained, “I will stay at the copper mine tonight,”

“Supervise the Cavalry Guards to take their medicine,”

“And then supervise the dead soldiers to take their medicine,”

“After making sure that everyone is taking their medicine properly, it will be almost dawn.”

“Good.” Charlie nodded and said, “Then I’ll go in with you!”

After saying that, he asked, “Where is the antidote you brought?”

Reverend pointed to the closet in the corner of the room and said,

“The antidote is in the cabinet.”

Charlie nodded and said, “Take it out for me.”

“Okay!” Reverend immediately went to the closet,

Carried out a heavy backpack from it, and placed it in front of Charlie.

Charlie opened the backpack and found that it was packed in four square boxes like chalk boxes, with more than thirty boxes.

He took out one box from it and found that the top lid of the box had a circular emblem printed with fire lacquer,

The emblem pattern was very complicated,

And one could vaguely see that the totem as a whole presented a “WD” character.

He directly opened the box, and found that the inside is as thick and thin length of the index finger,

With kraft paper rolled out of the cylinder.

And the cylinder of the upper and lower two seals, also have a fire lacquer seal.

He tore the kraft paper and saw ten small pills wrapped in it.

He put the pills under his nose and sniffed them,

And found that the antidote was similar to the antidote he had configured.

The antidote configured by himself, the vast majority of which are some nourishing ordinary herbs,

The real detoxification effect is only a very small part.

And this antidote is the same.

Most herbs are effective in strengthening the body, While the part that really works is a composition that has been refined by a special method.

Charlie immediately recognized that this ingredient contained an extremely small amount of spiritual qi,

Although it was only minimal, he could still clearly sense the presence of spiritual qi.

This made his expression awe-inspiring,

It seems that the person who refined this antidote, like himself, can grasp spiritual qi!

Chapter 4995

The aura in the antidote is minimal, which allows Charlie to conclude that, The person who made the elixir must also be proficient in the aura, But he is unable to guess the other party's cultivation through the elixir.

After all, the potency of this antidote is really a bit too low, Charlie felt that its greatest use is not to be able to suppress the poison in the body of the person taking it, But seems to be just to send a signal for the poison in his body to not rush to attack first for the time being.

As he looked at these antidotes, he couldn't help but speculate in his heart that, If the Warriors Den had ten dead soldier bases around the world, Then together with the dead soldiers, the families of the dead soldiers, And the Cavalry guards, there would be at least tens of thousands of people.

In addition, there are also "scholars", "guides", "special envoys", and "governors" scattered around the world.

The company's staff is also a part of the "Uniform Guards", "Speedy Transport Company" and various other supporting personnel.

It is roughly estimated that there are at least 100,000 people under his command, or even more.

The vast majority of these more than 100,000 men have to take one antidote every week,

This means that the daily output of the Warriors Den will be 10,000 to 20,000 or more antidotes.

With such a large demand, it is impossible to let the master of aura in charge of the experts, Otherwise, it is the same as the strongest of the small group of people, Pressed in the manufacture of antidote sweatshops, is a really big material with small use.

Therefore, Charlie estimated that the Warriors Den should have a sizable elixir processing base, The lord, or those under his command who mastered the aura, After refining the core elixir, to the processing base with a specific recipe for dilution.

At present, Charlie can find clues, basically have strong independence, It is difficult to find an actual clue in Cyprus, with the organization's higher levels of connection.

But now it seems that the only thing that runs through all the links of the Warriors Den, It is the production and transportation of the antidote.

The antidote is a real and actual link that will connect all the external organizational structures to it with the transportation route of the antidote, And if he can find the output path of the antidote sent all the way down, he can find this elixir processing base.

This elixir processing base is not an independent existence isolated from the headquarters of the Den or the senior management, Because the antidote it produces must have an elixir with spiritual energy as the core raw material, So there must be an input path of spiritual energy elixir upstream of it.

Once he can find this input path, he may be able to follow the vine all the way to the real core of the Warriors Den.

Having made up his mind, Charlie then asked Reverend, "You just said that the time and place for the antidote to arrive in Turkey are random,

Tell me specifically what the process is for you to receive the antidote."

Reverend said respectfully, "Generally, without any warning, We will receive a coordinate and a six-digit return code sent via satellite communication,"

“The coordinate may be anywhere in Turkey, and we will rush over to receive it immediately after receiving the address.”

Saying that, Reverend added, “They usually choose a wilderness ridge to place the safe,”

“And since the coordinates are accurate to the meter after we arrive at the designated coordinates,”

“We can soon find the location of the safe as long as we try to dig on the flat ground.”

“Wilderness ridge?” Charlie couldn’t help but frown.

It seems that this gang’s process is indeed very meticulous, The kind of place in the wilderness, there is no monitoring equipment, And the other party first randomly chooses the location, so it is impossible to do it in advance to lay control.

And when the other party calmly places the antidote, There is still enough time to clean up all the clues, and then inform the other party of this coordination.

It is even possible that the other party may plant multiple safes in Turkey at once, Only to announce the coordinates of one of the safes at intervals down the road.

In this way, it would be even more difficult to trace this line.

Then, Charlie asked, “Every time you guys go over to receive the safe deposit boxes,”

“Do you find any traces left behind when they placed the safe deposit boxes?”

“No.” Reverend shook his head: “I also paid special attention to this,”

“But every time I received the antidote, I did not find any traces,”

“No footprints, nor wheel marks, nor they had special treatment when they left,”

“Or they had buried the safe long enough, the wind and sun naturally covered the traces they left, or maybe both. “

Charlie could not help but smacked his lips and asked him, “What about after finding it? To give them feedback?”

Reverend said, “The safe has a password input area, but this area is not used to open the safe door,”

“But to send a return receipt to the organization,”

“As long as the correct return code is entered, the organization will be able to confirm that we have received it safely.”

Hearing this, Charlie did not know for a while what kind of method he should use to catch this clue of the other party's antidote.

At this time, the ship emitted a very piercing whistle, While the speed of the ship also slowed down a lot,

Which made him realize that the ship was about to dock.

So, he immediately threw the antidote brought by Reverend back into the closet and wrapped up in one of the black robes,

Then he said to Reverend, “I will disguise myself as your deputy and go to the copper mine with you,”

“The way you handed over the pills to them before, is how you hand over it again this time.”

The Reverend nodded without thinking: “Yes, sir!”

After saying that, he also took a black robe, skillfully put on the body, and use a large hat to cover the whole head completely.

Charlie also followed the example of the black robe with the hood. Now his head was covered.

He found that the black robe's cap is very wide, and the cap part of the fabric is light sand,Even if the cap will cover the whole face, it does not hinder vision.

Subsequently, Charlie and Reverend came to the door, looked at the martial artist who was standing still like a wooden board,And said in a cold voice: “Listen, if anyone other than the two of us dares to enter this room, kill without amnesty!”

The other party was immediately controlled by Charlie's psychological implications,

And immediately nodded respectfully and said, “The subordinate follows orders!”

.....

Chapter 4996

When the two of them stepped out of the room, the outside had already started to get busy.

Most of the Cavalry guards responsible for the guard have returned to the bridge building,

After the ship stops, they will take all the crew into the engine room,

So that these crew members do not spy on any clues.

And the ship, at this time, was only a kilometer or two away from the pier.

Charlie and Reverend walked directly out of the bridge building and came on top of the deck.

On the deck, two crew members and two Cavalry guards were standing on the port side of the ship,

Waiting for the cable to be thrown to finish docking.

And Charlie has been able to see ahead of this modest dock,

At this time it is brightly lit, and multiple trucks, loading and unloading trucks, at this time are on standby.

In addition, Charlie also saw several small cars, waiting to meet Reverend's convoy.

The cargo ship was about to dock when it started to reverse thrust, And then the sailing speed quickly dropped and leaned sideways to the pier.

After the ship stopped, Reverend took the lead and went all the way down from the inner deck spiral ladder,

While the hatch below had been opened by two crew members.

At the same time, the crane next to the cargo ship has begun to move slowly, it seems to be starting to start unloading the cargo.

As Charlie let Reverend follow the previous handover in the normal way,

So at this time, Reverend is completely into his usual rhythm of docking.

When he stepped out of the hatch, there were already a number of men waiting outside,

And when they saw Reverend and Charlie walking down,

The man at the head immediately said to the Reverend respectfully, "Lord Envoy, you have worked hard all the way!"

Charlie could hear that this person's tone carried nervousness and apprehension.

Looking at the other people around him, each one was also nervous.

Charlie surmised that he should be apprehensive because of that failure in Bergen a few days ago.

After all, Maria was the person that Lord personally named, and as a result, their people failed to complete this arduous task.

And now it happened to be the time to deliver the antidote. They were afraid that the Lord would repeat the tactics he used twenty years ago and put everyone in this base of theirs, to death.

In the face of several people's respect and apprehension, Reverend just gave a faint nasal hum, did not even look at that person, and walked straight toward the three small cars.

The head of the men hurriedly ran a few steps, rushed to the middle of the Mercedes-Benz car, helped Reverend pull open the door, and then helped Charlie to open the passenger door.

A black-robed Reverend took the lead in the back row of the car, and Charlie also followed in the passenger seat.

Afterward, the greeting people quickly got into the front and back cars, and the convoy quickly left the pier and drove to the copper mine, which was only about a kilometer away from the pier.

The convoy went around the dock and in the blink of an eye drove to the main gate of the copper mine. The automatic gate opened in advance, allowing the three cars to drive straight in without slowing down.

This copper mine, the outside, looks somewhat similar to the base of the Cataclysmic Front, but on a much smaller scale.

Although the interior of the mine looked like nothing unusual, Charlie still found many hidden secret posts and fire points.

It was clear that the place was very well-guarded.

The caravan drove directly to an office building style building to stop, and at this time, downstairs has more than one person waiting here.

The middle-aged man at the head was well-dressed, quite a big businessman's style.

Next to the middle-aged man, stood a young man wearing glasses. The young man is thin and tall, looks bookish very thick, a glance,

Giving the first impression, it is like the middle-aged man's assistant or secretary.

However, Charlie found that the middle-aged man actually has little cultivation,

Not even a martial artist, but this bookish young man is a dark realm expert, But the level is relatively low, only the dark realm two heavens.

In combination with the previous confession of Reverend, It is estimated that this middle-aged man should be the ostensible manager of this copper mine, While the assistant young man beside him is probably the real controller of this place, The festival ambassador in the mouth of the Cavalry guards.

Behind this young man, there were several other martial arts experts, But the strongest of these remaining people was only an old man of the Ming realm of great perfection.

However, the expressions of these people right now, all with a few moments of trepidation, Are also on edge for the last failure.

After the car was parked, the assistant-like young man took the lead and respectfully pulled open the car door for Charlie and Reverend.

As soon as Reverend got out of the car, the well-dressed man came forward and said respectfully, "Lord Special Envoy, you have worked hard!"

The young man in the First level of the Dark Realm also bowed slightly and said reverently, "Lord Envoy, you have worked hard!"

The people behind him bowed in unison and shouted, "Lord Envoy has worked hard!"

The Reverend just raised his hand and said indifferently, "Let's go in and talk."

"Okay! This way, please!" The young man hurriedly made a respectful gesture of invitation,

Then took a few quick steps to lead the way.

Reverend followed closely behind, while the middle-aged man followed him and said,

"Lord Envoy, our operation report for the recent period has been written, please take the time to look over it later."

The Reverend gave a hint and didn't say much, this cold attitude made the middle-aged man even more nervous.

Charlie followed behind Reverend and took in the performance of these people, Seeing the fearful appearance of these people, his heart relaxed instead.

This is the perfect time to turn them around!

Chapter 4997

Charlie guessed correctly.

When he arrived at the top floor together with Reverend,

The middle-aged man brought the two into his office.

Along with them, there was also that young man of the Dark Realm Two levels, As well as those several Ming Realm experts.

The moment the door closed, the young man took the first step to Reverend, Suddenly bent his knees and knelt on the ground, kowtowed heavily,

And choked and said, "Lord Envoy, please have mercy and save our 3,700 people here!"

The others immediately followed the young man and knelt down, choking, "Lord Envoy, please have mercy!"

Reverend was caught a bit off guard.

Charlie had given him the mental implication to meet with these people according to his past practice.

However, these people suddenly kneeling in front of him and begging him for mercy, Made him a bit at a loss of what to do all of a sudden.

Now Reverend is more like a machine that executes orders, If the order is recorded in his system, he is able to execute it immediately,

But if it is not recorded, he will enter a state of a program error.

This is also the biggest drawback of mental suggestion.

Charlie could see that Reverend was a bit down, so he opened his mouth and asked, "Are you guys worried that the great Lord will punish you with the same means he used to punish others twenty years ago?"

As soon as Charlie's words came out, several people were instantly filled with horror!

They did not expect that the attendant who followed the envoy without saying a word would take the initiative to speak.

Moreover, the moment he opened his mouth, he spoke the fear in their hearts!

Several people looked at each other, then the young man suddenly realized something, And crawled towards Charlie on his knees, choking and saying,

"Please forgive my eyes for not being able to penetrate Lord Envoy's identity early!"

As soon as the others saw this, they also immediately realized that, They had crawled on their knees in front of Charlie and begged with great devotion, "Please forgive Lord Envoy!"

Charlie was slightly stunned, then he quickly came back to his senses and thought in his heart, "It seems that this group of people is treating me as a real envoy."

The Warriors Den's internal information is tightly isolated, And it likes to release smoke bombs to the outside world, just like Reverend said, In those enterprises controlled by the Warriors Den, The apparent chairman is usually not the real person in charge, And the person in charge is probably just an insignificant assistant or accountant beside the chairman.

Just like this copper mine, when outside, it seems that the middle-aged man is the person in charge here, And the young man is his side secretary, but once in this office, The young man immediately became the leader among them, and everyone is looking to him.

So, right now this young man, it seems, also mistakenly thought that he, The special envoy's assistant is probably the real special envoy.

Seeing these people kneeling in front of him and begging, Charlie smiled faintly and asked,

"If the Lord really decides to kill all of you here,"
"Then do you dare to resist to your death before you die?"

When several people heard these words, their entire bodies trembled uncontrollably as they were horrified.

The young man at the head of the group said out of fear, "Lord Envoy, the gods are above, this matter is my fault, I have failed to meet the trust and expectation of the great lord, Even if the Lord told me to die immediately, I will not complain!

The others also immediately said: "Willing to die for the Lord!"

Charlie grunted and said with contempt, "The others want to kill all of you, But instead of having a sense of resistance, you kneel on the ground like lackeys to show your loyalty, Don't you have any bloodlust?"

Hearing Charlie's questioning, the crowd was even more scared out of their wits!

They thought that Charlie was deliberately testing them, How dare they show any disobedience at such a time, and they all kept kowtowing in fear.

And the young man at the head of the group even choked and said, "Lord envoy, such a treacherous thing, I really dare not even think about it"

Charlie looked at his terrified expression, can see that this person's heart is indeed full of fear, There is no half of the intention to resist.

However, thinking back carefully on the identity of these people, Charlie did not feel surprised.

After all, according to Reverend, except for the dead soldiers, Cavalry guards, and their families, Most of the other members of the Warriors Den joined voluntarily.

Especially those martial artists who longed to be able to break through their cultivation quickly, They joined the Warriors Den in order to achieve a leap in cultivation, So there was no bitter hatred between them and the Warriors Den.

The young man in front of him, whose cultivation level is not low, Is also a sect leader, responsible for the operation and management of the entire Deadman Base, So I guess his rank is not low.

He is probably also trained at the Warriors Camp.

This kind of person, in addition to obeying the words of the Warriors Den, might even be grateful.

Therefore, from the depths of their hearts, they would not want to confront the organization.

Thinking of this, Charlie lost interest in fighting against these people, He looked at them and said indifferently, "Lord was indeed very shocked by the failure, But Lord also knows that the responsibility for this failure does not lie with you, So you do not need to worry too much."

Chapter 4998

When they heard this, they breathed a long sigh of relief.

The young man at the head said gratefully, "Thank you, Lord, for your generosity,"

"And thank you, envoy, for your kindness! We will be brave after knowing the shame And we will bow and die for the organization!"

Charlie nodded, stretched out his hand, patted him on the shoulder, With a trace of aura into the other party's brain, Charlie said blandly:

"Very well, but from now on, what I say, you will do, do you understand?"

The young man's eyes stagnated, and then said without thinking, "Understood!"

The few people behind him were still a bit confused at this point, Wondering why this envoy would say such words to the sect leader.

After all, in the Warriors Den, the Lord was the only supreme being, No one was allowed to disobey, not to mention the following, But the words of this envoy lord seemed to be trying to cultivate his own beloved within the organization.

Charlie saw several people hesitate, deliberately sneered, and asked, "What? A few of you are not willing to serve me like him?"

The middle-aged man said without thinking, "I only follow the Lord's lead!"

Charlie smiled and nodded, saying lightly, "You are indeed loyal!"

"Seeing that you are so loyal to the Lord, I can also rest assured."

Charlie's words made several people slightly relieved, Thinking that he was just testing their loyalty to the organization.

Charlie walked up to several people at this time, stretched out his hand, and shook hands with them individually, "And only after each person's brain had been fed with his own aura, He cleared his throat and said in a stern voice to several people, "From now on, your only mission is to serve me, do you understand?"

"Understood!" Several people had already been completely psychologically implied by Charlie at this time,

One by one, they respectfully agreed to do so.

After controlling these people, Charlie began to prepare for the execution of his plan.

Through his understanding of the Warriors Den, he could conclude that the dead soldiers,

As well as their families were inevitably filled with hatred for the Warriors Den deep inside.

Therefore, as long as he could cure the severe poison in their bodies, they would definitely be turned back by him.

However, the group of Cavalry guards, relatively speaking, should be more cautious.

Because although the Cavalry guards were also born as dead soldiers,

But after all, some Cavalry guards had already obtained relatively free status.

And had entered the promotion ladder tailor-made for them by the Warriors Den,

So there must be people in this group who had already inclined their hearts to the Warriors Den.

And decided to make a big career in the organization by their own efforts.

So, Charlie came up with an idea to hoe the traitors.

He planned to have these managers call the people in charge of the Cavalry Guard

At all levels to come here first and have them take their medicine here.

After they have taken the medicine, then give them a chance to talk directly with their own "special envoy" without making a sound.

Charlie brought the antidote, as long as these Cavalry guards take,

The body of the poison can be instantly disintegrated, at that time,

If anyone after taking the medicine, keeps their secrets, silent to leave,

It is inevitable that Warriors Den will have reservations.

However, if anyone comes to tell a secret to him immediately after taking the medicine,

Then this person's heart must have fully fallen to the Warriors Den.

Through such means, although he cannot determine whether those who have reservations are really at odds with the Warriors Den,

He can at least screen out the traitors in the Cavalry Guard first.

So, he asked the sectional ambassador, "How many people are in charge of the Cavalry Guard at all levels?"

Without thinking, the sectional ambassador said, "There is one commander,"

"Three banner commanders, nine battalion commanders, and twenty-seven captains in the Cavalry Guard."

After saying that, he added: "However, the last mission lost a commanding officer,"

"A battalion commander and two captains who are missing."

Charlie nodded and said indifferently, "Divide the remaining into three groups,"

"Bring the ones in one group here first, prepare a room for them next door, and let them take their medicine there."

The sectional ambassador immediately said respectfully, "Your subordinates will arrange this!"

Charlie gave a hmph and instructed, "After you bring the people here, come and find me here."

"Okay lord envoy!"

.....

Waited for about a few minutes.

The sect ambassador hurriedly returned and respectfully said to Charlie,

"Lord Envoy, the first group of twelve people has arrived, please come to the meeting room!"

Charlie nodded, wrapped in his black robe, and led by the sectional ambassador to the large conference room next door.

At this moment in the conference room, there were already twelve apprehensive middle-aged men sitting there.

These men were all the heads of the Cavalry Guard at all levels.

When Charlie stepped in, all of these people had very nervous expressions.

Charlie walked up to the top of the conference table,

Looked at the twelve Cavalry Guards, and said indifferently,

“Gentlemen, thanks to the benevolence of the Lord, a new antidote is been given to all the Cavalry Guards,”

“And the reason I called you all here today is that I hope you can try this new medicine first.”

Upon hearing the new antidote, the expressions of all the people were astonished.

At this moment, they were all very surprised in their hearts.

Because, in their memory, they had never heard of the organization replacing a new drug.

Charlie continued at this time: “Recently the storm clouds have changed suddenly,”

“I think you all have heard about it, the Cavalry Guard will face more difficult tasks in the future,”

“So your previous seven-day medicine effect has obviously been somewhat insufficient,”

“So Lord has prepared a new antidote for you,”

“The new medicine’s effect will be extended from seven days to fifteen days.”

Once the twelve people heard this, the doubts in their hearts were instantly dispelled.

Charlie took out the antidote he had prepared and said indifferently:

“All of you will take the medicine here this time, after taking the medicine,”

“I will interview all of you one by one in the next room, at that time,”

“You need to tell me the truthfulness of your feelings about taking the medicine,”

“I will record all your narratives and present them to the Lord when I return!”

Chapter 4999

Hearing Charlie’s words, these twelve people then dispelled their doubts, while still having some vague excitement.

Originally, the antidote was to be taken once every seven days,But now it was about to be extended to fifteen days,To them, this was definitely a good thing to celebrate.

When Charlie saw that the twelve people had already jumped up and down, He took out the twelve antidotes and handed them to them one by one, saying indifferently, "In five minutes, you will meet me in the next office one by one in the order in which the pills are given out."

After saying that, he added: "By the way, Lord attaches great importance to this new antidote, So if you have any different feelings from the previous antidote during the trial, You must give me detailed feedback, and if there are any significant discoveries, I will definitely claim credit for you, Lord!"

All of them nodded respectfully, then looked at each other, Picked up the antidote together and put it into their mouths.

Charlie did not stay where he was but came out of the meeting room directly while closing the door behind him.

In a few dozen seconds, these Cavalry guards would realize that this antidote, Would completely eliminate the severe poison in their bodies.

At that time, whether they chose to conceal it or choose to inform on, It would depend on each of their inner inclinations towards the Warriors Den.

Just as Charlie returned to the office next door, the twelve people in the conference room, Immediately noticed that something was wrong.

One of them was the first to open his eyes and exclaimed in a low voice, "Gentlemen, why do I feel that the severe poison in my body has disappeared? Could it be my illusion?!"

Another person immediately said, "Mine has also disappeared,"

"..... is indeed gone, it should not be an illusion!"

"Me too!" Another person said excitedly, "Gentlemen, could it be that this new antidote has some kind of bug?"

"It must be!" A man with short hair sitting in the middle said with unconcealed excitement,

"No matter what kind of bug he has, now that this antidote has lifted the severe poison from our bodies,"

"Does this mean that we no longer have to be forced to listen to the organization's control?"

The man sitting next to him hurriedly asked, "You're not thinking of betraying the organization, are you?"

“If the organization catches us, I’m afraid we’ll be worse than dead!”

The short-haired man who spoke earlier immediately retorted, “What are you afraid of? As long as we don’t talk nonsense and tell the envoy, That there is nothing unusual about the antidote, he will definitely give the antidote to others as well!”

After a pause, the man added: “Don’t forget, we have more than two hundred Cavalry guards, Hundreds more family members in the family area, plus thousands of dead soldiers below the copper mine!”

“If the severe poison in everyone’s body can be completely lifted,”

“Neither the commissioner nor the guards around him can be a match for so many of us,”

“And even if we add that special envoy to the mix, it can’t be stronger than us!”

“At that time, we can completely control them and then occupy the entire copper mine!”

Immediately, one of them asked, “What is the significance of occupying the entire copper mine for us?”

“Once the organization knows that this place is out of control,”

“They will definitely send people to besiege us!”

“What’s the fear of a siege? The short-haired man gazed like a torch and said in a cold voice:

“Don’t forget that they used to control us by the antidote and the severe poison in our bodies!”

“Do you guys think I didn’t want to resist them for so many years?”

“I am willing to give my life to resist them, only that they simply don’t give us the chance to duel head-on,”

“And as soon as they stop the supply of the antidote,”

“In seven days at most, all of us will definitely die!”

Chapter 5000

Speaking of this, he said with a firm expression, “As soon as the poison in everyone’s body is solved, Then we will organize everyone to ask their opinions if they are willing to resist the organization,”

“Then we will use this as a stronghold and fight the organization to the end;”

“If they tend to escape from the organization's control,”

“Then we will leave Cyprus overnight and flee for a global scattering!”

“There are so many people fleeing at once, even if the organization wants to hunt them down,”

“I'm afraid it's difficult to chase them over,”

“As long as everyone escapes to be able to remain as anonymous as possible,”

“I believe that there must be some people who can survive and live freely!”

After that, he looked around at the crowd and said impassionedly,

“Think about it, our ancestors fought their way from the dead to the Cavalry,”

“And have not been able to regain their freedom for hundreds of years,”

“And this bug in the new antidote is our best chance,”

“And it's a great opportunity that will be fleeting!”

“Once they find out about the bug, then we don't stand a chance!”

“Do you all really want our children and grandchildren to be forever shackled by this unbreakable poison as well?”

The short-haired man's words caused the crowd around him to leap forward a bit.

One of them clenched his fist and said with clenched teeth:

“If we don't seize this opportunity, our future generations will be controlled by this poison for hundreds of years!”

“Since this is a once-in-a-lifetime opportunity, we have to seize it no matter what!”

After saying that, he looked at the short-haired man and said firmly,

“Just say the word on how to do it, my brother, this life, from now on is at your command!”

“Yes, the Right flag chief, we all listen to your command!”

The others have also taken a stand at one time or another.

The short-haired man said with relief, "Good! Since we are all willing to put up a fight,"

"Then we will first set a plan, the top priority right now,"

"Is absolutely not to let that envoy know that there is a problem with this antidote,"

"So later when he finds us a separate meeting, we must unify the caliber,"

"Say that no problems were found as well as any abnormalities,"

"So that he will definitely let the next batch of people come over to test the medicine,"

"What we have to do is to seize the time before they are brought here,"

"It is to tell them about these situations before, so that they are also the same as us, do not reveal any clues!"

Saying that he gave a slight beating, and continued:

"In addition, I guess that envoy can not always be here,"

"Waiting for all of us Cavalry Guards to test the medicine,"

"And after the Cavalry Guards more than thirty people in charge at all levels to test the medicine,"

"He will definitely distribute the medicine to us,"

"So that we can give our respective men to distribute the medicine,"

"So after we go back, we have to tell the respective men in advance. "

The people immediately nodded and said, "No problem! We all listen to you!"

The short-haired man added: "Later on, while the other two groups are testing the medicine one after another,"

"I have to go down to the mine to meet with a few elders of the dead soldiers and tell them about this,"

"So that they can fight alongside us! We are all from the dead soldiers,"

‘They have not even had the chance to see the sunlight so far,’

“I believe that this once-in-a-lifetime opportunity, they will definitely grasp it with all their might!”

According to his plan, everyone would first take care of the other 20-odd Cavalry guards,”

“Then split up to take care of the other Cavalry guards under their respective command,”

“And finally mobilize the dead soldiers, so that it would be effortless to take the entire copper mine.

However, these people did not know that all the contents of their discussion had entered Charlie’s ears word by word.

The corner of his mouth wiped a smile of appreciation.

Chapter 5001

This person’s courage and strategy, are clearly superior to several other people,

And more importantly, his hatred for the Warriors Den did not decrease,

Because he became a Cavalry Guards, his bloody nature is still there.

At this time, his heart for the subsequent arrangements after the occupation of this copper mine has been somewhat clear.

Soon, the first Cavalry guard who got the antidote from Charlie’s hand stepped to the office door.

He knocked on the door and said respectfully,

“The Right flag chief of the Cavalry Guard requests to see the Lord Special Envoy!”

Charlie gave a hmph and said indifferently, “Come in!”

Then, the door of the room was gently pushed open and a middle-aged blond man stepped into the office.

Back when he first saw the twelve people, Charlie had noticed him,

He looked more like a western face, but had a few Asian features, though he should be of mixed race.

Wrapped in black robes, Charlie was sitting behind a wide solid wood desk,

Looking at the middle-aged man in front of him, and asked, “Did you take the antidote?”

The middle-aged man hurriedly said, “Back to Lord Envoy, it has been eaten.”

Charlie nodded slightly and asked,

“How do you feel? Did you find anything unusual?”

The middle-aged man said without thinking, “I feel fine, I didn’t find any abnormalities,”

“And I can obviously feel that after taking the medicine this time,”

“The suppression of the toxins in my body is a bit stronger,”

“So I think it shouldn’t be a problem to last for fifteen days.”

“Good.” Charlie nodded and smiled playfully, then asked:

“By the way, in the Cavalry guard, what position do you hold?”

The man immediately said, “Back to Lord Envoy,”

“This subordinate is the right flag chief among the three banners of the Cavalry Guard,”

“And oversees the entire right banner.”

“Right flag chief.” Charlie repeated and asked curiously, “What is your lineage?”

The man said: “Back to the envoy, the subordinate’s lineage has been difficult to verify,”

“According to what I know, there are Chinese, Japanese, British, German, Russian, and several South American countries’ lineage,”

“My earliest ancestors are Chinese, but from a hundred years ago,”

“The dead added many other races, so the lineage has become more and more confusing.”

Charlie was secretly surprised in his heart,

It seemed that after so many years of development of the Warriors Den,

The bloodlines of the dead soldiers had diversified long ago.

Then, he waved his hand to that person and said,

“Alright, go down first and let the next person in.”

The man said respectfully, “Your subordinate follows orders!”

Soon, a second person knocked on the door of the room:

“The chief of the Cavalry internazionale seeks to see the envoy!”

Charlie said, “Come in,” and the man hurriedly stepped into the office.

He closed the door, came in front of Charlie, and said respectfully, “Greetings, Lord Special Envoy!”

After saying that, he looked at the special envoy and others who were standing motionless around him,

And bowed to the commanding officer respectfully, “Greetings, Lord special envoy!”

Charlie opened his mouth and asked him, “Have you taken the antidote?”

The man said, “Back to the envoy, I have taken the antidote!”

After saying that, he hurriedly lowered his voice and said in a flattering manner,

“Lord envoy, I have two important things to report to you!”

Charlie raised his eyebrows and said indifferently, “You can say what matters.”

The man hurriedly said, “The first thing is, there is something wrong with this medicine!”

Charlie asked curiously, “What’s wrong with the medicine?”

The man explained: “Back to Lord Envoy,”

“After taking this new antidote, all the toxins in my body have disappeared!”

Charlie pretended to be surprised and chided: "What nonsense,"

"The new antidote is specially prepared by Lord for you personally,"

"In order to be able to extend the interval between each dose,"

"So that you can complete more difficult tasks,"

"Its effect is to make the time of toxin attack in your body from 7 days to 15 days,"

"How can it make all your toxins disappear?"

The man said with an anxious face: "Oh, Lord Envoy, everything I said is the truth,"

"Not only the toxin in my body disappeared, but the other 11 people's toxins also no longer exist!"

This involves the second thing that I want to report to you."

"Just now, the Right flag chief Leroy Li has called on us to seize control of the copper mine,"

"And even wants us to work against the organization."

Charlie slightly paused for a moment, then curiously asked:

"Why are you telling me this?"

"Didn't you ever think about breaking away from the organization's control?"

When that person heard this, he thought that Charlie was deliberately testing his loyalty,

And immediately turned pale with fear, and hurriedly waved his hand to explain:

"Please be clear, Lord Envoy, I am loyal to the organization,"

"I have no desire to betray! In addition, I was able to reach this post step by step to today, to become the chief of the flag here,"

"All the opportunity is given by the organization, I would rather die than betray the organization!"

Charlie smiled and said, "They all say that although the Cavalry Guards and the dead soldiers are obedient to the organization,"

“They are full of hatred towards the organization,”

“And are always thinking of breaking away from the organization’s control.”

Now it seems that this is not true.

The man immediately took a step forward, bowed ninety degrees,

Put his hands on his head, and respectfully said,

“Lord Envoy, the fact that I am here today is the result of the joint efforts of my ancestors,”

“So how can I fail them for so many generations and so many years.”

Charlie laughed: “Haha! You are indeed a moldable talent!”

“This is a new poison specially prepared by the Lord to test your loyalty.”

“At first glance, this poison seems to have completely lifted the toxin in your body,”

“But in reality, he only let the toxin hide temporarily,”

“So as to test which of you has a mutinous intention towards the organization,”

“And who has a loyalty towards the organization!”

The man’s expression was horrified but soon replaced by an uncontrollable excitement and thrill.

He could not hide his joy and said out of the blue, “I was just wondering, with Lord’s holy wisdom, how could he have formulated such a southward antidote,”

“But I never thought that Lord would be so wise!”

Charlie nodded and said indifferently: “I’m not going to hide it from you,”

“Lord has always known that the vast majority of you Cavalry Guards as well as dead soldiers lack loyalty to him,”

“And are even full of hatred, he moved this idea, and not to find out those traitors who intend to mutiny,”

“But through this means, to dig out a moldable talent like you! “

The first time I saw you, I was able to get to the top of the list.

The man was overjoyed and knelt on the ground with a poof and kowtowed,

“Thank you for the promotion, Lord Envoy!”

Charlie stretched out his hand to signal him to get up,

And then continued to set him up again, smiling and asking,

“According to your understanding, how many other people like you,”

“Are you truly loyal to the organization of the Cavalry Guard?”

The man thought for a moment and spoke, “There aren’t many people I can identify,”

“But at the very least, there are a dozen! They are all loyal to the organization,”

“And they all hope to make themselves, as well as their families,”

“More valued by the organization through their own efforts.”

“Good!” Charlie nodded and admonished, “After you go out from here,”

“Don’t let the other eleven people see any clues,”

“Then you go to the people you think will definitely not betray the organization,”

“And quietly tell them the truth about the antidote,”

“And ask them to hold the towel in their left hand when they take the medicine later,”

“So that I can recognize it at a glance, and remember not to let any word out.”

The man did not think twice and said, “Don’t worry lord envoy, I’ll go do it!”

Chapter 5003

The third person to enter the office was the short-haired man,

Who had mobilized the other Cavalry guards to take advantage of the opportunity to resist.

When he said at the door, “The Cavalry Left Banner Chief requests to see the Special Envoy,”

Charlie recognized his voice.

So, from the moment he entered the door, Charlie was watching his every move.

This man was about forty years old, although he had a popular face,

But there was an unconcealed heroic spirit between his eyebrows.

When he saw Charlie, he bowed slightly and said in a routine manner,

“Lord Envoy, the new antidote you gave me has been tried and no abnormality was found.”

Charlie smiled faintly and asked him, “What is your name?”

The short-haired man did not know why Charlie asked his name,

And while he was puzzled, he could only answer truthfully,

“In reply to Lord Envoy, this subordinate’s name is Leroy Li.”

Charlie asked again, “I remember that the dead soldiers are all named by their numbers,”

“You must be a dead soldier who has been promoted all the way up, why do you have a name?”

The short-haired man immediately said without condescension,

“It is true that this subordinate was named by number in the Dead Soldier Camp,”

“But my ancestor passed down his surname and name,”

“Which was allowed in the Dead Soldier Camp, from generation to generation.”

Charlie nodded, suddenly his hand moved and the black hat of the robe fell back, revealing his true face empty.

Leroy was a little surprised, he did not know, why the envoy had to reveal his true face,

After all, this was never encountered in the past.

Moreover, he was a bit surprised by Charlie’s age.

As early as when Charlie gave them the antidote just now,

He knew that the envoy had changed this time, no longer the old man with the old voice from before,

But a new person who sounded younger.

But he didn't have any suspicions about it, after all,

The envoy was not at the same level as him at all,

And the personnel changes of the envoy would not greet them, the dead soldiers.

But when he found out that Charlie was so young, his whole heart couldn't help but be apprehensive.

Because in his opinion, if Charlie can become a special envoy at such a young age, then his strength must be very strong.

And to have superb strength at such a young age also proved that,

This person was exceptionally gifted and absolutely extraordinary.

Therefore, he was very worried in his heart that he would be seen by Charlie.

On top of that, Charlie's sudden act of showing his true face also made him a little more nervous in his heart.

This kind of situation, which had never been seen before,

Made him conclude in his heart that this young envoy was definitely not very human.

At this time, Charlie looked at him and said with a smile on his face,

"Leroy, let me ask you, is there really nothing abnormal about this antidote?"

Leroy's heart was in a panic, but he still did his best to maintain his composure and said with certainty,

"Back to the envoy, there is really no abnormality."

Charlie smiled and asked him, "I see, this is a unified statement that you have discussed, right?"

Leroy was shocked, but still forced himself to calm down and played dumb,

"Lord envoy, this subordinate does not understand what you mean"

Charlie blandly said, "Leroy, the severe poison in your body has completely disappeared, am I right?!"

Hearing these words, Leroy's entire body was struck by lightning.

He looked at Charlie with horror and fear, looking at his slightly lazy and casual smile,

He suddenly realized that what happened in the next conference room just now seemed to be a once-in-a-lifetime opportunity in his eyes,

But now that he looked at it again, it seemed to be a cat-and-mouse game that this envoy was playing with him on purpose.

It seems that everything has long been under his control.

Even, all this may be he deliberately teased him and other Cavalry Guards.

In desperation, Leroy still tried to make a final struggle,

He shook his head and said to Charlie: "Lord envoy, please forgive this subordinate's stupidity,"

"The situation you mentioned, this subordinate did not perceive"

Charlie stood up at this time, paced up and down to Leroy, smiled blandly,

"All right, no need to act with me, the antidote you took was prepared by my own hands,"

"I know better than you what effects these few pills have."

"What?!" Leroy stared at Charlie with wide eyes and a face full of horror, subconsciously asking,

"Lord Envoy you you said this antidote was prepared by your own hands?!"

Charlie nodded and said with a smile: "That's right, I prepared it with my own hands,"

"And it is not the kind of antidote that you took before,"

"Which can make your body poison delay the onset,"

"But the antidote that can make your body poison disappear completely, in the true sense of the word."

Leroy looked at Charlie and asked in confusion, "Lord Envoy"

“You are doing this for? With this subordinate’s understanding of the organization,”

“The organization has always acted extremely cautiously and would never take such a risk

Chapter 5004

Charlie nodded and said frankly: “You’re right, it’s impossible for the Warriors Den,”

“To come up with this kind of real antidote, and even if they could, they would never do it.”

Leroy subconsciously asked, “Then why are you

Charlie looked at him and laughed: “Because I’m not a special envoy at all,”

“And I’m not a member of the Warriors Den, but an enemy of the Warriors Den!”

Leroy was shocked and said offhandedly, “This how is this possible

After saying that, he couldn’t help but look at the envoy standing on both sides as well as the envoy’s personal guards,

And couldn’t help but ask Charlie: “Could it be that they are all your people as well?!”

Charlie waved his hand: “They are not, I came here by myself tonight,”

“They are just controlled by me with a psychological suggestion.”

After saying that, he said to Leroy: “By the way, I came today and brought several thousand antidotes that can completely release the toxins in your bodies,”

“Which can completely free all your Cavalry guards and all your dead soldiers,”

“From the grip of the severe poison in the bodies.”

“In addition, I have heard what you just talked to them in the next room,”

“Although courage is commendable, but the strategy is still a little short!”

“If you people choose to stay here and hold on to this copper mine,”

“It’s only a matter of time before the Warriors Den will attack and kill all of you;”

“If you people escape, then the Warriors Den will definitely kill you one by one,”

“Without leaving any future problems, it’s also just a matter of time!

“Only, the latter lingered a little longer than the former.”

Leroy was silent for a moment, looked at Charlie, and opened his mouth to ask:

“Then I dare to ask, you came here today with the antidote, can you give us people a third choice?!”

“Of course!” Charlie looked at him, nodded approvingly, and said aloud,

“I came here today to do three things! One is to control the special envoy,”

“As well as the envoy here without bloodshed, as you can see, which I have already done.”

Saying that Charlie gave a slight beating and continued,

“As for the second thing, it is to remove all the toxins from all of you without the Warriors Den noticing,”

“But the premise is that none of you can escape and must stay here to cooperate with me,”

“And follow my orders anytime and anywhere.”

“And the third thing is for you all to stay here and cooperate with me both inside,”

“And outside after the poison is removed, in preparation for the complete annihilation of the Warriors Den!”

Leroy frowned, then said with a serious face: “Since you want to be the enemy of the Warriors Den,”

“You and we have a common enemy, are our comrades, and you are willing to lift the poison in our bodies,”

“Then you are our benefactor, as long as you can no longer control us like the Warriors Den,”

“I, Leroy Li, am willing to follow your lead!”

Charlie blandly said: “Since I brought the antidote that can completely lift the poison in your bodies,”

“I naturally won’t use such underhanded means to control you to work for me as the Warriors Den did.”

“What I need is for you to work together with me as comrades in arms to uproot the Warriors Den,”

“And I promise you that after the Warriors Den is eradicated, all of you will be completely free,”

“At that time, where you want to go and what you want to do is your freedom,”

“And I, Charlie Wade, will never interfere!”

Hearing these words, Leroy’s whole body was already a bit excited!

Charlie’s words unleashed three huge surprises for him.

The first surprise was that they could all be completely relieved of the poison in their bodies,”

“And would no longer be shackled by it for the rest of their lives!

The second surprise was that Charlie shared a common goal with them,

Which was to eradicate the Warriors Den, originally he never thought he was capable of uprooting the Warriors Den,

But Charlie’s profoundness made him subconsciously feel that by following Charlie,

The chances of success would be infinitely greater!

As for the third surprise, it was the promise of freedom that Charlie gave him!

This was the key to changing the miserable fate of these people for hundreds of years!

All of their ancestors, all of them longed for a free body.

But after so many years, countless people gave their lives for the Warriors Den,

And were even killed by the organization itself, but none of them gained freedom in the true sense.

Some of the guards and their “scholar” descendants have indeed gained relative freedom by working for the Warriors Den,

But as long as the poison remains intact, freedom remains firmly in the hands of the Warriors Den.

A bird in a cage has no freedom, and a parrot with a chain around its ankle has no freedom either.

Therefore, the latter kind of conditional freedom has also been Leroy disliked.

If he had the chance, he would be more willing to fight to the death against the Warriors Den,

Even if he died in the end, it would be a good death.

However, although he had such a mind, he was not a reckless man,

And he knew very well that if he just went against the Warriors Den regardless of everything,

It would basically be to send him to his death for nothing.

Until a few minutes ago, Charlie's antidote, let him ignite the confidence to fight to the death.

And after Charlie said his true purpose, his confidence is a few points more points up!

At this thought, without thinking, he knelt down on one knee,

Clasped his hands together, and said devoutly, "If you can keep your promise,"

"I, Leroy Li, swear by the name of all my ancestors that I will follow you until the Warriors Den completely disappears from this world!"

Then he suddenly changed his mind and said, "No! I will follow you to the end of my life and serve you,"

"As long as you can give my descendants freedom, I will be able to smile and have no regrets in this life!"

Charlie nodded and said indifferently, "I will naturally keep my promise,"

"Not only to you but also to all the dead soldiers and Cavalry Guards who are controlled by the Warriors Den.

Chapter 5005

Charlie's promise made Leroy's heart stir and surged.

He knelt on the ground, looking up at Charlie with blood in his eyes, And asked excitedly, "Sir, what should I do next, please let me know!"

Charlie's gaze was like a torch, and he said in a loud voice, "I have already controlled all the fighters and important personnel here, And you, the Cavalry Guards, are the ones who have the highest say here."

Leroy said with an astonished expression, "Sir, please forgive me, The Cavalry Guards have been suffering from the Warriors Den for a long time, But they have not had the chance to break away from their control, Now that you have given us a once-in-a-lifetime opportunity, I believe that all the Cavalry Guards will definitely follow your footsteps and do the bidding to defeat the Warriors Den! "

Charlie shook his head and said indifferently, "You have courage, strategy, and backbone, But it seems that you are still lacking a few points of understanding of human nature."

Saying that, Charlie said with a cold expression, "You don't know, that flag chief just now, He has told me the real situation of the antidote, as well as your plan word for word, Compared to fighting against the Warriors Den, or dying, He would prefer to stay in the Warriors Den, and work his way up."

Leroy's eyes widened and he blurted out, "Sir is this true?!"

"Of course." Charlie nodded and informed him of the conversation, That he had with that middle banner chief just now.

After hearing this, Leroy immediately became furious and said through clenched teeth,

"This damned man, how dare he try to betray the entire Cavalry Guard!"

"I must kill him with my own hands!"

Charlie said indifferently, "There must be a few people like him in the Cavalry Guard!"

With a slight beating, Charlie added: "According to him,"

"There are at least a dozen people he can identify, and those who are ambiguous,"

"Or temporarily wavering but will choose to betray the Cavalry Guard,"

"At the critical moment, they add up to not be underestimated!"

“Now I want all of you Guards and all dead soldiers to unite,”

“And pretend that nothing has happened, and become a steel knife inside the Warriors Den!”

“But, to achieve this goal, you must make sure that no traitors exist within you people!”

“Otherwise, once one of you tries to inform the outside world,”

“It may bring you all a death sentence!”

Leroy said without thinking, “Sir, don’t worry,”

“I will immediately bring someone to arrest him and force him to reveal the names of all the others,”

“So that all these people will be eliminated!”

Charlie waved his hand: “So far it is also very inappropriate,”

“Because this matter is likely to have a leak of fish, I have arranged this matter,”

“He does not know my true identity, and he also believed my words,”

“I have asked him to secretly mobilize those who are like-minded with him,”

“I believe that those people will also help him to bring in other wavering people.”

“At that time they will hold the towel in their left hand,”

“All you have to do is explain the situation to the people you absolutely trust,”

“And when I go to issue medicine for all the Cavalry later,”

“You will use my dropping the cup as a signal to arrest,”

“All the people who hold the towel in their left hand!”

Hearing this, Leroy immediately said with a convinced face, “Good idea, sir!”

“With your method, it is surprising that we can catch all of these people, without leaving a single one!”

After saying that, he suddenly remembered something and hurriedly asked Charlie again,

“Right sir, what are you going to do with this gang?”

Charlie asked him, “Do you have any good ideas?”

Chapter 5006

Leroy said with a firm expression, “I think, these people ignore the tragic experience,”

“And bitter hatred of their ancestors, only care about their own interests,”

“And even go so far as to betray their comrades who fought side by side,”

“Their hearts should be put to death!”

“What is the difference between these people and the traitor Wu Sangui,”

“Who let the Warriors Den into the country and even killed the Southern Ming Emperor Yongli with his own hands?”

Charlie did not expect that when Leroy mentioned traitors, he was thinking of Wu Sangui from hundreds of years ago.

However, he quickly understood the reason for it.

The ancestors of these Cavalry Guards, there should be many of them were Southern Ming people,

Southern Ming was the last dynasty of Han people, for the Han people at that time,

Wu Sangui was the most traitorous traitor in this world.

Not only did he put the Warriors Den into the country for his own glory and wealth,

Taking away the rivers and mountains of the Han people,

But he even acted as a pawn for the Warriors Den,

Committing many unforgivable crimes against his own countrymen and clansmen.

What is even more outrageous is that this man, who was originally a minister of the Ming Dynasty,

Personally captured the last emperor of the Southern Ming Dynasty, Emperor Yongli,

And killed him with his own hands after surrendering to the Warriors Den,

An act of regicide that is not uncommon in the 5,000 years of Chinese history.

Therefore, this person can almost be counted among the Han Chinese's biggest traitors.

However, at this time, Charlie waved his hand to Leroy and said,

"Although I agree with your evaluation of these people,"

"I do not agree with your punishment of these people."

Leroy asked, "Sir, what do you think is wrong?"

Charlie said lightly: "It is always easy to kill, but most of the time,"

"Killing is a lack of sufficient justice, you are after all only a group,"

"Not a sound society, you want to kill them, firstly, it is impossible to rely on,"

"Secondly, it may not be able to fully convince the public,"

"In case your behavior gives others a 'those who go against me die!' feeling,"

"Then for the others, what is the difference with being controlled by the Warriors Den?"

Leroy froze and asked him, "Sir, what do you mean then?"

Charlie said indifferently: "Once today's goal is achieved, you are in a practical sense out of the control of the Warriors Den,"

"And I am not your new master, but only reached a fair agreement with you,"

"The content of this agreement is that I provide you with the antidote,"

"You fight against the Warriors Den with me,"

"Once the Warriors Den is eradicated, this agreement will be naturally terminated,"

"Therefore, while your general direction during the survival phase of this agreement,"

"You will have to follow the agreement with me,"

“But within you, you will need to establish a credible internal order,”

“And any internal matters should be able to convince the public when making decisions.”

Speaking here, Charlie paused and continued, “Once this credible internal order is established,”

“This set of order is equivalent to your internal basic law,”

“The behavior of all people, are subject to this set of basic law,”

“And you have to ensure the fairness of this set of laws,”

“To ensure that it applies to each and every one of you;”

“As for those who intend to betray the Cavalry Guard,”

“They should be punished with this set of basic laws after it is established,”

“That way they can be convinced in the true sense.”

At this point, Charlie looked at Leroy and said in a serious tone,

“If you really want to kill them, it must be everyone’s intention to kill, not just yours.

Leroy remained silent for a long time, with a grateful face said:

“Sir, your meaning, subordinate understands!”

Charlie hmmm, faintly said: “you go down first to prepare, find you completely trustworthy people,”

“Tell them these situations, let them be prepared, for the people behind,”

“I still have to meet one by one, to see if there are still the same people as that flag carrier,”

“If there is, I will also let them hold a towel in the left hand to facilitate the distinction,”

“Then you will lead people to deal with them!”

Chapter 5007

After Leroy left the office, Charlie did not let the next person come in immediately, But took out his cell phone and sent a message to Wesley,

Asking him to land immediately according to the original plan and wait around at the back side of the copper mine.

At this time, Wesley had already brought the elites of the Dragon Hall, As well as those seven Cavalry guards, five-four-seven and others, to the Cyprus coastline by boat.

According to Charlie's orders, they moored at a location less than ten kilometers from the coastline and waited.

And in the two hours that followed, Charlie did as he had shared, And interviewed the remaining Cavalry Guards' heads of various ranks.

This also allowed him to test out four more treacherous people one after another who, Like Shane Ma, intended to rat on the organization in exchange for its approval.

And Charlie continued to use the same rhetoric he used when he snubbed Shane,

Making them think they had taken great credit and sending them off to develop their own underlings,

Making sure that all of their people, at a later stage of public dosing,

Held a towel in their left hand so that Charlie could identify them.

At this moment, more than two hundred Cavalry guards, have invariably divided into two camps.

Those who were willing to follow Leroy and others to fight against the Warriors Den,

And for freedom were ready to take over the entire copper mine.

However, there were still some Cavalry guards who could not wait to prove their sincerity in this "test".

They were all gathered in Shane's office, and Shane couldn't hide his excitement,

As he told them what had happened before and then said with great enthusiasm:

"Today, thanks to my cleverness, I found something strange in the antidote,"

"And only then did I inadvertently pass Lord's test,"

"In case I had a brain fever and was like Leroy and the others,"

"Who wants to take advantage of this opportunity to leave the control of the organization?"

“I’m afraid we’ll all be finished!”

These people who were chosen by Shane were just as eager as he was to climb higher, And higher in the organization, so after hearing what had happened, they were all both grateful and excited.

In their opinion, to successfully pass the test of the Lord was a huge opportunity in itself, And by seizing this opportunity, everyone would definitely be able to receive the organization’s commendation.

So, a group of people excitedly expressed their loyalty to Shane, And one of them said excitedly, “Lieutenant Banner Chief, oh no, the future Lord Commander,”

“When you soar to greatness in the future, don’t forget us, your loyal men!”

Shane laughed and patted his chest, “Don’t worry, brothers, we will seize this opportunity today,”

“And the important positions of the entire Cavalry Guard will definitely be ours.”

“Important positions are not assumed, certainly give priority to us loyal subjects who have passed the test,”

“By then, we can all overall go further!”

Once the people heard this, they were even more excited, And each of them already started to calculate in their hearts, Calculating what kind of huge rewards they could reap after this test.

At this time, the chairman’s voice came out from the radio, “Attention all Cavalry guards, gather at the staff auditorium in ten minutes,”

“The special envoy will distribute the latest antidote for everyone!”

When Shane heard the broadcast, he stood up excitedly and said ambitiously,

“Brothers, the time has come to build a career! Everyone, go back and take a towel,”

“And hold it in your left hand, after the Lord Special Envoy sees it,”

“He will know that we are all absolutely loyal to the organization!”

Someone asked him, “Brother Ma, is it not a bit strange for us to hold a towel in our hands,”

“In case others ask, how should we answer?”

Shane said casually: "What do they do if someone asks, say the weather is hot,"

"Have a towel to wipe sweat, as for them to believe you do not care, anyway it is just a towel, what can they guess?"

Chapter 5008

After all, even if they take the antidote, the poison in their bodies will not really be lifted,"
"And when the envoy speaks the truth, they will still have to behave?"

"At that time, even if they know that we have already shown our heart to the envoy,"

"So what? In any case, they will either be executed or put under our command, so what are you afraid of?"

The man immediately realized and said, "Brother Ma is wise!"

"It seems that today is really a good opportunity for our brothers to soar to great heights!"

"Everything depends on Brother Ma's guidance, and we will definitely listen to your orders in the future!"

Shane nodded in satisfaction and said smilingly: "With these words from my brothers, it is not in vain."

"Everyone hurry back to prepare towels, we will see you in the staff auditorium!"

.....

Just when all the Cavalry guards started to prepare to go to the staff auditorium,

Wesley and his group had successfully landed and quietly went around the back side of the copper mine.

Charlie ordered the special envoy, Reverend, and the two sectional ambassadors, To personally go to meet them and bring the group directly to the office building.

Except for Wesley, the others stayed in the conference room for the time being,

While Wesley, accompanied by Reverend, stepped into the office where Charlie was.

After entering the office, Wesley respectfully bowed slightly to Charlie and said, "Mr. Wade, all the subordinates have arrived and are waiting for your further instructions."

Charlie nodded and said, "I have asked the Cavalry guards to gather in the auditorium,"

"According to the plan, we will first uncover the traitors within the Cavalry guards,"

"And then hold a mobilization meeting for them, at that time,"

"You will take those seven Cavalry guards and listen to my orders in the background."

Wesley said without thinking, "Okay Mr. Wade, this subordinate understands!"

After saying that, he clasped his fist towards Charlie and subconsciously glanced, At the few people standing motionless in the room.

This look does not matter, he looked at one of the middle-aged and elderly, Greatly shocked out of breath: "Master? Why are you here?!"

The one he called Master was one of the guards beside the sectional governor.

Charlie previously did not pay much attention to this person, After all, this person's cultivation is only in the Ming realm, so Charlie also did not take it to heart.

However, he did not expect that this person would be the master of Wesley.

He frowned and asked, "Wesley, this person, is he really your master?"

"Yes!" Wesley subconsciously nodded and said, "He is my ideal master Jackson Qiu....."

After saying that, he looked at the middle-aged old man and said offhandedly,

"Master, don't you recognize me?! I'm Wesley!"

Charlie said indifferently, "His mind is now under my control."

Wesley's entire body was suddenly stunned and asked offhandedly, "Mr. Wade, my master he he also joined that organization?!"

Charlie nodded and smiled sarcastically,

"Joined, but it seems that his status is somewhat low, and he can't even speak here."

After saying that, Charlie looked at Jackson and ordered, "You, come here!"

When Jackson heard Charlie's order, he hurriedly walked to the front.

Charlie looked at him, waved his hand in front of him, and then withdrew the aura controlling him.

The moment Jackson regained his senses, he stared at Charlie with a face full of horror and questioned offhandedly,

"What exactly did you do to me?!"

Charlie pointed to Wesley beside him and asked, "Do you still know this person?"

Only then did Jackson look at Wesley, and the whole person was even more stunned!

He looked at Wesley for a long time before he asked in shock:

"You you are Wesley Drake ?!"

Wesley knelt down on one knee and said respectfully, "Master, it is precisely your disciple Wesley!"

Jackson subconsciously asked, "What cultivation level are you now?"

"Why can't I see your cultivation level? Could it be that"

"Could it be that you have exceeded the Ming Realm Great Perfection?!"

Wesley looked at Charlie and said truthfully, "Back to the master,"

"This disciple is fortunate enough to be brought up by Mr. Wade and has now crossed over to the Dark Realm!"

"What?!" Although Jackson had subconsciously realized that this would be the case, he was still shocked when he heard Wesley say it himself.

His eyes widened as he subconsciously said, "This is simply impossible!"

"I have been stuck in the Ming realm for nearly thirty years without being able to break through,"

"You and I have only been separated for a year, how can you break through the Ming realm,"

"From an eight-star martial artist all the way to the Ming realm and cross into the Dark realm?"

Wesley respectfully said, "Master, I just said that it was all thanks to Mr. Wade who gave me the chance."

After saying that, he couldn't help but ask,
"Master, weren't you going to travel in the clouds? Why are you here?!"

Jackson had already realized that the mysterious young man in front of him,
Who was called Mr. Wade by Wesley, must be an expert with heavenly strength, And that he had
just been controlled by him in a daze,
Which showed that his tactics were already infinitely higher than his own.

Hearing that he had given his disciple Wesley a heavenly chance, He couldn't help but ask
respectfully, "Mr. Wade, I wonder what your identity is?"

Charlie said indifferently, "You are not qualified to ask about my identity yet."

After saying that, Charlie asked in a cold voice: "You haven't answered the question that Wesley
just asked you."

Jackson was shaken and said: "I entered the world to find a chance to break through to the
Ming realm,"

"And by chance, I met the sect leader here in North Africa, and when he saw that my cultivation
had reached the Ming realm,"

"He persuaded me to join the Warriors Den, and promised that after three years of service in the
Warriors Den,"

"He would recommend me to join the Warrior Camp."

"To join the Warriors Den to take a special poison, and need to take the antidote for life to save
life"

Wesley was surprised and asked, "Master, what kind of organization is the Warrior camp?"

Jackson explained, "The Warrior Camp is the base for cultivating the Dark Realm experts of the
Warriors Den,"

"Every martial artist who has reached the full circle of the Bright Realm can successfully break
through,"

"And step into the Dark Realm after joining the Warrior Camp"

Wesley couldn't help but say, "Master, according to what your disciple currently knows about this organization,"

"This organization with a history of several hundred years seems to be very evil,"

"Why would you join such an organization to work for them?"

Jackson sighed with a sigh, "Because I wanted a breakthrough! Once upon a time,"

"I was also the most popular genius martial artist, in my thirties,"

"I made great progress, cultivating the Ming realm, but who would have thought that I would be stuck in the Ming realm for thirty years....."

"In the past thirty years, I have been thinking about breaking through to the last level,"

"But how easy is it to break through to this big realm, so many years I have not been able to do what I want"

Said, Jackson said: "Warriors Den will promise to let me break through to the dark realm,"

"At that moment I did not have any hesitation, immediately agreed to them,"

"For me, my biggest goal in life was to be able to step into the dark realm,"

"This once-in-a-lifetime opportunity, how could I not grasp"

Speaking of which, he couldn't help but ask Wesley: "Wesley, why are you doing here?!"

"Could it be that the Dragon Hall has become enemies with the Warriors Den?"

Wesley arched his hands towards Charlie and respectfully said, "Back to Master, disciple and tens of thousands of troops of the Dragon Hall have sworn their loyalty to Mr. Wade,"

"And the reason why disciple is here is that Mr. Wade wants to completely eradicate the Warriors Den that you are talking about!"

Jackson subconsciously looked at Charlie and said frankly: "Young brother, although I have joined the Warriors Den for only one year,"

"But as a leopard in the tube, a glimpse to know the whole panther,"

"The strength of the Warriors Den is too much stronger than the Dragon Hall,"

“The entire Warriors Den alone has nearly a hundred Dark Realm experts,”

“And there are even said to be Masters of the Realm of Transformation,”

“This strength is not the Dragon Hall can shake,”

“Let the Dragon Hall fight against the Warriors Den, like an ant shaking a tree, it will be unbearable!

Hearing this, Charlie smiled faintly and said indifferently: “Even if it is a huge tree, so what? I will cut off all its branches and buds one by one,”

“And then uproot it and trample it under my feet!”

Chapter 5009

Charlie's words shocked Jackson, but also made his heart, at this moment, have mixed feelings.

For one thing, he couldn't figure out why this young man would have such confidence, To intervene to challenge the immense Warriors Den.

Secondly, he couldn't understand why the same person had different lives, He and Wesley were both martial arts geniuses,

And their cultivation before the age of thirty was not only overwhelming but even seen as astounding.

The fact that he could cultivate into an eight-star martial artist before the age of thirty,

In the original world of martial artists what he knew, was a complete phoenix's hair, And it was hard to pick one out of ten thousand.

Therefore, when he decided to enter the world and search for a breakthrough more than a year ago, He had sighed and lamented for Wesley's future.

At that time, he thought that although Wesley's cultivation was smooth until he was thirty years old, He was after all under his own tutelage, and the way he cultivated martial arts,

And his own method were exactly the same,

So he was bound to face the embarrassing situation of not being able to make a breakthrough for thirty years in the future.

When he decided to travel in the world, Jackson also told Wesley about his worries,

And he even comforted him and promised him that once he found a chance to break through to the Dark Realm,

He would definitely come back to help him.

However, who would have thought that when he had made up his mind to take the initiative to join the Warriors Den, Waiting for the opportunity to enter the Warrior Camp and preparing to spend at least ten years seeking a breakthrough in the Camp, His own disciple, Wesley, had already made it to the Dark Realm in one step.

This huge psychological gap made Jackson's heart very uncomfortable, And even when facing Wesley, he couldn't help but feel a bit ashamed.

The feeling of a master being overtaken by his disciple really made him have mixed feelings.

Wesley also saw the despondency on his master's face, and immediately said offhandedly: "Master, Mr. Wade is truly a person with great power,"

"And is the head of the Wade family in China, I believe that with Young Master Wade's strength and potential,"

"Eradicating the Warriors Den in the future is definitely not a problem!"

"And he is generous, repaying grievances with virtue,"

"And convincing people with virtue! I broke all my meridians at first,"

"But Young Master Wade helped me to repair them completely,"

"And in one incense stick, I was able to cross the Ming realm to the fullest.

Jackson's expression was extremely complicated.

He also knew that joining the Warriors Den was the next best thing,

And if he hadn't been unable to break through for decades,

He wouldn't have been willing to suffer such humiliation even if he was beaten to death.

Other than that, when he was in the Dragon Hall,

Although he was not the real speaker, he was the master that everyone respected,

And his prestige was even higher than that of Wesley.

But after joining the Warriors Den, he was just a lackey of the Warriors Den.

His status, but is just a guard beside the commissioner, It seems as if he has been considered under one person, Above thousands of people, but in fact, he has no command over the Cavalry guard, as well as the dead soldiers.

And he doesn't have any men either, he's just at the side of the festival ambassador to be called upon.

Not to mention that now, he had somehow become a prisoner of the person in front of him.

Thinking of this, he also did not think twice to kneel down on one knee, Clasped his hands to Charlie and said respectfully, "Mr. Wade, if you do not mind, my name is Jackson Qiu, and I would like to be by your side with humbleness!"

Chapter 5010

Charlie nodded slightly and asked him,

"What were the conditions you negotiated with that governor?"

"Did he promise you how long it would take for you to become a Dark Realm expert?"

Jackson said truthfully: "Mr. Wade, the condition I negotiated with the governor was to stay with him for three years,"

"And if I performed well within three years,"

"I could be recommended to join the Warrior Den, and if I joined the Warrior Den,"

"I could break through to a Dark Realm expert within ten years."

Charlie smiled faintly: "That's thirteen years."

"Right!" Jackson nodded: "It will take thirteen years at the earliest."

Charlie looked at him and said seriously, "As long as you work for me wholeheartedly,"

"Within one year, I will let you enter the First level of the Dark Realm!"

"One year?!" Jackson's eyes widened and he exclaimed, "Mr. Wade, are you serious?"

Charlie asked him in return, "Do you think I need to lie to you?"

Jackson said with a terrified expression, "Sorry Mr. Wade, I am not doubting you"

"I just can't believe that I can break through to the Dark Realm in such a short time... .."

Charlie looked at him, reached out his hand and pointed at Wesley, and said blandly, "You are Wesley's master, in private, he has to respect you and honor you,"

"But after you join my command, stay here and help me control this copper mine,"

"Wesley is your direct superior, listen to his command and report to him in everything, can you do that?"

Jackson said piously, "Mr. Wade, I will follow all your instructions!"

Charlie nodded and said to Wesley: "Wesley, Syria, and Cyprus are only two hundred kilometers away from the Mediterranean Sea,"

"So it's convenient to come from the base of the Dragon Hall,"

"So from now on you choose a small team from the Dragon Hall to be based here,"

"To make sure that everything is under control here, and contact you in time if there is any movement."

Charlie and Jackson only met for the first time, so, to him, Charlie can not be considered trustworthy.

Just through the selflessness of himself then to Wesley in past,

To presume that this person's nature will never be bad.

However, whether it can assume great use, but also to observe a period of time to know.

Therefore, it is certainly not possible for him to give all the affairs of this place to him alone.

For a person like Wesley who comes from a mercenary background,

This kind of relationship he can handle very well in itself.

In the military, there is always some role similar to the old squad leader,

When the new recruits, under him, taught and cared for, but as time goes by,

The old squad leader may still be the same old squad leader, but the new recruits of that year, May have become a senior officer in the military, in private,

The old squad leader is the old squad leader is always worthy of respect, But in public, subordinates are subordinates, and with other subordinates, there is no difference.

This situation is very common in the armies of all countries, and in the mercenaries as well.

So, Wesley said without thinking, "Don't worry, Mr. Wade, your subordinate will be safe and proper!"

After saying that, he remembered one thing and hurriedly asked Charlie:

"Mr. Wade, I have one thing I don't understand, I don't know if I can ask you to solve the problem?"

Charlie nodded: "Go ahead."

Wesley said, "If you take all the Cavalry guards and dead soldiers here under your command,"

"How can I ensure the stable operation of this place while the Warriors Den will not find any clues?"

Charlie smiled and did not answer his question, but said aloud, "It's almost time, let's go meet those Cavalry guards first,"

"When all their problems are solved, you will know the answer to this question!"

At this moment.

More than two hundred Cavalry guards wearing copper mine uniforms,

Have arrived at the copper mine's staff auditorium one after another.

Chapter 5011

This staff auditorium, a building that had existed since the original purchase of the copper mine by the Warriors Den,

Was built in the 1980s and was mainly used for meetings,

Festivals and ceremonies for the employees of the copper mine.

After the Warriors Den took over, it allowed all the Cavalry guards to act as employees of the mine,

And most of the Cavalry guards' families act as logistics, so the mine was superficially run quite well.

Even the occasional local government officials came to inspect the inspection but did not notice any abnormalities.

At this time, these Cavalry guards came to the staff auditorium,

Giving the impression that the copper mine is going to hold a mobilization meeting or summary meeting.

However, if you stand on the sidelines, you will soon find a problem, that is, Among these uniformly dressed employees, there are more than 20 people holding a towel in their left hand.

And these people with towels have been vaguely excited in their hearts, Because they feel that after tonight, each of them has the opportunity to go to the next level.

In addition to the vague throbbing excitement,

These people have also been keeping an eye on the others around them, And are always ready to be asked for a towel.

However, what made them feel strange was that none of them came to ask about such an abrupt performance with a towel in hand.

Each person having a towel in hand, when seeing another person with no towel in hand,

There will be little eye contact with each other.

But for those who did not take the towel, it seems that they did not even look at their towels.

These people were a bit puzzled and did not understand why the others were so insightful,

All the way over, these people did not seem to be interested.

What they didn't know was that these people had actually been given orders to pretend,

To be oblivious to their strange behavior on the surface,

And later just wait for the envoy to drop his cup as a signal to deal with all these people around them, with towels in hand!

The Cavalry guards soon arrived.

After counting their respective men, the three banner chiefs made their respective reports to the chairman.

It was a pity that only the Cavalry Guards, who had made up their minds to break with the Warriors Den, Knew that this chairman had become a puppet.

At this time, the chairman walked to the front of the stage and said in a loud voice, "All Cavalry guards listen to the order to welcome the special envoy!"

Every Cavalry guard on the stage, at this time, shouted with emotion, "Greet the envoy!"

The men with towels in their hands were excited because they were thinking of the immediate success of their work.

The other Cavalry guards were excited because they wanted to be free, From the control of the Warriors Den and realize the greatest dream of their ancestors.

Both sides had their own thoughts and were looking forward to the appearance of the envoy.

At this moment, Charlie, who was dressed in a black robe but did not use a hat to cover his face, Stepped onto the stage under everyone's gaze.

The puppet chairman respectfully took a few steps back, leaving the middle seat for Charlie.

Looking at the "special envoy" showing his true face for the first time,

No one felt anything unusual among the Cavalry guards who were divided into two camps on the stage.

After all, both sides have their own set of understanding of Charlie's behavior of revealing his true face.

Charlie was standing on the stage, looking down at the two hundred people below,

And said with a smile on his face: "Gentlemen, I believe that today is an extraordinary day for all of you,"

"A day to remember! It's also a day to build a successful career!"

The two parties on the stage, because they each have their own thoughts,

So when they heard these words, they were all more excited in their hearts.

Shane, who was holding the towel in his hand, and his colleagues who were holding the towel,

Each of them subconsciously held the towel in their hands tighter, As if what they were holding was not a towel but a ticket to the next glory and fortune.

But they ignored the Cavalry guards around them who did not hold the towel, Have begun to quietly gaze at them with the afterglow, ready to make a move on them.

Chapter 5012

Charlie on the stage smiled faintly and spoke:

“Today, I have good news to tell you all, Lord has prepared a new antidote for you,”

“This new antidote can make the severe poison in your body,”

“From seven days of attack time, extended to fifteen days,”

“I hope you can build a successful career for the Lord in the future!”

After saying that, he waved his right hand and said in a loud voice,

“Come on, give medicine and wine!”

Hearing these words, Reverend, Jackson, and the sectarians immediately went forward and started to distribute antidotes for everyone,”

“While arranging for several senior members of the Cavalry to bring out the white wine,”

“And wine cups are prepared in advance and pour a cup for each of them.

Among them, Shane was particularly attentive and handed the first cup of wine to Charlie’s hand.

In his opinion, after today, he will become the commander of this place, And leap to become the chief of Cavalry Guards, So he will inevitably have to meet with the “special envoy” more often in the future, So it is best to pay more compliments.

Charlie took the wine cup and said with deep meaning: “Do well, I’ll see you!”

Shane was trembling with excitement and said respectfully, “Don’t worry, Lord Envoy! Your subordinates are ready to be loyal to you! I will not let you down!”

Charlie said with a smile as he held his glass of wine, "No, not for me, but for the Lord!"

Shane nodded his head like a nod and hurriedly changed his mouth, "You are right! This subordinate will do his duty for the great Lord!"

After saying that, Shane was afraid that the others would see the clues, So he hurriedly said, "Lord Envoy, if you have no other orders, I will return to my team first."

Charlie looked at the towel wrapped around his wrist, Nodded slightly, and smiled blandly, "You go."

After all the Cavalry guards had picked up their cups and the guards who had not taken the medicine had received the new antidote, Charlie then spoke, "Gentlemen, by taking this antidote, the poison in your bodies will completely disappear,"

"And from now on, no one will be able to continue to control your lives by such underhanded means!"

A group of Cavalry guards who did not take the towel shouted loudly in excitement, And then they swallowed the antidote they just got without hesitation.

A group of people, including Shane, ridiculed these fools in their hearts, Especially Shane, who gloated in his heart and thought, "What a bunch of fucking idiots, you believe in such things?"

"How could the Lord let you lose control? The envoy is just playing a trick on you!"

However, he suddenly thumped in his heart and said, "The backbone of these fools has been aroused, and now the crowd is in an uproar,"

"I don't know how the envoy will end it. In case this group of people really wants to defect from the organization,"

"We are 20 people, but also not their opponent ah"

"More do not know if the envoy Lord is saying the truth, can they tie their hands?"

Just when he was tense and doubtful in his heart, Those Cavalry guards around him felt the disappearance of the poison in their bodies, one ecstasy incomparable.

And Shane's men, who were holding the antidote, did not know whether they should take it or not.

At this time, we heard Charlie say aloud: “Gentlemen, I think what I am going to do tonight,”

“You already know in your hearts, I will not say more,”

“Today I drink this wine with you, vow to eradicate the Warriors Den, forever!”

The Cavalry guards shouted with excitement,

“Eradicate the root of the society and put an end to the trouble forever!”

When Shane heard this, his whole body trembled in fear, and he thought to himself,

“The envoy is too into the drama, he dares to say such treacherous words

Unlike him and his men, at this time those Cavalry guards who had taken the antidote,

Their eyes were staring hotly at the wine cup in their hands, waiting for Charlie’s final signal!

Just when Shane felt frightened by Charlie’s “treason”,

Charlie suddenly tilted his head and drank all the white wine in the cup,

Then slammed the cup to the ground and said loudly, “All the soldiers listen to the order!

A group of Cavalry guards roared sternly, “The subordinates are here to act!”

Charlie smiled at the corners of his mouth, waved his hand, and said aloud,

“Do it!”

Chapter 5013

Hearing Charlie order to make a move, Shane was first stunned.

One of the thoughts in his mind was: “Do it? What kind of action?”

“The envoy is not asking us to kill more than 200 of them with 20 people, right?”

“This is clearly an impossible task!”

The other Cavalry guards who had towels in their hands like him were also confused,”

“Not knowing what exactly Charlie meant by doing something.

But at that moment, those Cavalry guards around him suddenly moved!

Leroy, who was the left banner commander, and another banner commander attacked Shane in an instant,

And before Shane had time to react, both his arms were grabbed by the two men in a deadly grip.

Before he had time to react, both of his arms were grabbed by the two of them.

He was shaken and asked, "What do you two want?"

"In front of the special envoy, do you still want to rebel?!"

Leroy said coldly, "Shane, do you really think that today is an auspicious day for you to soar to greatness?"

Shane was controlled by the two men and could not break free at all, While those Cavalry guards who were following him, And holding the towel in their left hands were all instantly subdued by the others around them one by one.

After all, the difference in numbers between the two sides was too great, Shane and his men simply had no room to resist.

Seeing that his men were all wiped out in an instant, Shane did not realize that it was the envoy who was in trouble, He thought that the Cavalry guards thought that the poison in their bodies had been cured, And under Leroy's leadership, they intended to mutiny directly.

So, he looked at Charlie with a face full of fear and said offhandedly, "Lord Envoy, you quickly tell them the truth! Quickly tell them that what they are taking is not the antidote at all!"

"They dare to betray the organization, sooner or later, They will be cleaned up by the organization! You should tell them quickly!"

Charlie smiled faintly and said indifferently, "Shane, in fact, I am not a special envoy at all,"

"The medicine I gave you is the antidote that can completely remove the poison in your body,"

"And I originally intended to give all of you a chance to fight for freedom,"

"But unexpectedly, you chose to betray your ancestors, betray your companions!"

"Since this path was chosen by you, you have to bear the consequences yourself!"

When Shane heard Charlie's words, his whole body was struck by lightning,

And he subconsciously blurted out, "You are not Lord Special Envoy?"

"Then who the h3ll are you? Why impersonate the Lord Special Envoy to come here?!"

Charlie looked at him, and then looked at the more than two hundred Cavalry guards below,

Smiled and said, "Let me introduce myself, my name is Charlie Wade, and from today onwards,"

"I will temporarily become the supreme commander here,"

"Together with all of you Cavalry guards who are unwilling to confront the Warriors Den,"

"And fight the Warriors Den to the end!"

A crowd of people on the stage was already excited,

And they all raised their arms together and shouted, "Fight to the end! Fight to the end!"

Charlie nodded, reached out his hand to signal everyone to be quiet for the moment,

Then raised his right hand and snapped his fingers.

At this time, Wesley led the seven Cavalry guards who had surrendered to Charlie in Norway and stepped up.

When the Cavalry guards on the stage saw these seven people, they couldn't help but let out a gasp!

They originally thought that the eight people who were sent on the mission,

The last time had all been killed, but unexpectedly, there were still seven people who survived.

So, suddenly meeting, they were naturally shocked to no additional.

Chapter 5014

Charlie pointed at the seven people and said aloud:

"These seven people, who were once your fellow soldiers,"

"Had decided to pledge their allegiance to me in Norway some time ago,"

“And now I am bringing them back so that they can return to the Cavalry Guard and go to fight alongside you!”

Those seven people were also excited at this time.

To be able to come back was something that was previously unthinkable.

What’s more, right now, Charlie already had complete control of the situation here.

Not only were they able to return, but they were even able to reunite with their loved ones here!

This was definitely the best outcome for them.

Charlie then said: “I announce that from today, all the Cavalry guards will be reorganized,”

“With Leroy Li as the commander of the Cavalry guards,”

“The right banner commander will remain unchanged, the left banner commander and the middle banner commander,”

“Leroy will nominate five people each, and then you will vote internally,”

“To choose the person with the highest number of votes from the five people to serve!”

“In addition, the Cavalry Guard from today, to set up a cabinet,”

“The maximum number of the cabinet is eleven people, in addition to the commander,”

“Left, center, and right banner chiefs, the other seven people,”

“By secret ballot elected by all members, in the future,”

“All internal affairs of the Cavalry Guard, in principle, by the cabinet to develop,”

“Can get at least six votes out of eleven people can be implemented within the Cavalry Guard!”

The crowd did not expect that Charlie would really let them form internal self-government,

Their hearts are naturally excited.

And Charlie pointed to Wesley, said indifferently:

“This is Wesley, the master of the Dragon Hall,”

“In the future, he will be in charge of the affairs here on my behalf.”

“But don’t worry, as long as it doesn’t affect our cooperation and position,”

“Wesley will not abuse his veto power.”

The crowd naturally did not have any comments on this,

After all, they are now considered Charlie’s subordinates,

Military discipline in the military, military orders like a mountain,

Any affairs of subordinates, strictly speaking, require the approval of superiors,

Not to mention that Charlie has given them considerable autonomy,

Which has fully demonstrated respect for them.

Then, Charlie continued, “Right now, the first matter that needs to be decided internally”

“By you it is about how these traitors should be handled.”

Immediately, someone from the Cavalry guards below shouted, “Kill them, traitors!”

Immediately after that, someone else also immediately echoed, “Yes! Kill them!”

Soon, many more people shouted slogans in excitement, wanting to kill all these traitors.

But Charlie said very seriously: “It is not suitable to make a decision in the heat of the moment,”

“I give you three days to form a cabinet, and then give you three days to discuss the treatment of these people,”

“I hope you can calm down and discuss the punishment of these people.”

“At that moment whatever decision you make, I will respect your opinions.”

In Charlie’s opinion, if the Cavalry guards were not stopped,

None of these twenty people would survive.

However, if he really let them kill all these twenty people,

He felt that it was somewhat overkill.

Therefore, it is better to let them calm down and then discuss this issue carefully,

When they will not interfere with their judgment,

If they finally decide to put all these people to death, then they also respect their opinions.

After hearing these words of Charlie, Leroy said respectfully,

“Mr. Wade, don’t worry, your subordinate understands!”

The others also said in a loud voice, “Your subordinates understand!”

Charlie nodded slightly and said to Leroy,

“First, arrange for them to be escorted down under strict supervision,”

“And you take me down to the copper mine to meet the dead soldiers!”

Chapter 5015

The mining location of this copper mine was located underground at a depth of about five hundred meters or so.

Charlie let Leroy, as well as the people under his control, lead the crowd together and take the elevated cage to the dead man’s quarters.

As they made their way down, Leroy introduced the specifics of this copper mine to Charlie.

After decades of continuous development, the interior of this copper mine had become extremely intricate and complex.

It consists of a total of three parts, the first was the normal mining part of the copper mine, including the tunnel and mining surface; the second, the part where the dead soldiers and their relatives lived; And the third is the part where all the supplies and equipment were stored.

From the mouth of the shaft down to the very bottom, in fact, just down to the working face of the copper mine.

After going down, it can be seen that this is a very standard medium-sized copper mine, all the facilities and equipment are required for production, no abnormalities can be seen at all.

Led by Leroy, Charlie walked out of the cage, looked at the deep mine tunnel, And curiously asked, "Where do the dead soldiers and their relatives usually live?"

Leroy hurriedly said, "Back to Mr. Wade, this plane at an altitude of minus five hundred meters, Is all the working surface of the copper mine, the area where the dead men live, You have to go in through a hidden dark tunnel in front and take another lift cage to go down another hundred meters."

Charlie nodded and asked him, "Why is no one working here now?"

Leroy answered: "Because today is the time to take the medicine, So the dead soldiers have to be driven away early back to the living area of minus six hundred meters as ordered, So that they can wait there for the antidote to be delivered and take the medicine together."

Saying that he added, "Under normal circumstances, Only the dead soldiers working in the copper mine and the families of the dead soldiers, Are qualified to come to this level as miners, Others have been staying in that level below and only have the opportunity, To come out when they are selected to go on a mission."

Charlie asked, "How do you usually manage these dead soldiers who act as miners?"

Leroy said: "There are a total of three teams of miners, each team about a hundred people, Working in three shifts, the specific management method is the same as the United States prison management work, With each shift up, there will be a special group of Cavalry guards responsible for this shift in advance of the count below, And then personally bring them up to work, and the Cavalry guards above will also be on time to count the number of their own management shift, To determine the number of shifts with the change of shift. After making sure that there is no difference between the number of people on duty and the shift change, They will hand over with another team that comes to hand over the shift, And after the number is verified correctly, send all the people of this shift back, And count the number once more after reaching the layer below, And after confirming that it is correct, the miners of this shift will go back to rest, And the Cavalry guards who are responsible for supervising them will also go back to rest."

Charlie asked him, "Is there any extra pay for the dead soldiers who act as miners and their families?"

"No." Leroy shook his head, "According to the organization's requirements, We will only select those dead soldiers and their families who are not strong enough to perform labor, And will not give any additional compensation."

Charlie nodded gently.

At this moment, Leroy had already led him and the others to a room that said power distribution room.

After entering the room, the first thing that jumped into the eyes was the well-organized circuit equipment, But as Leroy operated a set of power distribution cabinets on the wall for a moment, Immediately after that, the whole wall suddenly opened slowly inward.

Charlie was able to see from the side of the door frame, the door disguised as a wall, The thickness of almost nearly one meter, and both sides are very thick steel plate reinforcement, Not to mention martial arts experts, even for ordinary heavy firepower, it is impossible to blow this wall open.

Chapter 5016

Behind this wall, there is a large machine room, Which is actually a heavy elevator equipment and operation room, In the machine room below, is a large lift cage.

Leroy led the crowd up to the cage, using his iris to start the cage. Then the cage would take the crowd, and continue to the depths of minus six hundred meters altitude drop.

In the process of the cage downward running, Leroy said to Charlie, "Mr. Wade, all the safety equipment here is one-way, just now the hidden door. As well as this lift cage, only we can operate from the outside. In addition, After the cage goes to the bottom, there is a door that opens from the outside, Also only we can open from the outside. "

Charlie asked him: "This should be the only access to the outside world from the dead man's quarters, right?"

"That's right." Leroy nodded and said: "the dead can only rely on a passage in and out,"

"But their premises and a large number of steel ventilation ducts,

But the thickest internal diameter of those ducts is only eleven centimeters,"

"People simply can not get out, so they also have no possibility of escape,"

"Even if they can open the door underneath, it is impossible to climb up this 100-meter-high shaft,"

"Even if the climb up, the cage is always tightly blocked at the mouth of the shaft,"

"They simply can't get out, so this place has been put into use for so many years,"

"There has not been a breakout situation."

Saying that Leroy continued: "Of course, this has to do with the poison in their bodies,"

"Even if they go through a lot of trouble to escape from here,"

"Without the antidote, within a week is certain death."

Charlie nodded, in his heart sighed a little more at the living environment of the dead soldiers.

In this underground six hundred meters, for years and months without seeing the sun,

This kind of living must be tormenting for them.

As May 47 said, many dead soldiers' children were born here, And from birth to the time he started working for the organization at the age of twenty, He didn't even have the chance to see the sunlight during the twenty years in between.

Thinking about this, how to solve the life of these dead soldiers,

And the families of the dead soldiers in the future, it becomes a relatively tricky problem.

Charlie naturally did not want to continue to let them live in the six hundred meters deep underground,

But this copper mine in the eyes of the outside world is the size of a few hundred people,

So if he gets these people to the ground, the buildings on the ground can not carry so many people at all.

At this point, the cage has come all the way to the very bottom.

After walking out of the cage, there is a transition area of about 40 square meters,

The so-called transition area, the back end connected to the cage,

The front end is connected to the last gate where the dead men are kept.

Leroy took out a key from his pocket, inserted the key into the lock hole,

And then went through the pupil comparison,

And then heard a click from the gate, followed by a slow opening outward.

And the moment this iron door opened, Charlie was a little disoriented by the sight in front of him.

What appeared in front of him was an underground square of at least tens of thousands of square meters,

The height of the square was at least fifteen meters, every ten meters or so, There was thick weight-bearing pillar support, And the lights on the top, the whole square illuminated like daylight!

The passage in front of Charlie was not at the bottom of the square But in the middle of the vertical side of the square.

When he stepped out, in front of him was a round and outward poking platform, Which was seven or eight meters from the ground, and seven or eight meters from the top.

When he stepped on the platform, seven or eight meters from his feet on the ground of the square, There were thousands of people standing neatly and uniformly.

At this time, thousands of people suddenly all knelt down on one knee And shouted respectfully under their breath, "Welcome Lord Special Envoy!"

Chapter 5017

At this moment, the dead soldiers who knelt down to greet the envoy, as well as their families did not know that the man in black robes in front of them was not the envoy they thought he was.

According to the rules, on the day of the antidote distribution,

All the dead soldiers and their relatives have to line up in advance, In this tens of thousands of square meters hall and kneel down to greet the envoy the moment they see him.

When Charlie saw so many people kneeling down, He was shocked by the sight in front of him for a while.

This area of tens of thousands of square meters, more than ten meters high underground world, With those huge support pillars, has been the top of the bright as daylighting,

Making this space a magnificent ancient palace sense of sight, Plus thousands of people kneeling in unison, the same mouth to say the same sentence, The echo makes the entire underground space tremble.

Charlie looked at these people, and could not help but frown and asked in a loud voice: "Did they force you to kneel, Or did you take the initiative to kneel?"

With one sentence, all the dead soldiers were asked with horrified faces.

This was the first time they had heard the envoy say something other than the established lines.

The so-called established lines were just to thank the lord for giving the antidote, and everyone should do their best to serve him, and so on and so forth.

Therefore, in their impression, the envoy was more like a human repeater, Who only had two things to do every time he came over, One was to supervise the cavalry guards to give medicine to the dead soldiers, And the other thing was to repeat the nonsense That the dead soldiers would not believe or care about at all.

And Charlie suddenly and coldly said such a sentence, really let their hearts feel shocked, They could not understand this envoy in the end, how dare to speak so, and even came to a "they".

Who are they? Are they not the Warriors Den?

But isn't the envoy himself also a member of the Warriors Den?

Then he should have said "we", not "they"!

Just when everyone was confused, Charlie asked again, "Who is the commander among you? Stand up and speak!"

A middle-aged man in the center of the first row slowly stood up and said in a loud voice: "I am thirty-nine zero, the person in charge here."

Charlie grunted and asked him, "Answer the question I asked just now, Did they force you to kneel here to greet the envoy, Or did you take the initiative to kneel?"

Thirty-Nine Zero looked around and said with a somewhat apprehensive expression,

"Lord Envoy, it has always been a tradition for us to kneel here to greet you, and the antidote is given by the lord, so why are you suddenly asking such a question?"

Charlie laughed and said, "Kicking the can down the road, right?"

Thirty-Nine Zero hurriedly bowed and said, "This subordinate does not dare!"

"Your subordinate is not representing myself, but these three to four thousand men,"

“Women and children behind me, so naturally I don’t dare to speak nonsense.”

Charlie nodded approvingly, thirty-nine zero seems to be somewhat clever, In the uncertainty of their own origin, not to speak too slowly, And not to show too heartfelt to the Warriors Den, But instead of Charlie’s problem, to the definition of “tradition”, So that can be considered into the attack, and retreat can be defended.

Charlie also did not make it too difficult for him,
But slowly took off his black robe, to show his true face to the crowd.

This action made all the dead soldiers and their families dumbfounded.

They had never seen the true face of any of the envoys before, Because according to the rules of the Warriors Den, the dead soldiers could only meet with specific cavalry guards, And other than that, they were not allowed to meet face-to-face with anyone else in this organization.

Chapter 5018

The reason for this is also mainly because of the special status of the dead soldiers.

Once they go out, they are all going on important missions, and it is necessary to stop them from recognizing any of the members of the Warriors Den while they are on their missions.

Therefore, every envoy came here with a black robe and covered his face with a black cap.

But this time, Charlie suddenly broke this long-standing rule, Which made all the dead soldiers involuntarily tense up.

Charlie saw the people’s horrified expressions and panic, so he lightly spoke, “To tell you the truth, I am not a special envoy of the Warriors Den, The real special envoy has been controlled by me, now,”

“All the cavalry guards have sworn allegiance to me, and I fight together against the entire Warriors Den with them,”

“So I came here to ask you, are you willing to be like them,”

“To fight together with me? Fight side by side with me?”

When Charlie said this, the whole hall was in an uproar!

No one expected that things would be this much unexpected!

At this moment thirty-nine zero said: "Even if they get the antidote from the real envoy,"

"It will only allow them to live for one more week,"

"So even if they want to fight alongside him, they are afraid they won't be able to survive."

Thirty-Nine Zero's words caused all the dead soldiers who were in shock to be dismayed for a moment.

Everyone knew that Thirty-Nine Zero was right.

Once they didn't have the antidote, they would soon die of poison, And even if they wanted to fight the Warriors Den to the death, They wouldn't be able to wait until the day they killed the enemy in front of the battle.

At this moment, Charlie looked at thirty-nine zero and a group of dead soldiers and asked curiously,

"Are you willing to be controlled by the Warriors Den for life and all eternity,"

"Or are you willing to fight with them to the death?"

Thirty-nine Zero blurted out, "We are naturally willing to fight to the death,"

"But how can we have such an opportunity? For hundreds of years,"

"The dead are firmly controlled by the organization,"

"Not to mention hundreds of years of living places are comparable to a heavenly prison,"

"The poison in the body alone, it is destined that we simply can not resist,"

"Not to mention resist the Warriors Den,"

"We do not even have the ability to resist the cavalry Guard and escape from here"

Charlie smiled and asked aloud, "If I can completely cure the poison in your bodies,"

"Are you willing to fight them to the death?"

Thirty-nine zero said without thinking, "If the master can really solve the poison in our body,"

“Thirty-nine zero is willing to follow master for the rest of this life and serve his progeny in life and his ancestors after death!”

Charlie nodded slightly, looked around for a while, and asked,

“What about the others? Are you willing?”

The crowd of people looked at each other for a while.

If what Charlie said was true, they would naturally be willing to do so.

However, at this time, they could not believe the “if” Charlie said.

Because, so many years, so many people, have been trying to fight, the poison in their bodies, but no one has ever succeeded.

In the minds of the dead, the poison, like a lifetime can not break free of the invisible shackles, It is like gravity on its own, there is no ability to fight it,

And they can not hope that it can completely disappear.

Therefore, everyone faced with Charlie’s bold words at this time, for a time did not know how to answer.

At this time, someone whispered below,

“Could this be a ploy used by the organization to test our hearts?”

As soon as these words came out, everyone else echoed them and began to whisper below.

Even thirty-nine-zero heard this, his expression could not help but exude awe.

He was also somewhat unable to distinguish

whether Charlie was an enemy or a friend.

At this time, Charlie took out an antidote, looked at Thirty-Nine Zero,

And said indifferently, “Since you were the first to take a stand, let’s have you set an example for them.”

After saying that, he threw the antidote at Thirty-Nine Zero and said in a loud voice:

“Take this antidote and it will completely remove the poison in your body,”

“Whether you have enough guts to try it or not, you decide for yourself!”

Thirty-Nine Zero reached out and grabbed the antidote thrown at him,”

“And after just a glance, he said without thinking,

“Master you should be the first outsider to find this place in hundreds of years,”

“Based on this alone, I, Thirty Nine Zero, believe in you!”

After saying that, without hesitation, he immediately put the antidote into his mouth!

Chapter 5019

From the time he could remember, his father made him understand through practical action, That the fate of the dead men was so difficult, but each generation was still living strong and reproducing offspring, With the sole purpose of hoping that his own bloodline would finally be able to break,

The shackles of the Warriors Den one day in the future and truly win freedom.

And there are several mountains in front of this goal, and the first mountain that needs to be crossed is the poison that comes on regularly in the body.

For this kind of poison, there is really no reason to speak.

No matter how hard so many dead soldiers and so many generations have tried, they have no way to dissolve this bizarre poison.

Although Thirty-Nine Zero had never forgotten his father’s sage advice, he knew very well in his heart that this was simply beyond his ability to accomplish.

He had even placed his hopes, on his own son, or even his future son’s son.

Just like the psychology of generations of dead soldiers : Although he could not break the shackles, but his son, his future son must have a chance, as long as they can achieve this wish in the future, then he will be able to smile at the nine springs.

He never thought that when he swallowed the antidote given by Charlie, he could feel a special power spreading rapidly toward his body, and then it fused with the poison in his body.

Immediately after, the antidote and the poison seemed to have some kind of chemical reaction, and both disappeared without a trace.

If the poison was originally a flesh and blood body can not resist the iron rope, then the antidote, like a strong acid that specializes in dissolving the iron rope, but has no effect on the flesh and blood body, directly melting the lock to nothing!

At this time, all the dead soldiers and their relatives, eyes are staring at thirty-nine zero.

The large scene was almost silent, everyone was holding their breath, anxiously waiting for the feedback from thirty-nine zero.

After ten seconds, thirty-nine zero, who had been like casting a fixation, suddenly had two lines of hot tears gushing from the corners of his closed eyes.

In this wide and long hall, you can even hear the sound of his tears dropping to the ground one by one.

Chapter 5020

At this time, Thirty-Nine Zero suddenly opened his eyes,

Looked at Charlie with tears in his eyes, and did not say a word, but respectfully bowed deeply to him, and he bowed long.

In this instant, all the dead soldiers and their relatives understood.

Charlie's antidote must have solved the poison in his body, otherwise, he would never have suddenly given such a big salute of worship.

And at this time, thirty-nine zero worship on the ground, the body has been unable to control the violent trembling.

Charlie looked at him and asked aloud, "Thirty-nine zero, how do you feel?"

Thirty-nine zero slowly raised his head, fully excited but more grateful.

At this time he respectfully said: "Back to the sir under"

"Under the skin of this body..... there is no trace of the poison"

Once these words came out, thousands of people around fell in shock, the color of excitement on everyone's face is already overflowing.

Thirty-nine-zero looked back at the dead soldiers, and families on both sides and the people behind them,

Turned back to Charlie, hands clasped fists raised above his head, shouted:

“Sir! You are the one who has the greatest power! We dead soldiers have been enslaved by the Warriors Den for hundreds of years, For hundreds of years without seeing the light of day, Our life is worse than death, please help us out of the sea of suffering, We are willing to follow you for the rest of our lives!”

After saying this, he bowed down again!

The crowd immediately followed suit, shouting, “We will serve you for the rest of our lives and follow your lead!”

The chanting of thousands of people made the whole underground facility feel a little trembling.

Charlie could hear that their voices were filled with extreme urgency and desire.

Getting rid of the shackles of the Warriors Den was, for each of them, the greatest wish of their lives,

As well as the generations of ancestors over the centuries.

Now, this wish of more than a dozen generations finally had the chance to come true.

Charlie looked at the crowd’s determined and exuberant appearance, he couldn’t help but splash a pot of cold water and said, “If you serve me, you will necessarily have to be enemies with the Warriors Den, Although you are now controlled by the Warriors Den,”

“At least you can still survive here if you are enemies with the Warriors Den, Maybe you will all face danger to your lives, so have you thought it over?”

Chapter 5021

All in unison replied: “We are ready!”

After all, the dead soldiers were successfully detoxified and gradually calmed down,

Charlie walked down the stone steps and came to the square.

Thousands of people looked at him, thankful and formerly kowtowed on their knees.

The leader, Thirty-nine, choked up and said, "On behalf of all the dead soldiers and their relatives,"

"I thank you Master for your great kindness!"

Others also like him, kneeling on the ground, respectfully shouted, "Thankful for the great benevolence of you sir!"

Charlie looked at the thousands of people kneeling on the ground and said indifferently,

"Get up, from now on, you are no longer slaves, there is no need to perform kneeling."

After saying that, without waiting for the others to respond, He said to thirty-nine zero who was kneeling respectfully at the front,

"Show me the place where you live."

Thirty-nine zero said respectfully, "This subordinate obeys!"

After saying that, he stood up and pointed to the back of the square and said,

"Sir, the area where the dead soldiers live is at the back of the square, please follow me!"

Charlie nodded and followed him, crossing the large square.

As he walked, Thirty Nine Zero introduced to him that the square was basically where, the dead soldiers trained except for when the antidote was given out, whether it was close combat or a firearms shooting, it was all done in this square.

After crossing the square, there is a corridor nearly five meters wide and thirty meters long,

Through the corridor, it is the living area of the dead soldiers.

The living area is more like an underground town, where the streets are planned horizontally and vertically,

Like cutting tofu, and are precisely divided into several square areas.

In each square area, there are eight rooms of more than ten square meters, as well as a common kitchen, and common bathroom.

The domestic water for the entire living area is taken from the groundwater in the copper mine,

Which is then filtered and purified by the purification equipment and transported here.

The domestic wastewater is directly treated together with the production sewage of the copper mine, and is often secretly discharged to the sea at night, so it has not been detected by the outside world as any abnormality.

The air in the entire underground space relies on the air exchange equipment in the copper mine, this ensures that the air indicators are still up to standard in this several hundred meters deep underground.

Here, there is one and only one energy source, that is, electricity, Including the daily life of the dead soldiers using electricity.

The ceilings of the public areas are all covered with full-spectrum lights, luminating all the public areas as bright as daylight.

Thirty-nine zero introduced to Charlie: "Here we can not see the sun, moon, and stars, We all rely on lights to simulate, as long as the wake-up bell rings, All lights will also be lit at the same time, for us, this starts the daytime, The night curfew time lights out, bell rings, all the lights outside are turned off, for us, it enters the night time. "

Saying that he sighed and added: "Like me, who went out on a mission, At least know what the sun, moon, and stars are like, But my wife, as well as other women, and those children who did not have the opportunity to go out on a mission, So far I have not even really seen the sun and moon."

Hearing this, Charlie also could not help but feel sympathy and regret the fate of these dead soldiers.

A person, from birth to death, could possibly have never seen the sun, If this was said out loud, I'm afraid no one would believe it.

Thinking of this, Charlie couldn't help but say to Thirty-Nine Zero, "My plan is to take down the dead soldiers' quarters quietly, and let everyone change their banners quietly so that the Warriors Den won't notice anything unusual in a short time, But this also means that the entire quarters will remain largely unchanged."

Thirty-nine zero heard the meaning of Charlie's words and quickly said, "Sir, don't worry, we have persevered through so many generations, we can naturally continue to persevere now!"

Charlie nodded and said seriously, "After all, this is the scale of several thousand people, On the ground, there are only a few hundred people, It is unlikely to transfer everyone to live on the ground, And if the number of people surges too much at once, It will also trigger suspicion and speculation from the outside world."

Chapter 5022

Speaking of this, Charlie turned his words and continued, "However, from today, the channel between the dead and the ground will remain unobstructed, You do a good job of internal coordination, every day in multiple periods, You can let some people go to the ground, to feel the real day and night, to feel the real sun, moon, and stars."

Hearing this, Thirty-Nine Zero was thrilled beyond words and said gratefully,

"Thank you, sir! Thank you, sir!"

"I'm satisfied to let the children go out to see the real world and breathe fresh air!"

Charlie laughed: "All of you can go out, just for the time being but you still have to lie down, so the overall people still have to continue to endure and aggravate for a period of time, But don't worry, in terms of daily food, clothing, housing, and as for transportation, I will have my people to upgrade the treatment of the dead men as much as possible, the children if they need to receive a normal education, I can also have people to coordinate for you to fit the education of children of all ages."

"If you have any needs, you can also mention them to me, and I will try to solve them if I can."

"The children's education is basically limited to literacy and the sporadic basic knowledge we have, But we, even if we have the opportunity to go out, we all go on missions, And time is short, and someone is always secretly watching, So we don't have the opportunity to contact with any systematic knowledge, Even want to get a map of the world to show the children we are not able to achieve"

Charlie nodded and said with understanding, "These problems, I will have people solve all of them in the shortest possible time."

After saying that, Charlie asked thirty-nine zero: "By the way, how do you usually solve medical problems?"

Thirty-nine zero explained: "We have a medical team of ten people, The members of this medical team, are selected from the young girls to be trained by the Warriors Den, But they mainly learn about maternity, to ensure that the entire resident pregnant women's birth and infant care."

Charlie couldn't help but ask: "If someone has a major illness, how will it generally be handled?"

Thirty-nine Zero thought about it and spoke, "We don't seem to have encountered any major illnesses, Because our bodies will always be in a relatively healthy state because of the antidote we take every week, And this antidote will improve our physical quality, allowing us to grow stronger."

So it suddenly dawned on Charlie.

In the beginning, those dead soldiers of May Forty Seven, although they were not real martial artists, But their physical quality was no less than martial artists, Coupled with modern weapons, and well-thought-out tactics, Making their real level of actual combat very high, Even eight-star martial artists were not their opponents.

It is thought that the reason for their strong physical quality is because of the regular use of this antidote.

Thirty-nine zero then said: "Although the antidote can make our physical quality greatly improved, But it seems to have a very significant impact on our per capita life expectancy, Long-term use of the antidote, resulting in our average life expectancy, will not exceed sixty years, There are records, the oldest one dead soldiers, lived to fifty-eight years old, Most in the upper and lower fifties basically died without illness."

Charlie nodded: "That kind of medicine is not relying on the power of the medicine to improve your physical quality, It only accelerates the burning of your own vital energy, so that you can explode greater potential,"

"From a sense of a short time, the strength is indeed a great improvement, But in reality, it is overdrawn in subsequent life."

Saying that, Charlie asked him, "How old are you this year?"

Thirty-nine zero respectfully said, "I am forty-five years old."

Saying that he couldn't help but let out a light sigh and said self-deprecatingly, "I guess I only have ten years to live, I hope that within these ten years, I can follow you to eradicate the Warriors Den!"

Charlie looked at him and said seriously, "Don't worry, it won't take that long to eradicate the Warriors Den, And you won't live to be only 50 or 60 years old, Now that the poison in your body has been solved, I will make your per capita life expectancy on par with normal people."

Knowing that Charlie was by no means a liar,

Thirty-Nine Zero said with immense gratitude, "Thank you, sir, for your rejuvenating grace!"

After saying that, he knelt down on one knee to show his devotion.

Charlie saw him kneel on one knee and laughed helplessly.

He had just said that he was not allowed to kneel down and salute,

So he changed from kneeling on both knees to kneeling on one knee.

Charlie shook his head, one hand to help him up, looked at the time, and said, "I think it's almost dawn, you go and let all the underage children get ready, they can witness the first sunrise in their lives!"
