

## Chapter 101: So energetic

The group did not seem to cooperate with Fang Chi Xia. After being placed in the bath, it ran out.

“Hey, where do you want to go?” Fang Chixia chased him up with a skirt.

Under the bright sunshine of the garden, one person and one cat chased each other, and the people who were still sluggish last night, this time is alive and well.

Luo Yibei was lost, and a shadow was swept in front of him. When he returned to God, the group had already jumped into his arms.

“Help me catch it!” Fang Chixia, who is chasing the group, rushed over and tried to get it back from him. Luo Yibei stepped back two steps.

Fang Chi Xia’s body inertia fell in his arms.

Her movement was a reflexive movement, and Luo Yibei was happy to throw the cat away, her arms wrapped around her slender waist.

“Don’t let it run!” Fang Chixia’s attention is obviously on the cat, as if he is standing in front of her, he does not exist, enough to take the group and go.

For the first time, Luo Yibei found that his sense of existence was so low that he could not even compare with a cat.

Unhappy, she ignored the whole process, and when she lifted her legs, he kicked the group with a bad foot. When she took her, she went to the house. “Prepare for breakfast!”

“I can solve it casually, I am not hungry!” Fang Chixia did not cooperate, and wanted to open his hand, Luo Yibei shot a sharp eye to her.

Fang Chi Xia Yu mouth, helplessly followed him into the kitchen.

There are a lot of things in the refrigerator of the two, but in order to save time, she didn’t touch many of them, just gave him a photo.

She only made one copy for Luo Yibei.

Her own share, when she did not feel hungry, she did not do it. I thought it would be better to have a glass of milk.

However, when she finished her face, she looked at her own results after a long play, and her appetite was suddenly provoked.

Staring at the disk, when Fang Chixia handed the plate to Luo Yibei, his eyes stayed on it for at least five seconds.

Luo Yibei quietly observed her aspect, and the corner of her eye was pumped, but she said nothing.

Sitting at the dining table and holding the fork, he gracefully tasted the noodles in the dish.

Fang Chi Xia sat in his opposite position and looked at him quietly. If nothing happened, "Is it delicious?"

"It's better than usual." Luo Yibei lazy and gave her a voice. I don't know if it was intentional. The action of picking up the face is very slow. It feels like the slow-motion playback of the movie. It just happens to be against the square pool. Summer is done.

Fang Chixia gave himself a cup of milk and removed his gaze as if he didn't see it.

However, the distance between the two is just that, no matter where she looks, the fragrance that Luo Yibei radiates is still so rich.

Fang Chi Xia couldn't stand it anymore, stood up, wanted to leave, and his wrist was cold and pulled by Luo Yibei.

Fang Chi Xia Yi, the gaze side looked at him.

Luo Yibei provoked a small amount of pasta and sent it to her under the eyes.

Fang Chi Xia did not expect him to make this action, stunned, but did not tweak.

Hands on the table, leaning forward, a small mouth, she across the table to bring the food he sent to the mouth.

"Is it delicious?" Luo Yibei looked at her movements quietly, the cold face had no expression, but the sound seemed to be indifferent to the past.

"I did, of course." Fang Chi Xia is not at all polite.

## Chapter 102: Who am I?

“Come here!” Luo Yi’s north lip was pumped, indicating the position around him.

Although the two people met on the bed every day after they got married, they couldn’t talk about intimacy.

At this time, Fang Chi Xia probably did not realize how intimate the two men were, and sat around the table and sat next to him.

He took a few mouthfuls of his own pasta with his fork and fed him.

Luo Yibei did not refuse, she sent it, he accepted.

So, a photo, two people, you take a bite, I am about to solve the problem, Fang Chi Xia blinked at the two people close to the posture, and the food that he sent to his mouth, reacted come.

“I eat it myself.” She lost her fork, and she stood up, her face turned uncomfortably and turned to go outside.

When Luo Yibei came out again, Fang Chixia held a group sitting on a hanging chair and closed his eyes.

In the garden with a touch of flowers, the white sunshine quietly sprinkled, casting a silhouette in her eye socket, warm and quiet.

The group was comfortable in her arms, her eyes were squatting, and it seemed to be very comfortable.

Luo Yibei stared at it, how to see how bad.

After a few steps, he unscrewed it from Fang Chi Xia Huai and raised his hand. He threw it out without a little pity.

Fang Chi Xia did not seem to be aware of it, and his eyes were still closed.

Luo Yibei stood in front of her and stared at her in silence.

After sleeping, Fang Chi Xia An quiet, long and curled eyelashes like a small feather fan hangs gently, the cherry-like beautiful lips slightly open, breathing sounds shallow and even.

Her lip color is very beautiful, it is a faint pink color, and it also has a fascinating sly color, which makes Luo Yibei’s eyes look dark, and the ghosts make a difference to her.

However, it has not been covered yet, and Fang Chixia’s eyes are closed and stunned.

then—

Her arms were raised against his face.

“Fang Chi Xia!” Luo Yibei had suffered a loss before, this time there was prevention, and her wrist was buckled agilely. Fang Chi Xia had a little drowsiness and sleepiness, and he was wiped out by the wind. He looked at his hand and curled back.

“Who is this for me this time?” Luo Yibei stared at her gloomily, his eyes as cold as ice.

“I just just conditioned. I haven’t given a bath to the group yet, go first!” Fang Chixia glanced at him carefully, stood up and wanted to leave, but he was picked up by Luo Yibei.

“Don’t you pay for the mental damage?” As she leaned against the back of the chair, his body slammed against her, her eyes swept up and down on her, sweeping her chest. Then she moved to her face.

Fang Chi Xia spoke to him.

Was he still frightened by the action she had just made?

Fang Chixia did not forget that when he was in the Imperial City, he appeared, and even the bosses on the roads of the people were scared.

As soon as she had a little gesture, he would be shocked?

Luo Yibei’s hand picked up the shoulder strap of her dress and smothered her skin with a thin palm. She suddenly put it in her ear and spit it out. “The last black dress, you Have you not fulfilled your promise yet?”

Fang Chi Xia Yi, the body is obviously stiff, and the face is red.

What do you think of during the day?

### Chapter 103: Dating in front of him

With a slightly thin hand slowly descending along her slender bones, her fingertips gently stroked her clavicle, causing her a shudder, his face slowly rising, not letting go, ” Ok?”

Fang Chixia had some disturbances in his breathing, and he was uncomfortable to shrink to the side. “Do you have to go out today?”

“I have a lot of time today.” Luo Yibei actually intended to return to Luoia to see the old man, but did not say it.

It is still early, he is not in a hurry.

Fang Chi Xia, who couldn't stand this way, was swayed by his palm, like a small cluster of flames, and his neck was full of his hot breath, so that her skin was hot. .

The air seemed to be hot for a while.

Fang Chi Xia feels awkward and tries to find a topic to distract him. “Is your grandfather better now?”

“Fortunately.” Luo Yibei sloppy to her, the innocent scorpion looked into her eyes, quietly observing her look.

“I will go to help him with the pot of tea. Are you sending it in the past? Isn't that he likes it?” Fang Chixia leaned back and tried to transfer the topic again.

The two were sitting on the hanging chair, and Luo Yibei was attached to her, the body of the two people, without a gap.

In such a position, she moved a little, and it would drive the chair to shake with her movements, and his body would follow her tightly.

Fang Chi Xia's face is hot and roasting.

“You are very hot?” Luo Yibei's gaze glanced on her cheeky cheeks, not serious.

“Yeah, I am very hot, you must get up first!” Fang Chi Xia followed his words and pushed him.

“Let's go back to the house?” Luo Yibei's very good advice.

The expression on Fang Chi Xia's face suddenly froze after his words.

Luo Yibei also did not agree with her, she hugged her and wanted to take her away. On the chair, the phone ringing of Fang Chi Xia suddenly sounded.

Fang Chi Xia seized the opportunity, stunned and broke away from his arms, and took a few steps to pick up the phone.

The phone was sent by Shi Yangyang. Fang Chixia didn't want

Luo Yibei to misunderstand. The opening is a sentence, “Hey, Anan, go out together? Well, where are you waiting for me, I will come over!”

At the other end of the phone, Shi Yanyang’s eyes twitched, and suddenly he silently disappeared.

“I made an appointment with my friends for the afternoon. I will go to dinner and solve it myself. I will go first.” Fang Chi Xiazheng was not able to get out of the way, holding a mobile phone, leaving him with a messy face, and ran out of the villa.

When I got outside the door, I called Shi Yanyang. “It was just a little inconvenient. What happened?”

Shi Yanyang smiled and said, “Nothing, the last time you left, you didn’t say anything, ask what’s going on. Don’t you go out? By the way, sit down, Lolita restaurant.”

“Okay, I will arrive in half an hour.”

A simple conversation, Fang Chixia thought that he left for no reason that day, it is indeed necessary to explain, go out to the restaurant and go to the restaurant.

When he arrived, Shi Yangyang had already arrived.

Shi Yanyang is a particularly pleasing man at all times. He is young, heroic, and has a strong French elegance. The most important thing is that he is also a gentleman.

When Fang Chi Xia appeared, he put a few branches of Louis XIV rose on his hand, which seemed to be ready to be sent to.

## Chapter 104: Dilemma

She was afraid that he would wait a long time and walked a little.

As soon as he arrived at his desk, just a waiter came over from the side with a tray.

When Fang Chixia passed by the man, he accidentally bumped into the man.

This collision, her body tilted forward in an unbalanced way, and something squatting on the chest shook it out.

“Ah~” Fang Chi Xia did not pay attention to that much, his face changed abruptly, and he had to come into close contact with the ground. A pair of arms stretched out of thin air, and then grabbed her slender waist and stabilized her body at the right time. live.

“How can I be so careless?” The familiar voice, with the unique mellowness of Shi Yangyang, is as gentle as a breeze.

“Thank you!” Fang Chi Xia looked over him and looked at his clothes and stood up.

“Let’s go!” Shi Yanyang loosened her waist and wanted to walk in front of her and led her to the seat she was just about. When she passed by her, her eyes were cold and she was shaken by something on her chest.

A dazzling light, intertwined with black and white, reflected under the bright lights above the head, like a star, shimmering. Shi Yanyang paused and looked away. His eyes turned to her chest and stared at the necklace on her neck. It was like being poured on the spot and the back spine was cool. .

“What’s wrong?” Fang Chi Xia does not know what he is looking at, and some are not comfortable with his own neckline.

Shi Yanyang did not seem to hear her words, her eyes still twisted the necklace on her neck, and the chest seemed to be stabbed by something sharp.

Fang Chi Xia was not seen by him, so he felt that his eyes were very strange, but he did not think so much, calmed down his look, and sat down in his seat if he had nothing to do. Seeing the flower next to him, her lips were bent. “It’s so beautiful!”

The flower on the table is the Louis XIV rose, the best of the roses, named after the Sun King Louis XIV, and a very special

flower language, love at first sight.

However, Fang Chi Xia does not know so much.

Shi Yanyang stood stiff in the whole place, staring at the necklace on her neck, his face was very white, obviously not yet slowed down.

His look is very complicated, his eyes are shocked, there are accidents, and there seems to be some struggle.

He just stood there watching her, and he was silent from beginning to end.

Fang Chi Xia did not look at his direction. He took the flowers and smelled it in front of his nose. He joked and said, "Is it for me?"

Her words are really just jokes. She didn't have a long time to enter Rongxi, and it didn't take long for Shi Yangyang to know. She wouldn't think that Shi Yangyang would send flowers to her.

Maybe it's just that the restaurant is prepared for the guests. The man who has been silent has returned to God after her words, as if he had experienced a difficult struggle. When he walked over, his eyes were clear.

"No, it was just a little girl who sold flowers to me." Sitting down at her opposite position, Shi Yanyang took the flowers in her hand back without any trouble, in Fang Chixia's gaze, he nodded. I changed the flower into several paragraphs without changing the color.

His movements were made directly, and the thorns above were tied to them, and then the garbage was thrown aside.

"In fact, no need to do this!" Fang Chixia did not understand his behavior.

"Nothing." His voice was faint.

Chapter 105: Already have a husband

In fact, there is still a sentence, he did not say.

That is, what is meaningless, what is the use?

“Your hand is bleeding, I will wipe it for you!” Fang Chixia looked at the place where his palm was stabbed, pressed his hand on the table, took the paper towel next to it, and carefully Help him wipe it up.

Her movements are very gentle, and she is not so gentle with Luo Yibei.

Shi Yanyang looked at her like this, and looked at the necklace on her neck again. The eyes stinged and her eyes moved hard. “Chi Xia, I’m fine, don’t worry.” Pushing her hand, he called the waiter to order.

“What do you like to eat?” Put the menu in front of her. He introduced her very seriously. “Do you want to try it with black truffles? The taste is not bad! The vanilla and sheep are also good, and here. Foie gras...”

Shi Yanyang has the coldness inherited from his father, but he is very gentleman, and he dine with the girls, especially to take care of people. The elegance of French experience is vivid in him.

Fang Chi Xia is not like him with Luo Yibei when he is with him. She is very casual with him, just as comfortable as when she is with friends.

After the dinner, Shi Yanyang proposed to send her home, Fang Chixia Gu Ji to live with Luo Yibei, do not want to be misunderstood by Luo Yibei, rumors refused.

“Well, I will send you to the bus!” Shi Yanyang walked in front and helped her stop the taxi.

Fang Chi went a few steps in the summer and bent over and got on the bus.

Shi Yanyang looked at her movements quietly, and when the car was ready to leave, the cold did not come up with a sentence, “Chi Xia, did you leave with Yibei last night?”

When he said this, he looked at the necklace on her neck. In the darkness, there seemed to be a sorrow in the deep shackles. However, the night was too dark, and Fang Chi Xia did not see it.

Fang Chixia did not expect how he suddenly mentioned this, and he stunned for a while.

“You both disappeared at the same time last night.” Shi Yanyang smiled a little and smiled a bit bitter.

Fang Chi Xia is not unexpected. He will guess that he has a relationship with Luo Yibei. He is as smart as him. It is clear that Luo Yibei went to the office once and hit her once. How can he not see the clues?

“Boyfriend?” Shi Yanyang asked again.

It is her husband!

Fang Chixia wanted to answer him, but he avoided the hidden relationship between him and Luo Yibei and held back the words.

In fact, from her silence, Shi Yanyang also saw it.

If it is not a special relationship, how can she have that necklace on her neck?

“Well, nothing else, give me a voice when I get home.” To the driver, the taxi slowly drove away from his field of vision.

Shi Yanyang stood in the same place and quietly watched the car shadow getting farther and farther away. His eyes were helplessly slammed on, and when he opened it, his eyes were clear.

No one knows that he had experienced some painful struggles during the silence in the restaurant.

Louis XIV rose, love at first sight, has not been said, has been buried.

.....

When Fang Chi Xia returned to the villa in Luoyi North, the lights of the whole villa were still on.

It was still early this time, she knew that he did not sleep.

Entering the house, I was prepared not to disturb him to go directly to the guesthouse. Who knows that he just walked to the door and just bumped into the bedroom.

Luo Yibei’s gaze swept her face and her eyebrows picked it up.

Chapter 106: I just warned you

Fangchi Xiadu was already preparing to step into the house and lived hard. If he walked over to him, "I thought you were not there."

Luo Yibei knew that she was only making excuses for deliberately trying to separate rooms, but she did not clarify. As she approached, she stretched out her arm and took her into her arms. She leaned against the door panel behind her. She licked her lips and vomited. "Since I am back, the interruption in the afternoon can continue. Already?"

Fang Chixia was stiff and looked at him incredulously. He didn't expect him to forget this.

"I have to sleep, what little dress to wear?" His eyes were staggered, and her voice was somewhat uncomfortable.

"It doesn't matter, I will take it off anyway." Luo Yi went back to her without changing her color.

"..." Fang Chi Xia was silently silenced by a word.

Good face!

"So, can you go?" Loosing her arms, his eyes fell on her face. In fact, Fang Chixia didn't realize that he had a lot of hooks after wearing the dress.

However, watching Luo Yibei always refused to let go, struggled for a moment, or walked toward the closet.

In fact, there is no such dress is the same, two people married a few nights after he let her go?

Put on this dress, at most, just add some fun.

Open the closet and take the dress from the inside. Fang Chixia will go to the bathroom.

Her face was a bit awkward, her footsteps were fast, and she almost hit the door.

The backhand took the door, shut myself in, stared at the little dress and looked at it. She was extremely speechless about Loe's behavior. "It's really bad!"

Spit a word, put the dress to the side, put some water and petals in the bathtub, she first took a bath for herself.

The speed of her bathing has always been very slow, like a turtle crawling. First, she likes to feel soaked in warm water. She doesn't want to end so quickly. Second, she doesn't want to go out.

If she can, she would rather keep herself in it.

Obviously, this is impossible.

Luo Yibei was not a patient in this kind of thing. After waiting for ten minutes in the bedroom, he raised his hand and looked at the watch. He opened his mouth coldly. "Do you need me to come in and help?"

The meaning of his suggestion is obvious, that is, the threat of red fruit, if she still does not come out, then he will go in!

Fang Chi Xia did not care about him, the door was locked, she did not need to be afraid of him.

Lying comfortably in the bathtub, her body even shrank down, held her breath, and drowned herself in the water full of petals. "Fang Chi Xia, I will not come out within three minutes, I will go in!" The voice of Luo Yibei, again came from outside the door.

Fang Chi Xia still did not care, set the petals on the water, the head out of the water, breathed the fresh air, and buried himself in the water again.

Luo Yibei took a deep breath and did not continue to blow. He stared at the precious diamond watch on his wrist. After three minutes, he took a golden key from the bedside table and walked toward the bathroom door.

When I came to the door, the door lifted, the key was inserted into the hole, and the door was closed, and it was pushed open by him.

Fang Chi Xia was still buried in the water. Suddenly, she gave her a glimpse of her head and slammed her head out of the water.

"I just reminded." Luo Yibei leaned against the door, his eyes fixed on her body.

Chapter 107: If the approval is not approved, she has to go  
Fang Chi Xia is soaked in the water, the hair hangs wet on the  
shoulders, the body is covered by petals, and there are several  
pieces on the hair.

Just looking at him like this, she seems to be unbelievable that  
he actually came in.

Luo Yibei's gaze swept slowly from her face, slowly moving  
down her neck, and finally blocked by rose petals floating on  
the water.

The line of sight was blocked, and he seemed to dislike some  
of the petals, his brows were wrinkled, and he walked toward  
her in a few steps.

Bending over, I want to cross her to take it out, but it was  
blocked by Fang Chixia and raised her arm. "Wait, wait!"

Luo Yibei's gaze glimpsed on her, and he said awkwardly,  
"Why, I want you to come this time?"

It was not a matter of one or two things that Fang Chi Xia was  
ridiculed by him. His face was very uncomfortable, but he did  
not care about him.

She knows that she can't hide tonight, and she doesn't mean to  
struggle.

But she doesn't want two people to do these things without  
any meaning.

Thinking of going to Italy before I decided, she said, "I may  
not return here in the next few days."

When she said this, she kept observing his face quietly, and  
she was somewhat cautious, only a little bit.

"Do not approve." Luo Yibei had no expression on his face,  
and the three words refuted her.

"I am not consulting your opinion, I just greeted you in  
advance." Anyway, I can't escape tonight, Fang Chixia is  
particularly courageous at this time.

Her speech rate is still very slow, and the tone seems to be  
very disdainful.

Her meaning is very simple, he promised that she will go to  
Italy!

Do not agree, she will still go to Italy!

The two are just married, and they say that they do not  
interfere with each other before marriage. This is her business.  
He has no reason to manage it, just like she will not intervene

in him anything!

Luo Yibei did not expect that she would return to such a sentence, the face slightly distorted.

Has she become more and more courage recently?

Fang Chixia seriously thought about it. This opportunity is very rare. For a new person, it is a good exercise.

Moreover, she only got a license with him, and she did not sell her freedom of life. His opinions are actually not that important to her.

Tell him in advance that it is only in the principle of peaceful coexistence between husband and wife, and does not want to lead to unnecessary misunderstandings.

After saying the words, he ignored his sinful face, and the body leaned back and looked forward. The long, white neck lifted and lifted his arms. He stretched his arms against him. "I am good." It is."

This is a catering action.

The faint aroma of the bathroom lingers over the room, and the flamboyant color of the rose reflects the delicate face of her delicate face.

Snow skin Hua Ze Ru Yu, ink hair three thousand shop Chen. In fact, Fang Chi Xia did not understand any skills, but, inadvertently, one action made Luo Yibei mouth dry for the second time.

If it weren't for her expression on her face that was obviously reluctant, he probably would have used her behavior as a lure. Fang Chi Xia did not realize what he had done. He saw that he still had no movements and looked at him with a sigh of relief. "Don't you? Don't let me go to the room." I wrapped my towel around my body, and one foot stepped out of the bathtub. I wanted to get out of his machine and sneak out. I just had an impulse, but my wrist was left behind. I lived.

## Chapter 108: Missing boyfriend?

“Everything is trying to do all the preparation work. Isn't it too sorry for you not to continue?”

His eyes glanced at her, his lips twitched with a cold arc, leaning against her against the wall, leaning over, thin lips covering her, the body pressed against her body...

His strength was very brutal. Fang Chixi suffered from pain in his summer, and his fingertips broke into the meat on his back, but from the beginning to the end, he bit his lip and did not say anything.

However, the result of her restraint is that he has become more and more intensive.

One night, Fang Chi Xia was tossed and wanted to bite off a piece of meat on his body.

Another bitter and painful fact proves that in the face of unconscious men, it really cannot be easily catered for.

Otherwise, the end is her tonight...

This is another lesson that Fang Chi Xia got after the night of the wedding night.

I remember that I was going to Italy, and the next day I was so tired that I couldn't afford to go straight, but she deliberately got up very early.

After preparing for breakfast, she simply prepared a breakfast, and then she went straight out.

Before leaving the house, she left a note to Luo Yibei. The content of the note is: I will not come back in the next few days, and let the servants prepare for the three meals.

At the end, I also painted a big smile, my eyes were smiling into a crescent shape, and it was obvious that she was in a good mood after leaving.

When she left the house, she called Shi Yanyang.

She is Shi Yanyang's assistant. She is clear about Shi Yanyang's journey. She knows that he will fly to Italy this morning and wants to be with him before he leaves.

Shi Yanyang actually booked the ticket for her long ago. At that time, she never thought that she might not go.

I have received the call now, just right.

When Fang Chi Xia arrived at the airport, he unexpectedly found Schloed.

Schloben had no feelings about this trip, and suddenly saw her,

her eyes lit up a lot.

“Hey, little beauty!” The large court and the crowds of the airport, Shi Erxiao Yang raised the sunglasses of the Yang, the way to say hello, the incomparable coquettish.

Sloan was extremely handsome, so he smiled, and there was quite a fascinating view of the surrounding scenery, especially the sly sly sly, flashing, especially good-looking.

However, his good looks are sunny, giving people the feeling of spring breeze, no male lethality.

“Really!” Fang Chixia saw him with some accidents and smiled at him.

She saw her several times. When did she see her laughing at herself?

Suddenly this smile suddenly made him a bit flattered.

The lips are light, and he ridiculously, “Look, if you meet once and call it by chance, two encounters are called coincidences, we have met three times now. What is this?”

Fang Chi Xia was speechless.

Shi Er’s young master completely ignored her speechless expression and took a rose from the little girl’s hand and took care of her shirt’s collar. He sent the flowers to her intently. “Is there a boyfriend? A French ancestry should be considered? Accompanying to accompany and drink, but also part-time free drivers and porters, how?”

Schroeder’s French is actually better than Chinese, but when he said these words, he spoke in Chinese, and his face looked quite serious.

Who knows that Fang Chi Xia has not responded yet, and a long arm stretched out out of thin air, instead of taking over the flowers in his hand, Shi Yanyang’s body straddles between the two.

Chapter 109: Just wear it.

Picking up the rose and glanced at it, only one glance, and even no extra messages, Shi Yanyang did not change the color into a pile of petals.

His movements are still very sloppy, and the elegance that oozes out of the bones is not like the one who is destroying flowers in a hot hand.

“Brother, what are you doing?” Schloed did not understand his behavior.

“Nothing to stir up?” The slender and beautiful fingers were loosened, letting the petals of the hands fall, leaving a messy Schloed, and he led Fang Chixia to walk in front to board the board for a window.

Shi Luo did not know about Fang Chi Xia and Luo Yibei, standing in the spot and stagnation.

How did he call it up?

It's not just a joke, not really ready to grab him!

Although Schloth seems a bit sullen, but he also has his own principles, brothers, women will never move!

After a short episode, the three changed their boarding pass and then transferred to the boarding gate to Milan.

Arriving in Milan is already the early morning of the next day. Milan is the international fashion capital, and many fashion festivals are held here every year.

Shi Yanyang took Fang Chixia to attend the jewellery conference, which combines the works of the top designers from all over the world, including Rong Xi.

Like the Luo Yibei, Shi Yanyang is a home of jewellery design and has a very high appreciation of jewellery. This is one of the reasons why Luo Yibei asked him to help manage Rongxi. The earliest one of the jewellery conferences was at 8 pm local time.

After Fang Chixia followed Shi Yanyang and Shi Luo, the press conference was halfway through. Shi Yanyang looked at her holding the camera and kept taking pictures. I couldn't help but say, “I forgot to say, this time. In fact, Elbe will come.”

When he said this, he was careless, and the tone was still light and light, as if he was talking about how small it was.

Fang Chi Xia was stunned by his words, and the camera in his

hand almost fell to the ground.

“Why didn’t you remind me earlier?” She looked at her with a bitter look. She hadn’t seen Luo Yibei, and she suddenly began to get nervous.

When she left, she said to Luo Yibei that she was going to stay with her classmates for a few days. Now they are meeting abroad. Isn’t this red and naked to let her wear it?

Shi Yanyang quietly admired her face that had changed in a second, and waved her to her, “Oh, I will go early next time.” The tone of his words didn’t matter, and it didn’t feel like taking her words seriously.

Fang Chi Xia, “...”

“You and Yibei know?” Shilo, who was very curiously, asked for a question.

Fang Chixia didn’t want to let the relationship be announced, but he still nodded stiffly.

“What is the situation?” Shilo sensitively smelled the taste of gossip, and wanted to ask, Fang Chixia and Shi Yangyang each twisted the beginning, and the attention continued to be placed at the jewelry exhibition.

However, after the time, Fang Chixia’s attention could not be concentrated.

Shi Yanyang underestimated her words and completely disturbed her mood.

Luo Yibei is coming?

Why didn’t anyone tell her?

Fang Chi Xia had a headache. At the end of the conference, he chased Shi Yanyang and asked, “When is he coming?”

“At the latest tomorrow.” Shi Yanyang faintly returned to him.

“Can I go back early?” Fang Chixia took a corner of his mouth and looked bitter.

“Is this so okay?” Shi Yan raised his eyebrows and picked it.

Chapter 110: a pig teammate

“Not good!” Fang Chi Xia Dun was vented.

This is really bad!

When attending such an important occasion, the opportunity was rare. Since she came, she now said that she would leave and the impact would be bad.

Fang Chi Xia suddenly had the feeling that he was being swayed.

But think about it and feel that he has no reason to do this.

He also learned about himself and Luo Yibei not long ago.

Fang Chi Xia was disturbed by his fluttering words, and there was some indigestion after eating.

The conference was held in the evening, and several people stayed here for nearly a week.

During the daytime, Schroeder proposed to go to Sicily.

Shi Yanyang does not look like the kind of person who likes to play. This time, he did not refuse.

Schloed was more fun to play, and his behavior was very informal. He walked side by side with Fang Chixia and walked up to her shoulders with his paws walking.

Shi Yanyang looked at this scene with a cold eye, and every time his hand had just been covered, he would be photographed by his quiet voice.

His strength is not small, and he is so sad that he is screaming.

“Brother, what are you doing? I am your brother!”

“Where did you go?” Shi Yanyang glanced at him with a cold eye and pulled Fang Chi Xia to his side.

When he talks to her side, his will be softer. “Let’s go!”

He was guarding Fang Chi Xia in the whole process. When he was walking in the crowd, the arm kept quietly helping her to stop several people who were almost crowded. The hand was on her shoulder.

Shiro looked at the two people in the back, staring at Shi Lang’s hand, his brow wrinkled and wrinkled.

The same blood flows in the body, and Schloby knows Shi Yanyang.

When is the knight who is indifferent to everything around you, when is this knight?

A strange look at Shi Yanyang for a long time, this problem, until arriving in Sicily, Schloed has not figured out.

Sicily is a very beautiful Mediterranean island, honeymoon holy land, and there are many people coming and going. Schloed is the most unreliable teammate, and after he arrived, he was taken away by the blond beauty.

Shi Yanyang was not the kind of person who liked the atmosphere. After Fang Chi Xia first found a hotel and booked the room, he stayed in the hotel room and never came out. Fang Chi Xia also remembered that Luo Yibei was coming to this matter, but he did not know the specific time of his arrival. I thought about how to explain after the two people collided in the room. However, my head was empty and I didn't think of anything.

Staying in the room and doing nothing, she walked out of the hotel herself.

But the islands that are suitable for couples are generally beautiful, as are Sicily.

Whether it is the daylight of the blue sky and the golden sand beach, it is the night of the light and dreamy kingdom.

This is the first time Fang Chi Xia came to this place. After leaving the hotel, she walked around very casually.

Because she is not familiar with this place, she has not gone far.

When passing through an alley, it was cold and a few people holding bottles, and the seemingly drunken people ran into it. A few of them were Italians, and they looked sullen and looked at her up and down.

Fang Chi Xia had a bad hunch. When a few men wanted to leave, they passed by a man and pulled their wrists. "Hey, where is the chick, it's really watery!"

The voice of the man was flowing, and the words he spoke were more hooligan, and he still wanted to reach out to her.

## Chapter 111: Husband is handsome

Fang Chi Xia Junzi is also quite big, and no matter how many faces he is facing, the cat is leaning away from the hand that the person has extended. She lifts her leg and faces the key part of the person. After a moment, I pulled out and ran outside the alley.

A pig-like mourning was made by the people in her squad, and it was a slap in the face of the companion in Italian. "Catch her! Give me a catch!"

Several Italian men chased the direction of the disappearance of Fang Chi Xia.

Fang Chi Xia has no head flies in the alley, and it is hard to run out. It is too late to tell which direction he is running. He chooses the road and rushes over.

She chose the road in the opposite direction to the hotel, but she didn't realize it.

Here is Sicily. For the first time here, everyone looks the same.

A few Italian men behind him are still catching up, and the footsteps are screaming, and it seems to be getting closer.

Fang Chixia ran with his legs soft, looked at the crossroads in front of him, and chose a direction at random. He wanted to run over, and when he was cornering, he couldn't help but hit a meat wall.

The person she was hit with has a clear fragrance that she is familiar with. It is not the smell of any perfume. It is faint, like a breeze, and it is like the smell of a mountain spring. It is very good.

Fang Chi's summer back was stiff and his face lifted up.

Luo Yi looked at her with no expression on the north, her eyes faintly sweeping through her flustered face. He seemed to have no accidents when two people bumped into this place.

Fang Chi Xia was looking at him suddenly appearing here, very shocked, but only a few seconds, his face was calmed down.

"I will explain this to you tonight!" I looked at the men who had caught up. I looked at me and suddenly called Luo Yibei in Italian. "Husband, these people." I want to plot against me!" Although she and Luo Yibei are not so close, she is very clear that he will never let go of his woman's being jealous.

The relationship between the two is a hidden marriage, and

Luo Yibei's attitude towards her is also somewhat cold, but every time she is at risk, he will always help her.

This is why Fang Chixia is so sure he will help himself, although she can't explain why there are so many coincidences.

Luo Yibei obviously stunned after her words, and it seems that her name is somewhat unexpected.

A few of the men who ran over were surprised. They looked at each other with a shocked look. The body that had already rushed over, like a car that was suddenly stopped, slid forward for a while, and it was hard to live.

Luo Yibei has a very cold air field, and it always exudes a breath of closeness to the three-footer. At first glance, it is not a good type.

A few men are a bit timid, but when they think that this is on their own territory, morale is back.

Luo Yibei casually untied his coat, the collar of the shirt was rational, and the three buttons on the neckline were untied, and the white cuffs were pulled up a little, revealing the buttons made of diamonds, slowly pointing to several men. Going over.

Later, Fang Chixia only saw his figure spinning a few times, a few beautiful side kicks, when she returned to God, several Italian men who were high and high were all on the ground. His movements were very clean and tidy. The speed was so fast that she didn't let her see how it was actually shot. People were so flattened by him...

Chapter 112: Calling so close

Luo Yibei's shot, hard, domineering, handsome!

Fang Chi Xia magnified his eyes and looked at this scene. He couldn't help but clap his hand and screamed. "Husband is so handsome!"

Her previous "husband" was deliberately called to a few Italian men to listen to, this voice is very natural.

After seeing his movements, I forgot the relationship between the two for a while, so it was natural to blurt out.

After the words were spoken, I also stumbled.

She usually never called him like this. Although the two people are indeed husband and wife, she and he are obviously not close enough to call each other "husband" and "wife".

Luo Yibei was a glimpse after her words, and the corner of her eye slanted to her, and her eyebrows picked it up.

Fang Chi Xia's face was a bit uncomfortable, but it only lasted for a minute or two and returned to nature.

A few steps toward him, she asked if nothing had happened, "When did you arrive?"

"Just." Luo Yibei faintly returned to her two words, the coat in her hand fluttered in her arms, and walked in the direction of the hotel area.

He is very handsome in this movement, it is a unique scent of the masculine man, and the movement between the movements has attracted several blonde women who have passed by.

Fang Chi Xia stiffly held his coat, rubbed it, and stared at his back and looked at it. He wanted to keep up, and the corner of his eye slanted to the man who had just been beaten by Luo Yibei on the ground. Stopped.

The man struggled to climb from the ground. He didn't know when he had more decapitation. He didn't know what to say in Italian. He raised his dagger and rushed in the direction of Luo Yibei.

"Be careful!" Fang Chi Xia exclaimed, and did not know where the courage came, picked up a beer bottle on the ground. When the man's dagger was about to swing to Luoyi North, she raised the bottle on her hand. The back of the person's head will go down.

Her movements are very flustered, and the strength is not

small.

The man was stunned and stunned, and his legs were soft on the ground.

Luo Yibei back to the side of the figure slightly sideways, quietly glanced at the back of the man's bleeding head, his eyes swept to Fang Chi Xia still holding the weapon's hand, the eyebrows looked good.

Fang Chi Xia seems to be stupid. Just after the situation is urgent, she didn't think so much at the moment. Now when she returns to God, it seems to be scared. A small face with a big palm is pale as paper.

After all, she is a girl. She has never participated in any fights and kills. It is inevitable that she will suddenly do such a thing. Moreover, her strength does not know how to control, and she does not know the injury of the person on the ground.

"Luo Yibei, I am hurting!" Looking at him stiffly, he threw away the bottle in his hand, her eyes like a frightened bunny.

"Come here!" Luo Yibei Li did not pay attention to the man on the ground, just extended her arm to her.

Fang Chi Xia walked stiffly toward him, and he took her into his arms.

"No one here saw that you were hurt." Pressing her into her arms, Luo Yibei's gaze swept to the scene of a few onlookers, a group of people were shocked by his eyes, all of them were interested. The ground turned its head elsewhere.

"Go away." Loosing her body, Luo Yibei took her hand, and under the eyes of a large group of people, she left the scene with her bright and bright.

### Chapter 113: Your room is my room

Fang Chi Xia is not the kind of soft and weak girl. In addition to the first one or two minutes, I was really shocked. I went back to this road and quickly forgot about it.

What is she worried about?

Luo Yibei is still there!

“Is the room booked?” A few steps to catch the man walking in front, Fang Chixia asked too far.

Luo Yi’s footsteps at the foot of the North, turned his head, his eyes swept over her face, and returned to her three words. “Is it necessary?”

Fang Chi Xia was blocked by a word, and he was speechless. indeed.

Both husband and wife, her room is booked, he went to book another room, it seems too emotional.

When he hadn’t asked this question, Fang Chixia looked at the time on his mobile phone and took him to the hotel where the previous few people lived. “Let’s go eat!”

She is about half an hour before he arrives here, but it is called early as early as half an hour. At least she is more familiar with him than he is.

With him to find the hotel’s restaurant, the two simply settled the lunch and then returned to Fang Chi Xia’s room.

Luo Yibei flew from the country and stayed on the plane for more than ten hours. He just got off the plane when he came here.

Into the house, the action loosely solved the shirt on his body, he threw it into her hand and turned and went into the bathroom.

Fang Chixia seems to be a little girl who specializes in errands today. He is holding his clothes stiffly, squatting, turning around and calling the room service to take the clothes to dry cleaning.

When the door was closed, the sound of the water in the bathroom was still ringing.

Fang Chi Xia sat on the sofa, listening to the sound of running water inside, and thinking about how to explain to him the problem of appearing in Sicily.

Luo Yibei didn’t like her to lie to him, she knew it long after he went to Shi Yangyang’s office last time.

Now she not only lied, but also was dismantled by him.  
Fang Chixia thought about the possible way of anger after Luo Yibei's anger, and he was nervous.

She can actually explain nothing, and at most he was tossed for one night.

However, this time she appeared with Shi Yangyang. If not explained, wouldn't it make things darker?

Maybe he might have to tie her relationship with Shi Yangyang.

Fang Chi Xia took a moment to think about it. I think it is better to have something to say, and it can't involve innocent people.

And it is clear that it will be relatively easy for two people to get along in the next four years.

The sound of water in the bathroom is still going on.

He seems to be taking a bath instead of taking a bath.

Luo Yi North has no luggage at all, and Fang Chi Xia stood up. He wanted to take out his mobile phone and search for a place where there was a men's clothing in Sicily. In the bathroom, his voice suddenly came, "Come in!"

Did not wait for his second half of the sentence, Fang Chi Xia over the head is a sentence, "self wash!"

The people in the room seemed to be stunned. In the air, there was a sudden chill.

"Do you need me to say it again?" Silence for a while, the voice of Luo Yibei came again, it seems that it is still a bit cold.

Fang Chixia was helpless, pushed open the door and went inside.

When I entered, Luo Yibei was still in the bathtub, and the body was covered with foam, only to see the part above the chest.

His posture is very lazy, his limbs are hanging at random, and his movements are extremely sexy. However, his face is chilly.

"What's wrong?" Fang Chi Xia Mingzhi asked.

Chapter 114: What to do as a wife

Luo Yibei coldly glanced at her and just prepared to say something, but was interrupted by her words. "I am helping you to see clothes, isn't it not?"

Her voice is soft and soft, especially clear, like a veil over the lake, very comfortable.

Luo Yibei had just accumulated the anger, and she was killed by her.

"Help me see the clothes?" The eyebrows picked and picked, and he was obviously surprised by her words.

"Yeah, I see you didn't bring your luggage." Fang Chixia returned to him.

Luo Yibei looked at her with a good look, and her eyes were softer.

I finally did what my wife should do.

"So, can I go out?" Fang Chixia watched his look quietly, watching his stretched eyebrows, wanting to take the opportunity to leave, but his wrist was pulled by Luo Yibei.

"It's going to be washed anyway, together!" His words were not changed, and her hand was pulled a little. Fang Chixia's body fell uncontrollably toward his arms.

He used it, and Fang Chi Xia was standing outside. This collision, the body was splashed with water, and there were a few mouthfuls of bubbles in his mouth, so that her tears flowed out.

"Luo Yibei, you bastard! Cough... cough..." angrily screamed, and she coughed up next to her.

She was licked a few mouthfuls of water, her face swelled red, her mouth full of strange smells of bathing bubbles, and she was so annoyed that she wanted to press him into the water to retaliate.

However, the imagination is full and the reality is very skinny. She couldn't help him at all, let alone revenge.

Luo Yibei's fingertips indiscriminately rubbed his temples, salvaging her into her arms, taking the towel next to her and wiping her eyes, and throwing her an understatement, "mistakes."

Fang Chi had to bite his teeth in summer.

Luo Yi looked at her with no expression on the north and stuffed the towel in her hand to her.

Fang Chi Xia wiped his face and rushed with clear water, and climbed out of the bathtub.

“I will wash again later, no hurry.” She did not tweak this time, holding a towel and actively wiped him up.

Compared to helping him wash and together, although the two are not safe, the former is relatively better.

“Sicilian things, I am still waiting for your explanation.” Luo Yibei leaned back on the pillow of the bathtub, watching her quietly, no expression.

Fang Chixia was silent for a while after his words, and everything was confessed. “I am coming to Rongxi.”

The expression on Luo Yibei’s face was obviously stiff, and the face that had been half-faced before was obviously sinking.

Fang Chi Xia quietly observed his reaction, and his heart tightened.

Luo Yibei was silent for a long time after her words. Her eyes looked at her coolly. The words were ironic. “Is it so fast to get into the Luo family?”

Fang Chi Xia actually guessed that he would be so misunderstood, this is why she has been glaring at him.

However, now that he heard him say it, his body and mind are still cool.

It felt like it was in the snow and ice, and it was cold from head to toe, but she did not explain.

He is willing to understand what is his business, she is good to be herself.

“Working in the hands of praise?” Luo Yi asked with no expression on the north side.

“Yeah.” He seemed to know what he had before, otherwise he wouldn’t go to Shi Yangyang last time. Now, in the words, Fang Chixia is not unexpected, and he admits it.

Chapter 115: Give you a chance now

Luo Yibei sank and breathed, his eyes closed, and then opened, the sound was still cold and cold. “The young lady who wants to be Rong Xi is not just a step closer to the Luo family!”

Fang Chi Xia’s hand with a towel tightened tightly, knowing that he was sarcasm, but still did not defend himself for half a sentence.

In fact, he hates that she is not a bad thing.

At least, in this case, if the marriage of the two ends after four years, it can be done simply.

Luo Yibei looked at her quietly, and she actually had a little expectation that she could explain a few words for herself.

Who knows that she was silent from beginning to end.

Is this the default?

Such a woman, his chest suddenly added some congestion.

The long arm took her neck and took her to her arms. His voice was so cold that there was no temperature. “Since it is so painstaking to think about the position of the lady, I will show it to me now! ”

His words are a great irony to her, and she is also striking her with her dignity.

From the beginning to the end, he always felt that she had no difference with the women who were in his status. All that was done was to pave the way for entering Luo family!

And he, the most disgusted, is that kind of woman!

Fang Chi Xia is stiff and the beard bites the lower lip tightly.

“How? I don’t understand? Do you still need me to teach you?” Luo Yibei looked at her coldly, her eyes swept over her face, and the words were ironic. “I don’t understand this. How do you put the position?” Sitting steady?”

Fang Chi Xia’s fingertips slid into the flesh of the palm of his hand, and the joints were pinched slightly white.

Luo Yibei quietly observed her reaction, and the twilight was more heavy.

In fact, he often does not understand Fang Chi Xia.

She said that she and the women who blamed him for his status and status, the last time I saw Lorch in the hospital, so a good opportunity for her to pull into the Luo family, she did not go in.

It is said that she is different from ordinary women, but many things she has done are unclear.

For example, the meeting did not propose to marry two people, such as this incident.

Luo Yibei sometimes couldn't see her.

Is her city too deep to hide her heart, or does he think she is too complicated?

Luo Yibei couldn't figure it out and didn't want to think about it.

"I am waiting for your performance!" Cold face, he reminded.

Fang Chi Xia's hand clenched his hands and tightened, then tightened, but he finally loosened.

Raising her hand, she slowly began to disguise her clothes.

Luo Yibei quietly observed her reaction, watching her seem to feel humiliating eyes, eyes seem to be tied up.

When she was almost finished with the clothes, his wrists were cold and her hands were buckled. "Go out!"

Fang Chi Xia was a glimpse. After returning to God, he looked at his eyes a bit strange.

"I still want to continue?" Luo Yibei eyebrows pick one, the eyes are more sinister, cold charm.

"I will go out soon!" Fang Chi Xia flustered to sort out the clothes, opened the door and rushed out.

She left very quickly, it seemed awkward, and she was still wet.

Luo Yibei's gaze glimpsed on the water stains on the ground, scorned, let the warm water above the top of his head wash his body, wrapped in a bathrobe and went out.

When I came out again, Fang Chi Xia backed him on the open-air balcony and seemed to be letting the room service deliver clothes.

## Chapter 116: Desire

Luo Yibei looked at her quietly, her eyes moving up and down on her body.

Fang Chi Xia did not seem to notice him behind him, and she was still facing the waiter with her clothes.

She is in Italian, speaks fluently and speaks purely.

Her tone is very beautiful, it seems that which language is particularly nice, the sound is clear and pleasing, and it is as comfortable as a veil.

Probably the clothes were soaked and cold, and when she spoke, occasionally accompanied by a few coughs.

After talking on the phone, he turned his head and turned to prepare to go to the house. His eyes were cold and he was hitting him.

Fang Chi Xia was shocked by him, and his face had a flash of confusion.

How come out and not scream?

“Hello! I just gave the waiter a confession. Your clothes will be sent up later. I will take a shower first.” Calm down, she walked over without any problems, and went straight to the bathroom.

There are no extra words.

Luo Yibei's line of sight followed her figure and looked at her quietly, her eyes thicker.

After a while, I am so courageous to be able to marry a man directly. If she is away from a moment, what is she?

Want to be embarrassed?

Fang Chi Xia spent a long time in the bathroom, buried himself in the warm water of the bathtub, all the parts below the neck were buried in the water, only buried in the face, as if this can cool the heart of.

In fact, she does not blame Luo Yibei for misunderstanding her purpose of marrying him. Two people who don't even know each other suddenly let him promise to blame himself.

Normal people may think more.

Her heart is just not a taste, listen to him when he is ironic about this.

I don't know how long I spent in the bathroom. When I came out, Luo Yibei was no longer in the room.

A few people had to attend a press conference in the evening.

Fang Chixia only went to him when he was busy, and did not pay attention to it. Instead, he chose the dress he wanted to wear at the press conference in the room.

She chose a long dress in the sea blue, and she rolled her hair very casually. She turned and went to the restaurant downstairs.

When I was at the elevator, I just bumped into Luoyibei. Seeing her from this side of the money, his gaze glanced at her and his eyes flashed a touch of stunning.

Fang Chi Xia's dress is very casual to wear, the texture of the gauze, a small piece on the back, the folds on the chest, and the shoulder strap is a narrow piece of lace.

There are no extra decorations, no even a dot pattern, and the gradually dyed blue creates a layered feel. The style is actually very simple, but wearing it on her is an unspeakable beauty. Xianqi is the most suitable word to describe her, especially when wearing long dresses.

In the lotus step, you can think of the fairy in the water in the sea and the sky.

Luo Yibei looked at her with a sigh of relief, and she was surprised by her tonight.

Fang Chi Xia did not realize how well he looked like this. He walked a few steps and pressed the elevator button.

“叮铃” sounded together, two people entered together, and no one spoke.

The atmosphere was a bit weird.

Luo Yibei is used to her, who can make some noise from time to time. Suddenly it is so quiet, but some are not suitable.

The eyes slanted to her, just ready to say something, “叮” is another sound, one layer.

Chapter 117: a third party who suddenly entered

The door of the elevator automatically opens slowly.

Fang Chixia walked in front and was just about to go to the restaurant. The door of the other elevator next to it was also opened, and Shi Yanyang's figure came out.

This coincidence made her somewhat surprised.

Seeing him, she changed the coldness in the elevator before, and if she had nothing to do with him, "How long will the conference we attend at night last?"

"More than an hour!" Shi Yanyang did not notice that there was still a Luo Yibei who did not come out, and smiled back to her.

"Is it inconvenient to return to Sicily by then?"

"It doesn't matter, it doesn't take much time, it will take a few minutes."

"Have you used your meal? Let's go together?"

"it is good!"

Two people walked and talked like old acquaintances, from beginning to end, they ignored the people behind them.

Luo Yibei brow wrinkled, cold and calm face a few steps to go up, one stop between the two, the hand quietly moved Fang Chi Xia.

This kind of thing he did not usually do, Fang Chixia did not notice any difference, but in the eyes of Shi Yanyang, it was obviously more possessive.

This is a signal transmitted between men. Shi Yanyang naturally understands at a glance.

His eyes glanced at his hand holding Fang Chi Xia, and Shi Yanyang's eyes were a bit stinging, and he quickly moved away if nothing had happened.

"Come." He greeted him and he walked in front of the restaurant.

Luo Yi North stopped at the end, and did not make more reminders.

Shi Yanyang is such a shrewd person, he knows that the other person can understand.

Release Fang Chi Xia's hand and follow up a few steps. The two people chatted as usual.

"How long will you stay here?" Shi Yanyang was the first to speak.

“It is still unclear. It is currently set for seven days, and there may be changes in the back.” Luo Yibei recruited the waiter, ordered three people’s food in fluent Italian, and handed the menu back.

The dish had not been delivered yet, and Schloor glared at a blonde and walked over.

“Do you mind sitting together?” He was a nervous man, and he sat next to Shi Yangyang, and the woman who came with him sat down with Fang Chi Xia.

A few people are sitting on the sofa chair, long, the two people have been sitting very loose, now more personal, it seems a bit crowded.

Fang Chi Xia was directly squeezed by the woman to the top of Luo Yibei.

And the woman’s legs are still very long, overlapping when sitting, standing in the space for a majority, Fang Chi Xia was forced to body and Luo Yibei posted together.

Her face was a little uncomfortable, and Luo Yibei was nothing. She still drank herself with a cocktail in her hand.

Fang Chi Xia is very uncomfortable, but Shi Luo’s friend, she is embarrassed to say anything, can only be in this position, so it is so crowded with Luo Yibei.

However, such a close distance, dining is not very convenient. When I raised my hand, I even rubbed it on the chest of Luo Yibei several times.

That feeling is like being tempted and confused.

Fang Chi Xia’s face was a little hot, his eyes were uncomfortable, and he finally lowered his head and ate his own.

“You are very hot?” Luo Yibei gaze at her face, faintly floating out.

“Weather reasons.” Fang Chi was busy with his head and continued to use his own meal.

“The air conditioner is here.” Luo Yibei reminded me with a sigh of relief.

Fang Chi Xia was blocked by him, and he simply filtered his words.

Chapter 118: baby.....

Luo Yibei did not say much, carelessly took the fork and cut the beef.

His taste is actually very uncomfortable. He was shackled by a woman for so long, his body was tight, and when he was dining, his eyes were the food in the plate, but his mind was full of softness when her body was against him. Touch.

For a dinner, it is not a taste for two people to eat.

Fang Chi Xia is a scorpion, Luo Yibei is not thinking about where to go, and his eyes even a few times in the place where the two bodies fit together.

At the end of the dinner, I will go to the conference, and Fang Chixia is the earliest.

I really couldn't stand the atmosphere between Luo Yibei, which seemed to be able to spark the air. She ran out without eating much.

Luo Yibei and Shi Yanyang followed several people, and the press conference is now a little late for her.

After Fang Chi Xia arrived, he strolled around at the jewelry counter.

The footsteps just took a few seconds, and the call of a clearer behind him suddenly sounded, "Noah!"

The strange female voice, using Chinese, is also called the most close person around Luo Yibei.

Fang Chixia stared at the beautiful jewels on the scene and watched quietly. He had not prepared to pay attention to it, but the corner of his eye was accidentally swept to the direction of Luo Yibei.

Luo Yibei and Shi Yuyang stood together, and the appearance of two people was like the spotlight of a few kilowatts suddenly disappeared. All the light was instantly absorbed by the two.

The two men in different gas fields, but they are equally outstanding, attracted the attention of many people present at the scene.

A few meters away, a slender figure came towards the two.

The comers seem to be very familiar with the relationship between the two. After that, they first greeted Shi Yanyang and then directly supported Luo Yibei.

When she did this movement, it was very natural. It felt like

the two people's meeting was often like this.

"You didn't tell me that you have to come." He hugged him for a while, loosened his body, and the girl's arm was changed to pull his arms.

She was particularly beautiful when she smiled. It was like a red world in a snow-white world. The eyes were still as bright as the stars in the dark night.

This is a very beautiful young girl. With her appearance, the eyes of the three people look around, especially when looking at the girl, her eyes are envious and hateful.

Luo Yibei saw that the girl's mood seemed to be obviously better. Her lips were stunned, and people who had never been laughing, even showed a smile to her.

Fang Chixia recognized the girl. She had seen it before when she was at Luojia.

The woman who was holding the double-entry pair in Luoyi North in the banquet hall was as beautiful as the one in the painting.

A girl who is very well matched with Luo Yibei. When they are standing together, no one will question whether they are not a pair.

Fang Chi Xia and a few people are still separated by a few meters, but it is very clear that Luo Yibei called the girl "baby."

When he called her name, the corner of the lips was slightly hooked. The kind of pet that naturally appeared in the tone, the eyes of the girls who were not on the scene were drunk.

Fang Chi Xia Jingjing looked at the crowds like a sultry pair, his eyes fixed in the shallow corner of Luo Yibei, the hands holding jewelry were stiff.

## Chapter 119: Into the bones

baby.....

How deep is this to be able to call a person's name so tender? Fang Chi Xia did not see Luo Yibei who had been like this, staring at the two people under the light for a while, his eyes moved without any problems.

Since the girl who was called "baby" by Luo Yibei appeared, his attention seemed to be all on the other side, and he was talking to the girl all night.

Shi Yanyang was also on the scene. He didn't know who said something in the middle. The girl named Baby was teased and laughed.

When she smiled, she was very bright, and her head was still on the shoulder of Luo Yibei from time to time. The two men were like a couple.

Fang Chi Xia is like an abandoned Cinderella. From the beginning to the end, he stands in silly at the press conference. Instead, Shilo will come to accompany her from time to time. She will tell her jokes in French and will do some funny things. The expression teased her.

"Isn't it happy to stay here? Or will I take you away?" Shilo accompanied her in a row of jewellery counters, walking, and she was talking behind her.

"No, I still want to stay here for a while. It's hard to come out once. Shouldn't you open your eyes more?" Fang Chixia's attention is in the jewelry in the counter, staring at the pieces of the work. Fascinated.

The works displayed tonight are very beautiful, and there are several models that are Rong Xi.

Fang Chi Xia especially likes the style designed by Rong Xi designers, each one is amazing, and each one is unforgettable. Schloed did not care about her, and did not say anything.

A jewellery show lasted for more than an hour.

At the end of the game, Luo Yibei and the girl had disappeared. Shi Yanyang was at the exit and seemed to be waiting for her.

"I will send you back!" Seeing her, Shi Yanyang walked over in a few steps.

"Good." Fang Chi Xia did not say anything, but his eyes could not help but glance at the scene, did not find the figure of Luo

Yibei, and left the scene behind the Shi Yanyang brothers.  
It was almost ten o'clock when I returned to the hotel.  
Luo Yibei has been with the girl tonight, Fang Chixia guessed that he should not go back here at night, took a bath, changed into a sleeping clothes and went to bed.  
After half an hour after lying down on the bed, a card sounded outside the door and the door was followed.  
Fang Chi Xia Yi, the consciousness of not fully falling asleep suddenly wakes up, but did not open his eyes.  
When she walked in such a familiar road, she knew that it could only be Luo Yibei.  
What is strange about her is how did he come back?  
Didn't the girl like the one who is as beautiful as the picture go?  
Every time Fang Chi Xia saw the two people together, they would be shocked once, mainly because of the girl's eyes, and the natural excitement of the tone.  
This way, he made her very incomprehensible, and she already had such a favorite girl. Why did she agree to marry her?  
Fang Chi Xia Ba Si can't understand, the more he wants to sleep, the more he sleeps.  
After Luo Yibei entered the room, he went to the bathroom to take a shower.  
After spending a few minutes in it, I came straight to the bed. He did things very directly. He opened the sheet and lay down behind her, and no matter she was asleep, she picked up her bathrobe and went to her clothes.  
Fang Chixia thought of his intimacy with the girl, and he was somewhat resistant to his behavior. He reflexively flipped his body and avoided his movements...

## Chapter 120: Sleeping in this position

Luo Yibei had some surprises about her reaction. The hand that stretched out was lost, and for a few seconds, it stretched again.

When he wants to do something, he won't worry about waking her up. On the contrary, if she wakes up, he will be more comfortable.

For Luo Yibei, it is better to wake up, wake up and do something more convenient, and will not make him feel like he is self-confident.

Fang Chixia was slightly annoyed at his behavior. One hand pressed his unruly hand and the body flipped again, pulling himself away from him.

Luo Yibei hit the wall several times, his eyes sank, and the long-armed salvage took her back to her arms. When she turned over, she pressed her under her body.

The tall body pressed her tightly, his lips slid up at her lips, and the other hand broke away from her control and slammed into her bathrobe.

When Fang Chi Xia thought that he would return from other women, his inexplicable feelings were somewhat resentful.

When the lips touched each other, the bite one bit him.

Luo Yibei's brow wrinkled and his eyes fell on her face.

What happened to this girl today?

"It's too late, it's time to sleep." Fang Chixia did not explain it.

When he turned around, he buried his head in the sheet and ignored him.

Luo Yibei's hand is still in her bathrobe, and this pose is a bit weird.

Fang Chixia felt very strange when she fell asleep. She wanted to pull out his hand. Luo Yibei drilled his arm into her waist, but she took advantage of her.

In this position, Fang Chi Xia was held behind by him, and his back was against his chest. They often do this when they are sleeping, and they are very close.

If it wasn't for his hand still staying in her clothes, in fact, this kind of sleeping position is liked by Chi Chi Xia. In his arms, she will feel inexplicable and feel no peace of mind.

It will not be the same as when I lived alone in the past few years, even falling asleep is sincere and fearful.

The real problem is that his hand is still in her bathrobe. What makes Fang Chi Xia uncomfortable is that his palm position is just placed on her chest. Fang Chi Xia was very embarrassed, but seeing that he did not continue further, she did not go to the drowning. In the distorted psychology of Luo Yibei, if he is really opposed to him, it is very likely that he will intensify his toss. After getting married for a few days, Fang Chixia had more understanding of him. He did not insist on taking his hand out. He just tried to open his arm from his mind with his eyes closed, even with him. I also want to squeeze out of her mind. Luo Yibei did not know what happened to her tonight. He can continue to do whatever he wants, but seeing her face that she is not interested in anything, she consciously and ruthlessly resisted. Two people slept in such a strange posture for a night, and when they got up the next day, Fang Chi Xia Xian Luo Yibei woke up in a few minutes. I got out of bed and changed my body to a casual dress. I wanted to go downstairs for dinner. The ringtone of Luo Yibei suddenly rang. It seems to be the sound of text messages, and the sound of “tick” water droplets is particularly clear in the quiet room in the morning. His cell phone was placed on a sofa chair, and Fang Chixia walked out the door just past the chair and took a look at his screen. If you don't see anything else, you will see the word “baby”...

Chapter 121: Give her to me

Baby, very relative name.

Fang Chixia did not think that this might be the original name of a person.

Her first reaction is that this is a man's exclusive name for a woman, and only when she is deeply pampered by a person, will she call the other person.

"True meat!" Did not think that Luo Yibei, such as the cold and cold outside, also had such a side, she spit a sentence, opened the door and went out.

When I came to the restaurant, the Shi Yanyang brothers happened to be there.

Shilo's old arm shook her arm and said hello, "early, summer and summer, here!"

Fang Chixia walked over and naturally sat down in the opposite position of the two.

Shi Yanyang is going to return to China a little urgent today.

He has to rush to the airport after breakfast.

Fang Chi Xia really wants to go with him, but, scruples to Luo Yibei still, she is only thinking about it.

"I will send you later!" He looked up at the handsome man across the street and she offered to ask.

"Okay, okay!" Waiting for Shi Yanyang to agree, Shilo answered him instead of him. Who knows that he had a sharp eye.

Shi Luo licked his mouth and looked at the window if nothing happened. "When I didn't say anything."

Looking towards Fang Chi Xia, Shi Yanyang's voice is faint.

"You've been running around these days, you should be tired too, just take a good rest at the hotel."

Fang Chixia didn't think he was so considerate, and his lips couldn't help but bend.

At the mouth of the restaurant, Luo Yibei, who got up late in the evening, came to this side and was on the phone while walking.

When Fang Chi Xia saw him talking, he was reflexively thinking that he was talking to the baby.

When Luo Yibei came over, her body unconsciously shrank inside and opened a little distance with him.

This is a obviously repulsive movement, and it feels like it is

even too close to him.

Luo Yibei stunned, looking at her side, her brow wrinkled. Fang Chi Xia continued to hold his own tableware to eat his own.

Luo Yibei hung up a few short words and turned his eyes to Shi Yanyang. “The baby asks when you will leave, whether you want to be with her.”

“The little princess is talking, do I have room for rejection?” When mentioning the name, Shi Yanyang’s eyebrows were also softer.

“That’s good, you will be with her later.” Luo Yibei simply confessed that he had just eaten with tableware, as if he had thought of something, his face was lifted up.

Suddenly an action made Fang Chi Xia stunned.

Luo Yibei looked at her and looked at Shi Yanyang, who was opposite, and asked blankly. “She is part-time in your hand?”

“Yeah.” Shi Yanyang took a sip of milk in his hand and answered it simply.

Luo Yibei has a thin lip and a direct opening to ask him, “Let me!”

In a word, let Shi Yuyang smash, and Fang Chixia is also a glimpse.

This problem was thought before Fang Chi Xia. She did not tell him that there is another reason for Rong Xi.

If he knows, she thinks he will turn her over in all likelihood! However, she did not want to be with him at all.

When two people go home every night, they have to face it. Now they can see him at any time during the day, which makes Fang Chi Xia very uncomfortable.

After turning to his side, she was afraid that the two were close, and they could see it at any time. I didn’t know if he would make some animals in the office...

## Chapter 122: Missing honeymoon

It is always weird that two people who are married are in an office.

If you are hit by someone who doesn't want to see the picture, you don't know what kind of news will happen when you get there.

This is not the result of Fang Chi Xia.

At the thought of this problem, her heart was a bit flustered, her eyes were nervously looking at Shi Yangyang, and she waited carefully for his answer.

Shi Yanyang just watched her at this time. She saw the reluctance in her eyes and turned her eyes to Luo Yibei. She spit out two words without changing her color. "No!"

He said very resolutely that there seems to be no room for negotiation.

Luo Yibei's hand holding the tableware was stiff, his face lifted up, his eyes on his eyes, and his eyebrows picked him up. "Reason?"

"As a fully democratic boss, when I decided to leave the staff in my hands, shouldn't I respect the employee's own meaning?" His meaning is very simple. People are not happy with Fang Chi Xia, he is not Reason for letting go.

Luo Yibei is a glimpse, and his eyes are looking at Fang Chi Xia.

When Fang Chi Xia heard Shi Yanyang's words, he just took a reassurance, and this time was much more practical.

As if she didn't see his eyes, she lowered her head and she continued to use her own meal.

Luo Yibei looked at her movements quietly, her eyes were deeper, but after all, she did not resist her.

This question, when two people at night, he will "communicate" and "communicate" with her!

Fang Chi Xia was flustered by his eyes, and it was not a great taste to eat a meal.

Shi Yanyang looked at the time of the watch. It was time to leave. The breakfast was not settled. Then he stood up. "I am leaving, you use it slowly."

"Do you need me to send it?" Luo Yi looked over at the north side and looked at him, and asked him.

"No, you just have fun." Shi Yanyang did not return, went

straight to the restaurant.

Shi Luo followed behind him and took a few steps. He couldn't help but float out, "Is it so good for summer and summer?"

He still doesn't know the relationship between Fang Chi Xia and Luo Yibei. When asked this question, he was very confused.

Is it safe to leave a woman and a man alone in the hotel?

In Schroed's view, even a safe place for two people in a hotel would become unsafe.

"How big is it?" Shi Yanyang replied very perfunctorily.

"But here is the honeymoon holy place!" Sloyan high decibels came out again.

Shi Yanyang turned back and said, "Are you still going to stay?"

Schloed was silenced by him, touched his nose, and followed him a few steps. "Who said that I want to stay, how good the country is! Better at home! I want my family to be awkward!"

The figure of the two people went further and further and finally disappeared behind the hotel.

Fang Chi Xia has been in a messy state since he heard the "Honeymoon Holy Land" that Shi Luo was unintentional.

Yes, Sicily is a honeymoon holy place.

However, what is left for Luo Yibei?

Fang Chi Xia has not forgotten the baby, she will not be narcissistic, thinking that he wants to stay with her to make up the honeymoon that two people missed after marriage. When thinking about this problem, all the heads are not solution.

Luo Yibei did not explain, still holding his own dishes with carelessness.

A breakfast is actually not much, but the time for two people to eat is very long.

Chapter 123: Even so open

Finally, a breakfast was settled, and Luo Yibei walked in front of the hotel room.

Fang Chixia followed behind and took a few steps. He couldn't help but ask, "Is there anything else left to be left here?"

"What do you mean?" Luo Yi looked over the north side, his eyes swept over her face, and how to listen to a sentence was a bit meaningful.

I don't know if I think too much, and I don't want him to misunderstand. She corrects the wording, "Official."

"Almost." Luo Yibei gave her an answer and continued to go upstairs.

What is it almost?

Fang Chixia did not understand his answer.

Is it almost that she guessed it or guessed it wrong?

Still, the main reason he left is not because of official business?

"Luo Yibei, you explain clearly!" Fang Chi Xia did not understand his words, followed him a few steps upstairs, back to the two rooms, Luo Yibei lazy lying on a beach on the open balcony Sunbathe on the chair.

He seems to be quite idle, and his expression is still very pleasant, not like a person with a business.

Fang Chi Xia entered the house, and he arranged his clothes very casually. He thought of his conversation with Shi Yanyang this morning, his eyes turned to him, and he tentatively asked, "Why didn't you send your baby?"

What she really wants to ask is that your baby has to go, why don't you send it.

However, considering the wording, it seems that the taste is too sour.

It feels like jealous.

Luo Yibei did not seem to expect that she would suddenly come up with such a problem. After a few seconds, she faintly said, "There are a lot of people accompanying her, not missing me!"

Nowadays, the baby travels with the stars, and there are so many people there when you go. It doesn't matter if you don't. His tone was very dull and he didn't have any sour taste. He

made Fang Chi Xia stunned.

So open?

Luo Yibei had his eyes closed for a while, and when he thought of Shi Yanyang's departure, his heart suddenly felt uncomfortable.

Looking around her face, staring at her, he asked, "Come here!"

Fang Chixia was seen by him as having a bad feeling. He ignored his words and continued to sort out his luggage. "I am sorting things out."

"I don't like to repeat the second time!" Luo Yibei's nephew was slightly stunned, and his eyes reflected a dangerous light. Fang Chi Xia police glanced at him slyly and stepped back two steps.

She did not eat his loss in this respect. What does he mean when he speaks this way, she is very clear.

The heart jumped a bit, and the face was not very comfortable, but she was acting as if nothing had happened.

Looking at the phone, she opened the subject. "It's only nine o'clock, it's still very early. Are you not wearing clothes for change? If you want to stay here, are you prepared a few more sets? Let's go out and go shopping. Can you go here?"

Her proposal was to prevent the two from spending the whole day in the room. Who knows that Luo Yibei followed her and he said, "You want to send me?"

When he said this, he was very sloppy, and he still had a good look.

Fang Chi Xia Yi, he was blocked by him silently.

Luo Yibei wears Armani from the beginning to the end, like GUCCI, I am afraid that her poor student will not pay enough for several months, can she afford him?

Luo Yibei is still watching her, I don't know if it is the illusion of Fang Chi Xia. I always feel that his eyes still have some expectations...

## Chapter 124: First gift

Fang Chi Xia was so watched by him, and he didn't know how to answer it.

Silence for a while, biting his teeth and nodding his head.

“Good.”

She only promised to send, as for what price to send, it was decided by her.

After he sent it out, he couldn't wear it. That was his business. Both of them have been here for two days. Before that, they were busy with the press conference. They didn't have time to turn here. Since they came here, it's better to go out and stay than to stay at the hotel.

Luo Yibei did not expect her to promise so refreshed, and he was obviously surprised by her words.

“Let's go!” Fang Chixia walked in front, first he went outside the room.

At the elevator door, waiting for him for a few seconds, Luo Yibei followed and walked out.

Sicily is just an island. Although the island is not small, it is not as convenient as shopping in Milan.

Two people walked on the island for most of the morning, and Fang Chixia finally chose a white shirt for him.

Matte silk crepe, the style is very simple, even without any extra decoration, just ingeniously used a black grosgrain ribbon at the neckline to make a bow to decorate.

It's not a big name. If the price is converted into RMB, it's about 500. It's very cheap for people like Luo Yibei.

But the other side of the pool and the average person, this is not cheap, this is the price she can afford.

The style of the shirt was chosen by Fang Chixia. Luo Yibei stood behind her from beginning to end and did not express any opinions.

The money is also paid by Fang Chi Xia, using her own money.

When two people walked out of the store together, Fang Chixia's mood was a bit tangled.

What is she doing to promise to send him clothes?

Fang Chixia feels that she is completely looking for bitterness.

It is a problem to buy it and wear it. The most important problem is that she and he are only secretly married. Why does

she have to do this kind of thing that the wife should do? ?

“I don’t have much money, the rest, or do you come by yourself?” The man who looked at the front, she handed the shopping bag in his hand to him.

“A fool.” Luo Yibei gave her a look, faintly threw her two words, took out her card and handed it to her palm, and walked to the front to go elsewhere, “Continue.”

When he said this, the tone was very complicated, as if it was extremely speechless to her, and it seemed to bring a little bit of pain, but it seemed to be a little pleasant.

Fang Chi Xia Yu was in the same place, staring at the back of his departure, and he did not respond for a long time. He said what the tone meant.

It’s a bit silly to think of her, obviously she has his card here, why should I use my own money?

She should take out his card and go to a store very broadly.

With a very tangled mood, Fang Chixia followed him in a few steps, took his card, selected a shop, helped him buy a full set of several sets at once, and even chose not to choose.

In fact, it is not so important to choose the election. The person like Luo Yibei thinks that even if he is allowed to wear a roadside stall, he should be able to wear a sense of nobility. Carrying the packaged bag, Fang Chixia followed him behind his errands and returned to the hotel one morning.

After Luo Yibei went back, he kept staring at the shirt. Later, Fang Chixia bought so many clothes with his card. He didn’t even look at it. In Fang Chixia’s gaze, he even waved at her, “come!”

Chapter 125: Handsome and dizzy

Fang Chi Xia walked stiffly and looked puzzled. “What happened?”

Luo Yibei stood up, his chin lifted up, looked at the shirt next to his eyes, and then floated a word that almost made Fang Chi Xia, “Help me try!”

Fang Chi Xia Wei looked at him, and some doubted that he had not heard it.

He actually wants to wear it!

“Do you need me to repeat it?” Luo Yibei’s eyebrows picked up and smiled and picked up the shirt and gave it to her.

Fang Chi Xia was stupid, and his head was a little dizzy.

Her head was stiff and slipped several times when she lowered her head and helped him to wear the button on the shirt.

He would wear what she didn’t expect.

However, why do you want to help her clothes?

Fang Chi Xia did not figure out, but did not refuse, but continued to help him solve the button.

The buttons on all the shirts of Luo Yibei are all diamonds, very luxurious, low-key luxury, smaller than the average button, not so good.

The speed of Fang Chi Xia was a bit slow, and finally it was finally tossed up. After he was replaced by her, the accidental discovery was very fit.

Luo Yibei seems to be quite satisfied with himself. He even stared at himself in the fitting mirror. If Fang Chixia pays attention to the observation, he can even see that he does not have the raised lips.

He stared at the mirror for a long time, the curved chin was gently lifted, the scornful eyes were not uncomfortable with cheap clothes, the gas field was still the same, and the temperament was the same honor.

Fang Chi Xiu quietly looked at him like this, his eyes could not help but lost his loss.

Fang Chi Xia sent his shirt is white.

Luo Yibei can’t wear white. Originally, the facial features were dazzling enough. After wearing white, the face of the face made Fang Chixia feel a little dizzy.

The feeling was like a sudden glare in front of him, and his eyes were involuntarily absorbed by him. Once he stuck on

him, he could no longer move away...

Fang Chixia stared at the \*\*\*\* he had made for a while, and he didn't even notice it.

Luo Yi's northern corner of the eye slanted to her reaction, and the eyebrows picked it up nicely. "Do you see enough?"

His own gas field is cold-type, but when he is doing this action, he has a special evil spirit. Fang Chixia has returned to God, his eyes are uncomfortably removed, and his heartbeat is a few beats faster.

"I just want to think about things." Calm down, she explained for herself.

Luo Yibei did not say much. He took care of the ribbon on the neckline of the shirt. He took the dress and took the coat next to him.

"Would you like to go out?" Fang Chixia returned to God and asked casually.

"Yeah." Luo Yibei faintly responded, added another sentence, "Change clothes and stay with me at night."

Fang Chixia wants to ask a question "Where to go."

However, thinking of my position, I held back the impulse.

She has no position to control him so much.

Nothing to say, she went to the front of the suitcase and took out a long dress and changed it for herself.

When the two started, it was the evening. The place where Luo Yibei took her was a big castle.

Fang Chixia later learned that it was Italy's ancient history, and the ancestors were the home of the nobles.

It was a very elegant lady who met the two. Luo Yibei seemed to meet with the man for the first time. Before and after, he and I greeted the man in Italian.

When the words are exported, then the situation appears...

## Chapter 126: Surprising

The Italian language of Luo Yibei is actually very fluent, but he is talking about standard Italian.

The lady returned to him was a local language, and the speed of speech was very fast. He said a lot of things, and Luo Yibei seemed to be obviously stunned.

There are many local languages in Italy, and there are many differences. Even if you are proficient in standard Italian, many dialects don't understand.

The other party's words, Luo Yibei did not understand a word...

This is actually the first time he met the lady. He came here to visit the wife of Daisha. I don't know that this will happen.

Luo Yibei spent a few seconds after the words of the man. In fact, he did not know what the other party said, but his face did not show it.

When thinking about how to solve this problem, a fluent Italian local language sounded loudly. "I am honored to be here to meet you, thank you for your personal reception, and thank you for your dinner. We will play." Very happy!"

Very clear voice, warm and moist, like the flowing water, the speed of speech is not fast, the word spit is abnormally clear. The words are Fang Chi Xia!

Luo Yibei, a glimpse of the eyes, looked at her eyes clearly with an incredible.

Fang Chi Xia Guangguang is looking at the lady, the beautiful chin is gently lifted, the lips are bent with a light smile, a look of calm.

Obviously she understood the meaning of the man, the lady even hugged with her, and said a few words with her did not know what it was.

Fang Chi Xia only smiles with a smile, courtesy and not lost the humility of the younger generation.

Luo Yibei obviously did not expect that she would actually speak the Italian local language, so I stared at her for a while, and his eyes showed a rare appreciation.

He handed her a delicate jewelry box to her, and his voice was faint. "Tell her, this is the meeting that my mother told me to transfer. My mom designed it myself."

Fang Chi Xia overtook the jewel box in his hand and handed it

to the old lady politely. Then he casually confessed his change to the other person in the local language. “Madam, this is designed by Mrs. Luo personally. I will give it to you as a meeting, I hope you will like it!”

The old lady heard the name of the sand weaving star seems to be a bit happy, her eyes are bright, and the box is opened in front of the two.

Lying inside is a necklace, very graceful and luxurious necklace. The pendant is made of many emeralds of different sizes and shaped into a shuttle type. The chain is made of white diamonds and platinum. It is worthy at first glance. The lady seemed to like it very much, handing the chain to her and letting her wear it for herself.

Fang Chixia carefully picked up her hair and carefully helped her to wear it. She continued to say this in her dialect and her. “In our east, emerald symbolizes eternal life, and there is a widely circulated one. The story is about an Eastern king and queen in the distant age...”

Her voice is very sweet. When she talks, it is like a torrent of water. Just listening, it makes people feel very comfortable, and there is a feeling of flowing water.

The old lady obviously liked her very much, listening to her and her eyes were bent.

Luo Yibei listened quietly beside him, his eyes quietly falling on the side of Fang Chi Xia, slightly disappointing.

## Chapter 127: Cruise ship night

The place where Fangchi Xia was standing was just facing a crystal lamp. The light was laid down from the top of the head. A clear silhouette was placed in her eye socket, and her face curve was unusually soft.

At this time, she was particularly stunning, not from the external image, but from the inside and outside of the conversation, so that she was so beautiful that she could not move her eyes.

Throughout the visit, Fang Chixia was chatting with the lady all the time. Luo Yibei was only responsible for giving orders from beginning to end. All the words mentioned were limited to “tell her XXX...”.

It is already more than nine o'clock at the end.

The old lady seemed to want to leave the two, but was denied by Fang Chixia.

When he walked out of the villa, the man gave back a necklace to Fang Chi Xia, a sea of blue diamonds, saying that it can bring happiness.

The old people would generally believe this. Fang Chi Xia did not take care of her words. After leaving the castle, Luo Yibei took the necklace away.

On the way back, Luo Yi North car drove halfway, thinking of her performance in the inside, asked coldly, “How can this be?”

He refers to the Italian local language.

“The teacher in charge of this class is just in this place, just follow him for some extra study.” Fang Chi Xia faintly returned to him, his eyes turned to the window.

The night view of Sicily is very beautiful, the stars in the darkness are shining like diamonds, and the lights of the half of the mountains are shining down, making the whole mountain view beautiful.

This is Fang Chixia's first serious look here.

After three days have passed.

A beautiful place, when the car is driving on the road, there is a dream of entering the world of dreams, and it is beautiful everywhere.

The music is played in the car, Chi-Di-Dotte, a soothing Italian song, about the night, and the night view outside, the melody

is very gentle.

The car was quiet and neither of them spoke.

Fang Chi Xia's full attention is falling outside the window.

Finally finally arrived at the hotel, wanted to go in, but was called by Luo Yibei behind him. "As a gift and a reward tonight, I will take you to a place!"

Fang Chi Xia Yi, the foot stopped, his eyes looked at him. "Come on!" Luo Yibei walked in front and led her to the direction of the sea.

Fang Chi Xia hesitated, but still followed him out.

The two crossed an alley and finally came to a cruise ship by the sea.

Very beautiful sea-going ship, pure white, the lights in the night are lightly opened, and the beauty is somewhat dreamy.

Luo Yibei first stepped up, she was on the seesaw, and she turned her head. Her eyes turned to her behind her, and she glanced at the shoes on her feet and opened her hand to her.

Fang Chixia followed a few steps and handed him his hand.

She is wearing a high-heeled heel, the board is not stable, and it is relatively good to support Luoyibei.

Behind him, two people walked on the cruise ship, and she guessed the purpose of the two coming to this place.

What time is it here?

Shouldn't he be prepared to go back tonight?

Fang Chi Xia was very confused. He took it and asked him directly. "Are we going back tonight?"

"Is there a bad time to go back?" Luo Yibei squinted at her, her eyes lingering on her face for a few seconds.

Fang Chi Xia was seen by him.

Is there any difference?

## Chapter 128: Cruise Night (2)

Luo Yibei did not explain, but took her to the cabin.

The place where the two finally parked was the deck. When it arrived, it was already decorated.

A circle of orange lights lit up around the guardrail, and the sly lights slid quietly, making the whole night more blurred.

There was a small table in the position of the bow of the deck. When the two arrived, they had already placed some food and red wine. The candlelight swayed at the table and it was seen that they were prepared in advance.

Fang Chi Xia Yi, did not expect that he would bring her to such a place.

Staring at the boat for a while, she was surprised by his arrangement.

She does not think that Luo Yibei will be an emotional person. Two people are only invisible, and he does not need to be in love with her.

“Go!” is missing, next to him, his voice suddenly sounded.

As always, the cool voice, the kind of coldness of the silk, and the free thoughts of Fang Chi Xia suddenly pulled back.

She said it!

This is his original shape!

Luo Yibei faintly glanced at her and walked straight up to stand at the table. He opened the red wine placed on it and poured a cup for each of them.

He took Petrus, Petrus, and was hailed as the king of wine supreme, as distinguished as his identity, the darling of the British royal family and European aristocrats.

Fang Chixi came to him a few steps in the summer, sat down in the opposite position, and took a glass of it and sighed.

Tonight, accompanying him to the visitor, her stomach has always been empty, she used to eat a little while in the castle.

But the aristocratic old lady on the seat was very good at her words. She kept asking her this question, asking her, and after dinner, she almost didn't eat anything.

Now that she saw the food, she didn't have any politeness. She ate her head down.

When I was dining, I asked him casually, “How come you suddenly think about coming here?”

Before Schroe left, he tweeted two people, but now the

atmosphere here, in Fang Chixia's view, is really a bit like a honeymoon.

"Isn't you hungry? Don't hungry for me!" Luo Yibei paused with the knife and fork, and did not answer her question positively. Instead, she reached out and put the food in front of her.

The hand has not touched it, but it was pushed open by Fang Chixia.

"Who said not hungry?" Put the plate in front of her, she lowered her head and quietly used the meal, did not speak.

For a dinner, the two people are all a little slow.

The candlelight on the table was still swaying quietly, pouring warmly into the ground.

The wind from the sea came from time to time, but the atmosphere at this time made Fang Chixia feel unusually quiet.

Quietly, there is a feeling of quietness in the years.

The night view of the sea is beautiful, the deck is beautifully decorated, and the sea level and the sky are more beautiful.

The night sky in Sicily is very quiet. The sky is inlaid with a few shining stars in the darkness. The black and white are intertwined, just like the diamonds radiating from the rings on the square neck of the summer.

Occasionally, several cruise ships pass through the sea level, and a faint glow falls on the water, setting the sea level against the mottled ground.

Finally, the dinner of the two was finally solved. Fang Chixia looked up and looked at him again. "Not too early, are you going back?"

Luo Yi went back to her on the north side. "I said I want to go back?"

Fang Chi Xia, "..."

Chapter 129: Just follow him.

Fang Chi Xia Yi, his eyes look incredible to him, “Here are you here?”

“Is there a relationship?” Luo Yibei eyebrows picked, pushed open the chair and stood up, sorted out his wrinkled clothes, and turned to go to the cabin.

Fang Chi Xia just squatted for a little while, and followed in a few steps.

He is right, just stay with him and spend the night there.

Fang Chi Xia’s irony is very strong. The irony is that when Luo Yibei wants to do something, he never makes an occasion or a place!

Luo Yibei in front of the old is still carelessly walking his own, the pace is still very loose, the lazy inside the bones, very sexy.

Fang Chixia drank a few glasses of wine tonight, not much drunk, but his head was a little groggy, wearing a high heel.

When I reached the last few steps of the stairs, the boat swayed, her body did not stand still for a while, and the body fell uncontrollably toward the side -

“Ah~” Fang Chi Xia Xiao’s face was a white, the reaction was still agile, and the conditional reflexively held him in front.

She rushed over, her body slammed into the back of Luo Yibei, and the arm was very tight afterwards, and the whole person was attached to his back.

A sudden movement made Luo Yi’s north back obviously stiff, and the corner of his eye was slightly sideways. He looked at her arm and looked at her arm. The line of sight turned to her face.

Fang Chi Xia drank wine, his face was red and blush, his eyes were very fascinating, like a thin mist of mist, water and moisture, and the coix seed embedded in it was especially beautiful, like the night sky. A star that has been shining for a long time.

Luo Yibei looked at her like this, and the black sorrow was dark and dark.

Fang Chi Xia saw that his eyes were wrong and he shrank his arms back.

“Go!” Over him, she walked in front and went forward.

After a few steps, I returned.

Looking up at him, she whispered, “Where is our room?” Her words were very confused, and her eyes looked confused after drinking. At this time, she even made Luo Yibei feel a little cute.

“Follow up.” A faint glance at her, he walked in front of her and led her to the room.

This is a luxurious private cruise ship. The layout of the room is comparable to that of the Presidential Suite. All the supporting facilities are available.

After Luo Yibei went in, he took the door back to the bathroom. When I walked, I walked over and untied my shirt button.

He was particularly \*\*\*\* when he did this action, and he was very elegant. He saw that Fang Chi Xia was a bit dry.

Her eyes were hard to move, and she turned her head to pour herself a glass of water.

Luo Yi’s north corner of the eye slanted her eyes and turned into the bathroom.

He took a quick shower, unlike Fang Chi Xia, and he couldn’t get out half a day after he entered.

He usually gets it in a few minutes.

When I came out, Fang Chixia was groping for the zipper wearing the long dress and fumbled several times. It seemed that she had not figured it out.

She stood sideways to him, the lights fell on her body, and the well-being of the body curve was just in front of Luo Yibei.

From the perspective of Luo Yibei, she can see her body shape very thoroughly, and even see her looming somewhere.

Just watching, his head naturally shows the delicate soft touch of the place that was once held in his hand...

Chapter 130: You don't look good.

Luo Yibei's eyes are all dark.

Fang Chi Xia did not seem to notice his eyes, still trying to pull the zipper.

When I pulled down, it was probably the hair stuck inside, and she got a sigh of relief and her brows were screwed up.

Very lightly whispered, in fact, there is no change.

However, in such a quiet night, coupled with the soft voice of its own voice, listening to Luo Yibei's ears, but it is crisp and very soft.

Fang Chi Xia is still fighting against the zipper, leaning his head, trying to pull out his hair, but one hand first stepped her, pushed her hand and took care of her hair.

He did this naturally, and Fang Chixia did not think much.

"Thank you." I whispered, and I wanted to pull my clothes out of his hands. Luo Yibei took the zipper head hidden by her dress and refused to let go.

Fang Chi Xia Yi, squatted for a few seconds, turned his head, his eyes slammed into his eyes, and his heart jumped.

Luo Yibei's eyes were very hot, like the two flames burning in the dark night, and the sight was on her.

Fang Chixia knew what he wanted to do, and he was nervous when he had no reason.

"I will change clothes first!" Pushed him away and wanted to go to the bathroom, but he pulled his wrist.

"I help you!" She picked her up and he took her to the bed.

"I want to change the bathrobe!" Fang Chixia reminded.

He is taking her to change clothes, and he is obviously not well!

Luo Yibei ignored it, took her to the bed, pushed her and fell to the bed.

Then, I added a sentence, "I will take it off for you!"

Fang Chi Xia was stunned by his face for a while, and his hands were tight.

Luo Yibei was so eager to appreciate her expression changes, Jun face fell to her face, the cool lips, gently fell on her lips.

Both people drank the wine, the taste of the mouth is the same, the smell of wine is spread in each other's mouth, entangled, blended, and extra intimate.

Fang Chi Xia did not know whether it was a little night tonight

or such a night was too lyrical, kissed and kissed by him, somehow, her arm unexpectedly took the initiative to ring his neck.

Luo Yibei slightly glimpsed, but did not expect her to cooperate.

Staring at her misty scorpion for a moment, the thin lips were covered again.

His kiss was fierce and rude, and Fang Chixia began to feel groggy after a while, and he couldn't tell the difference between the north and the south.

Luo Yibei seems to enjoy her so smooth cooperation, so that she can see that the barbaric factors hidden in his body are completely hooked out.

He thought so, and he did it all night.

Fang Chi Xia was stunned and slept all night, and when he woke up the next day, he was awake by the sun.

Very dazzling light, falling from the window, quietly projected on her, glaring to make her a little open eyes.

More striking than the sun, is the mark left by her big and small left last night.

Different shades, like a blossoming rose, enchanting and charming.

Fang Chi Xia was sorely dissipated all over the body. After marriage, she did not know that she had comforted Luo Yibei again.

There was a sound of waves coming from the window, and the two seemed to be still at sea.

Fang Chixia had some accidents, picked up the clothes on the ground and put them on, opened the door and went out...

## Chapter 131: Luo Yibei, be careful

The sun on the sea is very bright, white and white, and when bathed on the body, the warmth is like the wind that suddenly rises in the same dryness.

Luo Yibei was still on the boat. When Fang Chixia walked onto the deck, he was sitting at the table where the two had a meal last night, and several servants stood around.

Did she come up, and several servants who had been standing by him quietly retreated.

Fang Chixia sat down at his opposite position, and Shantou was a sentence, "Would we still be here today?"

"How? Don't like it?" Luo Yibei still used his own meals gracefully, and he was careless when he spoke.

Fang Chixia does not really like it. On the contrary, she even thinks that the scenery on the cruise ship is particularly good.

However, she could not tell Luo Yibei about this.

Maybe you can say it, the two will not disembark in a few days.

"Fortunately." Learning his usual tone and giving him an ambiguous answer, Fang Chixia walked a few steps and sat opposite him.

Holding the fork, while enjoying the seascape, I casually solved my breakfast. Out of accident, Luo Yibei led her after she had finished using the meal.

Here is Sicily, the birthplace of the Italian Mafia. There are many large and small organizations on the island, and there are many transactions on the sea.

When the two men went to the boat in tandem, there were several ships parked around them. It seems that from time to time, black suits and black sunglasses can be seen, and trained men are in groups.

When the two went out, they just came over to a dozen men with guns.

When Fang Chixia came here last night, it was very quiet here. I didn't think it would be so dark outside.

Looking at a group of people in front of me, she had already opened a distance with Luo Yibei, and followed up a few steps.

Luo Yibei still walked his own way without squinting, and did not turn sideways from head to tail.

He is like a person who hasn't happened, his face is indifferent, it feels like he hasn't put a group of people in his eyes.

Once, as soon as they went, the people on both sides were taking their own paths.

It was also safe and sound.

Who knows when passing by, the head of a group of black men in the face of the cold look can not look at the two people. Fang Chi Xia was seen in a tight heart, and the body unconsciously leaned against Luo Yibei.

The man's gaze first glanced at her, then looked at Luo Yibei, fixed his face, and watched for a few seconds, the gun in his hand suddenly rose.

"Be careful!" Fang Chixia's gaze has been squinting at the man, and he noticed his movements. She steadily pushed Luo Yibei to the side and fell to the side.

A gunshot of "砰" sounded after the action of the two men.

Luo Yibei did not seem to have such a sudden situation. First, he looked at Fang Chixia with a look of silence. He did not see any wounds, and his eyes swept sharply toward the man who shot.

As soon as the long leg was lifted, a stone was shot from the side, and the gun in the hand of the person was kicked, and the gun was shot down.

He shot quickly, staring at the gun, trying to get the person up one step at a time. In the air, a bullet flew out and shot again in the direction of the two.

Luo Yibei squatted in the square pool in summer, and his eyes sank.

Chapter 132: Tossed by her

“What do you do now? You didn’t bring a gun?” Fang Chixia rarely encountered this kind of situation, and this time he was nervous.

When she came out on vacation, she would encounter such a thing, which she did not expect.

Luo Yibei went straight to see the lady of the nobles after she came out yesterday. After that, she did not go back. How can I bring any guns?

However, compared to her uneasiness, he seems to be calm and uncomfortable from beginning to end, and even have a mood to tease her, “You are nervous?”

“Yeah, I am very nervous, so I have to find a way to solve this group of people!” Fang Chixia suddenly jumped sharply at this time, and was struggling with the situation of how the two men should settle their eyes. Luo Yibei suddenly pushed She will jump into the sea, “jump down!”

His reaction was very agile. The last second was still sloppy and she chatted with her, and suddenly she made such an action. This was Fang Chi Xia, and even a few men with guns behind them did not expect.

When I returned to God, there were already two people on the sea...

“What are you doing, catch up!” The headed man gave a command and took a group of people around the beach.

Fang Chi Xia was squatting in the sea by Luo Yibei, and his mouth and nose licked a lot of sea water, salty and salty, especially uncomfortable.

On the sea, the sound of gunshots “砰” and “砰” sounded, and the bullets floated across the water, stirring up the water, and accompanied the Italians who had just smashed the crowd.

Fang Chi Xia was deprived of oxygen. At this time, his head was very dizzy and groggy. He only heard what several people said as “all night”.

In fact, if you know a little about the two worlds of black and white, you will know what it means by hearing the word.

However, Fang Chi Xia’s world has always been only a school, part-time circle, whiter than paper, and naturally, this word is also unfamiliar.

Her water is not so good, she can only count as a swim.

When she was a child, she had some unpleasant things. She felt a little shadowed by this feeling of indulging. After going down, the whole person was hanging on Luo Yibei and gave him all to him.

At this time, there were waves, and the sea water invaded one after another. The bodies of the two people fluctuated with the sea in the sea. Fang Chixia's head was so deficient in oxygen, and her consciousness was very shallow. She didn't know what happened behind.

When I woke up, two people were in a quiet forest, next to a small stream, probably a tributary brought into the ocean.

Luo Yibei sat next to a fire next to it, what was being grilled.

"Where are we?" Stepped over and stared at him, her eyes glanced around.

"I don't know." Luo Yibei indifferently returned her words and continued to focus on the baking things.

Fang Chi Xia was blocked by his words.

Lost in the wilderness, how can he still be so calm?

Fang Chi Xia looked at him and saw that he didn't seem to be anxious to go back. He stood up and turned around.

Luo Yibei is still baking things, and his face has not turned.

In fact, he was not so anxious to find the direction to go back.

What Fang Chixia was doing, he didn't look at it at all, and he was completely arrogant.

Fang Chixia left for a little while after that, went to the forest, looked at the flowing river, stared at a tree in the forest, and looked at it on the ground. What happened? I took the dust on my hand and stood up.

### Chapter 133: Royal feast

Then, Luo Yibei heard her faint voice. “We are now in the northern hemisphere. The flow of this river is the east, and the east should be the east.”

Her eyes turned to a tree on the side of her body, and her voice rang again. “The green side of the bamboo tree faces south, the green side faces north, and the tip is facing south without wind. Then, this side is the south.”

“The ant hole is facing south, and the direction of the bamboo tree is the same, and the direction of the hotel is in the south, so we should follow this side!”

Her voice is very clear, not ill, and the direction is based on the hints given by nature.

Afraid of a misguided orientation, she combined three conditions to identify, rivers, bamboo trees, ant nests.

When I was in the forest, I observed the three directions.

Luo Yibei still baked things in his hand. The original intention was to fill in the stomach and find the direction.

I did not expect a return to God, she has solved the problem.

His eyes were slightly sideways, and he looked at the squats in a quiet manner. He was still staring at Fang Chi Xia, who was studying around him. His eyebrows looked good and picked.

This is what she once again surprised him after he was in Guijue last night.

She is smarter than he thinks, and she can take care of any problem and her head is very clear.

The corner of her eye slanted to the line of sight that fell on her body. She turned her head and said, “Go!”

Luo Yibei handed half of the baked food to her, and the two filled her stomach and then went in the direction she indicated.

In fact, Luo Yibei actually came to Sicily to actually have a few business events. In addition to last night’s visit, he will have to go to the Nordic R country to attend a royal feast tomorrow.

Rong Xi International has a wide network of contacts. Sha Zhixing had lived in Europe for a while and had a good relationship with European kings.

Almost half of the jewels of all the royal family members are now from the hands of Rong Xi designers.

Therefore, in some social situations, Luo Yibei can’t take it

off.

After returning to the hotel, Luo Yibei immediately arranged a trip to the country of R.

The official banquet is on the second day.

Luo Yibei also did not tell Fang Chi Xia where to go, to help her choose clothes to let her wear, even if not redundant.

During the time after the two married, Fang Chixia had become accustomed to him.

He didn't say much, she didn't ask much, but what she thought was that he would follow him at night.

When the two walked out of the hotel, the royal car had already waited outside the door.

It was ten minutes after arriving at the palace.

"Where is this?" Fang Chixia walked in his arms and walked in the palatial palace, watching a row of men dressed in neat rows of royal guards, could not help but curiously ask.

"The palace." Luo Yibei briefly returned her words.

Fang Chi Xia only smashed, and the reaction was still dull.

Although it was the first time to come to this place, she was just a guest, and she didn't have to worry about her performance.

After the two entered, they first went to the person who was being picked up to greet the old man who was sitting in the middle of the lobby and seemed to be very honorable. Then Luo Yibei talked with other people.

Fang Chi Xia was doing nothing, his eyes glanced at the scene and went straight to the Champagne Tower.

Next to the Champagne Tower is a bench with a variety of wines for guests to drink. When she arrives, there is a man standing next to him.

## Chapter 134: First met

A very British man, the sly light covered his half face, Fang Chi Xia could not see his entire face, only to feel the unusual honor of his body.

The people around him seemed to be very afraid of him. They didn't dare to approach within three meters at a distance, but only lowered their heads far to show respect for him.

Fang Chi Xia does not know the identity of the person, and the place where the person stands is near the Champagne Tower.

When she walks past, several followers seem to want to stop. However, looking at the man did not seem to say anything, the person who wanted to speak again held back the impulse.

Fang Chixia came to the Champagne Tower from the ground and took a glass of wine. He wanted to leave, and the corner of his eye unconsciously glanced at the man.

He seems to be in the wine tasting, put a goblet in front of him, may not find the taste that he likes, and the same kind of wine neutral, seems to want to adjust himself.

Fang Chi Xia stood next to him and looked at him. He watched the man's brow twisted and twisted. After another cup and a cup was dumped by him, she walked toward him in a few steps.

"Miss, no!" A follower three meters saw her movements, wanted to stop, but was stopped by the man's eyes.

Fang Chi Xia went straight to the person, stood next to him, picked up three of the cups and smelled it, and took out an empty cup, and poured out the three kinds of drinks without knowing what proportion.

Gently shake it down, she blended and talked to him. "Try this, brandy with green pomelo and West Indian cherry."

Her collocation method is wonderful, and she has hardly heard of it anywhere in the world.

The man seemed to be interested in her words, and the wine she had picked up was lightly stunned.

The slightly spicy taste spreads in the mouth, followed by the taste of green pomelo and West Indian cherry.

Very wonderful feeling, like a taste buds adventure, I feel very strange at first, but when the taste in the mouth is replaced by the faint fragrance of green pomelo, it is especially refreshing and even memorable.

The man seemed interested in her cup of drink that was so strange that it didn't even have a name. The eyebrows looked a lot more pleasant.

"How do you know this?" His eyes were on her side, and he looked at her for the first time.

Very delicate facial features, the skin under the light seems to emit a faint halo, and the eyes are shining and shining. In fact, it is just that the temperament is very ethereal, and it does not feel amazing, but his eyes are not removed for a while. .

"I used to work as a waitress in a party like a party, and watched others adjust." Fang Chixia answered very straightforwardly.

The man seemed to be a glimpse again, and she was obviously surprised by her words, and her eyes fell on her.

Fang Chi Xia wore a very beautiful Dior mini dress, pure black, elegant and noble, and the ring on the necklace pendant on the neck looks obvious and valuable.

Such a woman, I am afraid no one will associate her with the waiter.

However, she did not hide her answer.

Such a woman makes the person obviously surprised.

I was about to say something, but she turned and left.

The man watched her leave, and the conditionally wanted to pull her back. Behind him, a servant's figure was reverent, "His Royal Highness, the Earl of the Earl has been waiting outside for a long time!"

## Chapter 135: Strong marriage

The man swept his servant's attendant and the action stopped. "Take it to you." Drink the wine in his hand, and the remaining brandy of the cup is handed to the attendant, and the man walks slowly toward the outside.

After Fang Chi Xia left, he found a far corner and sat down. She doesn't know anyone here. The guests and guests are also all exchanges of power and power. No one knows the person like her.

Luo Yibei was surrounded by many people. At the beginning, he was surrounded by men, several people were chatting, and later changed to women.

Wherever he went, it seemed to be very welcome. It was obvious that the indifferent face that refused to be thousands of miles away was very unpleasant, but there were many women who wanted to approach him.

He has different attitudes towards men and women. He can stand a few words with a man and stand with a woman. His tone is indifferent.

Fang Chixia sat in the corner and looked at him. He couldn't hear the dialogue on his side, and he couldn't see his expression. But from his distance from the women's bodies and his gestures, she could guess him. A cold feeling for a few people.

Fang Chixia is not surprised by this. He has a baby like a woman who is a woman, and how can he care about these mediocre powders?

Just looking at him, she didn't bother to interrupt, sitting quietly in the corner from beginning to end, she knew that he would come to her when he was finished.

Sure enough, after waiting for less than an hour, Luo Yibei walked in the direction of her.

When he came over, he didn't have any good looks. It was probably annoyed by just a few women.

"Let's go!" Coldly throwing her two words, walking in front, just wanting to take her out of the palace, a waiter suddenly stepped forward and bowed respectfully to him, "Lo Young Master Sophia Wang Taihao invites you to go over!"

"Wait for me!" Luo Yibei stunned, looked at Fang Chi Xia around him, pondered, followed the man and walked over.

King Sophia is the most prestigious person in R and the member of the royal family who has the deepest friendship with Rongxi.

When Rong Xi was still in charge of Luo Xiwei, the jewelry she attended on all occasions was from Hand Hee, and she had a good relationship with Luo.

Luo Yibei regarded her as a half-elder, and when she followed the attendant, Sophia stood next to a young woman.

Sophia saw him, smiled at him and yelled at the woman, and pulled the woman into front of him. She smiled and introduced the two. "This is my granddaughter, Su Rui."

"Su Rui, this is Yibei, the leader of Rong Xi, have learned so much domestic and foreign news, presumably you are no stranger?"

"Lord is good, I am honored to meet here!" Su Rui politely greeted him.

Luo Yibei looked at Sophia quietly, and looked at Su Rui again, his eyebrows sinking.

He is a very shrewd person, his head is turning very fast. On such an occasion, he only needs to take a look and can smell the wrong one.

Sure enough, Sophia's next words confirmed his speculation, "Easy, my granddaughter has been paying attention to Rong Xi's news many years ago. Rong Xi's most appreciated is you, the news happened to you. Things, she has not missed the big and small, today has the opportunity to meet here, or grandma to make the marriage of Rong Xi and the royal family?"

Chapter 136: Sorry, I am married.

She said this very directly, and did not feel that there is any inappropriate place.

Su Rui itself is a very beautiful girl, different from the delicate and delicate of the oriental, her looks are very angry, there is a kind of magazine model with a high sense of cold, the family background is strong, and there are countless nobles who want to marry her in R.

When Sophia said this, she was very confident and did not think that Luo Yibei would refuse.

“Sorry, ma’am!” Who knows that Luo Yibei did not hesitate, and apologized to Sophie first, and his eyes turned to the far corner to stand still in Fang Chi Xia.

Then, Bo Hao did not say a word, “I am married!”

The short three words, like a potent time bomb, blasted on the scene.

Sophia looked at him incredibly, and his words were obviously unexpected.

Su Rui is like a slap in the face, and his arrogant dignity is broken by him.

He even vetoed it so directly...

When did he get married?

“If there is nothing else, I will leave first tonight!” Luo Yibei did not explain, and greeted Sophia, and went straight to the door.

“What are you talking about?” Fang Chixia followed up a few steps as he passed, and asked as he walked.

“I want to know?” Luo Yibei looked at her, staring at her face for a few seconds, and said something with a bit of fun.

Fang Chi Xia actually saw that he was looking at her side, and some curious what kind of topics would be related to her.

However, listening to Luo Yibei’s tone, I feel that he will not tell her, it does not matter to return to the sentence, “No.”

Originally in the relationship between the two, she did not stand to manage him so much.

The two men continued to walk outside the palace gate. Luo Yibei did not mention the things inside just from the beginning to the end, it felt as if this had never happened.

The two returned to the hotel and did not stay in the R country. They flew back to China the next day.

When they arrived at the C city airport, the two people just walked out of the airport one after the other, and the ringtone of Luo Yibei immediately rang.

The baby called.

I don't have to guess, I saw the eyebrows that opened softly after I saw the name on the caller ID. Fang Chi Xia also knows.

"Baby, what's wrong?" Luo Yibei answered the phone and turned to chat with the baby.

"Are you here? Don't leave yourself. I am on the way to the airport. My grandfather and I are picking you up!" The baby's voice came from the other end of the phone, and it sounded very good.

"Well, I am waiting for you." Luo Yibei hooked his lips and hung up the phone.

He didn't walk away, Fang Chixia and he stood close, and when they called, the conversation between the two, she could hear very clearly.

"The baby is coming?" His eyes turned to him, she knew it. Luo Yi looked at her on the north side, faintly "hmm", and quietly observed her reaction.

Who knows that she did not change her face, "I will go first, you should not want to be disturbed."

After a word, I went outside the airport as soon as I turned around.

She disappeared very quickly, and she didn't even look back.

It didn't mean that he didn't mind him with other women, and he was even more willing to provide him with convenience.

This kind of her, let Luo Yi North chest to add a block.

Really considerate!

Is such a generous wife, should he be pleased?

## Chapter 137: Carrying him a little lover

After Fang Chi Xia left, he immediately went to the taxi station next to him.

Still not in the car, a luxury Lamborghini docked outside the airport gate.

The door was opened, and a driver-like man walked out of it and came to the rear seat, respectfully opening the door for the inside.

A slender figure bent down and looked up and glanced at the scene, walking straight in the direction of Luo Yibei.

That face, originally beautiful, people have never forgotten, Fang Chixia has seen it more than once, naturally recognized.

That arrives so fast.....

The baby seems to be very close to Luo Yibei at any time.

When he meets, he intimately puts his arm and walks with him to the car.

The two walked and talked about something.

Luo Yi's north lip corner will be slightly hooked from time to time, two people together, intimate like a family.

Some people say that the highest state of two people together is from love to family.

Fang Chixia stared at Luo Yibei and the baby, and this sentence was reflected in his head.

Quietly staring at the two for a while, her eyes staggered, stopped a taxi and sat up...

Luo Yibei left this, did not come back for a few days, and even the phone did not pass with Fang Chixia once.

He is gone, Fang Chi Xia is very relaxed, go to school every day when there is class, and when he is not in class, he will work in Rongxi as usual, and life will be the same.

However, when I came back in the evening, the big villa, only she and a cat, was inevitably a little empty.

However, in the past few years, this feeling, she has long been used to it.

I took a shower and went downstairs. I was about to hold a group to play for a while. The message reminder of the mobile phone suddenly sounded at this time.

The sound of the water droplets is the message of her WeChat. Sitting on the sofa, she took a look at the phone.

The message was sent by a friend of Fang Chixia. The name of

her note on WeChat is “Big Baby.”

The content of the message is: Have you moved?

Fang Chi Xia had no news of the other party for a long time.

As soon as he saw the information, he suddenly came to the ground and set up WeChat on the sofa and the other party.

She talked about this, the phone did not leave for a long time.

I don't know how long the two people talked for a long time.

When she talked about her sleepiness, she was really sleepy.

She sent a poor expression to the big baby. The tone was full of passion: Dabao, I really can't do it, or today. Do you like this first? See you tomorrow! Small leather whip small rope with you!

The last sentence was issued, and I was too lazy to go upstairs. She slept on the sofa.

About an hour after she fell asleep, outside the villa door, a rut stopped, the door was opened, and Luo Yibei, who had not seen for a few days, suddenly came in.

Open the lights in the living room, I want to go straight upstairs, and the corner of my eye is slanting into a pool of Fang Chi Xia who sleeps on the sofa. His footsteps stop, and the slowness goes to her.

He has been living in Luojia for a few days and has not seen her for several days.

Since the time of marriage, this is the first time that the two have not seen each other for so long.

Suddenly came back today, but the reason is also because of her.

I haven't seen it for a few days, and Luo Yibei thinks about her.

I want her fresh, elegant and fascinating body fragrance, the reluctant and forbearing look of her when she is tossed by him, and the squeaky sound of the bones under his body every night...

Chapter 138: I only missed me in a few days.

Fang Chixia has been sleeping at home for a few days. When she was alone, she dressed very casually.

At this time, I wore a very clean nightdress. The shoulder straps were scattered and scattered on the shoulders. The skirts also climbed to the old height. Most of the long legs were exposed to the air.

Such a woman, if not Luo Yibei knows her character, probably would think she was dressed to meet him specifically.

However, whether it is specialized or unintentional, this provides a lot of convenience for Luo Yibei.

A few steps went over and flipped over her body to face herself. Luo Yibei leaned over and kissed her, and her hands began to pull her clothes again.

Probably I felt that it was inconvenient for the big action on the sofa. He twisted his eyebrows a little unpleasantly. He wanted to cross the upstairs and walked upstairs. The cell phone that had been placed on the body before Fang Chixia was slamming. It's down.

Very dull, when I fell, I didn't know what the button was touched and the screen lit up.

Luo Yibei did not want to pay attention to it, but when she helped her pick up the phone, her eyes glanced inadvertently. Fang Chixia's mobile phone still keeps the WeChat still out of the state. After the screen is lit, it shows just the record she just chatted with the big baby.

Luo Yibei's eyes fixed on the above sentence/bone words, and then all the expressions on his face were frozen.

Fang Chi Xia's WeChat nickname is called the midsummer, and the entire contents of the chat record are:

Big baby: Have you moved?

Midsummer Summer: Yes, what? I only missed me in a few days?

Big baby: Why didn't you say anything?

Midsummer Summer: Do you know it now?

Big Baby: I heard that you are married!

Midsummer Summer: What is the relationship? My husband, I don't care what I do, we can do whatever we want, when you think of me, when you call me, a phone call, a couple, a hotel, wherever you want to go.

Big Baby: How can this kind of thing be so casual? You give me out, I promise not to kill you!

Midsummer Summer: Come out? just now? you sure?

Big baby: What happened now?

Midsummer Summer: This time comes out more JQ! Ok, Dabao, I know that you are just worried that I am not happy. It doesn't matter. I am very good and very happy. Don't worry about it. Whether I am married or not, my favorite is always you.

Big Baby: Why don't you find me?

The midsummer of the world: Dabao, I really can't do it, or do you want to do this today? See you tomorrow! Small leather whip small rope with you!

This is a complete dialogue between the two people. The last sentence of Fang Chixia and the other party's words are separated by a few minutes. It seems to be silent for a long time.

Luo Yibei took her mobile phone, and her eyes stared at the words full of passion, and the black face of her face sank to the bottom of the pot.

My husband will not manage anything?

Double tour hotels are accompanied?

I love you always!

See you, small leather whip, small rope?

Luo Yibei's eyes swept coldly through a sentence in the chat record, his eyes as cold as bursting ice.

The chest was blocked, and his eyes turned to Fang Chi Xia, who was still sleeping sweetly on the sofa. He snorted at her with a cold face. "Fang Chi Xia, you wake me up!"

The volume of his voice is not small. This is the first time that two people have become so angry and angry that they have a strong smell of gunpowder.

Chapter 139: Wife, you taste really heavy

“What happened?” Fang Chi Xia was sleeping well, and he was so embarrassed that he was so scared that he panicked, his body turned over and rolled off the sofa without any precaution.

Her appearance is very embarrassing, sitting on the ground and messy, confused and apparently still have not figured out what is happening at the moment.

Looking up and seeing his face, she slammed back at him.

“Louis North, what are you doing? Noisy in the big night!”

Her voice is full of vitality, and she is not lost in the sound of Luo Yibei Gang, but also very emboldened.

Luo Yibei was beaten by her for a few seconds.

She dares to marry him?

Is she still reasonable?

Fang Chi Xia did not continue to pay attention to him, and even did not reflect on the meaning, licked his hips that were hurt, fell from the ground, climbed back to the sofa and sat down.

“How come you are back?” Didn’t look at his dark face, and she asked me indifferently after she was relieved.

“Here is our home, shouldn’t I come back?” Luo Yibei snorted and deliberately emphasized the word “we” and placed the phone directly in front of her. “What is this?” ”

The screen of the mobile phone is still open, and the purpose is to fill in a full page of chat records of Fang Chi Xia and Da Bao.

The big baby’s head is a picture of a man. It is very beautiful. The faint thin light covers most of the face, the eyebrows are drooping, the fingertips are still holding a cigar, the cigar is lightly smoky, and the faint mist is humming. That face, \*\*\*\* to explosive and enchanting.

This avatar has been used for a long time, and Fang Chixia is used to seeing it, and I don’t think there is anything wrong with it.

Her usual tone of talking with the big baby is also the kind of joke that is not serious, and staring at the screen for a while, she did not see a name.

Her face was very light, and she was not stunned and panicked, even if nothing happened.

Luo Yibei looked at her quietly. He had just guessed the expressions she had when he was questioned, but he did not expect it to be such a light.

“Don’t you explain it? Mrs. Luo Shao!” His tone was full of extreme ridicule, especially the words “Mrs. Luo Shao”.

These words are minefields that can’t be mentioned between the two. He never recognized her identity. She never thought about wearing this title. He even misunderstood her several times because of this!

However, now, seeing these chats, he took the initiative to put this title on her.

Fang Chixia knows that he is reminding her to pay attention to her identity, she is his wife!

“Explain what?” Fang Chixia was not fully awake at this time, and he didn’t even know where the words were wrong.

“See you at any time! Double tour! Hotel! Small leather whip, rope!” Luo Yibei coldly greeted her with a word, and said it was extremely ironic. “I can’t see it, my wife, you are so tasteful!”

He spoke yin, and the name was even more strange, especially when he called the “wife.”

Fang Chi Xia’s body hair was erected a few, and was stimulated to be a stimulating spirit. The little drowsiness that remained before, was stimulated by him.

Rubbing her lower arm, she looked at his eyes a little weird.

“Like small leather whip and rope?” The arms are on both sides of her body, and the body slowly tends to her, cold and cold, and Luo Yibei floats again.

Chapter 140: You are not ashamed

“What do you want to do?” Fang Chi Xia police looked at him slyly, and the body could not help but shrink to the side.

“Small whip and small rope?” Luo Yibei glared at her with a sneer, and her eyes fell silently on her wrist. “Do we try it again?”

“You, don’t mess!” Fang Chixia was stunned by him, and his body shrank again.

Luo Yibei snorted coldly. In the case that she had not reacted, the big hand buckled her slender wrist and lifted it to the top of her head. “How is this called chaos?”

“Luo Yibei, you go away!” An action, shocked Fang Chi Xia suddenly changed his face.

The wrist struggled fiercely in his hands, and did not struggle to open. She took a deep breath and gave up her struggle. She changed her mind and said, “You can’t do this!”

“Reason?” Luo Yibei, a pair of “my woman, what do I want to do” tone, faintly glanced at her, the other hand began to tear her skirt, seems to want to be used as a rope.

After seeing those chat records, Luo Yibei’s mood has always been irritating.

The reason why he came back in a few days is because he has a little compassion, and she is lonely alone.

She is good, she has been so moist for a few days when he is not there!

At the thought of the dialogue between the two people, Luo Yibei could not help but anger.

He has her baby in her hand, she has her favorite big baby, this day can’t be over!

Fang Chi Xia was also very annoyed, and the cat slid away from his movements.

reason?

He didn’t come back for a few days outside, so he would ask her for this interrogation.

Fang Chi Xia was awakened by his sleep, and there was a big fire at this time.

When the fire came up, she spoke a little more than usual.

The squat lifted and looked straight into his eyes. Her eyes even had a bit of provocation. “Because I don’t like this position!”

“It doesn’t matter, then let’s try slowly until you try to like what you like!” Luo Yibei talked at this time, loosened her wrist, and folded her arms to hold her on the sofa, raising her hand. I want to peel the clothes on her.

“Wait, don’t do this!” Fang Chixia ducked around, arms between himself and him, calmed his face, and she tried to ask, “Would you not be angry because of this chat?”

She said that the words were light and light, and there was no flusteredness and being “caught”. It seems that there is no obvious flaw.

“Fang Chi Xia, do you still have any shame?” Luo Yibei saw her like this, and she spoke sharply.

“How can I not be ashamed? You should not insult people!”

Fang Chi Xia retorted.

Luo Yibei did not argue with her. He took the mobile phone to her side and asked the local directly. “Who is the big baby?”

Fang Chixia’s feelings for him have always been pure and pure, and all aspects are very lively. When the door is closed, there are stupid women who do not understand each other in the incident. Now Luo Yibei has a kind of himself. Her feeling of cheating.

Looking at the pure and pure, even to make a love lover, marriage out, track this kind of thing!

Really when his husband is a display?

Fang Chi Xia Xian was stunned and looked at him with no facial expressions. At the moment, he was as rich as a palette, and suddenly there was an impulse to laugh.

Chapter 141: Your man can only be me.

However, she did not dare to laugh at the face of Luo Yibei's negative test.

If you really laugh at this time, Fang Chi Xia is very clear about what the consequences will be!

"Who is the big baby?" Luo Yibei asked again.

Fang Chi Xia Hong Lips moved and wanted to explain, but when he thought that he had been outside with other women for so many days, all the words were held back.

He and her are just hidden marriages.

Before she said that she would not interfere with him, she had no reason to interfere with her.

Closed mouth, Fang Chi Xia did not answer.

This way, she made Luo Yibei even more annoyed.

"Fang Chi Xia, I tell you, even if it is a hidden marriage, your man can only be one of me!" He declared in her ear, his voice, the world that was cold and snowy, the wind suddenly bursting  
It makes people cold in the bones.

The body pressed her, and her hands even began to tear the clothes off her.

This kind of thing, the two people are not the first time, Fang Chi Xia should not matter, but when he thinks that he and other women have been outside for so many days, there is no contradiction in the place, the body is also in his body. I struggled fiercely. "Luo Yibei, you let me go, I don't want tonight!"

His body was very tall, and when she was pressed against her, she covered her densely. It was difficult for Fang Chi Xia to struggle, and soon she was panting.

However, her attitude was always firm, struggling with him, and trying to push him away. Who knows, when Luo Yibei kissed her quickly, he stopped.

The face slowly lifted, her eyes quietly falling on her panicked face, thinking of the words in the text message, he looked at her eyes full of disgust, "You are really dirty!"

He said that the tone of the words was full of disappointment, and it felt as if he touched her and tarnished himself.

Fang Chi Xia Yi, the pupil suddenly shrinks.

Standing up, not even looking at her, Luo Yibei turned and went straight to the spiral staircase.

Fang Chi Xia quietly looked at the back of his departure, his body shivering slightly.

He and other women have been out for so many days, she did not deny him, what reason does he have to say her?

Fang Chi Xia Xin is very unbalanced, and has been very tempered tonight. When his figure disappeared into the spiral staircase, she returned with the same disgusting tone. "You are more dirty!"

"What do you say?" Luo Yi's footsteps at the foot of the North, Jun face stiff and sideways, his eyes swept to her coldly.

"I said that you are more dirty!" Fang Chixia carried a small chin high, not afraid to die again.

Luo Yibei reflected a hint of chill in the north, looking at her in a gloomy manner, her eyes as cold as if she would pounce on her in the next second.

Fang Chi Xia was so stunned by him that his morale was short. She doesn't really want to argue with him, after all, they have to live together for so long.

Moreover, it is only a form of marriage, who he is with, has nothing to do with her.

"It's too late, I slept first." She didn't look at her eyes very much. She turned her back and lay down on the sofa to continue to sleep.

Luo Yibei stared at her back for a long time, cold face and continued to go upstairs.

He didn't have to ask her to go back to the house tonight. This is one of the few rooms since the two married.

When he returned to the big room alone, when he closed the door, he slammed the door with irritability.

Chapter 142: a thorn in my heart

Luo Yibei's chest was just like something stalked. He was not happy with his body. He thought that the chat records were more irritating, and finally he lost sleep all night.

When I woke up the next day, Fang Chixia prepared breakfast in the kitchen.

In a home-dress, a bow-tie hair band was tied to the head, and the room was filled with heat from time to time, and the fragrance was everywhere.

Originally a very warm picture, however, as soon as she thought of her behavior, Luo Yibei saw her eyes become disgusted.

Fang Chixia knows that he is bothering her, and does not take his hot face to paste the cold \*\*\*\* of others, even if he doesn't call, he puts a freshly prepared lunch into the insulation box and organizes it. To get out of the kitchen, he was stopped by an arm of Luo Yibei.

"Where?" The eyes fixed in her hands, his tone was cold.

"Company." Fang Chixia simply returned his two words.

"Who is it for?" The first reaction in Luo Yibei's head was in the chat record yesterday, her sentence "Tomorrow."

Fang Chi Xia did not respond to the meaning of his words for a while, stunned, who do not bring to himself?

Before Fang Chi Xia, I had never done anything like taking a meal. I used to use Shi Yanyang's card, and spent thousands of dollars on a lunch for dozens of dollars.

When she asked Luo Yibei that day, she realized how silly she was, so she decided to take the meal later.

However, Luo Yibei does not know so much.

He only knew that this was her first time, and she had an appointment with the baby last night.

Looking at her hand, he took the insulation box she was holding.

"I didn't mean to give me lunch, this is just right." Holding her lunch, he left without changing his color, and there was no point in it.

Fang Chi Xia Yan stood in the same place. For his actions today, he did not respond to what it meant for a long time.

I even grabbed lunch with her!

Staring at the back of his departure, she stayed for a while, and

she was helpless to prepare herself again.

Luo Yibei walked out of the villa and sat on his own car. He wanted to leave directly. He thought about the fact that Fang Chixia might go on a date today, and the car that had already started was put out.

Fang Chixia prepared lunch for himself in the house, spent more than half an hour, and made a good job. When he came out, he saw that he was still there.

“How is it still? Is there something forgot to take?” She felt that his behavior today was eccentric, but he did not figure out why.

“Get on the bus!” Luo Yibei did not explain, just gestured to the position on his side.

Before Fang Chi Xia, he didn't want to go to work with him because he didn't want him to know what he was doing in Rongxi. Now that he knows it, she doesn't have to cover it up. She sat up calmly.

The white sports car slowly drove out of the villa and went all the way to Rongxi.

After arriving at the company, Luo Yibei watched her enter her office floor until she disappeared before turning back to her building.

Fang Chi Xia has been very depressed since last night. After being separated from him, I feel that the air around me is a lot easier.

After returning to the office, at noon, Luo Yibei came once and once again in the afternoon.

I didn't do anything after I came, just looked at her and then left.

Such a person, like looking specifically at where she is still absent...

## Chapter 143: Stay with you on a date

What makes Fang Chi Xia strange is that he took the initiative to pick her up at work time!

Looking at the man at the door where he could appear a large commotion anytime and anywhere, Fang Chixia's expression of a stunned chin, with his pen "jingle" slipped from his hand. Luo Yibei did not come over, probably helping her to avoid the suspicion, just standing at the door to look at her.

Fang Chi Xia naturally understands what his eyes mean. He confuses the things on his desk and walks toward him step by step.

The two walked out of the big office one after the other and entered the elevator. Fang Chixia looked at his eyes and wondered, "How come you?"

Luo Yibei actually came to see her date, but it was impossible to tell her, but she returned very coldly in four words, "By the way."

"Where is it so smooth?" Fang Chixia asked casually.

Luo Yibei swept her and looked blank. "Do you have more words?"

Fang Chi Xia Yizhen, she asked two sentences, how can I call more?

I knew that Luo Yibei just didn't want to say that she didn't continue to ask, and she turned her head to the mirror to sort out her appearance.

During her working hours, her hair was casually rolled into a loose hair bun, not serious, but very playful.

Distributing the length, she took care of the mirror very casually, and found a lipstick from the bag and smeared her lower lip.

Her lips were a little red and swollen, and was tossed by Luo Yibei last night.

This lipstick is not used for make-up, but it is swollen and has no color.

This was bought in Sicily a few days earlier. After marriage, she was not tossed by Luo Yibei. Every time Luo Yibei was very rude and strong, the phenomenon of redness and swelling of the lips occurred from time to time.

Preparing a lipstick like this, Fang Chixia felt it necessary.

She took the lipstick, applied it to the mirror very carefully,

and the movement was slow.

This kind of her, looking in the eyes of Luo Yibei, it feels like a person who is carefully dressed and ready to go to the appointment.

Luo Yibei's face sank.

Fang Chi Xia did not look at his direction. After the elevator reached the first floor, he walked in front of him and went out.

"I will go to a place later, I won't go back directly, I will go first!" To the next sentence, she turned and went to the gate.

Go to a place?

I dare to go to the appointment in front of him!

Luo Yibei was irritated with a tie, and when her figure disappeared, she stopped her coldly, "Stand up!"

Fang Chi Xia Yi, no way to turn around, "What?"

"Nothing, just that I have nothing to do, together!" Luo Yibei did not explain much, walked up a few steps, walked in front of her and went out.

Fang Chixia felt that he was very strange all day today. Now that he made such a strange move, she did not feel surprised.

Go and go, she is not going to do anything unspeakable!

With him accompanied, Fang Chixia followed him and got on the bus.

When Luo Yibei was sitting in the car, his face was cold all the time, especially when she was looking at her. The eyes were sharp and peeled like her.

Fang Chi Xia was inexplicably seen by him, and his body was a bit creepy.

What did she do?

"I am just a little ahead!" pointed to the road ahead, she reminded.

Luo Yibei's gaze glanced forward, and the glimpse of the restaurant was full of gaze.

Still dare to be near the company?

Chapter 144: Still dare to be so bold under his eyes

Luo Yibei followed her to get off the road and walked down the sullen, squatting on the body, and it seemed that the air pressure was reduced a few meters.

Fang Chi Xia's pace is very brisk, it seems that the mood is still very pleasant, took a few steps, and even ran away.

Looking at her like this, Luo Yibei's face is more heavy.

So can't wait to rush to the appointment?

Luo Yibei stared at the figure in front of the pool, and how to look at it is not good.

"Fang Chi Xia, you stand!" A few steps went up, trying to stop her, Fang Chi Xia stopped at a pharmacy on his side.

Not a big one, when Fang Chi Xia went in, there wasn't even one guest.

After entering, she went straight to a counter and took a box of medicines that didn't know what it was.

"Okay, we can go back!" After she bought it, she came out and put the medicine in the right direction and walked in front of him in the direction of the two cars.

Luo Yibei looked at her back in a quiet voice, and her face was a bit rich.

that's it?

She is finishing the grooming in the elevator, but also to make up the makeup, is to run over to buy this?

For such a discovery, Luo Yibei was very surprised, and his face seemed to ease a lot.

"What did you just buy?" Slowly, he went up, he asked.

Fang Chi Xia's figure in front of him was stiff and stiff, his face slightly awkward.

Luo Yibei quietly observed her reaction, and the eyebrows picked it up nicely. "After the drug?"

The atmosphere seems to be a little subtle.

At the time of silence, Fang Chixia's mobile phone ringing suddenly rang at this time.

Fang Chi Xia Yi, Luo Yibei is also awkward.

Looking at her mobile phone, staring at the words "big baby" on the caller's call, his face just cooled down again.

"Hey? Dabao, where are you?" Fang Chixia didn't see his face. He turned to the side and answered the phone. "West Street? Good, I will come over later!"

She seems very happy to talk to each other, and her expression is very lively when she speaks. It is not always clear when she is facing him, and she often faces up.

Luo Yibei quietly looked at her like this, how to see, how bad. "I don't go back now, there is something, I will go home by car later." Fang Chixia answered the phone and turned over and explained to him. He seemed to want to stop the taxi station.

Luo Yibei looked coldly at this scene, and his eyes were cold like broken ice.

Under his eyes, dare to go to date lover so brightly?

The chest was blocked, and a few steps went over. She pressed her arm that was stretching the car. He hugged her and hugged her.

"Luo Yibei, what are you doing?" Fang Chixia did not understand his behavior. He looked at the streets where people came and went, and his face was uncomfortable.

"What am I doing? Can't you see it?" Luo Yibei coldly turned her face back, holding her to the front of her car, opening the door, rudely throwing her into the car, handcuffed The door.

"You are quite unreasonable, let me go, I will have an appointment later!" Fang Chixia pushed the cart door and wanted to go down. The door just opened a small slit, but he was lifted by his long legs. I am stunned.

Fang Chi Xia pushed again, he squatted again, so tossed a few times, Fang Chixia turned his head and wanted to go out in the same direction. However, the door was just opened, and Luo Yibei's figure was once again blocked in front of her.

Chapter 145: This is your obligation

Fang Chi Xia looked up and looked at him with a cold face, inhales, exhales, calms down his breath, and then retracts his legs.

After taking out the mobile phone, she had no choice but to call the big baby. "Today I have something to do here, can't pass, or change the day!"

I chatted briefly with the other party, and Fang Chi Xia hung up the phone.

Luo Yibei snorted coldly and followed the car.

The white sports car slammed out of the distance and went straight to the villas of the two beaches.

Fang Chixia was angry with his new behavior. After returning to the evening, he did not say anything to him. He first played with the group and then did not go upstairs, but continued to sleep in the living room sofa.

Luo Yibei stood on the balcony of the bedroom, and his eyes fixed on the door of the two-person room. At first, he did not intend to pay attention to her.

I can think of her as a woman, and both of them are married. It is a matter of righteousness to share the same bed!

If he really doesn't care about her, is it more about her mind?

I can't say that I am more indulgent with that baby!

At the thought of this, Luo Yibei had some fire in the ground. Pulling his tie irritably, he strode downstairs.

When I came to the living room, the lights in the living room were closed.

The big room was black and lacquered, but there was a hazy moonlight falling in the vicinity of the window.

On the sofa by the window, Fang Chixia curled up into a ball with his pillow, and seemed to have fallen asleep.

Luo Yibei went on step by step and went straight to her side. Did not turn on the lights, his hands groped and he stopped her.

Fang Chi Xia is generally more relaxed when she is at home. She likes comfortable styles, long T-shirts, shirt skirts and the like.

This dress is convenient for her, and in many cases, it is convenient for Luo Yibei.

For example, right now.

Fang Chixia had just been sleeping for a long time at this time, and the sleep was not deep.

Almost when Luo Yibei's hand just touched her body, her closed eyes slammed open.

Luo Yibei's hand was groping on her body, as if she wanted to tear off her clothes.

Fang Chixia's body was stiff, and his hand pressed his hand reflexively. "Don't!"

"What can't you?" Luo Yibei's face is still very cold, and his tone is cold and cold.

Fang Chi Xia is still very repulsive to him, his body is tight. Trying to pull him away, it didn't make any difference, she didn't make unnecessary struggles, calmed down her look, and thought about the conversation between the two here last night. She was cold and ironic, "I am dirty, facing A woman like me, are you afraid of soiling your hands?"

Luo Yibei's body is obviously stiff and his face is slightly distorted.

Fang Chixia's face flickered slightly, and he squinted at him with a squint. He saw his eyes wrong. He pushed his hand and wanted to go down to the sofa, but he was smashed back.

Pushing her on the sofa, the tall body oppressed, and the tip of Luo Yibei's slender buckled her sharp chin.

Staring at her for a while, he looked cold and indifferent.

"How? I thought I could avoid my obligation as a wife?"

He paused, and he spit out a word. "Fang Chi Xia, I tell you, if the man really touched you, where did it touch, I took him where!"

Very cold voice, cold and cold, with obvious warning in his breath.

"Luo Yibei, you bastard!" Fang Chi was so angry that he gnashed his teeth.

Chapter 146: Didn't see where you are not happy

"I didn't say that I am a good person!" Luo Yibei snorted coldly, pinching her chin at her fingertips, her fingertips stroking the skin on her cheeks at an extremely slow speed, holding her chin in a hand. With a sigh of force, Jun's face tilted toward her face.

Fang Chi Xia's painful eyebrows twisted, his face to the side, trying to avoid his movements, but he was stopped by his movements.

Hardly turned her face and pressed her face to herself.

His body was pressed against her, and she was restrained to death, and pressed her heavily. Fang Chi Xia's chest was too fast to breathe, and her face was red and red.

Luo Yibei glanced at her with a faint look, and the corner of her lips twitched.

Stupid woman, he still didn't do anything, he couldn't stand it!

Fang Chi Xia's corner slanted to the scorn in his eyes, the chest was a little angry, the little hand pressed his head, enough to get up, bite him with a small piece of meat on his neck.

She bitten hard, and even a hint of \*\*\*\* smell in her mouth, which clearly left a tooth mark on the neck of Luo Yibei.

Blushing, like an enchanting flower.

Luo Yibei took a breath, his brow wrinkled, obviously painful, but not angry.

The fingertips touched the place where she had just bitten, and stared at the drop of the red on the fingertips. He just wiped it off with a paper towel, and then his eyes turned to Fangchi again. Summer's face.

Fang Chi Xia was shocked and reflexively wanted to retreat, but he was pressed back by him.

The backhand pressed her hand and backed it to the back, his face tilted toward her again.

Fang Chi Xia has a very good smell, the atmosphere is very clean, pure and not stained with a trace of impurities, like a sudden wind blowing in the mountains, and like the clearest spring, fresh and fascinating .

Such a woman is very easy for a man to get out of control.

However, as soon as she thought of her baby, Luo Yibei's opinion on her was subverted, and her eyes were even too

disgusting.

“Luo Yibei, you get up!” Fang Chi Xia can not stand this way, he wants to take his hand out of his hand, Luo Yibei, but cold and unscrupulously licked her.

Fang Chi Xia was stiff and his face was hot. He leaned over and licked his shoulder and retaliated.

She is very alert to him, her nerves are very tight, and it is like fighting against the beasts.

When she thought that he hadn't come back for a few days in the past few days, she looked at his eyes even more disgusted than he had seen him before.

Two people at the moment, both look tired.

“Go away!” Pulled the sheet next to him and wrapped it on his body. The body turned over and Fang Chi Xia Lianren was rolled to the ground.

Her movements were very embarrassing, and she sat on the ground with long hair and confusion, and her eyes were still fascinated.

Luo Yibei looked at her like this, she was a little annoyed, especially after she did not cooperate many times today.

“I am still waiting for me to shoot, choose!” Looking down at her, he was coldly warning.

“How? Want to play in a strong marriage ~ violence?” Fang Chi Xia did not look at him, cold ironic.

“I didn't see where your body was unhappy.” Luo Yi's north lip swelled a slap in the face, saying nothing in the face.

Fang Chi was so full of trembling in the summer, and blushing and picking up the pillow, he squatted on him.

## Chapter 147: Big baby in the pool summer

“Choose!” Luo Yibei calmly waved the pillow she had come over, her eyes swept to her face, and she did not let go.

Fang Chixia climbed from the ground and wanted to go backwards. Just two steps away from the legs, Luo Yibei’s tall figure flew directly toward her—

“It seems that you still prefer me to use this way!” The body pressed against her, covering her tightly, and his hand slid into her clothes again.

This time is not just pushing up, he is tearing directly.

Fang Chi Xia’s face was white for a while, and between the struggles, the hand didn’t know which button of the phone he touched, and the screen suddenly lit up.

The mobile phone was pressed by Fang Chixia. She didn’t notice that Luo Yibei didn’t pay attention. She leaned over and his lips aligned with her lips again.

Long legs arrived between her legs, trying to force her to accept herself. In the phone, a resentful voice suddenly came.

“Fang Chi Xia, what are you doing? I don’t want to call the phone in the middle of the night. See you straight out tomorrow!”

Very energetic, screaming, confused, awakened seems to have some bed, listening to Luo Yibei, and some familiar.

However, because the other party is probably very sleepy, and there is a little difference in speaking on the phone when he is peaceful, he does not think about who the other party is.

The living room of only two people was originally quiet.

The sudden buzzing sound made Luo Yi squatting, Fang Chi Xia also stunned, and his eyes looked at the mobile phone under her pressure.

The call is still going on, the fluorescent light on the screen is still on, and the name on the caller is unusually eye-catching in such a dark night.

big baby!

Luo Yibei stared at the screen of her mobile phone for a while, and her face was slightly distorted.

female?

Fang Chi Xia and his big baby passed a phone call before going to bed in the summer, and now how to dial out, she does not know.

Guessing may be just pressing the phone where it is, and dialing it automatically.

Fang Chi Xia listened to the voice of the other party on the phone. For a moment, he did not respond to what was happening now. The expression on his face was somewhat sloppy.

“Speak? This time has not yet slept, what is the stimulus? Connected and not snoring, playing the midnight ringing bell?” Big baby usually talks with Fang Chi Xia and wants to say what to say, two people are not accountant Later, the tone at this time sounds a bit depressed.

Fang Chi Xia returned to God, panicked to pick up the phone, and did not care that he was stripped of the body of Luo Yibei, went to the corner of the living room, she took the phone and pressed the volume, “Yan Yan, you sleep first I probably accidentally pressed the wrong button, sorry, sleep!”

In one sentence, she did not give the other party a chance to return. She hung up the phone.

Luo Yibei seems to be still in shock, the body keeps the same position and sits still in the same place. After a while, he slowly returns to God. “Why didn’t you explain before?”

Fang Chixia’s gaze stunned, mocking the hook and corner. Explain that it is necessary for someone to be rarity, and no one has a rare explanation, just as pale as a blank paper. She thought so in her heart, but she didn’t say it.

She has no relationship with Luo Yibei, she did not stand to say this to him.

“I went back to the house.” Picking up the broken clothes on the ground wrapped in his body, she turned her back and did not turn on the light, so she went through the moonlight and went upstairs.

Chapter 148: Let us continue

The living room was very dark, and Luo Yibei only saw her back and couldn't see her expression at all.

However, Fang Chi Xia at this time is to make him feel a little distressed.

One half of the bed was carried out, because the accidental phone was interrupted.

Luo Yibei sat downstairs for a while and then returned to the room.

When I entered the room, Fang Chi Xia had already slept.

Probably afraid that he would continue the things he had just finished, her nightdress changed to a conservative pajamas.

Such a woman, I saw Luo Yibei corner of the eye pumped a bit.

Doesn't she know that if he wants, what is the difference between pajamas and nightdresses?

Walking over and squatting at her, his arm naturally caught her waist.

Fang Chi Xia was still asleep, and a sudden movement made her body sensitive and stiff. When she raised her hand, she wanted to open his hand, but he was stunned by Luo Yibei Yin.

"Let's move on and continue!"

Fang Chi Xia Yi, who was preparing to fall on his wrist, took it back.

She is a very smart girl, the meaning of Luo Yibei, she naturally understands.

As long as she did not move, he was not prepared to move her.

Luo Yibei was quite satisfied with her acquaintance, so she glared at her, and fixed her back on his chest. The two like a close lover, sleeping in this position for a night.

The next day is a working day, and both of them have to go to Rong Xi.

Fang Chixia learned about the real price of restaurants near Rongxi from the last time he invited Luo Yibei to eat, and he took lunch every day.

I took an early morning lunch with me. After I got married with Luo Yibei, I didn't have a few hours of sleep every night.

Fang Chixia's severe sleep was insufficient in these days.

When Luo Yibei went downstairs, she saw her walking around

the kitchen and moving around, and from time to time accompanied by yawning.

Staring at her for a while, he walked in a few steps and pressed the hand she was cleaning the incubator. "There are so many restaurants in the company, what to bring."

"Not everyone is as short of money as you are." Fang Chi Xia whispered his hand and continued to be busy with himself.

In a word, let Luo Yibei slightly stunned, his eyes turned to her face, "What card do I give?"

"Isn't that yours?" Fang Chixia returned to him naturally.

Luo Yibei is a glimpse.

Hey, is it so clear?

Leaning in front of the counter, staring at her side, watching quietly, he looked down and didn't know what he was thinking about. He suddenly said, "In fact, the company's internal restaurant is for some employees. No charge."

"Really?" Fang Chixia's action on his hand, his face lifted up, and his eyes were very friendly. "Which part of the staff?"

Luo Yi's north hand touched the smooth chin, and he thought of the wording, "For example, my men."

"Where is that swaying?" Fang Chi Xia Shoukou asked again.

"He?" Luo Yibei gave her a look, and he did not change his color and said, "He doubled the charge there!"

Fang Chi Xia is speechless to his words.

What is the rule? Is it fun to tease her?

"So start from today, turn from him!" Luo Yibei is in a positive color, his face turned serious.

"Don't!" Fang Chixia packed his own things and went out without going back.

She refused very thoroughly and didn't even hesitate.

Chapter 149: I even understand this.

“Stand up!” Luo Yibei’s face sank, followed by a few steps. Fang Chi Xia did not care about him, the steps under his feet not only did not stop, but accelerated a few points.

I ran out of the villa and ran out of the car just after coming out, stopped and left.

When she arrived at the company, she was a few minutes earlier than Luo Yibei.

When he came to the office, Shi Haoyang had already arrived.

“Early!” Seeing her, if he had nothing to do with her, he handed a document to her. “Right, this information will help me send it to Yibei!”

“Luo Yibei? Can you change someone to go...” Fang Chi Xiayi, wanting to refuse, Shi Yanyang did not go back to his office.

Fang Chixia was helpless and took the information.

They are all in a company, and Luo Yibei also knows about her business. It is inevitable to meet up from time to time.

Fang Chixia took out his mobile phone and looked at the time. After fifteen minutes, he estimated that Luo Yibei should have arrived at the company and took the information out of the office.

Luo Yibei is a little far from the floor where she works and needs to walk for a while.

Fang Chi Xia did not go to him, he was unfamiliar with the place where he worked, or asked the direction after asking people.

When I arrived, Luo Yibei was not in the office, but in an office room with an old man.

Seeing her suddenly appearing, he stunned for a few seconds, and his eyes turned to the old man around him.

The old man is still staring at the map of South France on the table and not paying attention to her.

Fang Chi Xia didn’t know the old man. He just looked at the two people and took the information and went in. “This is what Shi Shaoye sent me over.”

Luo Yibei took over the information in her hands. At this time, she was discussing a purchase contract with Lorge for the acquisition of all commercial towns in France.

He was a little busy and didn’t say much.

“I went out first!” Fang Chi Xia Yanran did not know each other. After the thing was delivered, he wanted to leave. When he turned around, his eyes inadvertently swept a map of Lonqi’s hand.

The map is about all the valuable commercial towns in the south of France, and it is also the target of Rong Xi’s acquisition.

The southern French town is a very famous tourist destination. This acquisition was planned by Luo Yibei and is intended to expand the market of Rongxi.

Fang Chixia stared at the map and looked at it. The eyebrows and foxes were screwed and the footsteps could not help but stop.

“What’s wrong?” Luo Yi’s north corner of the eye slanted to her reaction, very casually asked.

Fang Chixia looked at the map, looked at the contract placed next to it, and stared at all the Nanfa commercial towns on the contract. She said very seriously, “This map has problems, like a perfume town. The town of Sarah can indeed bring a certain economy, but, like the city of the sky, the place like Fengdan Spring Water Town, if you do not plan to develop a tourism section, it basically does not make sense.”

“More like the color town and the stone city, it doesn’t really help the market. On the contrary, the more commercial towns like Avignon and Nimes are missing on the map.”

After she paused, she summed it up. “If the map is from the other party, it is deliberately misleading. This is a contract fraud! The really valuable town is held by the other party and sold to Rongxi. Half of it is meaningless! The loss is Rong Xi!”

## Chapter 150: Look at her

She sneaked out the names of the towns in southern France, and several of them did not exist in the map of Luo Yibei.

There are too many towns in the south of France. It is very difficult to find a complete map from the country. However, she can speak the names so fluently, even the specific conditions of each place are clear. .

Such a way, let not only Luo Yibei, or even Lonqi are shocked. Lorne's face, which had been lowered his head and studied the map, slowly lifted up, and the first time I seriously looked at the girl.

Fang Chi Xia's face looks too young, however, it is such a person who can see the contractual loopholes that he and Luo Yibei, and even the Rongxi Legal Department did not see. Such Fang Chi Xia, let Lonchi look at it.

"What's new?" Staring at Fang Chi Xia for a while, he asked. "Yes!" Fang Chi Xia lightly bowed his head and answered politely.

"Now praise the work there?" Lonchi asked again.

"Yeah." Fang Chi Xia does not know what his identity is. He doesn't know how to call him. He can only answer it truthfully.

Luo Yibei listened to the dialogue between the two people quietly. Seeing that the seedlings seemed a bit wrong, they waved their hands at Fang Chixia. "Go out first!"

Fang Chi Xia actually noticed a bit of a sign, got his permission, greeted the two people, and retired as soon as he turned.

"What? If I haven't finished talking, I will take people away?" Lorne took a look at Luo Yibei and was somewhat dissatisfied with his behavior.

Luo Yibei is very cold and hooked the lips.

Oh, don't think he can't hear what it means.

Want to transfer the \*\*\*\* to his hand?

Luo Yibei thought in his heart that Fang Chi Xia had not settled yet, and he accepted her to transfer it to others.

Moreover, I really went to Lorge, and when I wanted to do something between two people, there were too many inconvenient places.

"Grandpa, I am going to deal with this contract." Li did not

pay attention to Lonchi's words, Luo Yibei picked up the documents on the table, and strode out of the room.

After Fang Chi Xia went back, he handled the things in his hand briefly, and then received a call from Big Baby.

The big baby is the exclusive name of Fang Chi Xia to the other party. The unique name between the girlfriends is called Tong Yan.

Like An An, Tong Yan is also a roommate of Fang Chi Xia, but unlike her and An An, she often lives in school.

Tong Yan's family seems to be very good. How good is it?

Fang Chi Xia doesn't know. She only sees that she has a special car to pick up and drop, and the usual things are almost limited edition.

Tong Yan was taken out by her sister for a few days before, so she didn't know about Fang Chixia's marriage.

Calling that night, it should be heard by An An, so call to ask the situation.

Fang Chi Xia still owes her a detailed explanation. Two people have an appointment to meet at 7 o'clock in the evening. After the work, Chi Xia will go directly to the two places.

She and Tong Yan haven't seen each other for a long time. She went there and didn't go home for a few hours.

Luo Yibei sat on the sofa in the living room, followed by the hair of the group, and waited until ten o'clock to see her back.

A phone call came over. "Where?"

"In the dinner with Dabao, I will come back later tonight." She did not take his words seriously, and called him in one sentence.

Chapter 151: Calling such a numb

Luo Yibei listened to her “Da Bao” and was uncomfortable.

Two women, what are you doing?

It’s even more uncomfortable to be hung up.

Is she getting more and more guts?

The dinner of Fang Chi Xia and Tong Yan ended at eleven o’clock in the evening. When two people came out of the restaurant, there was no one on the street.

Fang Chi Xia was sent back by Tong Yan.

Fang Chi Xia only told her that she was married. She did not tell her that she was married to Luo Yibei, and did not mention the background of Luo Yibei.

When I went back, I didn’t want to let Tong Yan know more.

She went down on the nearby street and didn’t let the other party send her to the door.

When I returned to the villa, the whole villa was very quiet.

The lights in the hall are closed, and only a few street lights are lit up on the cobblestone path of the garden.

Fang Chi Xia opened the door and walked in. He looked up and looked upstairs. It is estimated that Luo Yibei had fallen asleep at this time, and her voice was very light.

Not afraid of awakening Luo Yibei, but want to take the opportunity to sleep in the room.

I changed my slippers and tried to go upstairs. Who knows, I just got to the stairway, the big living room, the unique cold sound of Luo Yibei suddenly came from behind, “In the middle of the night, what do you do?” ?”

The awkward voice shocked Fang Chixia and stumbled.

“In the middle of the night, why didn’t you sleep? Why didn’t you turn on the lights?” She turned her head and hurriedly replied, groping for the opening of the living room and turning all the lights on.

Luo Yibei sat on the sofa, wearing a bathrobe on his body, the belt was loose, and a small piece appeared on his chest. It looked very sexy, but his face was a bit cold.

“What time is it?” He took the phone next to him and looked at his time. He reminded me coldly.

“Yeah, it’s very late, so go back to the room and rest!” Fang Chixia shunned the weight and attached it to the upstairs. He continued to go upstairs as soon as he turned.

Who knows that just entered the house, Luo Yibei followed closely and came in.

At this time, Fang Chixia was facing him in front of the closet and looking for the pajamas to be worn tonight. She was going to take a shower. The zipper of the skirt behind her was untied halfway, revealing a small piece of fair skin.

Both of them had not done those things for a few days. Luo Yibei stared at her and looked at it. She walked over and took her from her back to her arms. She leaned over and her lips were aligned behind her neck. Kissed up.

Fang Chi Xia was a stiff body, and he pushed him uncomfortably. "Don't be like this, I haven't taken a shower yet."

"You wash your, I will be mine." Luo Yi did not change her color to the north, and did not look at her. The lips that stayed behind her neck did not move away.

Fang Chi Xia's face was hot, and he was blocked by him and he didn't know how to take it.

Luo Yibei's kiss slowly moved forward along her neck, kissed her long neck and was about to go up to her lips. When she thought about today's things, he couldn't help but float out, "I know very well about France.?"

"Fortunately, you let go!" Fang Chixia was kissed by him and his body was a little hot. He was stiff and did not dare to move in his arms.

"After two days, I will accompany me to the south of France to do the investigation." Luo Yibei Li did not care about her words, and said that she said.

"No." Fang Chi Xia refused if he didn't think about it.

Luo Yi's eyebrows were picked up, and his eyes were on his face. "Reason?"

## Chapter 152: I am your person

Fang Chi Xia's heart is that she is the person in Shi Yanyang's hand. Wherever he goes, she has no obligation to accompany her!

However, she is very clear that this cannot be said directly.

The head got out of his arms and let him pull a little distance from him. He thought about the wording. She said, "I still have a lot of things to do in Rongxi."

"Deferred." Luo Yibei returned her words indifferently.

"Can't postpone, it is the loss of Rong Xi. It takes a few days to hand over to others." Fang Chixia said.

Luo Yibei looked at her quietly, questioning her face.

A newcomer who only went in for a few days, Shi Yanyang will explain so many things to her?

Fang Chi Xia stunned him with a sigh of relief, fearing that he mentioned more, screaming at the moment of his flashing, rushing to the bathroom.

After entering, the door was closed.

Since she married him, she is very slow every time she takes a bath.

It is not estimated that Luo Yibei has fallen asleep, she generally does not come out.

In the bathtub, I spent a full hour and a half bubble bath, so that her limbs were weak and her head was almost insufficient.

When he came out, Luo Yibei seemed to have slept.

The lights in the bedroom are closed, only the moonlight quietly outside the window.

Fang Chi Xia opened the bedroom door and went to sleep on the same floor.

When the door was closed, Luo Yibei, who had closed his eyes, opened his eyes.

Staring at the door panel that she covered, looked at it for a while, his lips were cold and ticked.

He didn't continue to toss, not because she didn't want to, but just saved her energy for the next few days!

Fang Chixia slept in the living room for a night, and it was a bit late the next day. When he went out, Luo Yibei seemed to have gone to Rongxi first.

He walked right, one came first and then arrived, at least not in the incident of Rong Xi.

Fang Chixia went to Rongxi by car and went back to his office.

Still not sitting down, the door of Shi Yanyang's office suddenly opened, and Shi Yanyang and Luo Yibei's figure appeared at the door at the same time.

Fang Chi Xia Yizhen, mistakenly looked at Luo Yibei, and looked at Shi Yanyang, there is a bad feeling in my heart. "Chi Xia, come over!" Shi Yanyang waved at her, the attitude is very gentle, gentle to make Fang Chixia a little arm hairy. Why is there a feeling of being a traitor to him and Luo Yibei? Standing up, she walked stiffly toward the two.

Shi Yanyang took the door back after she entered the office and locked the three people inside.

"It's like this," squinted and turned to Luo Yibei, who was sitting on the sofa. He thought about the wording and said, "Ebe will go to France tomorrow, and you need to be accompanied by an interpreter. Are you not very good at languages? You just go with you once, the things in your hands for the next few days, I have already handed them over to others, and feel free to go!"

"But, I am the one in your hand!" Fang Chi Xia pulled his wrist and was anxious to be loyal.

Shi Yanyang's eyes twitched. What is this? Don't want to take him as a shield?

"Summer and summer, I have to follow the arrangement of Yibei." Pushing her hand away, Shi Yanyang gave her a more cruel fact.

His meaning is very simple, even he has to obey the arrangement of Luo Yibei, she naturally has to listen.

Fang Chi Xia was blocked by him and he did not know how to answer.

Does he really need to listen to the arrangement of Luo Yibei?

Fang Chi Xia did not know the relationship between the two.

She felt that this was just a deduction from Shi Yanyang.

Chapter 153: Yin, he is ruined

However, even if she clearly knew everything, she could not find a reason to refute his words.

Fang Chixia stared at Luo Yibei on the sofa for a while, and finally compromised.

In fact, both of them are married, and they still go abroad with him at home. It really doesn't make much difference.

The only loss is that she could have been alone at home these days, but now she is ruined.

Luo Yibei looked at her reaction quietly, slammed the corner of her lips and took out the phone. He called his assistant and arranged a ticket.

His official time to go to France was the second day, the assistants did not bring, only brought Fang Chixia alone.

The destination is in the south of France, in the area of Provence.

Upon arrival, he was personally aware of the situation with a company in her company.

Luo Yibei is actually a French-speaking person, growing up in the famous family of Luoja, multi-language is only a small case, but it is accompanied by the pool summer.

And when communicating with customers, let Fang Chi Xia on the battle.

Fang Chi Xia said that French is particularly nice. She was especially beautiful when she spoke French. When she spoke French, a word came out of her mouth and it sounded like a beautiful poem.

The two men almost investigated the southern part of France within three days. When he returned to the hotel, Fang Chixia thought that he would choose one or some cooperation from so many companies.

Who knows that he was a phone call back to China, and still let the previous problematic acquisition plan proceed according to normal procedures.

Such Luo Yibei, let Fang Chi Xia be one of them.

"Why do you do this?" He looked at him still standing on the balcony, she asked inexplicably.

"It's boring to end this way?" Luo Yibei gave her an answer that was not an answer, and she did not know who to call.

The contract with the company was scheduled to be the second

day, Luo Yibei is just abroad, when he signed the contract is his own.

Fang Chi Xia was still confused that Luo Yibei still insisted on signing the contract. However, after she went there, she knew everything.

Luo Yibei prepared two backup contracts in advance. When the two people signed the contract halfway through, the outside of the restaurant did not know where to run out and called the name of the other company.

The man's head side, looked back and looked down.

It was such a one or two second time, the contract that was placed on the desktop and only signed and sealed, was changed by Luo Yibei.

The exchanged contract and the original at first glance are exactly the same, except that the amount of the purchase of \$1.2 billion was changed to the Republic of Korea.

His movements are very fast, one or two seconds, I am afraid that no one will think that there will be such a thing.

The other party was not responsible for signing the contract.

After the person who had called him outside and said hello, he did not read the contract again and signed the contract.

Fang Chi Xia sat next to him and looked at this scene quietly, looking a bit dumbfounded.

The \$1.2 billion was replaced by 1.2 billion won, and the loss of the wife and the soldiers. Isn't this going to be a sinister family?

The person who signed the other party did not seem to realize that there was something wrong with it. Only when he earned it, his face was laughed.

From the beginning to the end, Luo Yibei is still using his own meal in an elegant manner.

If you dare to play with him, you must be prepared to be killed!

Chapter 154: Already in such an intimate position

As Luo Yibei expected, the company that signed with him, due to the sale of the company under the name of the company, overnight, immediately declared bankruptcy.

This time, Fang Chixia also saw the embarrassment of Luo Yibei.

On the sixth day of her arrival in France, she estimated that the two should return to China soon. When she and Luo Yibei walked down the street, she deliberately selected some gifts for a few friends.

“When are we going back?” When he returned to the car, Fang Chixia asked casually, taking out his small bag of gifts and watching them one by one.

The gifts she bought are some very delicate things, it seems to be brought to female friends, except for a watch.

Not a valuable piece of watch, but the design is very beautiful, the style is a man at first glance.

Luo Yibei looked at this time just now, and saw the watch in her hand for a few seconds.

Very simple design, there is no extra decoration, only the part of the inner ring of the head is written in French font “un-coup-de-foudre”.

Un-coup-de-foudre is a love at first sight in French. It is very elegant, a little bit small, and it is very creative. I don't know how it is carved. When I look at it, there is even a transparent effect. Very beautiful, but I can't see it without looking carefully.

When Fang Chi Xia bought it, he did not notice it. It was Luo Yibei and he saw it at a glance.

Luo Yibei stared at the watch quietly, and the expression on his face slowly solidified.

Who is in love at first sight?

Over the side, her eyes swept over her face, and he asked blankly. “Who is this for?”

Fang Chixia was checking his own gift and leaking it. When he heard him, he looked up at him and didn't think much.

“Thank you!”

Luo Yibei's face seems to be colder.

Praise?

When did she and Shi Yanyang develop into such a close call

to each other?

Luo Yibei listened to her words very harshly, seeing the watch is not pleasing to the eye.

Loosing his own neckline, his car drove suddenly stopped.

“What’s wrong?” The two men’s car was driving to Fengdan Springs Town. At this time, it was just halfway to the road. Before the village, there was no store. Fangchi Xia did not understand what car he parked in the wilderness.

“Just who said this table to whom?” Luo Yibei casually smashed the precious diamond button on the shirt, asked again.

In the marriage life of the two, although Luo Yibei has been comparing animals, but Fang Chixia has not seen his rudeness, this time obviously did not notice the dangerous signal, but the body is reflexively retracted. “Give praise...ah!”

In a word, before I finished, Luo Yibei directly lost her -

“Luo Yibei, what are you doing?” Fang Chixia stood outside, angry and smoldering in the scorpion.

Luo Yibei did not explain, the backhand slammed into the door, and the white sports car slammed into the distance.

Fang Chi Xia Jianggan even did not know what happened, I can’t believe him, I can’t believe he just left.

“Hey, Luo Yibei, you explain clearly!”

“Loe North, I don’t know where this is!”

“I don’t know the Provence dialect!”

The car in front of it did not pay attention, and a wind like it disappeared.

Fang Chixia stood alone on the side of the road, looking at the environment where the mountains were water, and the body shook slightly.

What did she do wrong?

Chapter 155: See your identity

Luo Yibei drove the car to the far distance, thinking about her words, the chest was blocked.

Under his eyes, can he take such a gift to other men?

He just wanted to punish her, and wanted her to reflect on her current identity. About half an hour after she left, the car drove back.

Who knows when I returned to the place just now, Fang Chi Xia actually disappeared!

Luo Yibei sat in the car, quietly watching the deserted wilderness, his eyebrows sinking, and driving along the road to find it.

When I found Fang Chi Xia, it was the next morning, a small hotel in Fengdan Spring Town.

She was not seen in a day, and she was not embarrassed and pitiful after being discarded. The face looked very spirited.

This kind of her, let him be a little surprised, but also some look at it.

The difference between her and other women is that she has her intelligence, and even if you really throw her in the wild, she can still live well.

At this time, Fang Chixia picked flowers in the garden of the hotel, and tied the hair band with a bow on his head. The long hair was refreshed into a ponytail shape, and the youthful vitality was bright.

In her hand, she held a bunch of white roses that had just been picked. The white petals of the milky white hanged a lot of crystal clear water drops. Next to a beautiful French teenager, she stopped talking to her. day.

“Summer and summer, this is enough!”

“All the flowers in the dining table and hotel room are already available today.”

“Is it hot, do you want to go to the house for a break?”

Fang Chixia’s gaze crossed the iron gate of the garden and looked out at the Luo Yibei, which just passed through the house. The lips and corners rose up, and picked up the bouquet and smelled it. He smiled at the boy, two people together.

Going into the house.

While walking, the French conversation between the two came.

“Lan Xiu, if I work for seven days, how much is the service fee?”

“1500 francs.”

“Is there enough air fare for returning to China?”

“It doesn’t matter if it’s not enough. I welcome you here.”

“Thank you, but I am from school to take time off.”

“This way, then come on!”

The voices of the two people are getting farther and farther away. When Luo Yibei did not exist, from the one in the garden, Fang Chi Xia did not look in his direction.

Luo Yibei stopped in the same place, so I stared at her back and watched for a while, followed by a few steps into the hotel.

This is a very small hotel, like a hotel in many small towns in southern France.

Fang Chi Xia was brought back by Lan Xiu, who was just passed by yesterday. Everything was in the car of Luo Yibei. She didn’t have any money, but she didn’t want to live in white. So she proposed to help in the hotel, and then prepare for it. Go back to the ticket.

Luo Yibei walked in and went straight to the front of the desk where she was arranging flowers, “booking.”

The familiar voice made Fang Chi Xia’s back stiff and stiff. Over the side, she returned to him indifferently. “Sorry, the hotel room is full now.”

She said that this was intentional, that is, she did not want him to live here. Who knows that Lan Xiu, who is next to him, turned back and said, “Summer, what are you talking about? Early in the morning, there are still a lot of empty rooms!”

“Lan Xiu, be yours!” Fang Chi Xia dismissed him and took the flowers to the restaurant area.

Luo Yibei snorted coldly and turned his eyes to Lan Xiu. “I want the room closest to her!”

Chapter 156: We look at the face charge here.

When Luo Yibei booked a good room and walked into the restaurant, Fang Chi Xia Zheng was facing him in the flower arrangement.

Luo Yibei walked a few steps, chose a window to sit down, gave himself a meal, and casually used the meal, while watching her direction quietly.

When Fang Chi Xia was flowering, he was bent over. The clothes were worn by the people in the hotel. Some of them were loose. A large piece of scenery on the chest was looming, and the white eyes were dazzling.

Luo Yibei looked a bit dry and looked away, taking a sip of the cocktail next to him.

Fang Chi Xia did not seem to notice his direction, still doing his own thing.

Luo Yibei did not interrupt her, but after she finished using the meal, she called her to charge.

Fang Chi Xia obviously hated him. He called her three times and she came over.

And after he came over, he didn't deal with him here, but the money at the table next to him.

"A total of 20 francs, sir!" politely gave the list to the person at the opposite table. After she collected the money, she turned to clear the table.

The thing at the north point of Luo Yi is the same as the table next door. However, Fang Chi Xia Guangguang swept his table, but he did not change his color and floated out, "200 francs, thank you!"

"Why is my two hundred?" Luo Yibei's eyebrows were picked, and his eyes looked at her face.

Fang Chi Xia Xia lightly lifted up, a serious saying, "Sorry, sir, we are here to look at the face to charge, like your dark black and ruthless face, our hotel is ten times the charge according to normal people. "

Her reason is very ridiculous, obviously it is against him.

However, Luo Yibei just smugly glanced at her, and there was not much expression on his face. "Ten times ten times!"

He handed a few checks to her and he turned and went upstairs.

Fang Chi Xia was busy downstairs during the day. In order to

get the ticket fee back to China as soon as possible, she seemed to be very active. She returned to her room at 10 o'clock in the evening.

When Luo Yibei made a reservation, she ordered her next door, and he knew a little bit about it.

When Fang Chi Xia came back, the lights in the room opened, and the lights slammed out of the balcony. He could see it here.

She didn't seem to know that he lived next door to him, took a shower after returning to the room, and changed his clothes and walked out to sit on one of the hanging chairs.

Sitting on it and shaking, thinking about yesterday's business, she has not yet figured out why Luo Yibei is angry.

After thinking about it for a long time, she did not figure it out. She ran into the house and took the watch out.

Staring at the dial and looking at it, I also put it under the light and looked at it. I saw the special French in the above, and for a few seconds, I thought about it and threw it into the garden.

Standing up, is preparing to rest in the room, Luo Yibei's figure suddenly came out slowly.

Fang Chi Xia's footsteps, looking at him on the side of his eyes, obviously some accidents, "How are you?"

"You can make a reservation here, others can't?" Luo Yibei stood on the balcony of his room, held his hand on the guardrail, looked at her coldly and coldly, and talked casually.

Fang Chi Xia actually asked how his room was just next door to her, but, thinking about it, it must have been his intention.

She left her yesterday, what is it now?

"Come here!" Luo Yibei asked her.

Fang Chi Xia ignored him and turned and went to the house.

Chapter 157: The so-called involuntary

“Wait until I come over, don’t post.!” Luo Yibei cold face reminder.

His words are obviously threatening.

It’s been so many days for two people to get married, and this has not happened to him.

What he hinted at, she naturally knows.

Fang Chixia stood on the balcony, his eyes quietly watching him through the night, hesitated, or dragged his legs toward his room next door.

She used to, just because she gave Shi Yangyang a gift, there is indeed something wrong, not to succumb to his threat.

Pushing open the door of his room, before entering, Luo Yibei’s figure suddenly stood in front of her, an arm hooked her waist, her body followed by the wall pushed against the back.

Fang Chi Xia raised his arm and tried to push it, but his body pressed against her body...

.....

Fang Chi Xia was stiff and allowed to do whatever he wanted. When he struggled, he didn’t struggle any more. He just groaned when he couldn’t stand it.

She didn’t give him any response at first, but later, slowly, the senses and the body began to “involuntarily”...

A long hours.

At the end, Fang Chixia’s entire portrait was to be scattered, and even the head did not know how to pillow.

The next day she got up to work and woke up earlier than Luo Yibei.

The room was very messy, the clothes of two people were scattered all over the place, and a lot of things were slammed on the ground, all the records left last night.

The ripples in the air have not dissipated, and the temperature of the room seems to be hot.

Fang Chi Xia was still sore, and in the heart of Luo Yibei condolences several times, picking up the clothes on the ground, she opened the door and went out.

When Luo Yibei woke up, it was an hour later. It was not unexpected to see her absent.

If she is so sly lying on his side so much that he wakes up with

him, maybe he will be even more surprised.

When going downstairs, Fang Chixia was arranging flowers in the restaurant.

The clothes she wore have been changed, but it is still very big, probably the hotel owner.

Foreign women are generally taller than the domestic ones.

Plus, the hotel owner is a little fat, and the clothes are worn on Fang Chi Xia, which makes her special petite and very loose.

As long as you bend a little, many landscapes will be exposed.

Luo Yibei stood in the distance and looked at her quietly. The line of sight was fixed at her neckline, her brow was wrinkled, and she just wanted to take off her coat and take it. The voice of Lan Xiu suddenly came from behind.

“Summer, I brought you a piece of clothes, do you try it right?”

The beautiful French teenager is very attentive, good to others, and all aspects are taken care of, and the French are still born with enthusiasm. When they meet, they both embrace and kiss. When Lan Xiu came over, he looked at Fang Chi Xia and wanted to put his face on his face.

This is a kind of etiquette among French acquaintances, but it is nothing.

Luo Yibei is a sinking face, cold eyes watching this scene, a few steps went up.

When the faces of the two people were about to be posted, the hard-working students pulled Lan Xiu away.

“What?” He was born with a cold magnetic field, and when he sank his face, there was always a feeling of chilling.

“I, we...” Lan Xiu didn’t know what happened, and he didn’t know his relationship with Fang Chi Xia. He looked at him and turned his eyes to Fang Chi Xia.

Chapter 158: Where did you go early in the morning?

“Lan Xiu, thank you, I will try.” I also ignored the cold face of Luo Yibei, and Fang Chixia left with clothes.

Lan Xiu gave Fang Chi Xia’s clothes a very French-style dress. He probably didn’t do anything to help girls bring clothes. The skirt’s hem was bought a bit short.

Fang Chixia walked out in a skirt, and saw Luo Yibei mouth dry.

The design of this skirt is waisted, and the waist of Fang Chi Xia is very thin, so it is a good way to outline the figure.

Luo Yibei stared at the waist that she was so slender that his hand could hold the hand. Even when he took out his hand, he tried it, and his head unconsciously emerged the touch of the circle in his arms.

Eyes touched her long legs again, and Luo Yibei’s eyes were dark.

Fang Chixia apparently did not notice his sight. After he came out, he continued to do things.

Busy in the restaurant for a while, when she came out, she was halfway in front of the desk, and Lan Xiu was counting the money.

“1 franc, 2 francs, 5 francs, 70 francs, 500 francs, Lan Xiu, we have earned a lot today.”

“Yeah, continue to cheer tomorrow.”

“How much is my flight enough?”

“I will help you count. There have been more than a thousand in the past few days. Plus today, it is almost two thousand. It is almost enough.”

.....

Two people used French to chat. When Fang Chi Xia faced Lan Xiu, he didn’t have a few expressions when facing Luo Yibei. She and Lan Xiu’s words were especially many, and the two people still talked quite speculatively.

Her arms are supported on the service desk, the body is half-necked, and the skirt is short, such a posture, buttocks. The department is a bit high.

Since Luo Yibei saw her this morning, her thoughts were not pure.

Now when she sees her like this again, all the thoughts in her head are when they can try this position once.

Fang Chi Xia did not look at him behind him, but he still felt his sinful eyes.

The line of sight passed slightly, staring at him and glanced at him, looking at him just looking at her. She was “squeaky” and didn’t know what, and her face was so red.

Luo Yibei walked a few steps, no matter how hot the weather is now, took his coat and put it on her body, “wearing!”

He was originally much taller than her, and the clothes were placed on her body, which was longer than the one she wore, and could partially cover the legs.

Fang Chi Xia was a bit uncomfortable at this time. At this time, he did not refuse him. He pulled the clothes and walked away. “I am going to organize the room upstairs.”

Her words were told to Lan Xiu. As for Luo Yibei, she seemed to be annoyed with his behavior the day before yesterday, and did not talk to him.

Going upstairs, finishing a room and a room, when she came to the door of the Luoyi North room, she hesitated before entering.

The room was still very messy, everywhere was the traces left by the two last night, and even the smell of the cockroaches did not dissipate.

After Fang Chi Xia put the things on the ground and put them together, Luo Yibei just walked in.

Leaning on the door, he looked at her and didn’t bother.

Fang Chixia simply sorted the room and went over the sheets to finish the sheets.

I wanted to tear it off last night, and my eyes suddenly bumped into the traces that had dried up somewhere on the bed.

Fang Chi Xia stunned, realizing what it was, the face was red...

Chapter 159: If you have the ability, you will kill me.

Luo Yibei looked faintly at the sheets she was holding, and slowly walked over and stared at her face. He was very tempted. "What is the red face, what do you think?"

"There is still a lot of things waiting for me to do it. I will go out first." Fang Chi Xia was not able to do it. He arranged his bed in a panic and walked out with his sheets.

She went out on this road and was still red, and did not give the sheets to the person in charge of cleaning to wash, but returned to her room to wash.

Luo Yibei only walked out of the house in the afternoon.

When it came down, Fang Chi Xia was not in the lobby.

He glanced and then turned to the garden.

This hotel is small but has a very nice garden.

The afternoon sun is warm and white like a soft touch.

The garden is very quiet, far away, only Fang Chixia is sitting alone on a wicker chair.

Luo Yibei looked at her quietly, walked a few steps, stood next to her and stared at her sleeping face.

When she falls asleep, she usually has a lot of pleasing eyes than usual, and her bleak sleep is as pure as a child.

At this time, she is almost forgotten about her usual unpleasant behavior.

Luo Yibei stared at her for a while, watching her seem to curl up a little uncomfortable, bent over, wanting to pick her up and go to the room.

Who knows that the hand just stretched out, Fang Chixia's closed eyes suddenly opened.

Then, the previous sly face was like the illusion that Luo Yibei saw. She stared at him first, and then violently pushed his hand away.

Luo Yibei's hand that stretched out was so stiff and his face was a bit cold.

Does she still dislike him?

"Looking for death?" Black face, his tone is gloomy.

"If you have the ability, you must kill me first!" Lifting his face, Fang Chixia is not willing to show weakness.

When she said this, she didn't think too much. When she said it, she immediately realized that something was wrong.

Oops.

“Let’s die?” Luo Yibei chewed her words, and the scorpion was dangerously sinking. “This is what you said!”

Pushing her on the back of the chair, pressing her body, and holding her clothes began to pull.

“Louis North, what are you doing? Here is the garden! You are going away!” Fang Chixia’s face was white, his hands and feet were struggling in his arms, he was kicked open by the body, and the cat was waisted down from him. Out, protect the clothes and go to the house.

She ran very fast, and her footsteps were a bit sloppy, almost escaping.

Luo Yibei coldly admired her escape, and followed her slender legs.

When I came to the lobby, Fang Chi Xia was not there, and the hotel owner was just there.

A French woman of forty or so, after he entered, her eyes stared at him without hesitation.

“What’s wrong?” Luo Yibei was inexplicably seen by her, and asked casually.

“And Xia Xia know?” The proprietress called Fang Chi Xia also called very kind, Luo Yibei did not expect her to go anywhere to be so lovable.

“Yeah.” Staring at the man and glanced at him, he faintly responded.

“The husband and wife quarreled?” the man asked again.

“Yeah.” Luo Yibei once again gave her a voice.

After receiving a positive answer, the boss’s voice suddenly opened.

Counting down from family, she counted him down. “You said, even if you don’t, you shouldn’t leave your wife alone in the place before yesterday. Isn’t it? After you lost someone, you are looking for it again. After the Cold War, I knew it, why bother?”

## Chapter 160: The best rules

Her words are actually not malicious, but they are sentimental. After the words were exported, I looked at Luo Hanbei's cold face, and realized that she had just said too much. Her heart shuddered and stood up and left. "I still have something to deal with. I'm leaving."

Luo Yibei did not take her words to her heart. After a turn, she continued to find Fang Chi Xia.

Fang Chi Xia just said the wrong words, a little fear of him, one day at any time to hide from him, at night dining time, talents do not know where to come out.

Luo Yibei was sitting in the lobby of the hotel waiting for her in the afternoon. His expression was very sloppy, and her eyes were not sharp, and she even had a good look.

Fang Chi Xia was shocked by his heart, his eyes only briefly crossed with him, turned around and went to eat with Lan Xiu's family.

She only came here for two or three days, but she has always been in harmony with this family.

The Lan Xiu family seems to be very enthusiastic, especially the mother of Lan Xiu.

When the family was dining, she even took out a bottle of wine that she had kept for a long time, and gave it to Fangchi in the summer. "Summer, you taste this, the grapes we planted ourselves. Brewed by yourself!"

Fang Chi Xia is not easy to push off, only one cup to drink.

When I officially started eating, my head was a little dizzy.

Still not moving, Lan Xiu's mother's eyes suddenly turned to Luo Yibei, who was sitting on the sofa not far away. "Would you like to be together?"

Luo Yibei, I did not expect her to be so friendly.

After considering it, he walked over to a few people.

Lan Xiu was a very good child. When he came over, he automatically gave him the location around Fang Chixia.

Fang Chixia was a little drunk at this time, and Lan Xiu's mother still gave her a slap in the face.

Luo Yibei could not stand down next to him and helped her block a few cups.

For a dinner, because of the four glasses of wine on the empty stomach before Fang Chi Xia, there was some discomfort in

the back, and nothing was eaten.

At the end, I felt a bit of a top-heavy feeling. I pushed the chair away and was about to get up. I didn't stand still for a while and my body slammed.

"I took her back to the house." Luo Yibei took her to her arms and hugged her to go to her room.

Fang Chi Xia drank the wine, leaning on his arms, just looking at his face, this time suddenly more words.

"Luo Yibei, you are a bastard!" Her eyes sparkled, and the mist was like a layer of water mist. When I said this, there was nothing to suffocate, but it was very delicate.

Looking around, the kind of charm of the bones, I saw Luo Yibei almost did not hold.

Luo Yibei had never seen her like this, staring at her misty eyes, leaning over, wanting to kiss, who knows that before the smooth, Fang Chi Xia, suddenly raised his arms to his The face waved.

"How can you leave me in that place that day!" Her voice was a little angry and her movements were unprepared.

However, he has not touched his face, but he was stopped by Luo Yibei.

"I don't want to die more badly, it's best to behave!" Luo Yibei's face was slightly distorted, and his eyes swept coldly on her face, and he warned with no expression.

Fang Chi Xia did not hear him, his hand grabbed his clothes, his face was buried in his arms, and he raised his fist and hit him again. "How can you do this? Bastard!"

Chapter 161: I can still be more jerk

Luo Yibei was not a patient person, and he did not have the patience to deal with a woman who was half-awake and half-awake.

The hand clasped her wrist, and he was cold and sternly warning. "After so, I will be more squirming if I don't believe it."

Fang Chixia seems to have stunned after his words.

Looking up, I was so confused that I looked at him with the fog in my eyes. Then, I was very afraid of death and said, "How do you want to be more bastard?"

She said that this was just not convinced. However, listening to Luo Yi's ears is not the case.

How is it more jerk?

Is this teasing or provocation?

Fang Chi Xia obviously did not realize what he said, and looked up at him with a beautiful scorpion, and his eyes were still very innocent.

It's really handsome to look at Luo Yibei so close.

His handsome, is the kind of suffocating British spirit, as if he has a halo behind him, dazzling eyes make people look dizzy. Just watching him like this, Fang Chixia suddenly had an urge to get up and kiss.

This is the second time she has produced this idea. The first time she was met when the two met for the first time.

This time I drank alcohol.

Luo Yibei was also watching her, watching her reaction quietly, her lips cold and cold hooked, pushing the door of her room and walking in, looking at her, thinking about what kind of posture.

The two people are so worried, Fang Chi Xia's thoughts are relatively pure, just want to kiss him.

As for Luo Yibei, today I have not passed.

"Like a balcony or a bathroom?" He looked at it for a while, and he suddenly asked me with a sly voice. The voice was very gentle, and the gentleness made Fang Chixia still have a sense of crisis even if he drank the wine.

"I like the bed!" He licked some stunned head and pointed to the bed behind him, she said softly.

"It doesn't matter, the bed is not much worse." Luo Yibei was

very obedient to her at this time, and she hugged her and went to the bed.

When she came to the bed, she lost her to the bed. He stood by the bed and casually dismissed his clothes.

He was not in a hurry at this time, his movements were slow, and he was staring at her face as he explained.

There is still a whole night tonight, not bad.

At this time, Fang Chi Xia is particularly pitiful, beautiful eyes are fascinated, and the eyes are like water mist, and the face is also red tide.

She looks like this, like a woman who has been loved for a night.

There was such an instant that he even had a feeling of wanting to hold her in the palm of his hand.

However, such an idea was just born, but when she saw her next look, it was like a person who had poured a pot of water, and the sly was washed away.

Fang Chi Xia's head was faint, and his eyes seemed to be awkward, as if he was already sleepy.

"Don't sleep!" Luo Yibei stood by the bed, warning coldly.

As if he didn't hear him, Fang Chixia ignored him, pulled a pillow and hugged him in his arms, and closed his eyes.

"I said, don't sleep, hear?" Luo Yibei bent down, wanting to wake her up, Fang Chi Xia Qingqing shallow breathing, but suddenly came.

Like the role of alcohol, it seems that she is really tired, the head touched the bed for a few minutes, she actually fell asleep!

Under the eyes of Luo Yibei, even after he is ready to spend tonight!

## Chapter 162: Rong Xi Dinner

Luo Yibei stood on the edge of the bed and stared at her sleepy face for a while, her eyes sharp as if she could not wait to pick her up.

However, the hand did not reach out.

Going to bed, so she slept for a night, and when she woke up the next day, Fang Chixia had already stepped up.

She didn't seem to remember what she had done last night. If she looked at him without any problems, then she went to the underground building if she had nothing to do.

Luo Yibei looked at her like this, her eyes were measured.

She picked up his fire last night and she was very upset!

When a cold face went down, Fang Chixia was talking to the Lan Xiu family.

Luo Yi North just started a little far away, did not hear clearly, they saw Lan Xiu and Fang Chi Xia hugged and hugged.

Such two people, see Luo Yibei face sinking.

He knows that the French have always been more enthusiastic, but, if they are so, will they be intimate?

A few steps went over and wanted to pull the two apart. Lan Xiu's arms automatically opened Fang Chi Xia.

Then I reluctantly said, "Summer and summer, welcome to come here later!"

Luo Yibei, a glimpse of the slightest look at Fang Chi Xia.

Did she decide to return to China?

"Good." Fang Chixia did not seem to see his eyes, smiled and promised Lan Xiu, and then bid farewell to Lan Xiu's parents.

She stayed here for so many days, it was an accident.

Now the ticket fare is enough. There are schools in China and Rong Xi waiting for her. It is inevitable to go back.

Luo Yibei had thought about how to let her go back these two days. I didn't expect him to say anything. She was so active and prepared to leave, which made him look good.

Look at her share of this time, last night, he forgave her!

Fang Chi Xia and Lan Xiu's family only talked for a short time, and then they followed him.

She really hated him, and the ticket back to China was bought by herself.

Luo Yi was speechless in the North Pole, but did not say much.

On the first day after returning to China, I just met Rongxi's annual welcome party. Fang Chixia is also a newcomer and should attend.

However, people who think of Luo Jia in this situation will inevitably attend, and she is hesitant.

"Can you not go?" Looking at the man sitting on the balcony chair, Fang Chixia tried to ask.

Luo Yibei's gaze swept her face and looked at her quietly, suddenly ignoring her thoughts.

When I first offered to marry him, I was so struggling in the face of seeing Luo's family. He really couldn't understand when she was real and when she was acting!

"What's wrong?" Fang Chixia was stunned by his gaze, and his eyes were very confused.

"Nothing, this occasion is a newcomer to attend this occasion, do not go to your good intentions?" Luo Yibei dropped a sentence, stood up and chose to wear clothes to go at night.

Fang Chi Xia helpless, but also picked a small dress for himself.

In fact, Luo Yibei did not say anything wrong, only a few days after entering the company, she is not qualified to engage in special.

However, in order to avoid the ups and downs of so many people, she did not attend with Luo Yibei, but went in and out. Today's occasion, all the Luo Jia people have been dispatched, Luo Xiwei, Sha Zhixing, Lonqi, Luo Yibei's uncle Luo Rong, and Xiao Zuo.

After Fang Chi Xia arrived, he accidentally discovered that the baby was also there.

## Chapter 163: Luo Jiazheng Lady

The baby is still the same as every appearance in the past. Wherever he goes, it is like the glare of the light above the top of the head. Even if the delicate face is not modified, it is still suffocating.

Many of Rong Xi's people seem to know her, and she is very respectful to her, and she is like a princess.

Fang Chi Xia thought, this is the difference between Luo Jiazheng and the young lady!

Compared with her, she felt that she was so small that it was as inconspicuous as the dust on the ground.

There are a lot of people at this dinner, but there are not many people who know Fang Chixia.

In addition to seeing Luo Yibei, baby, Shi Yanyang, Xiao Zuo, and several people who work with her in the bed every day and her bed, she doesn't know anything about it.

As for Luo Jia's family, she doesn't know anyone.

Xiao Zuo saw that she was very happy. The child's eyes were sharp. When she saw her entering, she ran far away and dragged her to go to her seat. "Stupid woman, you are sitting with me.!"

"Call sister!" Fang Chixia did not know that he corrected his wording a few times, and he was speechless.

Xiao Zuo ignored her and still dragged her to the ground.

The dinner was set on the lawn, and the people sitting on the seats where Xiao Zuo was sitting were all Luo family people. They were the core figures of the Luo family, led by the couples of Luo Xi and Sha Sha.

Although Fang Chi Xia did not know anyone, but, together with Xiao Zuo, she roughly guessed what identity the table was, but could not be a pair.

"Small left, you let go first!" Fang Chi Xia did not want to go, whether it was from the point that she and Luo Yibei were only invisible, or her position in the company, she had no reason to pass.

What made her even want to go is that the two have not yet approached, and she accidentally found that the baby was sitting with the table.

Moreover, the location of sitting, just next to Luo Yibei! Fang Chixia looked at the two people, and his body was

slightly stiff.

Are you already a family?

“Come on, come, you sit with me!” Xiao Zuo was very active, took her to sit down, even shoved his relatives, Luo Rong, and patted the position around him, indicating that Fang Chi Xia sat down. .

Fang Chixia looked at Luo Yibei and looked at other people present. The expression on his face was slightly uncomfortable.

“Small left, this is...” The baby looked up at her and looked at her in a beautiful eye.

Her smile is very bright, and she feels very close to her. Even if Fang Chixia and her relationship are awkward, they can't afford her.

“Baby sister, this is my friend!” Xiao Zuo, a very small adult, gave an introduction to Fang Chixia.

“This way, do you ask your friends to drag and slap like this?” The baby tweeted again, and even the voices of the conversation were so good.

Xiao Zu Gu Ling smiled at her strangely and smiled. He wanted to press Fang Chi Xia to sit down. Fang Chi Xia stepped back two steps and opened the distance with him. The eyes turned to other people present. She squinted her head and said politely, “Small left is just a joke. I just have a position, and some of them should be used slowly. I should have passed.”

Turning around, I want to go, but the two voices are ringing at the same time. “Since it is here, sit down together!”

One of the words is Luo's father, one is, Shi Yanyang.

Luo Yibei looked at Fang Chi Xia with a quiet look, and his eyes turned to Shi Yanyang's face.

Thinking of Fang Chixia's watch, his face sank.

Chapter 164: This girl is still left for me.

Shi Yanyang did not seem to notice his sight, stood up, took Fang Chixia and walked over and gave her position to her. "Sit with me, it doesn't matter!"

Fang Chi Xia really didn't want to be with this group of people. However, Lonchi spoke, and she refused. It seemed uncomfortable.

Thinking about it, she sat down.

From the beginning to the end, she looked at her Luo Yibei under her one movement, her face was more heavy.

A large table of people, it seems that no one is looking at him, they are watching Fang Chi Xia.

Fang Chi Xia and these people are not familiar with it. After sitting down, they didn't say a few words, just hang their heads and eat their own.

Shi Yanyang was very considerate, mainly because she didn't want her to feel embarrassed. She was always helping her to pick up the dishes. "Try this, this is unique to this hotel, not bad."

"Thank you." Fang Chi Xia looked over him and looked at him.

Luo Yi looked at the two people's movements with no expression on the north side, and the eyes were cool and clear. Fang Chi Xia Jiao corner slanted to his gaze, the hand holding the knife and fork stiffened, looked up at him, but did not care. If you are familiar with the Luo family, you know that Luo family, a family member, is actually not serious.

After the meal started, the laughter sounded from time to time, and the small left was also awkward. The atmosphere was not as cold as Fang Chixia's imagination.

When the meal was halfway through, Lonchi suddenly spoke. Looking at Shi Yanyang, he smiled at him. "Hey, this girl is said to be the person around you?"

"Yes, Grandpa." Shi Yanyang did not notice the attempt in his words, and he answered very casually.

Who knows that Lonchi is followed by a sentence, "How about transferring her to Grandpa?"

Shi Yanyang did not know that when Lonchi had met with Fang Chi Xia earlier, he suddenly proposed that he would be in front of so many people in Luo's family, let him bow and look at the

side of his body. Pool summer.

The rest of the table was also a glimpse, and the eyes of the brush all looked at her.

Fangchi summer rice was well eaten, suddenly became the focus, and some were uncomfortable.

Putting down the knife and fork, she calmed down her look, stood up, and politely said, "It is an honor to be able to go to work with the father, but it depends on Shi Shaoye."

Who is who on the table, no one introduces her at all.

Lonchi's identity, she only knows that she is a Luo family.

And she didn't want to go too close to any Luo family, but she didn't refuse it very directly.

Her words were well-balanced, giving Lonchi a face and subtly throwing the topic to Shi Yangyang. At least, it was better for him to refuse.

Shi Yanyang is so savvy, she will not see her mind.

Putting down the cutlery, Jun's face slowly lifted up and looked at Lorge. He said half-jokingly, "Grandpa, are you ready to rob me? Grandpa, you have talented people, Chi Xia, a newly entered Rong Xi The newcomer is still left for me!"

Shi Jia and Luo Jia are so familiar, he is very polite and his attitude is very clear.

"You kid!" Lorne gave him a look and didn't say anything.

Fang Chi Xia sighed with a sigh of relief. He looked around and looked at Shi Yanyang, and the hand under the table tapped him.

Her movements are very subtle, and there are still tables to cover them. Who knows that Luo Yibei's eyes just swept over. Then, Fang Chixia's hand was so stiff...

Chapter 165: Xiu En loves to die fast

His eyes were cold and heavy, Fang Chi Xia was seen by him, his hand curled back.

Lightly hanging her head, she continued to use her own meal. Wherever the baby goes, it is still very popular, just like her name, the treasure that everyone holds in the palm of her hand. However, Fang Chi Xia did not know this, she only saw that everyone is very good for the baby.

When you realize this problem, you are talking to your baby one by one at the table.

Not only is Luo Yibei so called her, but everyone in the room calls her a baby.

Even Xiao Zuo, also known as her “baby sister.”

Fang Chi Xia slowly found out that something is wrong, how does this sound like a person’s name?

The face slowly lifted up, her eyes looked at Luo Yibei sitting next to the baby.

Luo Yibei apparently noticed her gaze, and even looked at her with a look, but still did not explain, still holding the tableware casually eating himself.

The baby is very close to him, and the meal is used by him. From time to time, he will whisper with him.

Luo Yibei has always been very gentle to her, and she talks and laughs with her. From time to time, she will help her to sandwich the dishes. The two of them are very natural.

Fang Chi Xia looked at the two people so much, and he couldn’t tell what it was.

She and her are invisible, but is it necessary to be in front of her? Don’t you know that Xiu En loves to die fast?

Shi Yanyang kept her reaction and observed her reaction. In fact, she probably guessed what she thought, but did not explain it. Instead, she took a meal on Fang Chi Xia’s dinner plate to make the scene atmosphere suddenly strange.

Holding a knife in one hand and a fork in one hand, he gracefully helped her cut the beef in the dish, and gave her a smile with a smile. “Concentrate on dining, so much food, can’t be wasted.”

One action, so that everyone in the place is a glimpse, the eyes look at the two.

So intimate?

Luo Yibei's face sank, and he took a look at Fang Chi Xia, gave her a look, and stood up and went straight to the lawn. He was telling her to leave, but Fang Chi Xia did not see it, and he hanged his head and still ate himself.

The baby was originally sitting in Luo Yibei, and the look he had just made was naturally noticeable.

With such a look, there was no other hint, she was sensitive to something.

At the end of the dinner, she stood up and deliberately introduced herself to Fang Chixia. "Hello, my name is Sha Xingbao."

When she said this, she smiled and her performance was also generous.

It was Fang Chi Xia, but she did not understand why she suddenly told her name.

The baby did not explain much, and the other people who followed the Luo family left.

Fang Chixia went out this way and chewed her name while walking.

Sha Xingbao...

Sha Xingbao...

It seems to have heard it.

They have already walked out of the hotel, and their heads have been knocked on by something, and they have reacted.

Sha Xingbao, Rong Xi set a thousand princesses who loved a whole, Luo Xizhen and Sha Zhixing's palm, the only daughter of Luo's family, Luo Yibei's sister, from the mother's surname!

This name, Fang Chi Xia has been seen in magazines.

"Come out?" Luo Yibei just waited for her to leave her eyes and waited for her. It was already more than half an hour away. Her eyes were swept away and her eyes looked a bit.

Danger.

## Chapter 166: So repelled

Fang Chixia had misunderstood him and his baby before he thought about it. When he saw him, his face was a little embarrassed, and he even thought about it, or he had to find a time to understand all the people in Luojia.

At least, if she knows a little bit, she won't make such awkward things!

"Why didn't you go back to Luojia?" He looked up at him and she was about to walk over. Behind him, Shi Yanyang's car slowly came over.

I didn't pay any attention to Luo Yibei's face, which was not very good-looking. When he opened the window, he smiled and said hello to Fang Chixia. "Chi Xia, would you like me to send you?"

Fang Chi Xia lived with Luo Yibei. Although Shi Yuyang knew that they had a relationship, they did not know that they were married.

If you really let him send it back, with his so smart eyes, I will not see it?

His eyes turned to him, although Fang Chixia wanted to go up, but he waved his hand at him. "I will go back, see you tomorrow!"

"It's not too early, be careful on the road!" Shi Yanyang did not insist, and he stepped off the throttle.

There was only Luo Yibei and Fang Chi Xia left between the hotel.

Luo Yibei hit her little eyes after she was inside and Shi Yanyang, watching her eyes have been cold.

In fact, his eyes are always without temperature. Fang Chixia did not take such a thing for him. He opened the door and sat up.

"Is your baby your sister?" He looked out of the window and waited for him to sit up. She watched him as a seat belt and confirmed with him.

"What do you think?" Luo Yi looked at her on the north side and took the car out of the hotel.

He was not surprised. She guessed that the people sitting on the table today are all Luojia people, and the baby and the sand weaving star look so much. If you don't guess the baby's identity, he is even more surprised.

What he didn't know at this time was that Fang Chi Xia Liansha was not aware of which one...

The sports car continued on the road and arrived at the door of the house. The two entered the house one after the other and returned to the master bedroom. When Fang Chi Xia was preparing to enter the bathroom, Luo Yi North could not hold her hand.

Fang Chi Xia Yiyi, looking at him from the side.

"Why do you choose to stay there?" Luo Yibei buckled her wrist and asked blankly.

Fang Chixia felt that he was a bit ridiculous, she didn't want to, but she just came to him!

Even if two people have to meet each other every night, they have to look up and see their heads during the day. If he is not in the office at the time, will he not be rumored to be flying?

And this is not the result she wants.

Since it is a hidden marriage, it is hidden in the end!

At least four years later, she can go when she leaves!

Fang Chixia was silent for a while after his words. He considered the wording and did not answer it directly. Instead, he asked, "Do you think it is appropriate for me to transfer to your side with our relationship?"

In a word, it's awkward to ask Luo Yibei.

Is she in rejection and he is infected?

Fang Chi Xia quietly observed his reaction, watching his face seem to sink, his heart tightened, pushing the bathroom door and panicked in. "I will go to the bath first!"

Luo Yibei's gaze moved along her figure. When she was about to close the door, she had a long leg and a span, and her long arm stretched out, which blocked her movement.

"Luo Yibei, you..." Fang Chixia looked at him wrongly and stepped back two steps.

Chapter 167: I want to touch her

Luo Yibei's gaze passed over, so she squinted at her, her eyes swam past her face at an extremely slow speed, and walked in front of her and went to the bathroom. "Together!"

Fang Chi Xia Yi, just look at him like this, a bit dumbfounded.

Luo Yi's north corner of the corner of the eye squinted her, and saw her reaction, the lips and corners rose up.

Don't want to have a relationship with him?

He really wants to get her finger on her!

His eyes are cold and heavy, and there is some danger.

Fang Chixia was a little hairy when he saw his arm, and he did not push him out. Instead, he turned around and turned his head to the outside of the bedroom.

Just one sentence, came from behind, "I took a bath too slowly, I don't want to affect you, I went to the room!"

Her reason was also well woven, and it felt as if she was still thinking about him. The figure disappeared only after a moment.

When Luo Yibei followed closely, the corridor was empty.

Luo Yibei leaned on the door, cold-eyed in the direction of her room, the lips swelled and condensed, did not keep up.

Under the same roof, when he really wanted to do something, how many times did she hide?

The next day is the weekend.

Luo Yibei and Fangchi Xia wake up and receive a call at the same time.

The phone that Fang Chixia received was sent by Tong Yan. It was said that her family had a birthday tonight and asked if they would go together.

Tong Yan's family history has always been mysterious. Fang Chi Xia's roots are not clear about her background, and the other party usually does not mention it.

Suddenly, she was asked to ask her to go to her home. Fang Chixia had some accidents. The two people walked so close, and everyone invited them to come. Naturally, there was no reason to refuse, so they agreed.

The phone that Luo Yibei received was called by an uncle from Luo Yibei. He was a non-uncle and uncle. The other party was a family of Luo Jia. He grew up watching Luo Yibei, and his relationship was not different from his uncle.

Luo Yibei's phone did not know what the other party said. After the phone call, Fang Chixia looked at him like that, and seemed to want to go out.

"Will you go out?" He looked at him who was already standing at the entrance, she knew it.

"Yeah." Luo Yibei faintly responded to her.

"Exactly, I want to go to the mall, can you send me along the way?" Fang Chixia said.

On the north side of Luo Yi, her figure was obviously stiff and stiff, her face slowly rising, and her eyes were a little surprised.

"What's wrong?" Fang Chi Xia was not seen by him. So, is she strange to go to the mall?

"If you don't get along, even if I take the bus myself." I felt that his eyes were a bit inexplicable, stiff came to him, changed shoes, and she went out.

Came to the door of the villa, is preparing to go out, Luo Yibei's rut stopped at her side.

"Get on the bus!" The squatting gesture indicates the position on the side of his body. His voice is still the same as in peacetime.

Fang Chixia did not hesitate, bypassed the front of the car and pulled the door and sat up.

She didn't really want to go too far with him, but the villa environment was too secluded, and it was really inconvenient to ride around, so I had to wait a long time.

If he sends her a ride, it will save a lot.

"What to do in the mall?" Luo Yi asked by driving in the north.

"Buy a gift, a friend's family has a birthday." Fang Chixia explained.

Luo Yibei was a glimpse of his eyes, his eyes narrowed and he stared at her for a few seconds, and his brows were wrinkled.

Fang Chi Xia was a bit weird by him. At this time, he did not know the meaning of his eyes until...

Chapter 168: a white-eyed wolf

Until, arrived at the mall.

After Fang Chixia pushed the car door down, Luo Yibei also followed her and got off the bus.

“What’s wrong?” Fang Chixia’s footsteps stopped at the foot of the summer, watching him look wrong.

“Together.” Luo Yibei succinctly gave her two words, walked in front of her and went to the mall.

He also seems to come to buy things, the floor is also directly a luxury area.

Fang Chi Xia stiffly followed him, watching him pick a gift in front of the counter, his expression was a bit embarrassing.

After a phone call in the early morning, two people came to the mall, and both of them came to choose gifts.

So clever?

The thing that Luo Yibei is watching is a lady’s watch, Cartier’s luxury goods in luxury goods, very delicate and beautiful, Fang Chixia is a gift that poor students can’t match.

“I want to go to other places to see.” Fang Chi Xia did not have a lot of family, the wallet has been squatting, came to him, she quietly pulled his clothes.

Luo Yibei ignored her words, raised her wrist, and put the watch on her hand and tried to wear it.

Fang Chi Xia’s bones are very slender, his wrists are thin, white, and the diamonds are very beautiful.

Luo Yibei stared at her hand and glanced at it, and regardless of the person who really wanted to receive the gift, the watch was handed over to the waiter.

Glanced at the counter and saw another watch. He packed the waiters together.

After that, he handed it to Fang Chi Xia.

Fang Chi Xia Yi, some do not understand his purpose, “This is...”

“Isn’t it to buy a gift?” Luo Yibei dropped a word indifferently, leaving a face-faced Fang Chi Xia, walking in front of him and selling a store.

Fang Chixia’s hand was stiff and holding a gift bag, staring at the delicate watch box inside, and looked at him in a strange direction.

He bought her for someone else?

Fang Chixia doesn't know how strong Tong Yan's specific background is. Although she has a good relationship with Tong Yan, it doesn't matter what she sends, but if she gives her family something too shabby, Fang Chi Xia has no bottom in it. Do not.

And too expensive, she can't afford it.

Luo Yibei helped her buy this gift, which solved her troubles. "Thank you." A few steps to keep up, want to leave with him, behind him, a familiar call is not cold, "Fang Chi Xia, how are you here?"

Fang Chi Xia Yi, the line of sight is stiff.

Fang Fei took the Fangming City and stood a few meters away. Two people looked at her and then turned to Luo Yibei around her.

Fang Fei did not know Luo Yibei, but Fang Mingcheng was also in the mall for so many years, Luo Jia still knows a lot.

When he saw Luo Yibei, his pupils shrank slightly.

Fang Fei obviously hasn't figured out what the situation is at the moment. The last time she was at home, because of Fang Chi Xia, she had a big fight.

In the face of so many people being driven out, this tone, she has not swallowed for so long.

"Fang Chi Xia, you are a white-eyed wolf! On that occasion, I was very happy to see you out. I have been raising you for so many years. You are so rewarding us? Fang Chixia, I tell you, don't I thought that the son of the son would fly on the branch, and the wild species would always be wild!"

Her words were very sharp, and she walked on the high and high heels. She raised her back and slaps with resentment and slaps toward Fang Chixia's face.

Chapter 169: This kind of words is also spoken

“Fifi, stop!” An action, shocked the back of the name of the city changed his face, a face scared to death.

Want to run over to stop, Luo Yibei’s figure but he step by step, blocked between Fang Fei and Fang Chi Xia.

Fang Mingcheng looked up at his face and scared his sweat on his forehead.

Fang Fei was used to it, and obviously did not see what was going on at the moment. He wanted to push Luo Yibei away, and the raised wrist was cold and he was detained.

His strength was great, and his face was distorted. He looked up and wanted to swear. However, as soon as he looked at his cold eyes, her body trembled. If she did not export, she swallowed it back.

Before the high arrogance, like a splash of water, it also collapsed.

“You, let me go!” The wrist twitched in his hand, and she whispered.

Luo Yibei Li ignored her, but turned her attention to the floor security standing not far away.

Even if there is nothing extra, just spit out three words, “Boom out!”

When the two security guards saw it, they ran in a panic, and left and right, Fang Fei, went to the elevator.

Fang Fei’s face was thrown away. However, in the face of Luo Yibei’s cold face, he did not dare to make a temper. He could only turn his helpless eyes to the square city standing next to him. “Dad, you help me. !”

Fang Mingcheng has long been scared, and so arrogant in front of the Luo family, Luo Yibei did not shoot her very well, and even dare to plead, just waving her hand.

Fang Fei was grievanced and blushing and was dragged down by the building.

Fang Chixia looked at this scene from beginning to end, and there was no expression on his face.

“Let’s go!” Luo Yibei glared at her hand and wanted to take her away, but was suddenly stopped by Fang Mingcheng. “Chi Xia, you wait, Dad has something to tell you!”

Luo Yibei, a look at the Fangming City, and looked at the eyes of the pool summer, hesitated, let go of her hand, a person

walked to the elevator first.

Fang Mingcheng sent his back to leave, and walked to Fang Chi Xia a few steps. He did not mention the fact that Fang Fangfei insulted and wanted to beat people. The opening was, “Chi Xia, you said that you were married earlier. And Luo Jia? Such a big thing, why don’t you tell Dad clearly? The background of Luo’s family is unmatched in C city. Maybe we can rely on Luo Jia after the family, you help Dad. Say a few words in front of Luo Shao, let him help the company in our family?”

What he said was quite straightforward, and he didn’t even have to turn around and he didn’t feel embarrassed.

Fang Chi Xia noodles looked at him with no expression, his heart was cool.

When she moved out of the house earlier, she went to his room to tell him about his marriage. He didn’t even look at her at the time.

Now, knowing that the person she married is Luo Yibei, the attitude immediately turns a hundred and eighty degrees, and actively asks her about this matter, and even actively “cares” the background of her husband’s family.

In this case, he said how to export!

“Dad, I am sorry, my relationship with Luo Yibei is not what you think. I can’t help you with the company.” Indifference, the next sentence, Fang Chixia crossed over to the elevator. .

“Chi Xia, you wait!”

“Dad hasn’t finished talking yet!”

“It’s really a white-eyed wolf! Fang Jiabai raises you!”

Behind him came the voice of the famous city, wanted to stop her, did not stop, and finally changed directly to low-lying.

## Chapter 170: Such a coincidence

Fang Chi Xia, who was preparing to step into the elevator, listened to his words without fail, and felt a pain in his heart. She has lived in Fangjia for so many years, he only wants to get her when it comes to the interests of the family.

“Go!” Luo Yibei pressed the elevator button and walked in first.

Fang Chixia waved his thoughts and followed up.

Down the road, Luo Yibei has been quietly observing her reaction.

He thought that the kind of thing happened just now, she should be bitter and bitter in her heart, or it should be confided in his arms as I did last time.

Who knows, from beginning to end, she did not say a word. After leaving the elevator, she left the mall without any problems.

Two people will have their own things to deal with later. This time, Fang Chixia did not take the car of Luo Yibei, but went to the roadside to stop the car.

After getting on the bus, I asked the address of Tong Yan, the car where Fang Chi Xia was located, and finally docked in front of a European castle.

Today is the birthday of Tong Yan’s mother, and it is the first time Fang Chi Xia has come here.

When I arrived, I was led by Tong Yan.

The birthday party is in the evening, early, this time the children are busy preparing.

Tong Yan did not see her as a guest. After she came, she asked her to do this for herself.

The two together supervised the maid’s layout of the evening banquet, the lawn, and even the dining table.

Probably four or five minutes after the summer of Fangchi, another car parked outside the villa gate.

The door was not opened yet, and the license plate number was clearly seen. Several servants automatically greeted them.

“Luo Shao, please be here!” The person in charge of the reception made a gesture to the person inside the car and led him to the house.

In the castle, Fang Chi Xia is still busy helping Tong Yan, and the two are busy talking about the sky.

“Dabao, I brought a gift, I don’t know if your mom likes it.”

“It’s okay, I don’t like it.”

“A lot of people tonight?”

“Yeah, the famous people in C City will basically attend.”

“So?” Fang Chixia’s action paused, and it’s a cold question,

“All famous families?”

“Yes.”

“What about the Luo family?”

“Luo family?” Tong Yanyi, looking at her side, “Why do you specialize in Tirol?”

“I just asked casually, you know, I am working in Rongxi, if you hit my boss, how bad!” Fang Chixia casually played with the bouquet in his hand and weaved a reasonable reason for himself.

Tong Yan didn’t pick out the question of her words, didn’t ask much, thought about it, said, “I will definitely come, but I don’t know how many come!”

Fang Chi Xia Yi, his heart jumped a bit, and his head reflexively thought of Luo Yibei.

Luo Yibei went to buy a gift today!

Where will he come from here?

Fang Chi Xia suddenly became nervous, but again, shouldn’t it be so clever?

Did not go to this matter, she continued to help Tong Yan busy.

She didn’t want to collide with Luo Yibei on this occasion.

She didn’t want to enter his interpersonal circle, nor did she want to expose her marriage.

Fang Chi Xia and Tong Yan have been busy until 5:00 pm.

Tong Yan didn’t have the look of Miss Qianjin. When she was at dinner, she didn’t even go to the restaurant and family, let the servant go to the party layout site, and Fang Chixia simply solved it, then took her back to the room for the evening. The dress is ready to go.

## Chapter 171: Hit together

Tong Yan's castle is very large. Fang Chi Xia has been following her from head to tail, and she has not been to other places.

Naturally, she came to Luoyi North here shortly after she came here, she did not touch.

Followed by the child's face, returned to her room, Fang Chixia accompanied her to pick up the clothes inside.

When the tossing out of the dress came out, the dinner downstairs seemed to have begun.

Tong Yan is the only daughter in the family, and her family background is very strong. Like this, it is a birthday party. In fact, it is the occasion of the upper circle communication. Her appearance must be highly noticed.

When Fang Chixia walked down from the stairway, the crystal light above the head was illuminated, and almost all the guests' eyes were attracted by the appearance of the two.

Luo Yibei was chatting with friends in the hall at this time.

When the line of sight passed, Ming Tongyan was at the forefront, but he was ignored. His eyes glanced at Fang Chi Xia behind her.

Just see her!

Fang Chi Xia is standing on the stairs, there are many guests downstairs, shuttle to the past, she is not so easy to see him. However, I don't know if Luo Yibei's eyes are too sharp, or the magnetic field on his body is too different from everyone else. Her eyes are only faintly glanced at the scene and saw him.

The two people's eyes collided and they were obviously surprised.

Fang Chixia's accident is that it's really so clever.

What happened to Luo Yibei was that she would go with Tong Yan!

The two people's eyes briefly crossed, and Fang Chi Xia took a few seconds and quickly moved away.

Over the side, she stayed upstairs with her face if she had nothing to do.

"Summer and summer, I will take you to see my mother!"

Tong Yan walked in front, did not notice her and Luo Yibei's one-eyed look, led her to go to her mother's direction.

Tong Yan's mother is a very temperamental woman, and she looks a bit like her.

Tong Yan took Fang Chixia and walked over. He smiled and glared at Tong Xi's hug and introduced it to Fang Chixia.

"Mom, this is my best friend!"

"Mrs. Good!" Fang Chixia greeted her politely and handed her gift to her. "Happy birthday! This is for you!"

"There is a heart." Tong Xiyang smiled at her, opened the box and glanced at it, and did not let go, Luo Yibei's figure suddenly appeared in a few people.

Then, in the gaze of Fang Chi Xia, the child screamed affectionately, "Hey, this is what I gave you."

Oh...

Fang Chixia's face lifted up and looked at his eyes as unbelievable.

Luo Yibei, when she did not exist, faced with the child Xi Xi, it was a rare smile, "Happy birthday!"

"You can come, I am very happy." Tong Xixiao smiled and opened his gift box and glanced.

I saw the watch inside, and the expression solidified for a few seconds.

Fang Chi Xia and Luo Yibei sent watches, and they were all bought at a counter, and they were all selected by Luo Yibei. When they were selected, they didn't expect to go to the same place tonight, so the style of Luo Yibei was very similar. The appearance of the two watches looked not much.

At the same time, it appeared on the same occasion, even the gift was sent almost, what is the relationship between such two people?

Chapter 172: He is my husband

Tong Xiyu stared at the table of Luo Yibei and looked up. He looked up and looked at the two people with amazement.

“You...”

Fang Chi Xia Yi, looked at Luo Yibei for help.

She didn't really understand his behavior. She saw that she had just sent things out. If he sent it later, maybe nothing happened.

In fact, Luo Yibei did not mind the behavior of his own, and would not cause misunderstandings.

Just a glimpse of her, even did not explain, and walked away, “I am going to sit with my uncle!”

When the person went one, Tong Xi's gaze turned to Fang Chi Xia.

Fang Chi Xia did not know how to explain it. In this case, the two people did not know at all, can they be said?

It's bitter, but Tong Yan's smile suddenly sounds. “Mom, the gifts of Yibei and Chixia are chosen by me separately. What did your daughter choose? Do you like it?”

Fang Chi Xia Yi, looked at her in the wrong direction.

Tong Yan just smiled at Tong Xi's special sweetness, her eyebrows bent, and she looked like this, she couldn't tell what she said was a lie.

“It turned out to be like this!” Tong Xi's doubts seemed to be put down, and then he went over and chatted with other guests.

Tong Yan took advantage of this opportunity and took Fang Chi Xia to go to no one's place.

“Dabao, just thank you.” Fang Chi Xia sighed and followed her in a few steps, and his tone was a lot easier.

“Let's say, honestly, what happened?” Tong Yan took her to the garden, a look of guilt.

Fang Chi looked at her quietly in the summer, and hesitated to say if he wanted to.

Luo Yibei actually met Tong Yan, and the relationship between the two is still so close, this is what she did not expect!

She didn't really want to tell anyone about her marriage with Luo Yibei. But Tong Yan and her, and Luo Yibei are so close, it seems unlikely that they want to hold on.

Fang Chi Xia discretion, decided to confess with her, “Da Bao,

I said you have to promise to help me keep secret.”

“Say!” Tong Yan continued to ask.

Fang Chixia carefully observed her reaction and said, “The object I got married last time is actually Luo Yibei.”

The expression on Tong Yan’s face was very messy and obviously shocked.

It turned out to be Yibei!

A fact, still not digested, Fang Chi Xia floated again, “Hidden marriage, people who know you know one.”

Tong Yanyi, the face that was still awkward, is not calm at the moment, “You, you!”

Pointing at her, I want to say something. Fang Chixia pressed her finger back and pushed her to the hall. “Okay, let’s talk slowly later, let’s go in and sit!”

Tong Yan angry looked at her indisputably, hanging down and holding her away.

Two people came to the banquet hall and found a place to sit down. Tong Yan helped herself and she had two salads. She sat on the high chair and gave her a serious introduction. “The people in Luojia are very smart.” , your business, how long it will take.”

“Look, the girl standing not far away, that is the sister of Yibei, has the baby heard of it?”

“The girl next to her is the mother of two people, the sand weaving star. The weaving star is designed to learn jewelry, and the design works are highly respected.”

“The man next to him is Uncle Xixi, and I have a small understanding with my dad. The relationship between the two is very good. We both often move around.”

“It’s my dad, my brother, and the relationship with Yibei.”

## Chapter 173: The meat is dead

Tong Yan thoughtfully introduced the relationship between the two families and the Luo family to her.

The purpose of her doing this is very simple. If Fang Chixia wants to keep the secret of the two married, she will help her. They all introduced Luo's people to her. In the future, Fang Chixia was so smart. Tong Yan felt that she should know what to do.

At least, this coincidence tonight can be avoided.

"Big baby, thank you!" Fang Chixia was very grateful to her, and she hugged her.

Not far away, the Luo Yibei gaze, who was talking with the wine glass, was just sweeping over. The two people here saw the brow wrinkled.

Fang Chi Xia and Tong Yan have been very tired together. Two people called each other intimate, and the movements are very close. It is common to hook their shoulders.

In fact, doing this kind of thing in the girlfriends is normal.

However, looking at Luo Yi's eyes, he should be very good.

What do the two women do so intimately?

After thinking about the heavy taste conversations in Fang Chi Xia and Tong Yan's chat history, Luo Yibei stunned.

Here, Fang Chixia did not seem to notice his gaze, accompanied by Tong Yan here, turned around, turned over the first sentence "big baby", turned around another "big baby", called it is also very smooth .

Luo Yibei stared at the two people for a while, and walked over in a few steps.

"Big baby, I want this!"

"Big baby, do you want to try it?"

"Big baby, I just reminded you of something special, you have to remember to keep me secret."

Fang Chi Xia did not see him, still still called in a "big baby".

Luo Yibei walked a few steps and pulled Fang Chixia to his side. He snorted with a cold face. "Not allowed!"

"Why?" Fang Chi Xia looked up and looked puzzled.

"Yes? Why?" Tong Yan also did not understand.

"Why are so many?" Luo Yibei sneaked a sneak peek at the two people, some irritated to georect their own tie, and said something to himself, "I don't want to hear death!"

“How hard is it? I like it.” Fang Chixia was very dissatisfied with his words, and he was very afraid of returning to death. Luo Yibei eyes swept to her face, and the eyebrows picked it up nicely.

Is this in the fight with him?

“Yan Yan, let’s go!” Fang Chixia was shocked to come over and said something, and returned to God, pulling the child’s face and going elsewhere.

On such an occasion tonight, so many people who are familiar with Luo Yibei are really not suitable for quarreling.

After the two stayed at the scene for a while, Fang Chixia saw the time is almost the same, and proposed to leave.

Tong Yan wanted to send her, they have already reached the door, Luo Yibei’s car is cold and can’t be opened.

“Get on the bus!” His eyes swept to Fang Chi Xia’s face, and he screamed coldly.

“I will go back together with Yan Yan!” Fang Chixia considered the relationship between the two, and hesitated.

Luo Yibei pushed the car door and got out of the car. She hugged her and went inside the car.

Tong Yan stood by, and looked at him like this, and the eyebrows and suspicions were screwed.

The two women are intimately inaccurate, and the intimacy is not allowed. Let her send it back and refuse.

Can you feel so much about hidden marriage?

Luo Yibei’s car left after that.

When I got home, when I went upstairs, he walked and talked to her behind her. “How do you know the girl?”

“We are roommates.” Fang Chi Xia faintly returned to him, crossed him up the stairs, returned to the bedroom to take clothes and wanted to go to the bathroom.

Chapter 174: Adapt from today

Her bathing has been very slow, and Luo Yibei is too lazy to wait for her.

Open the door of the bedroom, I want to go to the next room to wash separately, look at her back to her figure, step back, push the bathroom door and walk straight in.

“What’s wrong?” Fang Chi Xia, who is preparing to undress, has a neurological condition that is resolutely guarded.

“Together.” However, Luo Yibei just faintly gave her two words and went straight to the shower.

He seems to have no other bad intentions tonight, just want to come in for a shower.

This makes Fang Chi Xia a little easier.

However, even so, how do two people wash?

She undressed in front of his face, and her eyes still had to be poisoned by the picture of his flushing his head with his head.

“Luo Yibei, you go out first, I will soon be fine.” Looked at the man in the shower that was already lazy to take off his clothes, Fang Chixia tried to negotiate with him.

Luo Yibei did not look in her direction, still indiscreetly solved the clothes on her body.

He wore a shirt, white texture, very slow movements, and his hands and feet gave people an indescribable lazy and sloppy, especially visual beauty.

However, Fang Chi Xia did not appreciate it.

“Then I am going out.” The negotiation failed. She turned around and wanted to go outside the bathroom. The long arm grabbed her wrist and pulled it. Fang Chixia’s body fell into his arms and fell.

“You...” Fang Chixia’s face changed, and his eyes looked a little unbelievable.

Luo Yibei’s line of sight swam past her face at an extremely slow speed, against the glass behind her, her arms folded around her body, her face slowly leaning towards her, her eyebrows lifted and lifted. “Not used to?”

Fang Chi Xia is really not used to it, he asked so, she nodded honestly.

After so many days of marriage, he basically did not bother her several times. She thought that she was so frank, he should have let her go.

However, Luo Yibei stared at her for a while, but lazily floated out, “That will adapt from today!”

Fang Chi Xia was shocked, the pupil was slightly shrunk, and he wanted to push him away. Luo Yibei “哗啦” opened the fluffy head above the two.

The cold water was poured from the top of the head, and Fang Chi Xia dripped from the head to the feet, and the whole body was soaked.

“Bastard!” gnawed his teeth and tried to raise his fist to beat him. Luo Yibei took her arms and climbed his shoulders, pressing her body and slamming into her arms.

Both of them were wet and wet, and the clothes were all stuck to the body. This kind of movement allowed her to clearly feel the unusual heat from him.

Fang Chi Xia was stiff and his head was blank for a few seconds, and his temper was soft.

“I will help you.” Knowing what it would be if he continued to compete with him, she made a move and changed the policy.

She is very little active in front of him, this move is obviously very useful.

“Oh?” Luo Yibei’s eyebrows picked it up nicely and was somewhat surprised by her words.

“Well, you turned around!” Fang Chixia wrapped his hand around his neck and pushed him, turning his back to himself. The hand groped to help him unbutton the button, took off his clothes, and she took the shower soap to help him smudge it down, foaming, and the hand wiped on him.

Rubbing it, suddenly I felt something was wrong.

What is the difference between this action and the call?

Chapter 175: Disappeared without a word

Realizing this problem, Fang Chixia's face was hot and his hands suddenly froze.

Luo Yi North corner of the corner of the light, the slightest look at her, the cool voice of the voice spit out two words, "continue."

"It's almost ok." Fang Chi Xia was a little embarrassed. He wanted to open the water of the fluffy head and quickly helped him to wash away the foam on his body. He left his hand and left his shoulder. Luo Yibei took the opportunity. Her wrist was buckled, and then she moved a little. Her body was planted forward, and he took her into the arms.

Her eyes glanced at her face at an extremely slow speed, looking at the faint blush on her white skin, his lips leaning against her lips.

"Don't do this!" Fang Chi Xia was shocked, and he was reluctantly trying to push him away. His hand was holding back her waist, and her man was lifted up by him.

He is very tall, and the height difference between the two is a bit big. It is easy for him to do this action.

Fang Chixia's body was so uncontrollably suspended, and the insecure feeling of loss of attachment made her face change slightly, and her limbs were reflexively wrapped around him. Luo Yibei seems to be pleased with her movements, her eyes slowly moving down her face, and she glanced at the leg she was hanging on his waist. The brow looked good and picked. "I like this way?"

His words, with a thick shackles, the evil spirits in the bones, like flowers in hell, seductively tempted people into the edge of sin.

"No!" Fang Chixia was shocked to see what he had done. He was very bucked and struggled. She was too lazy to continue to toss with him. He was simply held by him, but he said uncomfortably, "Hurry up."

After the two married, what Luo Yibei wanted to do, there was almost no time to succeed.

It was not accidental to her sudden sorrow. She leaned against the glass wall and stared at her eyes. She looked down, but there was no movement. In the bedroom, an untimely ringing of the cell phone suddenly sounded.

The abrupt voice, one after another, did not seem to stop. At the same time, two people stunned, and Luo Yibei looked unhappy, and Fang Chi Xia secretly hid himself.

“Your phone rang, this time it was called, maybe it was an emergency.” She pointed out that she was outside the door, she reminded.

Luo Yibei swept her in the cool, and loosened her body. She casually washed away the bubbles on her body and wrapped them in a bathrobe.

Fang Chixia locked the bathroom door after he left. He was so comfortable in the bath for half an hour. When he came out, Luo Yibei stood on the balcony and was still talking on the phone.

She didn't know who he was talking to, and he couldn't hear the voice of the other person on the phone.

Luo Yibei's speech has always been very simple, but from time to time it will be “hmm” and “good”. She can't guess what he talked to the other party.

Luo Yibei talked for a long time on the phone, and it seems that Fang Chi was only finished before he fell asleep in summer.

After that, he did not continue to trouble her, but just lie down beside her.

Tomorrow is Sunday, and Fang Chixia gets up very late the next day.

After going downstairs, I was unexpectedly found that Luo Yibei was not in the villa.

What surprised her even more was that he was not there for several days.

He disappeared like a void, didn't say anything to her, didn't tell her where he went, just left...

Chapter 176: Was kidnapped

Fang Chixia finally knew why he left, or a few days later, when Rong Xi inadvertently listened to Shi Yangyang.

He went to Italy and went abroad!

I didn't say anything and just left, which made Fang Chi Xia's inexplicable feeling a bit unsatisfactory.

However, once again, the two were originally only married, he did not love her, she did not love him, wherever he went, there was no reason to explain to her.

When I thought about it, Fang Chi Xia's heart was a little uncomfortable and was turned away.

Luo Yibei left, the only villa in the big villa is left alone.

Being alone in such a big place is inevitable.

During the day, when Rong Xi and so many people got together, they didn't feel anything. When they arrived at night, they walked upstairs and downstairs, and the footsteps swirled over the house. This feeling is particularly obvious. .

This kind of life, in fact, Fang Chi Xia had long been used to marry Luo Yibei.

However, this time, after he suddenly left, she was somewhat uncomfortable.

The reason Fang Chi Xia himself could not explain clearly. I thought about it. I think it should be the time to get used to the life of two people. Suddenly, I lost my personal life. It is normal to be a little uncomfortable.

Did not take his things to the heart, get up early in the morning, Fang Chixia still prepared a lunch for himself, and then packaged and went out.

The traffic between her and the apartment in Luoyi North is not so convenient. It takes a long walk to go out by public transportation. A long street is still very remote. There are boulevards nearby and few pedestrians.

After a long walk, I came to the bus stop and wanted to wait for the bus. A black van suddenly stopped in front of her.

The door was opened and several chubby men walked down and the direction was on her side.

"Who are you?" Fang Chi Xiayi, a few steps back in a vigilant manner.

"When you do, you will know." A knife and a man's eyes gestured to the helpers behind him. Several men moved

forward and blocked Fang Chixia. He held her mouth and licked her. Go on the bus.

The other side is a big man with a wide body and a fat body.

Fang Chi Xia's struggles are useless.

She was taken to the car and her wrist was tied by several people.

Fang Chi Xia coveted her hand, and some incredible she was kidnapped!

She is just a poor student, who has not offended anyone, and has the value of kidnapping?

The head was blank for a few seconds, and I wanted to call for help, but I found that there were no pedestrians outside.

"Hey, chick, who are you going to call? It's already coming up, I tell you, no one can hear it even outside the scorpion!"

One of the men saw her movements and reminded him openly.

Fang Chi Xia is actually very scared, but before, when Luo Yibei was in Sicily, he had experienced more terrible gun battles. What is this?

Calm down the look, let myself keep calm, she stared at the outside building quietly, secretly remembered the direction of several people, and chatted with a few men in the car.

"Several big brothers, you also know that I can't escape. If so, tell me who is instructing you to do this?"

"Why do you ask this? If you go, don't you know?" One of the men returned to her impatiently.

Going to know?

Going behind the scenes, the ambassador will appear in front of her?

Chapter 177: negotiation

Fang Chi Xia's heart has a bad feeling.

How much courage will this be so unscrupulous?

Fang Chi Xia's sense of crisis is even stronger. Followed by the person's words, he said, "If you go, it will let me see each other. Then what do you tell me now?"

Her words are true, however, a few men are still unmoved.

Fang Chi Xia was helpless, silent for a while, and changed again.

Looking in the direction, she began to convince a few people.

"If you don't, let me tell you how much the person gave you, I will pay you twice!"

Fearing that a few people didn't believe it, she raised the necklace on her neck. "Do you have doubts about those who can have such a necklace? As long as you let me go, the money will arrive in the next day!"

Her necklace design seems simple, but the ring on the pendant, even if it is not the person who knows the goods, can also see the extraordinary.

Half of the diamonds on her ring are black diamonds. Black diamonds are very rare diamonds and are much more luxurious than regular diamonds.

When a few people saw her necklace, her eyes lit up.

One of the men wanted to grab, but was shunned by Fang Chi Xia.

Holding her necklace tightly, she calmed her face and looked at the man again. "What if you snatched me a necklace now?

If you let me go, I can give you a price better than this necklace." How many times higher, you only earn, no loss, how?"

The man was said to be somewhat heart-warming, too far-sighted, and her eyes turned to the leader in front. "Boss, what do you think?"

"You are stupid!" The leading man gave him a look and gave him a look that he had never seen before.

These people are not a kind of money. Since Fang Chi Xia has said such a thing, when she can extort more money from her, why not extort more?

The two people just used their eyes to communicate, and Fang Chixi looked at the two people in a quiet voice, and they

stunned.

It seems that she underestimated the greed of this group of people.

The car continued to drive on the road, watching the car environment getting farther away from the city, her heart is getting more and more heavy.

She must have to find a way to save herself before the Lord meets the man.

They dared to show up in front of her. This either indicates that the other party has enough ability to settle the kidnapping. It is not afraid that she will report to the police in the future, or that the other party does not intend to let her return.

Such a person is very terrible, Fang Chixia just thought, and the anxiety in his heart is getting stronger and stronger.

She did not dare to continue to raise prices with these men, not to mention that she has no money at all, the only card on her body is Luo Yibei.

Moreover, she does not know how much money there is.

What if I don't pay enough?

The mobile phone that wants to explore the body secretly asks for help, but the hand is tied.

As Fangchi Xia became more and more uneasy, the car suddenly stopped in front of a nearby building.

Several men got out of the car first and then took her in.

I don't know if it was because of the conversation. Several men came in this way and it was not so fierce to her.

After entering the room, she even arranged a chair for her, but her hands and feet were tied.

The leading man moved his chair and sat across from her. He negotiated and gave her a call. "Call the people you know, the money will be transferred first. When the money arrives, we will let go."

"How much?" Fang Chi Xia's heart tightened, and his heart was very flustered, but his face remained calm.

## Chapter 178: Hanging her phone

The man stared at the necklace around her neck and glanced at her with a finger.

“10 million?” Fang Chi Xia Yi, a heart stunned.

“100 million!” The man corrected her wording.

Fang Chi Xia’s face was white and his head exploded.

100 million?

Really awkward!

“Either you call the family, or we call the previous employer to choose one.” The man’s legs changed their postures and they picked up another mobile phone to play with.

Fang Chi Xia looked at him quietly, and his heart sank into the bottom.

100 million is not a small number, where is she going to find so much?

What makes her desperate is who can she call?

Fangjia?

Fang Jiagan did not take her as the family, if she really hit,

Fang Chixia felt that no one would take care of her.

Besides, who else can she look for?

There is no loved one in Fangchi Xia, but not to mention the high amount of kidnapping fees.

The person she knows, the best relationship is Tong Yan.

However, Tong Yan is just a girl. She is still a student like her.

If she has money, she is a parent. Fang Chixia does not want to bother her parents.

Fang Chi Xia was silent for a long time. When I wanted to come, I could only think of people in my head, only Luo Yibei.

However, for him whether he will help himself, she still has no bottom.

Not to mention the relationship between the two, he does not necessarily spend so much money for her, and he is not at home now!

Fang Chi Xia Xin’s seven up and down, silent for a long time did not speak.

The man obviously didn’t have much patience, put the phone in her ear and pushed her.

Fang Chixia had no choice but to let him help press a series of numbers.

Anyway, she can only give it a try.

When the phone dialed, the connection tone of “dudu toot” sounded, and every sound was like a meteorite striking in Fang Chi Xia’s heart.

After a short while, when Fang Chi Xia was giving up, the phone turned on.

The voice of Luo Yibei came from the other end, “Which?” His speech has been very simple, and his breath is clear and cold.

“Luo Yibei...” Fang Chixia called his name, but the latter words could not be said.

100 million!

He has no reason to pay so much for someone who doesn’t love at all!

The man holding the phone was cold with a knife and a face. She didn’t say a word for half a day, and impatiently urged him, “Hurry up!”

Very clear voice, strange and rude, the other side of the phone, Luo Yibei listened quietly, the twilight sinking, the fingertip pressed the call button.

The tomb of the toot was clearly transmitted to Fang Chi Xia’s ear. Her body was stiff and her head was blank.

He hung up the phone.

I didn’t even have a word to say a word with her...

Fang Chixia’s only hope was lost, like being poured a bucket of ice, and his body and mind were cool.

It seems that she can only rely on herself.

However, how can she escape?

The man in the room was calm and looked down. Fang Chi Xia Xin sank.

“The other party hangs up, there is no way.” The leading man stood up and turned to seem to call the employer.

A few words of a simple chat, after a few men slammed into the door, it seems to go to the door to monitor.

Fang Chi Xia quietly looked at the closed door, his eyes sweeping into the room, glimpsed a scattered cigarette \*\*\*\* on the ground, bent over and picked it up, and on the cigarette case next to it, Mars slowly lit up.

Chapter 179: He is back

Stretching his hand, Fang Chixia wrote a letter to Mars, and the tied rope slammed open.

Lisuo untied the rope on her foot and her eyes turned to the only window in the room.

Looking at the still closed door, she ran over and her eyes glanced down.

Her floor is on the 2nd floor, okay, not too high, a few meters away.

Fang Chi Xia climbed up the window and bit his teeth.

It was very painful, and her ankles twisted when she landed.

However, she did not have time to take care of it.

When I wanted to take the opportunity to leave, I knew that I had run a few steps, but I ran into the face of two men who had brought her here.

Fang Chi Xia secretly called no seconds, turned his head and ran in the opposite direction.

“Boss, that girl ran away!” One of the men snorted upstairs, and in a short while, a large group of people ran down.

Fang Chi Xia’s ankle was injured. He couldn’t run a few men at all. The headless flies seemed to run for a while, and his feet were sore, and the body fell to the ground with a bang.

The next few men are getting closer.

Fang Chi glanced back after the summer, biting his teeth and trying to climb up, but his ankles hurt her cold sweat.

“Little beauty, I said that you better cooperate with one point, just ran, the money didn’t get it, we didn’t feel bad, and it was still you who lost it.” The headed man came over and wanted to take her away, not Far away, a white Lamborghini stunned toward this side.

Lamborghini’s speed was very fast. The wheels that were turning rapidly raised the dust of the ground, and they made a beautiful turn in front of a group of people, and stopped.

The door was opened and a figure came out of it.

Fang Chixia was shocked to see the face of the person who got off the bus. The moment of the mood was like a person struggling in the dark to see the dawn.

Luo Yibei walked cold and cold toward this side, his eyes first glanced at her and then turned to the rest of the audience.

His eyes have a natural sharpness, and the group of people is

shuddering.

The headed man stepped back a few steps. The arrogance of the arrogant man was short and half. “Boy, I advise you to say no, no matter what, otherwise, otherwise...”

“How else?” Luo Yibei gaze at him coolly and waved.

“Otherwise...” The man didn’t know what to pick up. He turned his head and snarled at a group of people behind him.

“What are you doing, you give me!”

A group of people looked at Luo Yibei and hesitated.

Luo Yi’s north lip twitched a mockery, unscrupulously unbuttoned a few collars and took the initiative to move toward a large group of people.

This is the second time Fang Chixia saw him fight, only to see his legs lifted, a few spin kicks, several men instantly squatted on the ground.

Specifically, she did not see clearly.

This is the speed of Luo Yibei, superb, handsome!

Fang Chi Xia looked at him all the way to the side, but he was fascinated.

Luo Yibei slowly went to her, pulled her up, and looked at a group of people who screamed on the ground and pleaded for mercy. He vomited indifferently, “I want to dispose of it and give it to you.”

Fang Chixia crouched in front of the headed man, and he was not angry. He even spoke very gently. “You used the method of kidnapping me before to tie the person who told you to do this, and then use the way he was prepared to deal with me.”

Against paying him, how is our business written off?”

Chapter 180: Treating others with their own way

Fang Chi Xia feels very harmless, and the appearance looks very delicate. It gives the impression that it is a scene of kidnapping and fighting. It has long scared the type of girl who seeks protection in her arms. Can't pull the relationship. A few people didn't expect her to say this, and her eyes looked a little wrong.

Luo Yibei had no surprises about this. He always knew that Fang Chi Xia was not a bullying role.

It's a good idea to treat the person with his own way.

"How?" Fang Chi Xia is still waiting for the other party's answer.

A few people hesitated, it is estimated that they are scrupulous to the background of the Lord's ambassador. However, after squinting at Luo Yibei, he thought about it and all of them nodded. "Let's go, go now."

Luo Yibei stood next to him, lazy and playing with a Swiss army knife.

When a few people were about to leave, his face slowly lifted up, and he asked coldly, "Will you not come back?"

"No, how can it be?" Several people squatted down, lost their faces and smiled, and wanted to continue to leave. The Swiss army knife in the hands of Luo Yibei suddenly flew over to a few people.

The head of the man's body stepped back a few steps, avoiding it.

The saber flew past his nose, and when he wiped it from his eyes, a certain mark engraved on the knife just magnified in his eyes.

The man shrank in horror and the back bones cooled down. He, he is...

Twilight was incredibly side-by-side, just wanted to confirm, Luo Yibei faintly glanced at him, if nothing had happened, "Go!"

Several people were allowed to leave and limped away.

It was more than an hour after I returned, and all of them came back.

The man who walked in the forefront smashed a man, a young woman with four limbs tied, and the figure was familiar.

"This lady, we have already brought it." The woman on the

shoulder was put on the corner of the wall, and the man turned his head and waited for Fang Chixia's order.

Fang Chixia's gaze looked over the faces of several people, and saw the man's face, his face shocked.

Fang Fei!

"How do you guys do things? Don't you want money? I tell you, as long as you move this lady, don't say that you can't get one, and this lady will let you sit in the end!" Fang Fei is still not Realizing what is going on at the moment, looking up at a group of people.

A group of people ignored her, two men were responsible for pressing her, a man holding a dagger in front of her a few times, do not rush to her face.

"Ah, what are you doing? Go away! Go away! I want you to deal with Fang Chi Xia, what are you doing now?" Fang Fei was shocked and pale, his head was low, his voice was panicked. The sharp sound.

She didn't look in the direction of Fang Chi Xia, and she didn't seem to notice that she was here.

When I said this, I obviously felt that the surrounding atmosphere was cold.

When the head was stiff and lifted up, the gaze just hit the double eye of Luo Yibei.

Fang Fei shook, and the line of sight moved to the side. I saw Fang Chi Xia, who was standing not far away, and his head was blank for a few seconds.

She is fine!

She actually has nothing at all!

"Specially ask someone to kidnap me just to be like me?"

Fang Chi Xia looked at her with cold eyes and her eyes were cool.

Fang Fei's chin was lifted and he said with great pride. "What about it? Fang Chi Xia, I know you don't dare to move me!"

Chapter 181: Let your family be buried together

She just hates Fang Chi Xia, hates it from childhood to big,  
and hates it twice because she lost her face!

After Fang Fei was brought here, she was very scared at first.  
However, after seeing Fangchi in the summer, the courage was  
much bigger.

Fangjia's other pool has had many years of parenting, and she  
does not believe that Fangchi Xia really dares to take her own!  
Fang Fei was very confident about this. The chin was carried  
proudly. The arrogant appearance, the man who tied her next  
to him wanted to give her a slap.

Fang Chi looked at her coldly in the summer, and the drooping  
fingers pointed into the flesh of the palm of his hand, and the  
fist clenched again and again.

However, it was finally loose.

She really guessed it, Fang Chixia did not really take her.

It's not that I dare not care about the feelings she has lived in  
for a few years.

Fang Fei looked at her reaction quietly, her face smug.

"Don't be too happy, if this happens again, don't blame my six  
parents for not recognizing!" Fang Chixia dropped a sentence  
and turned to the direction of Luo Yibei's car.

Everyone's patience is limited, she did not regard herself as a  
relative, why should she endure her everywhere?

"I still don't let me go!" Fang Fei sent her away, and screamed  
a few men around him. Just wanted to struggle, Luo Yibei  
suddenly stepped over to her.

Fang Fei is not afraid of Fang Chi Xia, but she is afraid and  
even panic about Luo Yibei.

"You, what do you want?" The body shrank back and she  
looked at his eyes with some vigilance.

Luo Yibei looked down at her, and her eyes were as sharp as  
she could penetrate her bones and pierce her blood.

Fang Fei shrank back and the body shivered.

Luo Yibei looked at her like this, staring at her for a while, and  
the voice was as cold as ice. "I don't talk so well like her. If I  
get caught up with me someday, be careful when I am buried.  
Fangjia family!"

Fang Fei was stiff and his pupils shrank in horror.

Luo Yi's north lip smacked a cold, and turned around, striding

toward his car.

Fang Fei looked at his back in shock, the whole body's blood was cold, until he left for a long time, the whole body was still stiff like a hail.

Luo Yibei This is warning her not to think about the other pool summer, so she knows!

Luo Yibei's car left after that, and went directly to the villa, not to the company.

He went abroad for several days, piled up a lot of things and did not deal with it. After he came back, he helped her deal with a lower foot injury. After that, she closed the study room and did not open it. Even in the middle of the night, the door has not been opened.

Fang Chi Xia did not bother him. He did not return to the house at night. She slept early.

However, in the middle of the night, I was hungry because of my stomach.

I slammed the floor down, opened the lights in the dining room and kitchen, and cooked myself in it.

Fear of quarreling with him, her voice has been very light, but on such a quiet night, there is always a movement that will be expanded several times.

Even the study room upstairs can hear the ping-pong downstairs.

Fang Chi Xia did not seem to be aware of it. He cooked himself a bowl of noodles and served with rich ingredients, seafood and vegetables.

After walking out, she sat down at the table.

She didn't eat much at night, this time it was really hungry.

A person is facing such a big bowl of noodles, eating it right, at the stairway, Luo Yibei's figure is cold and can't stand down.

Chapter 182: I thought you would not come.

Fang Chi Xia was a little surprised that he suddenly appeared, and he looked at him with a mistake, and he was holding his hand in his mouth, so he was so stiff in the air.

Luo Yibei slowly walked over and pulled down the position around her and sat down.

“How come you got down?” I don’t know what I just did, Fang Chixia asked very confused.

Luo Yibei did not mention her making noise, but turned her eyes to the bowl of bread she had just eaten.

Her face is very full, she has more noodles, more ingredients in it, and a lot of seafood and vegetables.

This time is already more than two in the morning, this time to eat so much, it seems that her mood today is not affected by Fang Fei.

Luo Yibei has never been polite with her, and no matter what the bowl is her, she took the chopsticks in her hand and ate the bowl in front of her.

This way, he made Fang Chi Xia a bit dumbfounded.

Retracting her empty hand, she reminded, “I have just used the chopsticks.”

“Is there a relationship?” Luo Yibei lost her three words indifferently, still arrogantly eating her own.

Fang Chi Xia Yu mouth, did not say anything more.

The face is still eaten by her, and she did not see him. What is chopsticks?

Luo Yibei seems to be a little hungry, and she has solved her face in a few times.

“Is it enough? Do you need me to cook it again?” Fang Chixia did not raise the bar with him tonight, and he was still very considerate.

“No.” Luo Yi North did not lift, still eating his own, just slowed down.

He was really hungry at this time. He took a plane for more than ten hours. After he came back, he didn’t eat anything. He was not hungry.

Half-eaten, I saw the side of the pool looking at his Fang Chi Xia, thinking of his eating when he just went downstairs, his voice was faint, “Go get a pair of chopsticks.”

Fang Chi Xia Yi, some surprised his words.

I hurriedly took the chopsticks out, and Luo Yibei moved the bowl to the middle of the two, and continued to eat if nothing happened.

The amount of surface cooked in Fangchi summer is very large, and two people just eat it.

She didn't have any politeness with him, and she still cooked it herself. After he pushed it over, he licked his head and ate it. Halfway through, when she thought of the sudden rush to save her today, her face was lifted up. "Yes, how are you there today? Is it not abroad?"

When Luo Yibei received her call, she just got off the plane.

The strange phone call came, but it was her voice, and the person next to it was still the kind of fierce tone. Luo Yibei only reacted a little and knew it happened. What?

When Luo Yibei sat in the plane for more than ten hours at that time, he just came out. At that time, he was very tired and his stomach was still empty, but he went.

However, he could not say so much with Fang Chi Xia, just faintly gave her a sentence, "just just returned."

He said that he was understated. Fang Chixia was silent for a while, and suddenly he said, "I thought you would not come..."

Her voice was very light, her tone was concealed very calmly, and she was leaked inadvertently, and the feeling was like being abandoned.

Luo Yi's north back was stiff and stiff, his eyes narrowed slightly, and he fell silently on her face.

Fang Chi Xia Zizi was foggy, her eyes were bright and wet, and she looked like this. She looked at the chest of Luo Yibei and it was like something softly moved. The lips were so bad that they were facing her eyes. Kissed up.

Chapter 183: Are you embarrassed?

His kiss, very soft, without any desire, seems to be appease. The thin lip wiped her long eyelashes and kissed her wet eyes, so she stopped there and had no other movements.

Fang Chixia didn't expect him to suddenly make such an action. His body was obviously stiff and he raised his arm and tried to push him away. Luo Yibei loosened her.

"It's too late, go to bed early." She put down the cutlery, and his face returned to its usual indifference.

Standing up, as if nothing had happened, he took her and went upstairs.

He did this naturally, as if the two had already practiced countless times.

He held her posture or used her arms to support her body, like holding a child, when they went upstairs, the two were face to face.

Looking at him so close, Fang Chi Xia was a little uncomfortable, especially when staring at his overly dazzling face.

I didn't want him to see it, her eyes were wrongly opened.

"Are you embarrassed?" Next to it, cold and unfortunately came to Luoyi North Qingyi with a faint voice.

"Who said that?" Fang Chi Xia did not hesitate to refute a sentence, quite quite his body, his arm actively ringing around his neck.

Luo Yibei just squinted at her hand, did not say anything, took her stride upstairs.

The two walked all the way through the long stairs, went upstairs, and went back to the bedroom. Luo Yibei turned to the bathroom to take a shower.

Fang Chi Xia was washed before, this time is not too early, almost three o'clock, and after falling to bed, I fell asleep after a while.

These days, Luo Yibei is not sleeping, she has been sleeping alone.

A person is used to sleeping, her sleeping position has become more and more unsatisfactory in these days. She is wrapped in a quilt and wrapped in her arms. When she is sleeping on her side, one leg is curled up, and the other leg is very casual.

Going to the side of the body, one person takes up space for

two people.

Luo Yibei came out after a shower and saw her like this. Her eyebrows were twisted and twisted. She walked slowly and stared at her, and her eyes were pumped.

The bed in the master bedroom of the two is very large. In fact, Fang Chi Xia still has a lot of space to sleep, at least not invading his territory.

However, Luo Yibei just looked dissatisfied.

Bending, she pulled out the quilt that she held tightly in her arms, and casually dropped it to the side to help her adjust the unruly legs. He leaned sideways to her side and stretched his long arm. She broke into her arms.

Coveted, and then look at the posture of the two, in his eyes, more than just pleasing to the eye.

Fang Chi Xia sleeps confused, obviously not aware of his movements, only when he is still holding the quilt, just adjusted his legs, he stretched it casually, he took it over his leg and his arm went to him. The chest came over and the head arched in his arms, like a lazy cat.

Luo Yibei did not push her away, let her hold her, just faintly glanced at her slender legs wrapped around his legs.

Fang Chi Xia Ran did not know anything about it. After glaring at him, he did not let go overnight, until he woke up the next day.

His gaze was first glanced at his close-knit face, and she blinked. The line of sight moved to the arm that was holding his arm at an extremely slow speed, and then to the leg on his leg. A few seconds.

## Chapter 184: Great morning turmoil

Just looking at him, Fang Chixia's head was short-circuited for a few seconds, and his hands and feet panicked back.

I don't know what I did to him last night. I was afraid that he would wake up and misunderstand. He opened the sheet and wanted to get up one step at a time. Luo Yibei's closed eyes slammed open after one of her actions.

The thin lips started, and then, a long float, "Is it so gone?"

Fang Chi Xia Yi, what is this tone?

It's like what she did to him last night.

The expression on her face solidified for a few seconds, and she turned her head sideways. She greeted him with nothing.

"You wake up."

Luo Yibei looked at her quietly, and her eyes deliberately stayed on her hand for a few seconds.

Her hand had been on his chest last night. Luo Yibei did not neglect the touch of her palms throughout the night. It was soft, delicate and delicate, and she was placed on his chest. It was like scratching into his heart, letting his heart follow it.

"I went to wash!" Fang Chixia was inexplicably seen by him.

He looked a little bit wrong with his eyes, calmed his look, and dropped a sentence and rushed into the bathroom.

Luo Yibei silently watched her disappearing faster than the rabbit, and her eyes jumped.

What are you running?

He still didn't do anything!

Today is a working day.

Although Fang Chi Xia can't get out of the bathroom for a long time at night, the efficiency is generally high in the morning.

After spending a few minutes washing, I simply prepared two breakfasts, and when she went downstairs, she went to the company with him.

After arriving at the company, I was preparing to go to the floor where I worked. Luo Yibei, who was behind me, stopped her. "Go to my side, it is best to seriously consider it. You know that I don't have much patience. When I don't wait for the day, I don't know. Responsible, at your own risk."

His words were obvious threats. After he threw out the words, he did not even give Fang Chixia a chance to return to his

office floor.

Probably for a long time with him, Fang Chixia is not afraid of him at all, especially after going through yesterday.

Did not take his words seriously, turned to go to his office floor.

Luo Yibei returned to his office, lazily sat in front of the French swivel chair in front of the desk, his fingertips slammed the table, and somehow in his head, suddenly again, Fang Chixia's love at first sight Watch.

As soon as he thought about the watch, his chest was blocked. Standing up, pulling open the door and going out, he went straight to the office floor of Shi Yangyang.

Every time he appeared in Shi Yangyang, there would always be a big sensation. Basically, the talents just went downstairs, and the female employees in the whole building were passed down one by one. In the end, people often did not arrive.

Basically everyone knows that he is coming.

This is also true this time.

Fang Chi Xia had experience before that time. This time, when I saw the female colleagues in the office started to commotion one by one, holding the mirror to make up the makeup, I immediately responded.

What are you doing this time?

The signature pen in Fang Chi Xia's hand slammed his head again and again, and did not guess the purpose of his coming here.

Luo Yibei appeared in front of her two or three minutes later. When she came to the door of Shi Yanyang's office, her eyes glared at her face, and she leaned against the door and hooked a finger at her.

His movements are like calling a puppy.

Fang Chixia's face was slightly stiff, and he glanced at him.

His eyes were removed if he had nothing to do, when he did not see his movements.

Chapter 185: Are we indirectly kissing?

Luo Yibei indifferently glanced at her, his eyes turned to Shi Yangyang in the house, and the words, with a touch of irony, “Don’t come for a few days, your assistant here is so tempered?”

Shi Yangyang looked up and returned to him with a long sentence. “I am used to it.”

The three words made the expression on Luo Yibei’s face solidified.

The atmosphere is a bit weird.

After the rest of the house, the rest of the house also brushed their eyes and fell on Fang Chi Xia’s face.

So maintained?

Fang Chi Xia was uncomfortable with a group of people, and did not want Luo Yibei to misunderstand. He opened the chair and stood up. He did not need Luo Yibei to open his mouth again, and he walked toward him.

Walking in front of him into the house, taking a cup from the coffee table, she was very hospitable to help him make a cup of tea and handed him.

Luo Yibei looked at her movements coldly, sat on the sofa, stared at the cup of tea, and did not take it.

“I don’t like my reception? Would you like me to go out and change the individual?” Fang Chixia put the teacup in his hand on the coffee table, turned and wanted to go. The sound of Luo Yibei’s cool and thin voice came from the back. “I said Can you go out?”

At the foot of Fang Chi Xia’s footsteps, he’s over the head.

“You didn’t say that I can’t.”

What she actually wants to say is that Shi Yangyang is her boss here.

However, in order to avoid going back to sin at night, she refused.

Luo Yibei’s eyes were suddenly cold and his eyes were sharp like an ice blade.

Fang Chixia was not afraid of him, and his eyes moved to the side.

Luo Yibei coldly snorted, lips smacked a slap in the face, leaned back on the sofa, arms crossed on the chest, and squinted at the teacup under the eyelids, “I don’t like distilled

blisters, change mines Material water.”

Here is Shi’s office. So many people know that the three are inside. Fang Chixia is talking at this time.

Like a small wife who was forced to squash, she went out with a teapot and helped him to change the pot of mineral water back to the tea room.

Boiled, re-helped him to make a pot, they have already been soaked and ready to pour it to him. Who knows that Luo Yibei is faintly floating, “What tea? I want Biluochun!”

His reasons were not changed, and it happened to be after she had soaked up.

“Why don’t you say anything before the bubble?” Fang Chixia’s action on his hand, his face lifted up.

Did he deliberately marry her today?

Luo Yibei’s eyes faintly swept over her, holding her forehead and faintly throwing her a sentence, “I didn’t think of it.”

Fang Chi Xia squinted at him and took a deep breath. He lowered his head and helped him change the bag of tea, and went out to pick up the pot of mineral water.

When I came back and re-soaked it, I handed it over to his hand. Luo Yibei took it and sighed.

Fang Chixia watched him drink and sighed.

Only when I can go out, who knows that the pace has not yet taken off, Luo Yibei has floated a sentence, “The water temperature is not controlled, it is really difficult to drink.”

“Is there?” Fang Chixia took his footsteps and obviously didn’t believe him.

Luo Yibei handed her cup to her.

Fang Chi Xia took a drink after taking it.

Just swallowed the tea, next to it, the sound of Luo Yibei’s fluttering voice came again. “The cup was what I just drank. In fact, I just let you help and let go.”

After the sound was over, the words were not surprisingly endless and floating, “You said, are we indirectly kissing?”

Chapter 186: Even so openly to her

Fang Chi Xia was stunned by his words, and the tea he drank in was almost squirted out.

What is he doing?

Blindly flirting?

Shi Yanyang glanced at his direction, his chest was sore and painful, and his eyes moved away without incident.

“Re-bubble.” Luo Yi North sitting on the sofa, his eyes turned to Fang Chi Xia, no expression on his face again.

Fang Chi Xia gripped the hand of the cup and squeezed it tightly.

He didn't even come here, just came over to find her trouble?

Luo Yi held his hand on the forehead, and the corner of his lips twitched.

Wouldn't it be nice to go to him?

Fang Chi Xia stiffened his back, and the fifteen fingers shattered the teacup. However, he finally turned to the tea room and gave him a bubble according to his instructions.

She has a very good temper today, and he is so deliberately embarrassed that he has been gnashing his teeth and still doing what he told him.

The little wife who swallowed her voice looked like it was a bit distressed.

In order to stay here, the sacrifice is really big!

However, the more she is like this, the more he makes him unhappy.

Fang Chi Xia knows his complicated thinking, carefully handles every procedure, and thinks that Luo Yibei can't pick up the problem before handing him the teacup.

Luo Yi had a tea drink at the north end, Fang Chi Xia quietly observed his face, did not see him with any dissatisfied look, and sighed.

Who knows that he has not slowed down, Luo Yibei suddenly picked up a phone call.

After the phone call, she was thrown directly to her. “The last time Luoshen tea, go to a pot and wait for it to be sent to Grandpa.”

Fang Chixia entered and left in the office today. I don't know how many times I went back and forth. I finally satisfied Luo Yibei, but I was taken over by Luo's father!

Fang Chi Xia was standing in the same place, and his words were unbelievable. "I sent it?"

"Don't want to?" Luo Yibei looked up at her and looked at her.

The rare thing was to care about her thoughts.

Fang Chixia nodded very seriously.

Who knows that Luo Yibei has returned to her, "Go then!"

All the expressions on Fang Chi Xia's face were stiff on the spot.

He knows that she doesn't want to ask her to go?

Fang Chi Xia was speechless to him, but he did not make trouble with him at the company. He went out after a turn.

Shi Yanyang sat in the office chair and looked at the scene from beginning to end. His eyes turned to him. "Why are you doing this to her?"

Luo Yibei squinted and did not speak.

Shi Yanyang licked his temples, and his lips twitched.

Then, drifting out, "In fact, I am going to send her to you in these days, but..."

Luo Yibei stunned, and the closed doubles slammed open.

Shi Yanyang glanced at him and spit out slowly after the last half of the sentence. "However, seeing this scene, I have repented."

Luo Yibei sputum is dangerously sinking, and the eyes reflect a sharp heart.

Shi Yanyang stood up without any problems, completely ignoring his dark face, whistling, pulling the door and going out.

Fang Chixia smashed the pot of fruit tea in the tea room and walked out. He asked the company's people about the office location where Lorge was located, and took the tea and walked over.

When I arrived, I wanted to send it in, but when I thought of my relationship with Luo Yibei, my footsteps stopped.

"Trouble me to give this to my father." Handing the tea to an employee, she turned and left.

Chapter 187: Is it good to go to work?

When I went downstairs, I just bumped into Luoyibei.

When Fang Chi Xia did not see it, he wanted to take his own, but he was blocked by Luo Yibei.

Fang Chixia looked at the elevator door where people might enter and exit at any time, and looked at the door not far away. He didn't want people to bump into the picture of the two together, pushed him, "Let's go!"

Her tone is a bit too big and seems to be annoyed.

"Who is talking to?" Luo Yibei coldly glanced at her, his face cold and cold.

Fang Chi Xia Yi, realized what he had just said, softened his temper, and immediately changed his tone. "There are a lot of people here, and people will be misunderstood. You let a hand, can you?"

Her words were sincere enough, and almost all of them were used. Fang Chixia felt that she was a ninja turtle today.

"Is it bad to be hit by people?" Luo Yibei pushed her to the corner, and her arms were held up, and she was imprisoned.

Here is Rong Xi, not to mention the two people getting married, as long as they are hit by two people so together, this is just enough, so that she is enough to make the headlines of the major newspapers tomorrow.

It's a lot of good things for her work.

At least, in the future, in Rong Xi, wherever he went, there were many people who gave her the way.

She is so smart, he believes she will not understand this.

Still, is it still playing?

Fang Chi Xia quietly observed his face change, watching his slowly raised brow, immediately realized where he wanted to go.

The chest was slightly sucked. She took a deep breath, her face slowly lifted up, her eyes on him, and the words she spoke with a touch of irony. "Mr. Luo, now is working time, this time playing here. Are the employees in other people's hands not afraid of the impact?"

After a word, pushing his hand, she did not go back to the door of the lobby.

Luo Yibei quietly sent her back to leave, her lips raised a slap in the face and turned to the floor.

When I came to Lonchi, Lonchi was making tea, just the fruit tea that was sent from the pool.

Take a sip, think that this is a company, and I can't help but float out, "Do you take the servant with you at any time?"

Last time Luo Yibei sent him this past in the hospital, when he thought the tea was a domestic servant.

But now in the company, after he called Luo Yibei on a phone call, after a while, the tea was sent over, this speed...

Luo Yibei automatically avoided his problem and went to look through the documents on his desk.

After reading a few pages, Lonchi faintly said, "This tea seems to really have the effect of relieving the disease."

Luo Yibei had a glimpse of his words.

Think carefully, it seems that after the tea from Fang Chi Xia, the frequency of Lonchi disease patients is indeed less and less.

Actually useful...

After Fang Chi Xia went back, he went to the square outside the Rongxi Building with Shi Yangyang.

In the afternoon of Rongxi, there was a new jewelry conference. Shi Yanyang was responsible for supervising all the layout and arrangement of the venue. Fang Chixia used to help.

Luo Yibei stood in front of the floor-to-ceiling window of the room, quietly watching the downstairs and Shi Yanyang standing together, busy with her past, her brow wrinkled.

Turning around, he walked downstairs slowly.

When he arrived, Shi Yanyang was sitting in the front row and was watching with a jewelry magazine. Fang Chixia was watching with him.

The two men were very close, Fang Chi Xia's face was quickly attached to his face...

Chapter 188: Do you like him?

Fang Chi Xia did not seem to be aware of it, and Shi Yanyang did not seem to notice.

“This is Mrs. Luo’s design...” Pointing at one of the necklaces, she raised her head and wanted to introduce her.

When she saw her nose tipped on her face, he snorted.

The five senses of Fang Chi Xia were very delicate. So close, there is a kind of softness that can’t be said, and the feeling is like a halo on the face.

Four eyes are opposite, a gentle wind lingers between the faces of the two, soft, faint, just as she gives people a feeling, fresh.

Shi Yanyang lost his heart, but when she thought of her relationship with Luo Yibei, reason quickly came back.

Just want to get rid of his face, behind him, Luo Yibei’s cold and cold voice is cold and sounds, “What are you doing?”

Suddenly the sound of the sound, let Fang Chi Xia a glimpse, his eyes crossed Shi Yanyang’s shoulder to see him here, his head blank for a few seconds.

It can be quickly restored to nothing.

She hasn’t done anything unspeakable, what is it?

Turning the magazine over another page, she continued to look at it. “This is beautiful. I have heard this designer. Is it in Europe?”

Shi Yanyang smiled a little, and if she had nothing to do with her, “Yes, France, my friend, if you like his work, I have a chance to introduce you to you in the next day?”

“Well, although I don’t have much talent for design, it’s not bad to know a few friends.”

“You don’t need any talent for design, you just need to learn something professional.”

The two people had nothing to talk about, and the next Luo Yibei looked colder.

“Follow me to pick up a guest.” A few steps went over and took a look at Fang Chi Xia. He walked in front and went to the parking lot.

Fang Chixia wanted to refuse, but he thought of him who had not avoided it in the elevator before, and swallowed the unexported words.

“I have to go first.” and Shi Yanyang confessed that she followed a few steps.

Luo Yi North first on the car, Fang Chi Xia followed up, the two cars drove out of Rong Xi, the destination seems to be to the airport.

Luo Yibei did not say anything on the road. The whole car was covered with a thick low pressure. It felt like a cold winter.

He didn't talk, she didn't say that the two had no communication all the time.

The atmosphere is weird and surprising.

When I arrived at the airport, probably the person who had to pick up had not arrived yet. Luo Yibei took her to a Western restaurant shop.

Two people ordered some drinks, and Fang Chi Xia did not seem to have to explain the meaning of the matter. He kept his head down and drank his own.

Luo Yibei looked at her quietly, silent for a while, and asked directly, "Do you like Shi Yangyang?"

Fang Chi Xia Yi, the back is stiff and stiff, his face lifted up, "No!"

She can not explain, the two said before marriage, she will not take care of him, he has no reason to control her.

However, the last time it was a watch, this time is just a scene. If you don't explain it, she will get along with him very much, and Shi Yanyang is still innocent.

She denied it very simply, so she made Luo Yibei look a little better.

"Is there another person I like?" He snorted with a cocktail in his cup, and he couldn't help but float again.

Fang Chi Xia is a glimpse, his face is slightly uncomfortable, "What are you talking about?"

Chapter 189: Don't be like this in public

Luo Yibei quietly observed her reaction, and the scorpion stunned.

Will not be said by him?

“My relationship with Shi Yanyang is only a friend relationship, not what you think. I will go to the bathroom first.” Fang Chixia did not want to discuss this issue with him too much. He stood up and walked out of the western restaurant.

Going out of the door, glimpsing the direction of the bathroom, turning a corner, is about to go.

Just arrived at the corner, a figure was cold and fell to her side and stumbled over.

When Fang Chi Xia had not responded, the man violently pushed her into the bathroom, leaning against her in the corner, reversing the position of the two, and he pressed her against him.

“What are you doing?” Fang Chixia reflexively wants to push him away, but when he raises his hand, he touches something that is wet and sticky.

Fang Chi Xia smashed, reacted for a few seconds, and immediately noticed it.

blood.....

“Do more words, be careful what I really do!” Above the top of the head, the voice of the man's low pressure sounded, his tone was very cold.

“You are hurt.” Fang Chixia calmly returned to him, his face slowly rising, and the clear cockroaches were on his eyes. This is a very beautiful pair of nephews, narrow and long and flirtatious.

Four eyes are opposite, and the man's face is seen clearly.

Fang Chixia's pupil is slightly shrunk.

It's him.....

“How is it?” I want to ask, just a word just exported, outside the bathroom, a rush of footsteps, came over to this side.

Awkward, messy, the number seems to be a lot.

The man's gaze turned and looked at her in the arms. In the eyes of Fang Chi Xia, he casually untied his coat and threw it into the bathroom. He leaned over and suddenly his face turned to her. The neck was tilted over.

Fang Chi Xia was stiff and reflexively wanting to resist. The man's double fingers were holding her slender waist and then making a more unexpected action.

The face was buried in her neck, and he bite down on a small piece of her skin.

“Ah~” Fang Chi Xia suffered from pain in the summer, and he snorted and blurted out.

The voice just fell, and the footsteps outside the door stopped. The place where the sound disappeared seems to be just behind the two.

It is very clear what is the situation at the moment, Fang Chi Xia is preparing to push the hand, and the voice of the man's upper arm is pressed against the imprint.

Calm down the look, the other hand grabbed him, cleverly obscured his head. In the man's sorrowful eyes, she suddenly floated out, “Don't be like this, here is a public occasion, there may be someone coming in and out at any time. , let's go home first?”

Her words are calm and sound, and it sounds like nothing is wrong.

The man's face was buried in her neck, and she never lifted it up, and the other person could not see it.

The posture of the two people is very close, and the dialogue is a dialogue for the general young men and women to seek excitement in public. There is nothing wrong with it.

Several men behind him stared at the two and watched for a while, then turned to another place.

The footsteps are getting farther and farther.

Fang Chi Xia sighed and took the man's hand and helped him.

“are you OK?”

The man looked at her quietly, and her performance was obviously unexpected.

What happened to him was that she didn't help him, but she just turned her head so fast in that situation!

And the heart carefully covered his wounds.

Chapter 190: Identity is so honorable

“I’m fine.” He shook his head and he didn’t care. However, the expression didn’t look so good.

“I have a way to take you out of here, you wait for me!” Fang Chixia pushed him into the bathroom, and he turned and left.

When I came here again, I had a hat in my hand. I bought a black baseball cap and a hat on the airport. When the head was drooping, it was just enough to cover half of the face.

Fang Chixia took him out, first looked at the airport, and then led him to copy the hall where the lesser back door left.

When I came to the nearby taxi station, I didn’t stop the car. Several luxury Rolls-Royce were like the Royal Guards, and suddenly the “唰” docked in front of the two.

The door was opened and a group of men in black suits walked out from inside.

Respectfully, the man who was assisted by the other side of the pool took the ceremony and saw the injury in his hand. The eyes of a group of people clearly showed concern.

One of the men stepped forward and seemed to want to ask about the person’s situation, but he was stopped by one of his eyes.

“Leave here first!” The man spit out a word indifferently, squinting at Fang Chi Xia around him, his eyes staying on her face for a few more seconds, turned around, and surrounded by a group of people to the front of the king. The Rolls Royce went away.

When I was about to get on the bus, my face was cold and I couldn’t help but sideways. I vomited in front of Fang Chixia, who was behind me. “Just, thank you.”

“It doesn’t matter.” Fang Chi Xia did not care, and he left as soon as he turned.

She doesn’t know what the identity of this person is. She helps, just because the other party may be related to Rongxi. When Luo Yibei went to the R King’s Palace last time, he said that the people inside are familiar with Sha Zhixing.

The man stood by the car and watched the figure she had left quietly. His eyes had not been removed for a long time.

“His Royal Highness, are we going to leave?” The man standing behind him reminded him.

Fasno returned to God and glanced at him, and got on the bus

if nothing happened.

“His Royal Highness, is your injury important?” Followed by the car, the caretaker looked concerned.

“Nothing, little injury.” The man did not care about his face, his eyes unconsciously looked at the direction of the pool outside the summer.

“Who dares to be so bold?” the butler asked.

“Isn’t the gang of anti-royal sects?” Fissino was indifferent to him, talking without the pain of a wounded person, but carelessly.

The butler did not say much, indicating that the driver drove away.

In the airport, Fang Chi Xia had not returned to the western restaurant where Luo Yibei was located before, and he found it himself.

“Where did you go?” He seemed to have just looked for her, his eyes looked cold.

“Come around for a while, do you wait for the guests?” Titus didn’t mention Fasno before, and Fang Chixia overslept, his eyes widening around the international arrivals.

Luo Yibei took her hand and took her to the airport.

The people he waited for have already arrived!

The guest of Luoyi North is a customer of Rongxi in the afternoon, a nobleman of France.

Fang Chi Xia Tong French, let her communicate with the authentic French, she can speak very smoothly.

Moreover, she is not as cherished as Luo Yibei, and on the way back, the atmosphere in the car has her, and it will not be cold.

Such a woman, let Luo Yibei feel that taking her is not wrong.

## Chapter 191: Negotiation between two men

The group returned to Rong Xi, and Fang Chi Xia returned to Shi Yanyang.

Luo Yibei sat coldly and arrogantly in two rows of positions, staring at two people in silence.

Fang Chi Xia and Shi Yuyang did not actually do anything together. All the exchanges were almost all business.

Occasionally two people talked and laughed, and it seemed that they were not close.

Thinking again that she was at the airport, Luo Yibei felt that she might have thought more.

Moreover, with the personality of Shi Yangyang, I know that it is a woman of my brother, and he can't do anything.

Luo Yibei still trusts Shi Yangyang.

However, it is obvious that the two people have nothing to do but they are not willing to give it to him.

The official press conference will be held in the afternoon.

There were many people attending this time. Many authoritative figures from the jewelry industry at home and abroad attended the event, and there were even many members of the European royal family.

Rong Xi's jewellery press conference usually puts advertisements first, then displays jewelry, and then explains it.

Two minutes before the start of the conference, a staff member rushed over and hurriedly reported to Shi Langyang. "Shi Shaoye, it's not good. The original commentator had an accident at home and couldn't come. ""

"Why do you say it now?" Shi Yanyang snorted and his face sank.

"I just got the news just now." The man lowered his head and defended himself.

Shi Yanyang glanced at her, rubbed his temples, his head rested on the back of his chair, and closed his eyes to meditate on how to solve this thorny problem.

Luo Yibei slowly approached him and approached him. He sat down on his side, and separated him by his side, and he stood up, "Let her go!"

"Chi Xia?" Shi Yanyang stunned, and he was a little wrong with his words.

Fang Chi Xia is also very surprised.

On this occasion, he asked her to cope?

“The commentary is written, just translate it. Didn’t French Italian first say it well?” Luo Yibei faintly glanced at her and pushed her to the staff. “Take her Go to the front desk and give her a brief explanation.”

“Okay, Luo Shao.” The man led Fang Chi Xia and left.

Shi Yanyang looked at the figure of the two leaving, obviously worried.

Luo Yibei, like the person who was okay, took Fang Chi Xia away and turned his eyes to him. He talked with him about the conditions. “How can I give her to me?”

“Is it for the sake of this?” Shi Yanyang was a bit worried that Fang Chi Xia couldn’t cope with it.

“The conditions will open with you.” Luo Yibei’s line of sight followed his line of sight, a faint look at Fang Chixia, and the topic turned back to the business.

“No matter what the conditions?” Shi Yanyang was lazy to him.

“As long as you can tell.” Luo Yibei chased Fang Chi Xia’s figure movement, unlike Shi Yangyang, he is not only afraid of her poor performance, but even relieved.

Shi Yanyang’s gaze passed slightly, and he looked at him fixedly, and was about to say something. On the stage, the music of the advertisement suddenly rang.

The general opening advertisement of Rong Xi’s press conference is the finale. This time, the selection of Sha Zhixing’s works, a pair of rings and wedding rings.

The picture at the beginning of the advertisement is a soft, pure white gauze. A ring is inserted from one end of the veil, slowly slipping down the veil, colliding with the other one below, and then the rose layer made of special effects. Hold on.

The whole picture was very beautiful.

## Chapter 192: 300 million wedding rings

All of Rongxi's jewels are characterized by low-key luxury, high-end gears, exquisite design, beautiful artistic conception, and even advertising.

An advertisement accompanied by light music was just broadcast, and all the eyes of the scene were concentrated on the stage.

After the advertisement is over, a special person will bring the jewels displayed on the advertisement to the stage, followed by commentary.

This commentary is because the guests present are from various countries and have a very high language requirement and need to be proficient in many languages.

On such a large occasion of Rongxi, every sentence of the commentator is directly related to the level of the entire conference and the sales performance of the newly released jewelry.

This is why Shi Yanyang saw that Luo Yibei had some reluctance after pushing Fang Chi Xia.

However, when the sound of Fang Chi Xia slowly sounded, all his concerns were slowly dispelled.

“Hello everyone, welcome to attend this new product launch conference of Rongxi. Like every press conference of Rongxi, we will have an appropriate theme for each new issue. After the last 1573 series, this The theme of the period, we named ‘initial heart’...”

“This theme is inspired by the meaning of this new product by Mrs. Luo. From the moment I met you, I still haven't changed my mind. Now the jewelry we show you is the design from Mrs. Luo...”

Her voice was very gentle, the speed of speech was just right, the sound line was still very beautiful, and the faint sound was gently lingering and hovering over the scene of the conference.

I first opened the game in Chinese. In order to take care of the guests from all over the world, she repeated the words she had just said in English, French, Italian, German and Spanish.

Sha Zhixing's work is a pair of wedding rings, platinum, with a round brilliant cut diamond in the middle, 0.18 carats, minimalist design, but low-key luxury.

Moreover, her work is only ready to launch a pair, limited edition, unique in the world, only such a pair.

Luo Yibei looked at the pair of rings quietly below, and did not know what to ponder.

Initial heart...

At the back of the guest's scene, a figure walked slowly toward this side accompanied by a large group of staff.

As soon as I heard it, Fang Chixia's commentary.

From the moment I met you, I still haven't changed my mind...

Chewed the meaning of her mouth, the man's lips squinted with a good look.

"Ali, I will help you set this pair of rings." Throwing a word at the entourage around him, Fasno took a corner and sat down.

The press conference continued, and all the works were displayed, which took more than two hours.

Many of the jewels released by Rong Xi are limited. It is basically the end of the press conference, and many of them have been booked.

When Luoyi North Station got up and was about to leave, a staff member came over and whispered, "Luo Shao, a gentleman is willing to pay 300 million yuan to book the wedding ring designed by the lady."

"Do not sell." Luo Yibei did not hesitate, throwing a word to the person, wanting to go over the side, next to, Shi Yanyang's voice suddenly came, "reason?"

The footsteps of Luo Yi's foot stopped, and he turned his head and looked at him. His eyebrows were lightly picked. "I want it."

Shi Yanyang's glance was obviously shocked by his words. he wants?

But that is the wedding ring!

Chapter 193: The most popular anecdote

“I will send the pair of rings to me.” To the staff around me, he said, Luo Yibei turned and left.

What kind of savvy person Shi Yanyang had, his head turned a little, and he guessed something.

The eyes were stiff and turned to Fang Chi Xia, who was coming to this side. Somewhere in his heart, it completely collapsed.

Even if she had thought a little bit about her before, she was all defeated by Luo Yibei’s pair of wedding rings.

“What’s wrong?” Fang Chixia still didn’t know anything. He walked over and sat down next to him.

“Nothing, just performed very well! Go back!” Shi Yanyang appreciated, stood up and walked to the front of his office floor.

Luo Yibei had not yet appeared, and another staff member came over in a few steps.

“Luo Shao, the previous decision to buy the wedding ring of 300 million decided to add another three hundred million.”

“Tell him that the ring is priceless, let him change the other.”

Luo Yibei dropped a sentence, striding into the office building. Next to it, a small figure walked up from the side, and did not hear anything else. He just heard the words before and after Luo Yibei.

The little figure stopped and walked over and looked at Luo Yibei’s disappearing direction. It looked like something novel, and turned around. He ran to Lorne with great joy.

“Reporting Grandpa, I have a news of the world’s best news!”

The little left-faced face seemed to be red-hot because he ran too fast, so cute, and he did something to him.

Lorge was amused by him and smiled. “Oh? Tell the grandfather.”

Xiao Zuo calmed down his face and smiled. “The most meaningful pair of wedding rings at this conference was swallowed by the elder brother!”

Lorch first stunned, only when the child was noisy, reminded him, “Small left, that is the wedding ring, what do you want to do with your North brother?”

Xiao left climbed up to the chair next to him, sat down, looked up at the little face, smiled at him, and said with a brow, “Give

it to the future!”

Lorge was smacked by his eyes, staring at his tender face, lost his heart and sighed. “You have been squatting for a long time... Hey!”

In a word, it didn’t finish, it seemed to be helpless.

Xiao Zuo was only seven years old, and now he is immersed in Luo Yibei’s marriage ring called “Beginning Heart”.

At this time, he was like a small reporter who had dug up the lace news. He was very excited. He didn’t pay attention to his words, and he couldn’t understand what he meant.

I sat with him for a while, and ran to find Luo Xi.

In the back seat of the scene, Fesno sat in the corner, recalling that the staff had just passed over, and the eyebrows were deep.

600 million are not selling?

That is so important to the ring?

In the upstairs office, the pair of rings were sent to Luo Yibei in five minutes.

Sitting in his office chair and opening the box of the ring, he quietly looked at the wedding ring that glowed under the light, picked up the big one, and tried to wear it.

Not too big or small, just right, naturally created for his hands.

Staring at the hand wearing his ring for a while, Luo Yibei took the ring down, carefully put it back into the box, put the box into the drawer of the desk, and dropped the lock.

Chapter 194: I will pick you up tonight.

Fang Chixia returned to the office and had not sat down. Tong Yan suddenly called a phone.

Tong Yan also attended this conference today, but Fang Chixia has been on the stage and did not see her.

Two people chatted for a while, and Fang Xixia left Rongxi early, and she went on a date.

She did not say hello to Luo Yibei. When she got off work, Luo Yibei went to the floor where she worked and waited for a while.

After half an hour, I didn't wait for the person to come down.

A phone call gave her a call. "Where?"

"I am dining with Yan Yan!"

The very pleasant voice made Luo Yibei's face black.

He waited for half an hour below. As a result, she has already started eating dinner with people outside.

What makes him even more black is that Fang Chixia doesn't know if he is busy or if he doesn't talk, he just hangs up the phone.

Luo Yibei stared at the screen of the mobile phone for a while, and his face was slightly distorted.

Cool with a car on his face, he drove back to the home of two people.

Since I got married with Fang Chi Xia, it seems that she has been responsible for all the trivial matters in the family, three meals, and a group of caregivers.

Luo Yibei entered the house alone, looked at the empty dining table, and then thought that she would always come to the kitchen with a fragrant fragrance. This is the first time he realized that she is still enjoying a lot of benefits.

Luo Yibei waited for her for so long outside today. The result was not waiting for people. At this time, my heart was not so good. I didn't look good at the family. Even watching the group was very unsightly.

The group chubby huddled into a group in the center of the sofa, looking at him with a blank look, his eyes were innocent.

Luo Yibei called the servant and settled the dinner very casually. He walked over and sat down with it.

After sitting for less than an hour, I lifted my wrist and looked at the time of the watch. A phone call was made to Fang

Chixia. "When are you coming back?"

"It may be a bit late today, and I am talking about Yan Yan."

Fang Chixia returned to him and the phone hangs again.

Luo Yibei listened to the broken tone from the phone, and his eyes were cold.

More and more guts?

Fang Chi Xia and Tong Yan get together, usually for a few hours.

This time, it's not over at eleven o'clock in the evening.

Luo Yibei sat on the sofa in the living room, playing with his mobile phone at his fingertips. He didn't figure out how many women could say so much.

At eleven and a half, it was not too late to watch the time. A phone call was made to Fang Chixia. "Where, I will pick you up."

Fang Chi Xia on the other end of the phone seemed to be awkward, as if he didn't expect him to make such a move, silent for a while, and he replied, "Lota restaurant."

Luo Yibei hung up the phone and turned to go outside the house.

When Fang Chi Xia and Tong Yan walked out of the restaurant, it was 11:40.

Thinking of Luo Yibei coming, she took the child Yan away in advance.

When Luo Yi went north, she stood alone on the cold street, dressed a little thin, soft long hair dancing in the wind, a few strands of hair covering a small part of the cheek, white brunette, red lips Delicate, different temptation.

Luo Yibei sat in the car, her eyes locked her lips quietly across the window, staring at her for a while, pushing the door and going down.

Fang Chi Xia was aware of the footsteps behind him. He still didn't react. A burst of clear breath suddenly swept over.

When he returned to God, Luo Yibei's face was already close to him.

Chapter 195: What are the bad things about multiple accidents?

He looked at her, and there was a glimmer of light in the black scorpion, and the breath of exhalation made the air around Fang Chi Xia hot.

Fang Chi Xia Yi, the footsteps back, reflexively want to push him away, his arms are wrapped around her waist, one arm hooked her, took her into her arms, one The hand clasped her slender waist, and one hand held up her small chin and leaned over. His gaze looked at her face in detail, and her face was tilted toward her.

Fang Chi Xia Zhigen did not know what happened. He looked at him like this when he looked too far. His head was completely embarrassing.

“Luo Yibei, you don’t do this!” Wrinkled, his head flashed his head and wanted to dodge his face. He hardly buckled her chin and pushed her face back.

It seems that she is slightly annoyed with her disagreement, and he bites her lips.

Fang Chi Xia suffered from pain, and he whispered a few times in his arms, and did not continue to evade. Instead, he held his hand on his shoulder.

Her character, she is very clear.

When you want to do something, the more you resist, the more he will let you suffer!

Just leaning on his arms, letting him do whatever he wants, she changed her tone and talked with him. “This is on the street, let’s go back first, okay?”

Her voice, soft and soft, generally so good to talk, Luo Yibei was a little sad for her.

“Go back and continue?” Arms were fixed on her slender waist. Luo Yibei pressed her body to her, and her eyebrows picked it up nicely, and the tip of her nose slammed against her.

Fang Chi Xia was a sigh, his face was hot, hesitated, or nodded lightly. “Well, go back and continue.”

Luo Yibei was quite satisfied with her answer. She took the car and the throttle on her foot stepped on it. The white sports car “boom” went out of the house, and after ten minutes, she stopped at the villa of the two. outer.

When she got out of the car, she took the door with her backhand and took her hand straight into the house. She just entered the entrance hall and leaned against the wall behind her. She was buried in her neck and deeply grasped her. The aroma of the body began to pull the hem of her clothes. Fang Chi Xia raised his hand and wanted to stop. Luo Yibei stopped her wrist and turned her arms back behind her. Fang Chi Xia helpless, knowing that he can't hide tonight, holding his hand on the cold wall, let him do whatever he wants...

The huge living room only had the moonlight coming in from the window, and the two people didn't turn on the lights. It was so close to the entrance, and it was too much trouble to change the place.

In the darkness, the gasping of the two people sounded from time to time, and the time was slow, blending, lingering, and finally intimately merged into one...

I don't know how long it took, when Fang Chi Xia returned to the house, Luo Yibei held upstairs.

When I entered the room, it was already exhausted at this time. However, what she did was to struggle from his arms. He walked to the drawer and took a box of medicine from the bottom cabinet. He was facing him. 拮 pills.

Luo Yibei stood behind her and looked at her movements quietly. In fact, he did not see her before in this kind of thing. However, today, it makes him feel horrible.

She is also afraid of multiple accidents between the two?

What is the reason?

Luo Yibei felt that this should not be a matter of a woman who was determined to marry him.

Chapter 196: If you have children

If there is a child, she will get no support for the sky-high price. At that time, there will be a lot more entanglement between the two. She can even expose the invisible marriage relationship between the two, and her identity can also be righted out.

The interest in this, she is so smart, Luo Yibei thinks she can't be unclear.

Why should we take measures?

Slowly put a long line?

Fang Chi Xia Jiao's eyes slanted to stare at him who was watching him. He didn't know what he was thinking. If he had nothing to do, he went to the bathroom and took a bath.

The next day, Saturday.

Two people apparently slept so late last night, but Fang Chixia had a hard time getting up early in the morning.

Such a woman, even her own admire.

Today, neither of them has to go to work, and Luo Yi is a bit late in the north.

When I was in bed, the sound of Fang Chi Xia in the bathroom came from time to time.

She was taking a morning bath. It was enough to have only two people living in such a big villa. What she did inside, the bedroom of Luo Yibei could hear it.

Luo Yibei still didn't wake up, he heard the sound of the water in the bathroom, “哗” and “哗” and then followed, wireless cycling.

The brow wrinkled and his closed eyes opened.

The person in the bathroom seems to be when he does not exist, the sound of the water is still going on, and again and again, the fiddling again and again, is still very regular.

It's hard to end, and finally it's quiet for a while, but in two minutes, the sound of her singer suddenly sounded in the room.

She didn't know what song she sang. The voice of Qingyue sounded from time to time. “One person's loneliness, one's life, all the way, one person walking, all the sadness, one person bears. The starry sky is quietly scattered. Who can understand who is thinking, and who can understand my mind?”

This is undoubtedly a very sad music, but it is not so sung from Fangchi Xiakou, and even she is a bit happy.

Just, what are the lyrics and what?

Luo Yibei didn't like the words in her lyrics. She just listened, and her chest seemed to be stalking something, and she was very uncomfortable.

Looking into the bedroom, he snorted in the air, "Fang Chi Xia, you shut me up! What do you want to learn in the morning?"

He was so loud that he heard the loud noise, and the people in the room seemed to stumble, and then there was no more sound.

Luo Yibei had some troubles to get out of bed, draped a piece of clothing at random, and opened the door of the bathroom and went in.

Fang Chi Xia Zheng was holding a mug and didn't know what was being painted. He saw him coming in suddenly. He looked up stiffly and he greeted him. "You wake up."

"Don't listen to this kind of music in the future." Luo Yibei walked in a few steps, pulled her out with a big thorn, and replaced her standing in front of the washstand.

She glanced at the door and stupidly glanced at her. He added a long sentence. "Nothing to listen to your children's songs. Didn't you sing well before?"

"Roll!" Fang Chi Xia's expression on his face was so sullen, he looked back angrily and turned and left.

Luo Yibei had no choice but to sip a cup, was preparing to wash, but stunned when he saw the pattern above.

He and Fang Chi Xia's mouthwash cups are all white, pure white, originally without any pattern, but now they are graffiti, painting two big smiles.

One left and one right, the two cups are discharged together and look very symmetrical, just like a pair.

Chapter 197: The balcony is so emotional

Luo Yibei stared quietly at the two mugs and looked at it again. The lips and corners unconsciously opened a shallow arc.

Unexpectedly, he did not wipe the graffiti on the top, slowly brushed his teeth with the cup, and then discharged the two cups on the shelf.

When I changed my clothes and went downstairs, Fang Chi Xia was not in the living room. I didn't know what I was busy with.

Luo Yibei took a slender leg and went to the kitchen to take a look. He didn't see anyone, and then turned to the garden.

Outside the house, Fang Chixia tied the long hair into a loose and loose braid, facing away from the platform where he was placed next to the entrance.

In this villa, there were a lot of potted plants. She moved a few pots of green leaves and cleverly placed them on the ends of a platform. There was a sofa next to it, and a hanging chair on the opposite side, with a glass in the middle. Small table.

A simple and simple transformation, a beautiful and romantic open-air balcony will be completed.

Everything was designed by herself. After she was finished, she was very satisfied with her masterpiece.

Looking at the first sight of this small balcony, Fang Chi Xia is full of thoughts about the three meals in the future.

Seeing this first sight here, Luo Yibei's brain is thinking about how freshly it is for two people to come here in this place!

The man who had only enough to eat last night, staring at the sofa that was placed on the sofa, was very unthinking and began to think about it.

Fang Chi Xia Yangan did not look in his direction, glimpsed the sofa, want to go past the first addiction, Luo Yibei's slender figure crossed her, and then, in the eyes of Fang Chi Xia, Sitting on the top without change.

On the back of the chair, the arms stretched out, the slender legs overlapped and rested on a small chair next to him. He turned his head and returned to her indifferently. "Not bad."

His appearance seems to be quite enjoyable, but the three words are extremely reluctant.

Grabbing her position, he was not too embarrassed, sitting on

it seems to have not planned to get up.

Fang Chixia wanted to go and push him down the sofa, but she couldn't help him.

He glanced at him coolly, and she turned to the house to bring the breakfast out.

In fact, as long as Luo Yibei will not toss her indisputably, she likes this place very much.

I don't know when it started, she has unwittingly taken this place as her own home.

Apart from Luo Yibei, everything in this villa is very warm to her.

Putting down the breakfast, Fang Chixia did not insist on getting him up, but he sat on the opposite chair and used his meal.

She is sitting on a chair like a swing and will dangle.

When she was eating, her movements were a bit unsatisfactory. She just prepared to pick up some food for herself and put it into the plate. The chair accidentally swayed back.

Toss a few times, Fang Chi Xia is somewhat annoyed.

Looking back at Luo Yibei, who was enjoying the breakfast on the opposite side, she stood up in an extremely unbalanced manner.

"You sit a little past!" Pushed him aside and sat down next to him.

An action made Luo Yi squatting, and the hand holding the fork was stiff in the air.

He seemed to have thought that her movements were so arrogant, and for a while, his eyes turned to her, and his eyes glanced at the two bodies next to each other.

## Chapter 198: Labor production

The dining table is round, and for the convenience of feeding, Fang Chi Xia is very close to him.

She probably didn't pay attention to herself, and both of them were stuck.

See Luo Yibei just staring at her, she stunned.

The line of sight was stiff and looked down at his gaze. I saw the close-knit body of the two, and her face was slightly uncomfortable.

"I still sit opposite!" Tengdi stood up and held the plate. She returned to her position just now.

However, when I was dining, her heart was still very unbalanced when the chair was shaken again and again.

Why did she work hard to get the results of most of the morning, and finally gave him all the time?

For a breakfast, Fang Chi Xia's heart was not a great taste.

After breakfast, I went to the house with Luo Yibei and didn't know what to take. I looked at the sofa he had just sat on, and she walked over.

Relaxing comfortably to the top, stretching and opening the hands and feet than trying, I originally wanted to occupy the sofa by one person in this way, but I felt that my behavior seemed childish, and the hands and feet that stretched out were shrunk back.

Sitting up from the sofa, I took a magazine and looked through it. She made some room for him.

After getting along with this time, Fang Chixia still knows the character of Luo Yibei.

She felt that if she really made a deal with him to grab the sofa, Luo Yibei's reaction might be to directly pick her up and throw it away.

The magazine in Fang Chi Xia's hands is taken casually, financially, a lot of numbers, and I feel a little dizzy.

Plus, she got up too early this morning, and after seeing it for a while, she really fell asleep.

Luo Yibei stayed in the room for a while. When she came out, her head rested on the back of the sofa and closed her eyes.

There was wind in the garden, and her hair was a little messy.

A few strands of hair twitched from her cheeks in the wind from time to time, like a feather, obviously scratching her face,

but let Luo Yibei The heart is itchy.

Step by step to her, sit down next to her, he looked at her quietly, the hand ghost lifted up, helping her to cover the hair of the cheeks behind her ears.

The fingertips were inserted into her hair, and Luo Yi picked up her hair and played it in the north, staring at her quietly. Fang Chi Xia's hair is very good, soft like the touch of silk sliding from the fingertips, hair color is not dull black, but naturally with a bit of dark brown, like the color of chocolate. There is a very light and fragrant fragrance on her hair. Like her body fragrance, it is not the taste of shower gel. It is more natural and smells good.

Fang Chi Xia did not seem to wake up, the hair was on the tip of his finger, he was entangled and then loosened, entangled, and then released, he was tossed several times, the closed eyes trembled without shaking, just Gently deflect the head down. An action that caused the hair that had been entangled in the tip of Luo Yibei to slip off with the deflection of her body, break away from his hand, open a slight arc in the air, and gently put it back on her shoulder.

Luo Yibei's brow wrinkled, her body plate was coming over, and the fingertips were inserted again into her hair.

Holding her head, forcing her face to face herself, her face fell down, her thin lips brushed past her hair, her eyes turned to her lips.

He still remembers that last night her lips were attached to the touch of his lips, warm, Q-bomb, with a touch of fragrant, like the taste of pudding.

## Chapter 199: Take your hand off

Luo Yibei looked quietly, his lips wanted to kiss, and Fang Chixia, who had no reaction before, closed his eyes and opened his eyes.

Luo Yibei's action was so dead, her eyes fixed on her face. Fang Chi looked at him in summer, and she didn't seem to think that it would be such a situation when she woke up and her eyes were a little confused.

Looking at each other, quietly watching his miniature in his eyes, she squatted for a few seconds, her face uncomfortably pushed him away, and the body slightly moved away from him.

"Wake up." Luo Yibei's voice, with a lazy, seems to have a bit of awkward meaning.

"Yeah." Fang Chi Xia's eyes moved to other places, his head deflected slightly, let himself and him sideways, closed his eyes and continued to squat when he did not exist.

Her hair was tied loosely, and when the head turned sideways, the head ropes slid gently from the hairline, and the soft long hair was scattered randomly on the shoulders.

When the garden was light and faint, she blew her hair a little messy, and a few strands of hair lingered over her cheeks, raising a small wave of light, soft and soft.

It was a bit messy, but it was unspeakable and it made people tickle.

Black hair and red lips, skin white wins snow, Fang Chi Xia at the moment, let Luo Yibei's head suddenly appear again last night, she stood in the middle of the night, his long hair was swept away by the scene that people are moving.

Looking at her like this quietly, Luo Yibei's hand ghost lifted the gods and made a very unexpected action.

The big hand went over her head, and she deliberately smashed her hair. She watched her hair rise from the wind, and her hair fluttered through her radiant lips, slightly flattening his. The hand stretched again.

Fang Chixia's eyes were closed, just to get away from him and turned to him. He fell asleep, but he didn't expect him to suddenly make such an action. The closed eyes opened. .

Luo Yibei was still playing with her hair, and her big hand was smashed on her head again and again, and her hair was messed

up like a pile of grass.

Fang Chi Xia did not know what he was doing, his body was stiff and turned, and he looked at him with no expression.

“What are you doing?”

Luo Yibei was questioned by her, and there was no point of introspection. The hand covering her head did not even recover.

The fingertips helped her open the hair that blocked part of her cheeks. He returned without a word, “Help you organize your hair.”

The hand-dressed model took care of her hair, and he did not happen anything, and continued to pick up her hair to play.

“Hands open!” Fang Chixia squinted his hand and sprayed a fire in his eyes.

She seems to be really angry, watching his eyes gnash.

What did he take her? Kitten puppy?

Luo Yibei faintly glanced at her, and seemed to realize that his behavior was too hot, but the hand still did not recover.

Fang Chi Xia was somewhat annoyed. He wanted to pull his hand down. Luo Yibei took her hand and wrapped her hand around her neck. She picked her up and placed it on her big leg.

An action made Fang Chi Xia stunned, looked up, and looked at his face with a strange look.

Luo Yibei did not explain, just carelessly helped her to organize her hair, and smashed it in a slap, and the movement was very detailed.

Chapter 200: Like playing a toy

His movements were slow, like playing with one of the most exquisite toys, his fingertips ran across her hair, and the fingertips didn't know whether it was intentional or not. Neck socket.

His hand, slightly cool, like the temperature of the mountain spring water, tempered her skin, stirred up a small electric current, Fangchi summer neck and neck sensitive, thin skin, a layer of faint blush.

Luo Yibei quietly observed her reaction, and the hand that played her long hair still did not stop, and the movement seemed to be getting slower and slower, especially when the fingertips rubbed her neck skin.

Fang Chixia had some disturbances in his breathing, and his chest began to have irregular low and low undulations.

Luo Yi's north lip squinted with a radiance, and seemed to be very satisfied with her reaction.

This girl is so sensitive...

Fang Chi Xia Jiao's eyes slanted to his reaction, his face was awkward, he stood up in a panic, calmed his look, and went to the house if nothing happened. "I am going to see what the group is doing?"

Her back looks like nothing happened, but the footsteps disappeared quickly, almost escaping.

Luo Yi's hands fell through the sky, and the slender fingertips stroked the perfect chin, reminiscent of the touch of her skin just on her hand, and the lips slowly opened a line.

However, as soon as she thought of the reason for her departure, the expression on her face slowly solidified. round and round?

I was provoked by him and I could think of a small beast?

Luo Yibei had a feeling of being insulted. He stood up and slowly followed up. Just entering the hall, the ringing of the mobile phone suddenly sounded at this time. "Northern Master, where? Where? Come out! I am and My brother, they are on the top of the mountain!" Shilo's voice came from the other end of the phone and seemed to be a little excited.

He was very fond of the invitation, and there seemed to be a burst of laughter on the phone. There should be a lot of people. Whether it is Luoja or Shijia, or Tongyanjia, these are all

world relations, usually walking around are very common, this kind of gathering, often open.

If you encounter peacetime, Luo Yibei will go directly to the appointment if he receives a call, but today, his eyes can't help but look at the direction of Fang Chixia.

Today is Saturday, two people are at home, if he is gone, then she has only one person left.

Fang Chi Xia is sitting on the sofa and holding a group of fires, accepting his eyes and guessing what he wants to say. It doesn't matter, "Would you like to go out? You are going, I will have a lot to do later." "

She is actually very happy to see him leave, at least, as soon as he leaves, she does not have to be at any time.

She said so, after Luo Yibei, he drove off and left.

There are a lot of people arriving at Schluo's resort, and they are basically some very familiar friends.

Shi Luoping always looks like a sigh of relief. When Luo Yibei arrives, he is holding a woman's shoulder in the left hand and holding the game.

When I saw Luo Yibei, I invited him very diligently.

"Northern Master, come together, come together!"

Luo Yibei just glanced at him and sat down in a secluded position.

Shi Yanyang is here today. He is different from Schloer. He will not be as unscrupulous as Schroeder. He has his own principles, especially for women, and he is also very self-sufficient.

In fact, it is plain, that is, the average woman can not see.
