

Chapter 301: In his face, he was so calm.

The pattern of the LuoJia Hot Spring Pool is that the back is leaning against a mountain, and there is a torrent of torrents flowing down the mountain, and then it flows into a narrow stream.

There are a lot of strange trees planted around, and the leaves can change several colors all the year round. The pool surface is always foggy, very natural, very beautiful, and very pleasant.

When Luo Yibei came to the hot spring pool, Fang Chi Xia side was facing him and was bathing in the pool water.

The water surface was fiddled by her, and the sound of the water rang from time to time.

The two men are facing each other. He is always eye-catching wherever he goes, and Fang Chixia obviously noticed him.

If she was in the usual time, she was hit by him in the bathroom, and he was pushed out with red face.

But today, she suddenly feels like he doesn't exist, even if he doesn't even look at him, he is still calmly making himself.

This kind of ignorance makes Luo Yibei somewhat uncomfortable.

What makes him even more annoyed is the next behavior of Fang Chixia.

In front of him, she soaked in the hot spring pool, then came under his nose, took the clothes that had been placed in him, turned his back, and wore it.

All the series of actions, did not see how much her face is, that feeling, as if Luo Yibei is like the air.

She was very calm from beginning to end, but it was next to Luo Yibei, and her body was like a burning fire, especially when she saw her wearing clothes.

Luo Yibei's throat was dry and his eyes were green and faint.

This woman actually took a shower and dressed in front of his face!

When is the cultivation to such a situation can be so calm?

Luo Yibei did not understand.

Fang Chixia felt his unusual sight, but he did not care.

She put on her clothes and turned around. She went straight to the villa.

Luo Yibei's line of sight moved along her figure, as if it had

been stuck, it had not been removed.

The two returned to the villa in tandem, and after the pool, they entered the kitchen.

She is preparing breakfast, but, looking at the weight, it seems that she is only preparing for one person.

The same is true when it comes out.

“Why didn’t you have me?” Luo Yibei stared at the poorly priced plate in her hand, her face slightly distorted.

“Sorry, you didn’t give me the servant’s salary.” Fang Chi Natsume continued to walk away without squinting, entered the restaurant, put the plate and sat down.

“The maid’s salary is not.” Luo Yibei followed in a few steps, opened the chair opposite her and sat down, and pulled a card from the wallet and pushed it to her. “The wife’s is there, there is no limit to brush. ”

Fang Chi Xia didn’t care about him. He didn’t even look at the card. He still ate his own head.

She prepared a little bit of things this morning. In fact, Luo Yibei did not see how small her food was, but it was very pitiful.

Such a weight, let him want to grab her, feels guilty.

Luo Yibei stared at her plate for a while, and she couldn’t help but float out, “Is it bad?”

Fang Chi Xia did not say anything.

“Actually, that night...” Luo Yibei seems to want to say something, however, the words just opened, but were blocked by a phone call.

“Luo Shao, afternoon meeting...” An assistant from the company called, and there was a meeting in the afternoon.

“Shut up!” Luo Yibei coldly sullen, gave the other party a slap, and the two words hung up.

Chapter 302: Disrupted bureau

The assistant was rumbling in his ear, and he did not react to what happened.

Luo Yibei's temper is not violent, he is very cold, and his mood is not in color, and nothing is expressed. This makes the outsiders unable to guess his emotions.

The assistant was suddenly smashed by him, and he was so loud, his body slammed down, and the phone was stiff for a long time and he never recovered.

Luo Yibei sat in the seat of the restaurant, and turned his eyes to Fang Chi Xia, who had a quiet head and a breakfast. The hand suddenly buckled her wrist across the table.

Fang Chi Xia looked over his hand and waited for him to continue.

"That night, in fact..." Luo Yi North just opened, who knows that a sentence has not finished, the ringing of the phone has ringed again.

The vibration of the toot was always shaking, and it was always shocking.

Still just an assistant.

Luo Yibei brow wrinkled, took out the phone and answered the phone, "Go to submit your resignation tomorrow!"

I lost my face with a cold face and just wanted to hang up the phone. Who knows that the assistant is fainting and floating, "But... can you let me finish the matter today?"

In a word, let Luo Yibei's already dark face be slightly distorted.

Such a person, he does not know whether to say that the other side is courageous or too dedicated.

"What?" He pressed the fire that might break out at any time, he asked.

"This is the case. In the afternoon, the plan of the North Master had a very important meeting about the new jewellery. However, just after the marketing department came the news, the director had some problems at home, and the temporary holiday, in the afternoon. The meeting can't participate. However, many of the data reports you need in the afternoon are before him. Would you like to come over before the meeting?"

Luo Yibei, a sigh of relief, took a look, stood up cold face.

Turning around, I just wanted to go outside the house, and I saw Fang Chi Xia in the corner of my eye. I walked a few steps and gave her a sigh. "Together!"

Fang Chi Xia has not returned to Rong Xi for many days. He said that she did not refuse.

Followed him into the company, accompanied him to take a lot of watches from the marketing department, Luo Yibei simply tried it, and the meeting was held as usual in the afternoon.

Fang Chixia was his assistant and the meeting followed him. She is like someone who hasn't happened before. After the meeting started, she sat in her position, lowered her head and concentrated on doing the recording, and did not say anything from beginning to end.

When Luo Yibei was in the meeting, she turned her eyes to her several times, and she was quietly observing her reaction.

Who knows, Fang Chixia did not look at him in the direction of seeing him.

Such a woman, let Luo Yibei feel that she was ignored by her is not a general thorough!

Even more annoying is after work!

After work, the two people just walked out of the company building, and they didn't know what to do. They suddenly ran to Nice.

Fang Chi Xia had been squatting all day long, and there was no expression on his face. When he received a phone call from Tong Yan, his face swept away from the coldness of Luo Yibei, and his expressions were vivid. "Dabao, How did you come?"

"Come on the job?"

"Where? Seaside?"

"Dead gimmick, you give me waiting, I will come soon!"

She talked quite vigorously, and every word was filled with excitement. The feeling was very different from that when I was with Luo Yibei.

After receiving the call, I didn't look at Luo Yibei. She took a mobile phone and chatted with Tong Yan, and went to the car.

Chapter 303: Qing brother, love brother

Luo Yibei stopped at the gate of Rong Xi, and looked at her with a blank expression. She looked cold and cold like the wind of winter.

This **** is so gone?

After Fang Chi Xia left Rong Xi, he rushed to go with Tong Yanhui.

Tong Yan has often gone abroad, not with her parents and two brothers, almost no place in every corner of the world has not played, it is normal to come to Nice.

Coming from the same industry, there is Tong Yan's brother, Qing Muchen, pro, one with the surname of Ma, one with the surname.

The three children of Qing family, the two men are the father's surname, the most favored daughter, because of the relationship between Qing Yafeng and the child Xi Xi, let her daughter from the mother's surname.

Qing Muchen is the eldest brother of Tong Yan, and is almost as big as Luo Yibei. It is cold and cool, and there are not many words. It seems to be high in the previous generation of people, but it is probably because of the relationship between Tong Yan, the other pool is not cold.

After arriving, Qing Muchen has been holding a mobile phone and does not know who to send text messages. It seems that there will be friends coming.

Tong Yan just didn't bother him at the beginning, and he smiled and chatted with Fang Chixia.

When the murmur was busy, he asked me casually. "Brother, who are you talking to? Is it not Yibei?"

"What do you think? Who else besides him in Nice?" Qing Muchen glanced at her and took a drink with a drink.

Tong Yanyi, his eyes looked at Fang Chixia quietly.

Fang Chixia gave her an indifferent look.

She didn't mind, and Tong Yan naturally had nothing to worry about. She took Fang Chixia and stood up and smiled and began to introduce the two. "Summer, this is my big brother, called Qing brother!"

Her words are quite natural, Fang Chixia is her own sister, her brother, Fang Chixia naturally should follow the brother.

In a word, let Fang Chi Xi a bit, and Qing Muchen seems to

have stunned.

Outside the restaurant, Luo Yibei, who just arrived here after receiving the text message, heard this sentence, and his face was slightly distorted.

Qing brother?

Still my brother!

The words of Tong Yan make the atmosphere of the triple room a bit weird.

The first to return to God is Qing Muchen.

Smiled, he said nothing, "Let's call Big Brother like Yan Yan!"

Tong Yan grin, just ready to sit down, a glimpse of Luo Yibei, who came in, and said hello to him in the distance, "Hey, North Master!"

She and Luo Yibei knew each other from an early age, and they talked casually. What Yibei brother, North Master, North and North are calling.

Luo Yi went north without expression, and his eyes swept directly to where she was sitting.

Tong Yan is sitting next to Fang Chi Xia, a sofa chair, just enough to sit two, he is suggesting that Tong Yan goes to sit.

Tong Yan had a feeling of being dismissed, but she still took it and took it with Qing Muchen.

"I went to the bathroom." Fang Chixia looked up and saw Luo Yibei, and crossed him and went to the bathroom.

"Exactly, I am also preparing to go!" Luo Yi's north lip smacked a touch of cold, slow and followed by.

"Knowing?" Qing Muchen's line of sight followed the movement of the two figures, faintly asked the child's face around him.

"Yeah, I introduced it at the last mom's birthday." Tong Yan's lies are not woven.

"You still do the matchmaker?" Optimus Chen picked up the pick.

"Just introduce it, huh, huh, huh." Tong Yanyan involved the lower corner of his mouth, his eyes turned to the window.

Chapter 304: Calling Luo Gege

Fang Chi Xia went directly to the bathroom after leaving the table.

She just arrived, and Luo Yibei followed closely.

Fang Chi Xia looked over at him and looked at him for the purpose of his coming.

Is it a coincidence or a bad heart?

“How come you?” Fang Chi Xia looked at him quietly, his eyes were somewhat prepared.

“No?” Luo Yibei faintly glanced at her, and entered the men’s bathroom if nothing happened.

Fang Chi Xia was stunned by his words and ignored it.

Into the bathroom, finishing the clothes inside, she also deliberately delayed the time, thinking that Luo Yibei should have left, only came out.

Who knows, just out, but it is colliding with Luo Yibei, who is finishing the collar outside.

The slender neck was lightly lifted and the neckline was loosened, and his gaze turned to her.

Fang Chi Xia did not see him like, turned and wanted to go his own, but his wrist was pulled back by him.

At the foot of Fang Chi Xia’s footsteps, he looked at him from the side of his eyes. “Is there something?”

The tone of her speech was very light, and that feeling seemed to be more than two people.

This kind of her, let Luo Yibei very unhappy.

Especially with her just in the seat!

In the face of a singer who just met, Qing Muchen can smile, in front of him, she only has such a look?

“What is Tong Yan doing today?” Luo Yibei stared at her for a long time, forcing her to retreat to the corner behind her, her arms around her and the wall, he asked.

Fang Chixia didn’t understand what he meant at first.

What can she do with her?

Isn’t it two party gatherings?

“Qing Muchen!” Luo Yi north face expressionless reminder.

Fang Chi Xia looked at him and he looked at him. He thought that Tong Yan would let her come today to prepare for it.

Fang Chixia only thought that Luo Yibei’s idea was absurd.

“Yan Yan is not so busy, not so boring people.” A faint

explanation, want to push him away, but once again pulled back by Luo Yibei.

He just looked at her like this and didn't know what he was thinking.

“What else?” Fang Chi Xia Xiumei screwed it.

Luo Yibei supported her arms on her side and changed her face. She looked at her with her face, her eyes gaze, staring at her soft and delicate side face and watching it for a while, leaning over her ear, suddenly yo. Floating, “Lok brother!” Fang Chi Xia was stunned by his words and his body was stiff. Luo Yibei's eyebrows picked and picked, so I waited for her to open.

“Don't make trouble, it's time to go back!” Fang Chixia raised his arm and pushed him. He didn't push it. He picked up his fist and hit him.

“Call.” Luo Yibei did not know where the leisure came from today, the voice was lazy, and the look was lazy, as if there was a lot of time to spend with her.

Fang Chixia was very speechless to him. He dared to follow him, just to adjust to her.

Staring at him hatefully for a while, her eyes went to the side, and ignored him.

Luo Yibei did not continue to force her, but did not let her loose, her eyes swept over her, her fingertips even picked up the shoulder straps of her clothes and played. “Isn't it just calling someone else a good name?” ”

“Where do I have?” Fang Chi Xia side overdue.

When Gang Tongyan introduced her, she did not say the last sentence with Qing Muchen. Luo Yibei appeared. When did she call her?

“No? It seems that I got it wrong.” Luo Yibei understood it, but still did not let her go.

Chapter 305: Will not let yourself lose

His fingertips have been stroking her shoulder straps, wrapping the gauze shoulder straps around the fingertips and wrapping them around, feeling like a second second.

His face was very close to her, and her breath was thin on her face, warm and warm.

“It’s time to go back!” Fang Chixia was very stiff, afraid that he would come in chaos and raise his arms to support himself and him.

Luo Yibei ignored her, pulled her hand away, pressed against the wall, and the big hand held her hand.

“Luo Yibei, what do you want?” Fang Chixia was slightly annoyed with his behavior, watching his eyes seem to be like a fire.

“Is this temper?” Luo Yibei raised her head and glanced at her, and her speech was very loose.

Fang Chixia’s face is stiff and stiff.

Was it blocked by a man in a bathroom where someone could enter or leave at any time. Isn’t it normal for her to have no temper?

Luo Yibei’s face slowly lifted, her eyes turned to her lips, her fingertips clasped her small and delicate chin, and her face slowly poured over.

Fang Chi Xia Yi, aware of what he wants to do, face to the side, evasively evasive.

An action made Luo Yibei’s brow wrinkled and rigidly pushed her face back.

Fang Chixia was a little annoyed at his behavior. He raised his arm and wanted to hit him. Luo Yibei also buckled her hand up.

Folding and pressing on his chest, the handsome face went over, there was no movement, behind him, a sound could not be heard, “Public occasions!”

The sound of a playfulness in the cold seems to be very idle.

Fang Chi Xia Yi, Luo Yi North is also a trip.

The eyes of the two men flanked at the same time. They saw the rushing rushing over the squad, and Fang Chixia’s face was a little embarrassed, and he pushed Luo Yibei one by one and unwillingly opened his face.

Luo Yibei body blocked her, if nothing had helped her sort out

the lower shoulder strap, and swept the murmur of Qing Muchen, "I will not speak when I walk?"

"I thought that my voice was not small." Qing Muchen looked back at him, and the person who had nothing happened directly into the bathroom. "When I don't exist, you can continue."

His tone was very calm, and he did not feel that he had bumped into the intimacy of Luo Yibei and Fang Chi Xia, and he was very light from beginning to end.

Luo Yibei eyes sent him into the figure, and his eyes were pumped.

Fang Chi Xia Meng pushed him away and turned to the restaurant.

After returning, for a dinner, several people continued.

There are not many words in Luo Yibei and Qing Muchen.

The whole journey is almost only the voice of Tong Yan and Fang Chi Xia.

At the end of the day is nine o'clock.

Tong Yan and Qing Muchen just arrived in Nice today and sat for more than ten hours. After dinner, they went directly to the home where they were resettled.

For a time, only Fang Chi Xia and Luo Yibei were left.

Fang Chixia stood at the intersection and began to prepare for his own car. Luo Yibei's car leaned against her in front of her and stopped her sight.

"Come up!" His eyes swept over her face, he demanded.

Fang Chixia stared at him for a moment, hesitated, or pulled the door and sat up.

After returning to the villa, Fang Chi Xia advanced house.

Luo Yibei slowed down behind her, her eyes quietly falling on her, seemingly thinking about something.

The garden of the villa is very large, the road where the two people are located is a cobblestone trail, and the surrounding is very quiet and misty.

When the two people walked in tandem, the road of the garden was halfway, the sound of Luo Yibei was cold and sounded.

"The last time the cruise was a gamble, if you don't intervene, I will win!"

Chapter 306: This kind of thing can only be done for him.
Fang Chi Xia Yi, the back was stiff and stiff, and the footsteps stopped.

He wants to tell her that he has the full grasp to do this?

Luo Yibei did not explain too much, crossed her and went straight to the house.

Fang Chixia stopped in the same place, his eyes fixed on his back, watching him slowly disappear in the night, the eyebrows twisted.

Why should I explain it to her specifically?

She stood in the garden for a long time. When she entered, Luo Yibei had already gone upstairs.

He seems to be taking a shower, and the sound of the shower is audible when walking in the hallway.

When Fang Chi Xia was about to walk to the door of the room, he struggled between the room and the master bedroom, but he still walked in the bedroom door and walked in.

Her footsteps were not big. Luo Yibei didn't know if she didn't pay attention or didn't mind if she was not there. After the shower, she didn't even have clothes.

He only wore a pair of shorts, and when she saw her, she first licked it, but then, like the person who was okay, she wiped her hair in front of her.

He was facing her, but did not deliberately sell the color in front of her, but the face was very casual and just turned to her side.

Fang Chi Xia sat on the balcony of the chair, watching him move in front of her, his eyes fixed in the area of his mermaid line down, his face is somewhat uncomfortable, "you put on the clothes first!"

"I have seen it so many times..." Luo Yi did not change her color to the north, and did not take her words seriously, and continued to wipe her own.

Fang Chi Xia couldn't take him, and he didn't continue to ask. He turned his eyes to the balcony and filtered him from his eyes.

She deliberately ignored him, who knows that Luo Yibei actually came out with a towel.

Picking up her, he naturally sat in the position she was just sitting on.

He took this action for granted, and he didn't feel embarrassed at all, and he was very overbearing.

This chair is not big enough. It is superfluous for one person to sit, but the two people will be very crowded.

Fang Chi Xia sat well, so he was occupied by him.

He was speechless, Fang Chixia turned and wanted to enter the house to do his own.

After I went in, I saw the bathrobe on the bed. She couldn't help but pick it up. He went out a few steps and handed it to Luo Yibei. "Hold it."

Luo Yibei stared at the clothes in her hand. She first licked her head, looked up at her, and looked at her. He asked me, "You help me."

Fang Chi Xia mainly does not want to see something unhealthy. She is not a problem she is not comfortable with. She is afraid of the atmosphere of the meeting.

Hesitated for a moment, she still took the bathrobe to help him set it up.

When the two married, she did not do this, but in general it was a shirt.

After doing more, her hand is now a lot better.

Luo Yibei coveted her delicate and flexible hand, and she thought very coldly. This hand should be for him.

And, only for him!

Thinking of this problem, I thought about her going to Nice for a few days in the country of R. His chest was somewhat blocked and he asked coldly, "You and Fasno..."

In a word, it has not been finished yet, but it was blocked by Fang Chixia. "Okay."

Drop two words, turn around and go inside the house.

Suddenly interrupted, Luo Yibei did not know whether it happened or she was evasive, and her eyes followed her figure, and he followed her in a few steps.

Fang Chixia looked for clothes in the closet and his face didn't look in his direction.

Chapter 307: Make him angry

Luo Yibei stared at her back and watched it for a while, and opened her mouth again. "Are you and Fasino?"

He asked very seriously. Who knows that Fang Chi Xia did not know whether he had heard it or was deliberate. He was still looking for his pajamas, and he ignored it.

Luo Yibei's brow wrinkled and was annoyed at her.

After a few steps, he buckled her wrist and did not make it to her. Fang Chixia suddenly slammed him. "Not every man is like you!"

She is also annoyed, and the volume of her voice is not small.

Luo Yi was stunned and his face was slightly distorted.

He didn't get angry, did she have the courage to get angry with him?

The face was heavy and he just wanted to say something, but she could reproduce her words in her head and suddenly reacted.

What does she mean, she and Fasino have nothing?

Realizing this problem, the haze on Luo Yibei's face dissipated, and the mood was inexplicable.

In fact, when she saw her at the Earl of Duran, he felt that she and Fesno could not have anything.

How long is this?

With the conservative and reserved nature of Fang Chi Xia, it is impossible to happen in such a few days.

What a bit, Luo Yibei thinks that she and Fesno will not be so comfortable with each other.

I want to ask the question to be sorted out, Luo Yibei feels a lot easier.

Release her hand, he first went to bed.

He didn't toss her tonight, and waited until Fang Chi Xia went to bed, just like her two times in the past, she was locked in her arms, and there was no other action.

The next day is the weekend.

Luo Yibei woke up a bit early, and was awakened by the sound of the downstairs.

The people in my arms are no longer there, and it seems to go downstairs.

The place where two people lived was originally quiet, and the number of people was quieter. If there was any sound, even if

it was downstairs, it would be very clear.

It's very annoying to hear the buzz in the early morning.

However, Luo Yibei is quietly listening to the sound of another downstairs, no gas, and the eyebrows are not consciously stretched.

This voice, he is now very familiar with it.

When Fang Chi Xia was bored, he decorated the sound of the house.

Luo Yibei actually heard this kind of voice now, and even a little bit of pleasure.

Although she was not very happy at this time, she was much better than a doll doll in the previous two days.

Very casual to find out the clothes on the body, Luo Yi buttoned on the north side of the button, go downstairs.

The sound came from the open-air balcony. When I walked over, Fang Chixia stood on a high ladder, holding a small hammer and nailing the wooden frame.

This balcony has a lot of vines and forms a green trail, which is chic and tasteful.

Fang Chi Xia is a supporting wooden frame used to pull the vines.

Her eyebrows are very focused and seem to play very seriously.

Luo Yibei stared at her back and looked at it for a while, and asked casually, "How do you think about designing this?"

He asked this question very casually, just like a general chat, the volume is actually not high.

Who knows, Fang Chi Xia does not know if it is because his voice is too sudden, the body stunned, followed by -

Fang Chi Xia Lianren fell to the ground with a ladder.

Her actions were beyond the expectation of Luo Yibei. The two people were separated by a distance, and they wanted to pick up. They were all one step late.

Fang Chi Xia sat on the ground, his hands on his waist, and his eyebrows tightened tightly. "Luo Yibei!"

Chapter 308: Give her a few days for her

“The sudden appearance of the early morning, no sound? My waist is broken!” Her voice was very complaining, not much anger, just a sudden dissatisfaction with him.

Luo Yibei actually didn't expect him to bring this kind of situation, his brow wrinkled, and walked a few steps away. He took the ladder next to her and squatted in front of her. “Is it hurt?”

Fang Chi Xia ignored him and wanted to support himself to stand up. However, he did not stand up straight, his waist hurt and he took a breath, and fell back and sat back.

Luo Yibei's brow wrinkled, and hugged her up to the side of the wicker chair, pressed her to sit on her lap and moved her hand on her lower back. “Is it painful?”

Fang Chi Xia is the ground on the back of the back. The lumbar vertebrae hurts a bit, and the expression on his face doesn't look too good.

He asked this, she nodded naturally.

Who knows, Luo Yibei took the opportunity to pick up a sentence, “How much pain? Is it painful to do those things at night?”

He said that he didn't change his face, and his expression didn't change. It looked like a serious one.

A serious tone, love!

Fang Chi Xia's face was red for a while, and his words were speechless.

“I will handle it myself.” Pushing him away, he wants to stand up and leave, but he is pressed back by Luo Yibei.

“Where to go? Sit!” Luo Yibei pushed her hand in one hand, pressed her shoulder with one hand, and helped her to pick it up.

His strength is not light, but it is not heavy, and everything is just right.

When Fang Chi Xia was shackled by him, he began to feel some pain, but it was slow later, and the pain was reduced.

Let him move, did not stop, did not say anything.

The atmosphere is subtle.

Luo Yibei's hand is still helping her, and the position of staying is just the place where Fang Chi Xia is near the tail vertebrae.

At the beginning of the pain, I didn't feel too much, and the pain in the back was reduced. After replacing it with a numb feeling, Fang Chixia's body slowly stiffened.

"Is it better?" Above the top of the head, Luo Yibei's voice came, and I don't know if it was Fang Chixia's illusion. I always felt a bit of fun.

"It's okay, I will come by myself." Fang Chixia pushed his hand away and replaced him with a scorn.

Luo Yibei clasped her shoulder with one hand and wanted to check if she was injured in other places. The ringing of the phone suddenly rang at this time.

Not his, it is Fang Chi Xia.

Tong Yan called.

Luo Yibei sees the name of the caller ID, which is natural.

"Is it early in the morning, didn't I sleep well?"

The other party heard his voice and seemed to have been stunned for a few seconds. Then he returned to him. "In the early morning, are you still sleeping?"

Fang Chi Xia's mobile phone was answered by Luo Yibei, and Tong Yan understood it for the sake of the two people still in bed.

"Well, what?" Luo Yibei knew that she had misunderstood, but did not refute, and even followed her lazy "hmm" sound. Tong Yan was silent for a while, and it seemed a bit embarrassing.

After a few seconds, the voice rang again. "This is the case. My brother hasn't been a lot in these days. How many days do you give me summer and summer?"

"I am afraid this is not possible, her waist is hurting." Luo Yi did not change the color of the north to pick up a sentence.

"Low back pain? How is the pain in the waist?" He said that he had low back pain, and Tong Yan naturally understood that he had fallen.

The facts are also true. Who knows that Luo Yibei followed her words but returned: "She just can't do it."

Chapter 309: Like in the second honeymoon

Tong Yan stunned, and then, for a long time, there was no sound.

“Luo Yibei, what do you say?” Fang Chixia’s face was so red that he looked up at him and wanted to hold his mouth.

Didn’t he mean to misunderstand this?

“Where am I wrong?” Luo Yibei looked at her with a sigh of relief, and picked her eyebrows.

Fang Chi Xia’s face was red and white. He didn’t know what he would say later. He took the phone in his hand. “Yan Yan, what happened?”

“Oh, nothing, just want you to come out and walk around, if it is not comfortable, then change the day, small things.”

Fang Chi Xia sighed with a sore waist and pushed Luo Yibei to go to the house.

Her gait was a bit strange, awkward, accompanied by a slight pumping sound.

Luo Yibei’s line of sight moved along her figure, staring at her for a while, and walked over in a few steps, and hugged her up.

An action made Fang Chi Xia slightly stunned, but did not refuse, just faintly glanced at the hand he fell on her waist.

Luo Yibei hugged her slowly into the room, entered the house, and took her directly to the upstairs.

Pushing the door into the master bedroom, she put her on the sofa chair in the room, her eyes swept to the nightdress she wore, and he even helped her find a set of skirts she usually wore.

Fang Chi Xia Yi, looking at his movements, he also stunned at first.

However, he changed his face slightly after his next sentence.

The thin lips are slightly sloppy, and Luo Yibei floats with a word, “I help you!”

“No, I will come by myself.” Fang Chixia refused.

Her injury was not a big deal. It was just a pain at the beginning. The time to go upstairs is basically much better.

What needs help?

Wanting to take the dress in his hand, Luo Yibei sat down to her side, avoiding her movements.

“Is there a relationship?” The salvage one took her over, his

gaze glanced at her and squinted her head and casually helped her change her clothes.

His movements did not know whether it was intentional or not. It was very slow, and the fingertips occasionally rubbed the skin of Fang Chi Xia. The temperature of the fingertips was clearly transmitted to her body, with a little coolness and a little numbness. .

Fang Chixia has done this in front of his face, thinking about it, what about changing clothes?

Did not continue to protest, she allowed him to be like a doll, and he allowed him.

Luo Yibei is still satisfied with her cooperation, and if the lips are hooked.

He obviously knew that her injury was not serious. The invitation to the child's face was rejected on the phone, all for selfishness.

After helping the pool to change the clothes, he took her and went downstairs.

The villa where the two lived was originally beautiful, like a honeymoon holy place, hot spring pools, streams, natural lakes.

The main thing is that it is still very quiet, and no one will bother at any time.

Living here is actually very pleasant, as long as the two are not in conflict, they are always like a honeymoon.

“Where?” Fang Chixia followed him down the stairs, not understanding his purpose.

Luo Yi looked at her on the north side and gave her a glimpse.

“The hot spring pool.”

Fang Chi Xia was a glimpse, and he looked at him incredulously. His eyes were slightly embarrassing. “What are you going there?”

Chapter 310: Stupid, shut up!

Luo Yibei has many ignorance, and during this period of time, Fang Chi Xia has suffered greatly.

When the hot spring pool is so embarrassing, as she mentioned, she thought that he took her to have no good things, came to the back mountain, and even guarded him.

Who knows that Luo Yibei arrived, but it is...

He understood the clothes in the slow strips, and the movements were very loose. One piece removed the clothes on his body, and he casually threw it to the side, and the long legs plunged into the pool.

I drank in it for a while, her eyes on the side of her face, and her long arm stretched her down.

噗通!

The huge splash of water was splashed, and Fang Chixia fell over his arms and the clothes were wet.

“Oh... cough...” Fang Chixia was not prepared for a moment, his head popped out of the water, and turned to squat on his arm and coughed up.

She still has some feelings of not adapting to sudden water, and the taste is like a lameness, which makes her feel a little uncomfortable, her face is red, and it looks like a little pity, more angry.

She did not expect that he took her to the hot spring pool, actually to do this!

Fang Chi Xia has a feeling of being teased as a pet.

“Louis North, what are you doing?” She turned her head and she snorted at him angrily.

Luo Yibei did not answer, and her eyes glanced at her face, which was obviously not so good, and then made a gesture that almost made her violent.

Pressing her into the water, he slammed her into the water.

“Wang Ba Gu... oh...” The clear water of the lake invaded the nose and mouth, and the square pool was full of summer, and it was uncomfortable for her to breathe.

It is a feeling of being on the verge of death. People are sinking in the water, and they are ridiculous, and nothing can be attached.

Fang Chi Xia has always had a feeling of sorrow for this kind of drowning. After entering the water, even the usual clever

heads are going to strike. It is only relying on the instinct to survive, and the conditions are reflexively hugged by Luo Yibei, and the limbs entangle him tightly. of.

She seems to be very afraid of this feeling, the usual reason is gone, the child seems to hang on him, weak and helpless.

Shut up, stupid woman!

Luo Yibei observed her reaction quietly, her eyes first glanced at her tightly wrapped arms, and then turned to her pale face.

It is morning, the sun shining above the lake is very bright, shining on the surface of the water, so that he can clearly see every expression on her face in the water.

Luo Yi was quietly observing her in the north, while she was in the silent time.

Estimating that she might not be able to hold it, her arms were tight, and her lips kissed her lips.

He was venting her, her fingertips clasped her small chin, and her lips were stuck on her lips and she did not move.

Fang Chi Xia's long eyelashes vibrated, and the face of the blood color is almost gone, seems to slowly ease some.

He opened his eyes and stared at him like this. She frowned.

What she had just thought was that he specially took her to the hot spring pool and deliberately teased her.

However, watching his movements is obviously not like it.

He was not bored to play her in this way.

It's not boring to push a person into the water and take care of each other.

Fang Chi Xia's eyes were so confused that he stared at him and saw God.

Luo Yi's northern corner of the eye slanted to her reaction, and her arms were lifted, and she floated out of the water, very cold and floating.

Chapter 311: People who are obsessed with me, don't lack you
“Miss Fang, put away your obsessive eyes, people who are
obsessed with me, don't miss you one!”

Fang Chixia was speechless to him. “You can rest assured that
the long team will not contain me.”

“Then don't always show that kind of look to me.” Luo Yibei
faintly snorted, and the hand stretched toward her again.

“What are you doing?” Fang Chixia had just suffered a loss,
and he wanted to hide behind him with vigilance. Luo Yibei
grabbed her waist with one hand and pressed her to her arms,
leaning on her again. In the water.

Although his movements were straightforward, they were not
sharp. After she sneaked into the water, there was no other
movement, and she did not even loosen her.

“Luo Yibei...cough...” Fang Chi Xia Gang began to be very
angry, still very confused, his hands caught in the water two
times, want to use him to stabilize himself, the body has not
been posted, Luo Yibei The hand suddenly caught her hand
and covered her hand.

“Don't be afraid, I am!” His voice was very low and heavy.
I don't know if it is the illusion of Fang Chi Xia. It seems to be
very gentle, like comfort and scorn.

Fang Chixia looked up and looked at him incredulously. The
struggling movement slowly stopped.

Luo Yibei actually did not release her twice when she pressed
her into the water twice. Before Fang Chi Xia was nervous, it
was all caused by psychological effects.

She has a weakness that is the feeling of fear of drowning.

When she was a child, she had an unpleasant incident. She
didn't remember the specific details. The only thing she
remembered was the suffocating feeling.

Therefore, as many times as before, she will behave so
abnormally after she falls into the water.

Luo Yibei just stared at her quietly, and did not mean to float
out.

Probably because of his recent words, knowing that he would
not take her, Fang Chixia sank into the water this time, except
for the moment when he was very nervous at the beginning,
basically no symptoms at all, not like before. Chaos of reason.

Luo Yibei quietly observed her reaction, looking at her face

that seemed to be very indifferent, and her lips were hooked nicely.

The two people are looking at each other in the water, and they are all thinking.

What Fang Chixia's head thinks is all why he specializes in this kind of thing.

What Luo Yibei thinks is why she has such a shadow.

Looking forward to it for a while, Fang Chixia had difficulty breathing, his hands on his shoulders, and he swam up, his head slammed and emerged from the water.

Luo Yibei followed her from the water and leaned over the lake, staring at her with a leisurely look.

"What are you doing?" She turned her head and she was suddenly good for him.

She actually guessed that he was helping her adapt to the feeling of sinking in the water, just that it was incredible.

"I have fun with my wife in the early morning!" Luo Yibei lazy and gave her a voice and swam in the lake.

He seemed very comfortable, but he didn't get into the water for a while, and then he headed out his head. The **** wheat-colored skin seemed to be covered with a halo of light in the sunlight.

Swim around, suddenly sneaked into the water, came to Fang Chixia, and she lost her sorrow into the water.

Fang Chixia had already had two experiences of being smashed into him this morning. He had panic twice before, and his face did not change.

After sinking into the water, two small hands were supported on the shoulders of Luo Yibei, and he wanted to kneel down with his teeth, but his wrist suddenly pressed.

Chapter 312: Pool summer crisis

Fang Chi Xia Yi, the hand that fell on his shoulder, hanged down.

Luo Yibei's eyes fixed on her face, sweeping from her face at an extremely slow speed, and finally settled on her cherry-like lips.

One hand clasped her head, and his face tilted toward her face. Fang Chi Xia's body was stiff, but he did not push him away. Luo Yibei's lips covered her lips, her shallow cheeks on her lips, kissed her, and the fingertips touched the place where her lips had just been fitted to her. His lips were hooked nicely. Fang Chixia's face was slightly uncomfortable, pushing him out of the water.

"The stomach is a little hungry, I am going to prepare lunch." He turned over and explained to him, she turned and went to the house.

Luo Yibei slowed down behind her and followed her into the villa. The two went back upstairs and changed into clean clothes. Fang Chixia wanted to go to the kitchen, but he pulled his wrist. Go outside and solve it!"

Fang Chixia was still hurting at this time. When she was relaxed, she did not have to refuse.

Let him hold it, and the two got on the bus.

Luo Yibei took her to eat in a special place, not a general restaurant, but on the water, a slow-moving cruise ship.

When they arrived, a special waiter led the two to the restaurant and placed the menu in front of the two.

"What do you need to be?" The attitude of the other party is very respectful. The head is always low and low, talking, using English, listening to the authentic, but still with a touch of local accent.

Fang Chi Xia is very strange to this place. The ordering task is handed over to Luo Yibei. After sitting down, she has been staring at the sea view outside.

The voice that suddenly sounded, let her squint and her face turned.

This person's accent... R country?

Fang Chi Xia was only slightly surprised, and did not think much.

It is not surprising that the R people are the waiters in Nice.

Over the head, I want to be my own, when the line of sight turns, I can't help but look at the man's gaze.

Although the man hangs low, but his face is looking at her direction, it seems that she has been watching her quietly.

The line of sight suddenly hit the front, and for only a second or two, his gaze suddenly moved away.

His movements were very fast, and he didn't know if it was Fang Chixia's illusion. He even felt that his eyes were a little confused.

Fang Chi Xia looked at him quietly, and the eyebrows were screwed.

What is flustered?

Luo Yibei hangs his head lightly, still looking at the menu, and does not seem to pay attention to that person.

Fang Chi Xia was a little confused. He stood up and went to the bathroom. "I will leave first."

The waiter's low-looking gaze moved along her figure, and after the line of sight twisted her, she did not move away...

Fang Chi Xia went directly to the sink after leaving.

The cruise was very quiet. It was probably the relationship that was surrounded by Luo Yibei. She came over this road and no other people saw it.

This kind of atmosphere is actually very warm. However, I don't know if it is too quiet. It makes her feel a little surprised.

Low down, very clean and clean, I want to go back to Luo Yibei, when turning around, cold and a piece of meat wall hit.

Fang Chi Xia Yi, his face suddenly lifted.

Seeing the face of the coming person, the scorpion was shocked and shrunk slightly.

"You are..." Opening, wanting to ask, the man suddenly leaned against her and leaned against the wall, her hand holding her mouth...

Chapter 313: When are you ready to look at me like this?

Fang Chi Xia raised his knees, and he was reflexively trying to kick the man's knees, but he was avoided by the other side.

"Luo Yibei!" Fang Chixia's hand pressed his hand, and his hand was opened hard, and the scorpion screamed.

However, a name has just been blurted, but the mouth is once again caught by the man...

The cruise ship is already very quiet. In this case, a little bit of sound will be amplified a lot.

The restaurant where Luo Yibei is located is still far away from here. He is staring at the screen of the mobile phone at this time, silently counting the time she came back.

The sound that Fang Chi Xia called, did not know whether the sound really passed over or intuition, Luo Yibei's light face, suddenly lifted up.

Looking sideways in the direction of her departure, he walked over step by step.

I found it along the road in the bathroom. I didn't find anyone.

Luo Yibei looked down and walked up the deck.

When I went up, I just saw the speedboat where Fang Chi Xia was leaving.

The white speedboat, passing through his eyes in a gust of wind, was very fast, stirring up layers of waves, and a few seconds had already rushed out of the distance.

Luo Yibei stood tall on the deck, coldly watching the figure that the man left, and did not hurry to chase, but slowly found a gun from his clothes.

The speedboat has already been out of some distance, and in his field of vision, this time has begun to blur.

Luo Yibei looked at him with a sigh of relief, and the gun in his hand was raised, the muzzle was aimed at the direction of the person's departure, the trigger was pulled, and then –

With a bang, a bullet pierced the air and the white speedboat was hit.

There was a loud bang in the sea, and the huge white waves were picked up like city walls, and they were magnificent, like a thousand flowers.

The speedboat drowned in the waves was smashed by a thousand layers of waves.

Luo Yibei watched the scene in the distance, his eyes slanting

toward a hovercraft passing by his side, raising his hand against a bodyguard on the side of the deck.

The man understood and respectfully handed him a handful of cockroaches.

Very delicate one, the structure is different from the general, automatic control, can be shot without the need of an arrow.

Luo Yibei squatted slightly, aiming at the ship, squatting, a thin silver needle flew out, and the man fell into the water.

The open hovercraft took a long way forward under the inertia.

When it was about to rub shoulders with the cruise ship, Luo Yibei jumped down and maneuvered the ship straight to the sinking place of Fang Chi Xia.

Fang Chi Xia has been very afraid of this feeling of drowning.

If she had been in this situation, she would have panicked.

However, just this morning, Luo Yibei just taught her to adapt to this!

This time, the submerged water, Fang Chi Xia is very calm from beginning to end.

Her reaction was also very fast. When the waves burst, the movement swiftly swam to the side, avoiding the danger of being swept by the waves.

All the actions of Luo Yibei are very good, hard, overbearing and handsome.

He took less than a minute from hitting the ship where Fang Chi Xia was located.

Fang Chi Xia has not been buffered from the accident, and he was shocked to see that he suddenly appeared, and he has not returned to it for a long time.

Until, the sound of a little ridiculous sound in Luo Yibei's cold and cold, "When are you ready to look at me?"

Fang Chi Xia Yi, back to God, his face moved somewhat uncomfortably.

Chapter 314: Warmest embrace

“The ability to adapt is good.” Luo Yibei sat on the hovercraft and extended a hand to her.

Fang Chi looked at him quietly in the summer, stunned and placed his hand in his palm.

Luo Yibei’s hand held her, and led a little, Fang Chi Xia was pulled up by him.

Just soaked in the sea, her body is already soaked.

He didn’t seem to mind, pulling her behind her, pressing her against him, pulling her arms around his waist.

An action made Fang Chi Xia a bit, but did not refuse.

The temperature of the sea water is actually a bit cold, and Fang Chi Xia is soaked again. At this time, the body temperature is cold, and the body is still shaking.

Luo Yibei’s body temperature is actually colder than normal people, but when he is leaning against him, he does not know whether the temperature of Fang Chi Xia is too low or not, so that she feels... especially warm.

Fang Chi Xia was somewhat eager for the temperature on his body, his head licked on his back, and took his arms to collect the strength.

An action, let Luo Yibei slightly glimpse, coveted, looked a glimmer on her hand, stunned for a few seconds, the eyebrows softened.

The speedboat was lost, and he carried her to the cruise ship before the two.

When I returned to the ship, there were already a few waiters who stood waiting on both sides.

One of them stepped forward and handed the clothes and towels in his hands to the two.

This cruise ship is the model of the hotel. The restaurant above, the rooms are equipped, and the house is even luxurious.

Fang Chixia followed Luo Yibei into one of the rooms, took the towel, and wiped his long, wet hair very casually.

“What happened?” Luo Yibei looked at her movements quietly, asking coldly.

Fang Chixia’s hand holding a towel was stiff and the movement on his hand stopped.

She has always been very clever, and she can guess the

identity of the other person simply from the little language features that the person had just said.

Should this be related to Fasino?

Fang Chi Xia knew it, but did not say it.

“I don’t know what’s going on.” If nothing happened to him, she turned her head over the towel and continued to rub her hair.

Wipe it and feel that there is still a smell of sea water. Simply change to the bathroom.

At the door, I didn’t walk in, and Luo Yibei’s figure followed. “Since all are wet, let’s go together!” Slowly, she crossed her side. He looked at her leisurely and threw her a word and went straight to the house.

He didn’t change his face, grabbed it with her, and didn’t feel embarrassed at all.

“No, I am not in a hurry, you can go first!” Fang Chixia was very big, and took two steps back. He wanted to leave, and the body had not turned. Luo Yibei stepped back to her and stepped back. The road was blocked.

Unable to break up, he hugged her and went to the bathroom.

“I said I am not in a hurry.” Fang Chixia looked up at him and tried to struggle. Luo Yibei took her wrist with her backhand and pulled her hand to climb his shoulder.

“What are you doing?” Fang Chi Xia’s brow wrinkled, his hand clenched his shoulder and beat him.

“When I have a wife with a double bath, do you have any opinions?” Luo Yibei gaze at her face and hugged her to the shower cubicle.

His mood seemed to be very good, his pace was very low, his lips were slightly hooked, and the smirk was very light, but it looked extraordinarily embarrassing...

Chapter 315: Her obedience

Fang Chi Xia Xin is reluctant, but this time is still lunch time, both of them are still hungry, and the rice is not eaten.

She felt that he should not do anything excessive.

Thinking about it, she obeyed him.

Let him walk in the bathroom with her own, her slender arms clasped his neck.

As it turns out, she guessed it was right.

After Luo Yibei took her in, she simply washed the seawater of the two people and then came out.

Mainly because he heard the sound of Fang Chi Xia's stomach, very small, maybe she did not notice it.

At noon, after the previous toss, he wanted to come to her and now has no energy to accompany him to do these things.

Holding a towel wrapped around her, he hugged her out like a child, helped her to dry the water on the hair, and then wiped herself away casually. The two changed their clothes and went on. Unfinished lunch.

Fang Chixia was really hungry at this time. After sitting down, he ate it unceremoniously.

Thinking of him coming in time, she ate and ate, her face was cold and lifted up. "Have you heard me call you before?"

"No." Luo Yibei casually cut the food in the dish, the answer was very loose.

Fang Chi Xia Yi, "How come you?"

Luo Yibei looked up at her and looked back at her. "I am amazed."

Fang Chi Xia was stunned by his words, and he was speechless, but he did not deny it.

To use this word to describe him is actually not excessive.

He gave her the feeling that many times it was.

It seems that no matter where she is, no matter what danger she has, every time, he can happen so easily.

Luo Yibei lightly hangs his head and uses the meal casually.

While thinking about this time, the man disguised as a waiter took away the purpose of Fang Chi Xia.

Here is Nice, Fang Chi Xia, a common college student who can't be ordinary, who can entangle with him?

Luo Yibei was thinking about it for a while, and suddenly there was a name in his head...

Nice hotel.

“Who made you do this?”

“His Highness, I was wrong! We have been sent out to find the lady during this time, but there is no news. I was surprised after the sudden collision, but I didn’t know how to take her away, so I came up with this. Plan. I didn’t expect that people still didn’t bring it back...”

“If you are not doing enough, you are not too shameful?”

In the corner of the corridor, two figures were reflected. The standing man was tall, the back was cast in the sun, and the man’s body lying on the ground kept shaking.

The man standing seemed to be angry and his voice was cold and thorough.

The gun in his hand was raised, followed by a sound of “砰”, and after that, he recovered his silence...

.....

Fang Chixia accompanied Luo Yibei to finish the meal on the cruise ship, and then called Tong Yan.

She didn’t know if Tong Yan would stay in Nice for a few days and wanted to gather when she stayed here.

The two briefly talked a few words on the phone, and finally ordered a club.

Luo Yibei also accompanied him. After he arrived, he played golf together with Qing Muchen.

When he plays this, his movements are particularly handsome. Most people may need to aim at the ball again. He only needs to raise his hand. The ball rolls out in a straight line. Basically, it is a hole in each shot, and his movements are still quickly.

Thanks to the lady’s baby’s reward, today’s rewards and more, what?

Chapter 316: Do you believe me

After Fang Chi Xia arrived, he just stared at him for a while, and then he was chatting with Tong Yan.

After chatting for a few minutes, I went to buy drinks for a few people.

This is a high-end club with a large venue. The entertainment inside is not only golf, but also a lot.

Every kind of entertainment, divided into different venues, is separated and does not interfere with each other.

Fang Chi Xia was here for the first time and was not familiar with it. When she came in, she was led by Luo Yibei. She did not look carefully.

I shuttled through it for a while, and I didn't know which entertainment area I was going to. I was looking for a waiter to ask for directions. When I walked to the end of the corridor, a shadow in front was suddenly covered, followed by the body. A wall behind it.

"Let me go!" Fang Chixia was struggling to reflexively, trying to target the key parts of the man, but when he looked up and saw the man's face, all the movements stopped.

Fesno!

Fasino's body pressed her, an arm hugged her waist, an arm on both sides of her body, her eyes narrowed her eyes, the bottom of her eyes was not as calm as before, and there seemed to be something like a wind. Blowing like a sly, slowly fainted into a piece.

Fang Chi Xia mistakenly looked at him, and the scorpion was slightly shrunk.

"How are you here?" She had a hunch that he appeared here, specifically for her.

Otherwise, she will not drag her to the corner as soon as it appears.

Another combination of the person on the cruise ship ready to take her away, Fang Chixia's face changed, his eyes were a little messy.

"Festino, let me go!" The hand was between the two, and she was obviously prepared for him.

Fasno looked at her suddenly changing face, her brow wrinkled, pressed her hand on his chest, pulled it off, and slammed it on the wall.

“What do you want?” Fang Chixia is different from the average girl. She is really nervous now. However, when she is nervous, she is not a god. Her head is very clear. Even if her heart is clear and choppy, her face can still be disguised. Very calm.

Moreover, when your own strength obviously cannot compete with the other side, the tension does not help.

“Are you afraid of me?” Fasino quietly observed her reaction and frowned into a line.

“No, I just don’t get used to being locked up and chatting with people.” Fang Chixia’s faint gaze on his wrist that he controlled, and calmly responded.

Fesno first licked and picked up his eyebrows.

Is this what she is accusing him of?

How many times do you still use this way?

“After you disappeared that day, I found you for a long time.”

Faisno spread his hand and held her hand to hold her hand.

Fang Chi Xia Yi, obviously did not expect him to have such an action, for a while did not know how to refuse.

“I don’t know what happened to you, I am a little worried.”

Fisno involved the lower lip corner and said that the tone seemed to be somewhat helpless.

“The incident happened suddenly, I didn’t have time to inform you, sorry.” Fang Chixia’s face was not open to him, his hands were struggling in his hands.

In fact, Fesno probably guessed what it was like. After skipping the problem, the line of sight swept her face at a very slow speed. He stared at her for a while, and said coldly,

“Today’s business. If, I said that it was not what I instructed, do you believe it?”

Chapter 317: Like a lover

He said that the speed of the words was very slow, his eyes narrowed her eyes, and the eyes seemed to have a few expectations.

Fang Chi Xia Ran looked at him like this, quietly looking at his eyes, some did not understand his purpose today.

Is it specifically for this?

She is silent and has not answered.

Fasno looked at her in silence, her eyes getting more and more sinking in her silence.

Fang Chi Xia is actually only speculating on the purpose he specifically explained to her. Seeing that his face is not right, he immediately returned to God.

The hand was supported on the wall, the body posted a post, and the distance between himself and him was opened. She nodded. "I believe."

The faces of the two were close together, and his lips were fast on her, which made her very uncomfortable and always retreating.

Fasno's eyebrows were obviously stretched after her words, and the lips were hooked if nothing had happened. The hand pressed her head and just wanted to take a look. At the other end of the corridor, a clear and cold voice could not be heard. What are you doing?"

Very cold voice, the clearness in the air, the ice is cold and the bones are frozen.

Fang Chi Xia's back was stiff and stiff, and all the expressions were so dead, and the line of sight turned.

Luo Yibei stood at a distance of more than ten meters from the two people. His eyes glanced at Fasno's hand, his face sank, and then turned to Fang Chixia's face.

Fang Chi Xia was also replaced by Fasno. The two men were in the position of a niche. They were close together and their faces were close together.

Fasno held her hand in one hand, and the other hand was placed on her head. The picture looked like a play between lovers.

Fang Chixia obviously did not expect that he would suddenly appear in this place, staring at him, obviously not doing anything, but looking at Luo Yibei, whose face was so cold,

her heart still jumped a bit, the back was inexplicable Some are oozing.

“Come here!” Luo Yibei looked at the two cold eyes, and the thin lips did not spit out two words at a temperature.

Fang Chixia looked at Fasino and looked at him again. After considering it, he pushed Fasino away and walked over to him. Came to his side, just approached, Luo Yi North long arm stretched out, took her to her arms and took her to the golf area.

He walked very fast, and his legs were long. Even if he was going at a normal speed, he could take a few steps in the summer.

As soon as it speeds up, Fang Chixia almost has to run to catch up with him.

His back is cold, and going back to this road, the pressure around them seems to be a lot lower.

Fang Chixia followed him behind him, watching his back quietly, thinking about it, and suddenly said, “I and Festo are not what you see.”

She is explaining to him that after so many days after their marriage, they have encountered few contradictions.

Luo Yi’s north back was stiff and his footsteps slowly stopped.

Fang Chi Xia looked at him quietly and said, “I don’t know that he will appear. Today’s collision is purely accidental.”

She doesn’t really want to explain so much. Her point is that those who believe in you will believe in you without any reservation, no matter what happens, all the explanations are pale.

Moreover, she and Luo Yibei said that they do not interfere with each other. His affairs, he does not need to explain to her, on the contrary, her business, too.

However, thinking about the time when the two had to get along with each other for a long time, Fang Chixia felt that there was a contradiction, and it was good to spread it clearly.

Chapter 318: Rude punishment

If you have any questions, make it clear that it is easy to live together.

At least, it will not bring her unnecessary trouble.

Luo Yi was standing against her in the north, her back was very straight, she could not see the expression on his face, but it seemed to feel the indifference on his body and faded away. Fang Chixia carefully watched his reaction and added, “We haven’t happened anything.”

Luo Yi turned her back to her body, her eyes swept over her face, and came to her a few steps, staring at her cherry-like pink lips, and her hand hooked her waist. She took her arms in her arms and leaned over in Fang Chi’s sorrowful eyes, her lips suddenly covering her lips.

His movements are rude, not kisses, bites.

The lips contained her, violently tearing, sucking, sucking, her lips cracked, and her blush was a little swollen.

“Louis North, what are you doing?”

“It hurts!”

“Asshole, you are lighter, hurt!”

Fang Chi Xia whispered, and he ducked in his arms, raised his arm and beat him, his fists sullenly falling on his chest, and his hands on his back resentfully grabbed him.

She was very pitiful, and Luo Yibei’s movements were slightly gentle, and the previous bite slowly became a kiss.

The two were still in the crowd, Fang Chixia’s face was a little uncomfortable, holding his head in his hand and pushing him away. “Don’t be like this, there is something going home to say.”

Luo Yibei looked up, his fingertips clasped his small chin, turned her face, looked at her red lips with satisfaction, and even smothered her fingertips, holding her hand. Go to the bathroom and go.

“What’s wrong?” Fang Chi Xia did not understand his purpose, followed him behind his footsteps.

Luo Yibei did not explain, took her to the sink, and pulled her hand and rushed underwater.

He was washing her hands, and the hand sanitizer was wiped many times. She carefully licked every inch of her skin, like what was in her hand.

The hand that was washed, just happened, where Fasnò had just taken her.

Fang Chi Xia Muran allowed his movements and suddenly understood his purpose.

The thing he is doing now, and just biting her, is it because of the action of Fisino?

Realizing this problem, Fang Chixia ooze a little.

Real BT!

Luo Yibei is still helping her wash her hands. She doesn't know how long she has washed. She lifts her hand and rubs the paper towel next to her to wipe her. She takes her slowly to the place where Qing Muchen and Tong Yan are. .

Fang Chi Xia was tossed by him for so long, his pain in his lips was burning, and he went back to this road, and his heart was very depressed.

Obviously he has never done anything. Why is he doing this to her?

He stared at the front and glanced at her. Her eyes sank and suddenly stopped him. "Luo Yibei!"

"Is there something?" Luo Yi's footsteps at the foot of the North, turned his head, his eyes glanced at her face.

His mood seems to be much better now, and his speech has become a sloppy accent.

Fang Chi Xia fixedly looked at him, came to him a few steps, and then made a very unexpected action for Luo Yibei.

With arms around his neck, he hugged him, her toes slammed, her face smacked at him, and then her lips bite on his lips—

The behavior of Fang Chi Xia is purely revenge, biting very hard, and even the **** taste can be felt clearly between the lips and teeth of the two.

Chapter 319: Not looking for you, also looking for a wife to go
Luo Yibei's brow wrinkled, but did not push her away.

Fang Chixia could bite his lips and feel a deep bite, which loosened him.

"Go back!" Over the side, she went to the golf area if she had nothing to do.

Luo Yibei stood in the same place, quietly watching her back, the fingertips stroking the place on her lips that had just been bitten by her, no gas, the lips seemed to raise a touch of play. When slowly moving back to go back, and when Fang Chixia appeared in the rest area before and after, Tong Yan and Qing Muchen were just resting.

Seeing the two people who came back together, Qing Muchen's gaze swept away from the lips of the two men, and the eyes twitched, faintly joking, "Hey, I thought I left to do something?"

"It seems very intense!" Tong Yan followed his words and said.

Fangchi summer skin is broken on the lips, Luo Yibei is also, the situation of the two is almost the same, the lips are very blush, but Luo Yibei looks more enchanting.

Fang Chi Xia is a bit awkward, and his eyes are wrong if he has nothing wrong.

"There is also a kind of woman to find a woman!" Luo Yibei, like a person who had nothing to do, swept the murmur of Qing Muchen and went straight to the venue.

"Yan Yan, we also play!" Fang Chi Xia took a few steps to follow up.

Her technique is not very good, and Tong Yan is naturally responsible for teaching her.

The two people have a good relationship and are always close. Between the girls, the movements are not so evasive, and the two people often do this.

However, looking at Luo Yibei's eyes, how to see how not pleasing to the eye.

"I am just fine." A few steps went, he replaced Tong Yan standing in the position behind Fang Chixia.

Tong Yan was speechless to him, but did not say anything.

Standing in the distance from the two, she stared at the two people quietly.

Luo Yibei's character, as a friend who has known him for so many years, Tong Yan knows.

It's too cold, so cold that his mother's sand weaving star sometimes complains about his kind, very close to it, and very impatient.

Tong Yan was afraid that Fang Chi Xia accidentally angered him, such as what did not do the standard, the ball that was played out was too shameful.

In the character of Luo Yibei, Tong Yan feels that this kind of thing may be directly violent.

However, standing next to it for a while, today's Luo Yibei is very leisurely, with patience from beginning to end.

Fang Chixia himself is also smart, learning everything is very fast, Luo Yibei slightly guides, the action can be done very standard.

After trying a few swings, the ball can go straight into the hole!

Luo Yibei seemed to be somewhat proud of her, and her lips were covered with a thin line.

"Luo Yibei, you play your own, I can come by myself." The two men were completely attached to each other. Fang Chi Xia was very uncomfortable by him, and his elbow pushed him.

"Isn't this also playing?" Luo Yi fixed her arms around her arms, holding her in her arms, and waving the ball with her, and the words were extremely sloppy.

Fang Chi Xia Yi, the expression on his face was stiff.

What is this playing now?

Is he openly playing?

Luo Yibei did not explain, this is holding her hand, casually moving her swing.

When he did this movement, the fingertips had a skin that had not touched the back of her hand, and the body wiped her from time to time.

Fang Chi Xia's body and his place were like a burning fire, and he pushed him uncomfortably.

Chapter 320: Just stay with me.

“I am going to take a break!” Put the club in his hand and she turned and left.

It was running very fast, and the movement was a bit embarrassing. When I returned to the rest area, my face was always red.

“It’s very hot?” Tong Yan glanced at her face and knew it.

“Nothing.” Fang Chixia looked for a chair and sat down quietly, waiting for Luo Yibei and Qing Muchen.

Luo Yibei was not interested in her departure. After two minutes, she followed.

“Not too early, go back!” and Tong Yan explained one sentence, and no matter whether she is happy or not, he took Fang Chixia’s hand and went outside the club.

Fang Chixia was a little speechless to him, waving his hand and turning his face, “See you in the sky!”

Tong Yan looked at the two men, waved their hands, and smiled at her lips with a slight smile.

Fang Chixia left with Luo Yibei after that.

Tong Yan stared at the disappearance of the two men for a while, and suddenly found that Luo Yibei did not seem so cold.

This time is almost approaching the dinner time. After Fang Chixia and Luo Yibei walked out of the club, they first went out to find a place to use the meal before returning.

When I returned to the villa, the lights in the room lit up.

Probably the servant has been there, opened for two people in advance.

The faint glow of the stars is like a sprinkling star river. It is spread over the entire garden. From the gate to the cobblestone path of the main house, you smack and smudge the way.

Fang Chi Xia advanced house, she seems to be in a good mood today, when walking in front, the pace is very brisk, walking and walking, even taking off his shoes, the child likes to tiptoe on the smooth pebbles.

She doesn’t seem to mind the image problem. She always does this in front of him. She does what she wants to do, and she doesn’t care what impression she will leave in him.

Luo Yibei followed her behind her, watching her movements quietly, her brows first wrinkled, and then slowly stretched

out.

He actually likes her unprepared side in front of him. If she pleases him, she will once again remind him of her purpose of marrying him badly.

“I will take you in!” A few steps to follow up, Luo Yibei was picked up by the rear and she took her to the house.

“I still don’t want to go in, I want to walk around in the garden.” Fang Chixia did not struggle with him, but just calmly expressed his opinions.

“That’s good, I will accompany you.” Luo Yibei was very good at this time, his footsteps slowed down, but he did not let her down.

Fang Chixia knew his temper and was too lazy to protest with him. He leaned in his arms and simply let him.

Luo Yibei said that it was accompanied, and the result turned around and took her to go directly to the back mountain.

“I don’t want to go to the back mountain.” Fang Chi Xia was a glimpse, looking at the wrong direction, his brow wrinkled.

“It’s good to accompany me.” Luo Yi did not change her color to the north, and she continued to move forward with her.

“Want to be together?” came to the hot spring pool, his eyes swept over her, he suggested, his eyes, the flirtatious and evil.

“Don’t.” Fang Chi Xia Jingling, knowing that there is no good thing left behind, he sneaked out of his arms and ran to the villa.

Just one sentence, floating from behind, “I will help you take a bath towel!”

Luo Yibei did not force this time, untied his clothes and entered the lake himself.

When Fang Chi Xia appeared again, it was estimated that he was washing up.

Chapter 321: Wild and handsome

“Give it to you.” She held a towel in her hand and came to him. She handed him the things in his hand.

Luo Yibei’s gaze was glanced at the towel she was holding, but she did not take it immediately, but turned her eyes to her face.

She just took a shower after returning to the room, probably thinking about the relationship he was still waiting for, the hair was not blown dry, wet and wet on the shoulder, the water drops slipped along the delicate face, and the clothes were thin. Among the fabrics.

Luo Yibei looked at her like this quietly, and she browsed and looked good.

“No need?” Fang Chi Xia saw that he just stared at himself and did not pick it up. He wanted to take his hand back and his wrist, but he was suddenly detained by Luo Yibei.

Then, in the square of Xia Chi Xia, he lifted his long legs and went straight to the shore.

Fang Chi Xia only felt a **** wheat color in front of her eyes, her face was hot, and her conditional reflexively wanted to go backwards. The bath towel in her hand was suddenly drawn by Luo Yibei, and then, under the shadow of the top of the head, she returned. When God was there, the bath towel that was still in his hands was already wrapped in two people.

Even she is wrapped together!

All of his series of movements were very fast, and she couldn’t even react to it. She didn’t see anything, but the piece of wheat was so lingering in her mind.

Bath towels used in Luoyi North are generally very large, and the square pool is slender and thin, and the two are wrapped together, enough.

Even dragged out a part.

Fang Chi Xia coveted and looked at the two people’s postures. They looked uncomfortable when they looked at them. Finally, the pretense was removed without incident.

“Would you like to go back?” The eyes fell on the lake, and she asked casually.

“No hurry.” Luo Yibei like a person who is okay, even lifted a bath towel wrapped around her wet long hair, helping her to wipe the water on the hair.

An action made Fang Chi Xia awkward, his body stiffened, his eyes turned incredible, and his eyes were a little surprised.

“I will come by myself.” He wanted to push his hand away, but Luo Yibei ignored it.

“A little bit safe.” He glanced at her hand, and he continued to wipe her hair if nothing had happened.

His movements were very patient, and helped her to wipe off the water little by little. When the hand touched the hair and was half dry, the movement stopped.

Fang Chixia was so close to him that he was not comfortable at all, but when everything was over, he sighed.

Luo Yibei quietly observed her face, and if the lips were hooked, she put one end of the towel into her hand, and then, playfully, “The couple should help each other, now You help me!”

Fang Chi Xia was stunned by his words, and his words were speechless, but he did not refuse.

Holding a towel, she wiped him up indiscriminately.

She just wants to put him flat and hurry back, the action is very good, not like him, slow and reasonable.

Luo Yibei’s head was held in her hand by her little hand, and the broken hair was smashed into pieces.

Fang Chi Xia did not think so much when he was doing it.

When he looked back at him and saw him like this, he blinked and his eyes narrowed.

In this way, Luo Yibei did not affect the image in the slightest.

On the contrary, it also brought a **** and unspeakable.

A few shreds of hair are very casual on the forehead, in fact very handsome.

However, watching him get used to the usual neatness, he suddenly saw his side, Fang Chixia could not help but laugh.

--

The latter three chapters are today’s rewards and additions, thank you to all the rewards of the pro ~ what?

Chapter 322: Proactively provoke him

Her laughter is not big, but her face is very deep, and her heart is even dark.

Usually, he usually toss her, often toss her as a puppet, and finally it is her turn to toss him once.

“Is it fun?” Luo Yibei looked at her face in a quiet voice, her eyes cold.

“Hurry and wipe it back!” The temperature in Houshan was originally low. At night, even in the summer, the air was a bit cold.

Luo Yibei did not wear clothes on his body. Fang Chixia did not want to continue to squish with him in this atmosphere. He held his head and put the strength on his hand to help him wipe it again.

Her movements were much softer than before, and the speed was slower.

Luo Yibei looked at her movements quietly, her eyes quietly falling on her face.

In fact, Fang Chi Xia as long as the temper is not sturdy, do not contend with him, do not face the face, it is not so annoying.

The nose is small, the mouth is small, the face is small, and the hand is small. The whole person is exquisite and pocket-sized, and it is like a miniature version of the carved doll.

Such a girl, it is something that people hold in the palm of their hand.

If the purpose of her marriage to him is simple, Luo Yibei thinks that he may not be so disgusted with her.

Luo Yibei looked at her quietly, and she lost sight of it.

Fang Chi Xia was still helping him to wipe his hair carefully. He wiped it dry and thin, and the thin five fingers were inserted into his hair and felt it. After feeling almost, the movements on his hand stopped.

“Okay!” The hand fell down, the cat was on the waist and wanted to quit from the bath towel. Luo Yibei’s arms suddenly smashed her slender waist.

Fang Chi Xia Yi, the back is stiff and stiff.

“I will take you back.” Luo Yibei casually tied the towel around his waist, holding her hand and walking in front to lead her to the villa.

The road in Houshan is a bit rough, but there is light next to each road, and it's still pretty clear.

Fang Chixia followed him, all the way back from the back hill to the main house, upstairs, into the bedroom of the two, his eyes fixed on him.

Luo Yibei converges a lot when he sleeps late at night.

Basically, as long as she is not happy, he has not forced her.

The same is true for him tonight. When he returned to the room, he just went into the bathroom and washed it. He slept and didn't do anything else.

However, Fang Chi Xia, after falling asleep, fell asleep and fell asleep, the whole person somehow stuck his back, his arm was also placed on his body.

Her sleeping position has never been so elegant, mainly because she used to sleep.

After getting married with Luo Yibei, he has been guarding him before and he will be more disciplined.

However, it seems that from the very beginning, when two people are sleeping together, she is also like a person sleeping, the body is attached to his body, the arm is naturally and he is hugged by him.

Luo Yibei had a shallow sleep, basically she was a small one, he would wake up.

The line of sight slowly moved along her face and glanced over her arm, and he seemed to be surprised.

Luo Yibei obviously did not expect that he did not provoke her, she even took the initiative to commit him, staring at her arm for a while, the corner of the eye jumped.

He looked at her for a long time and seemed to be speechless to her.

Fang Chi Xia actually sleeps very shallow, probably his eyes are too sharp, in the dark night, her closed eyes, suddenly opened.

Chapter 323: Do your wife's duty

Among the moonlight, Luo Yibei's black and dark ink scorpion looks like a starry sky.

The two were close together and her nose was fast on him.

Fang Chi looked at him quietly in the summer and bowed.

The corner of his eye squinted at his own hand, and he tried to pretend that nothing had happened. He took his hands and feet back, but his waist was cold and he was detained by Luo Yibei.

One hand clasped her waist, one hand pinched her small chin, and Luo Yibei's lips snapped up at her lips.

Fang Chi Xia did not refuse, let him do whatever he wanted, and when he released her, she was so sleepy, "I am going to sleep early, huh?"

She was awake after she fell asleep, and it was really sleepy at this time.

Wrapped in a single cat, he yawned, his eyes were like two waters, and it looked a little pitiful.

Today, she is actually very tired. First, it happened that the cruise ship was robbed at noon, and then played golf for so long. This time the sleep is true.

"Little pity..." Luo Yibei looked at her like this, and the words she spoke were extremely ridiculous.

Fang Chixia's face suddenly changed, and a burst of flames in his throat was very speechless to him, but he did not counterattack.

Luo Yibei loosened her hand and lifted her away. "Sleep."

The next day is the weekend.

During the recent period of Fang Chi Xia, I have been sleeping adequately because of the relationship between Luo Yi and Bei An.

She got up a little early in the morning and woke up and consciously prepared breakfast.

After the two married, when the domestic servant did not come, the three meals were generally responsible for Fang Chixia.

She is still quite responsible in this regard, mainly to make things, although the technology is not necessarily good, Luo Yibei will eat all, although occasionally sharp irony when eating.

Between her and him, as long as Luo Yibei does not marry her, it is not difficult to get along with him.

The agreed four-year marriage, Fang Chixia feels that it is not difficult to pass.

When I came to the kitchen and was busy in the kitchen for a while, she casually gave the two people some porridge.

When Luo Yi went down, she was still busy with him.

Luo Yibei leaned against the door and stared at her back for a while. She couldn't help but think of her who took the initiative to pick him up last night, remembering the two slender arms holding his touch.

Fang Chi Xia is stirring the cheese and flour. It is probably the relationship of just pouring the flour. The arm of the small section is white everywhere, and there are some on the face.

Luo Yibei stared at this look, she looked at it for a while, walked a few steps, and then made an action that made Fang Chi Xia unexpected.

Pressing her hand and lifting his clean and cuffed cuffs, he did not care whether his clothes would be soiled and wiped her bit by bit.

His movements were a bit rude, but he wiped it very seriously, helping her with her hands and her face cleaned.

She looked up and saw that she was staring at him with surprise. He changed his previous seriousness and spit out a blank expression. "This hand is still more suitable for me at night!"

help him?

help him.....

How to help? What was it like last night?

Fang Chi Xia is not sure, but with such a tone to say such a thing, do not think she also knows that the hint will not be a good word.

The two have lived together for so long, and Fang Chixia knows a little about Luo Yibei.

Really good enough!

Chapter 324: Ikebo Ichimo's amazing design

A breakfast, two people simply solved.

After Luo Yibei, he held a large stack of design drawings and sat on the sofa.

It is customary for Rongxi to release a new jewellery every once in a while.

Every time a new product is released, the designer will hand in a lot of works, and ultimately, the decision is all in the hands of Luo Yibei.

The design drawings he is currently reading are for screening for new products.

His aesthetics have always been more picky, a large stack of design drawings in his hands, the squatting is finished reading, and the last remaining, there are few.

And that was a few, and when he arrived, it seemed that he was still not very satisfied. He stared at it and looked at it. The brow was always wrinkled.

Fang Chixia held his own school book next to him, and the corner of his eye slanted to his reaction. He went over and took a look at the design of his hand.

The piece that Luo Yibei took in his hand was a ring. It looked gorgeous. Many tiny diamonds were set on the ring. In the middle, there were two intertwined hollows.

In fact, this design is very creative, especially the hollow part.

Fang Chixia saw the first sight, it was very amazing.

Just, looking at it, I always feel that something is not quite right.

Fang Chixia stared at the design for a long time, and the cold did not prevent it from floating. "The two hearts are too hard."

Luo Yibei stunned, his face lifted up and looked at her eyes a little surprised.

In fact, when he saw this picture, he also felt amazed, but not impatient.

Staring at it for a while, his thoughts are the same as Fang Chi Xia.

However, he is from a family of jewels, and it is normal to have such a keen sense of smell.

But the pool is different from summer, not to mention how many jewels have not been touched, and even the jewelry design profession is not!

But now, she is as sensitive as he is to sniff out the shortcomings.

This woman...

Luo Yibei always knew that Fang Chi Xia was very smart. She had seen it many times before, but she did not expect her to have a keen sense of jewelry!

This design in the hands of Luo Yibei is also a work of a top designer of Rong Xi, a very famous French national designer. The designer designed the work after being dug by Rong Xi, and basically did not disappoint.

For designers whose popularity has already started, they have always been the only ones who lead others to aesthetics.

Fang Chi Xia's current behavior is to provoke authority!

Fang Chi Xia actually saw the designer's name on the design drawing. She knew that she said that she did not respect the predecessors. However, now she and Luo Yibei are in her, she just said that she really thought of what to say. .

"I think it's better to improve?" Luo Yibei was very interested in her words. She placed the design on the table and looked at her with a gaze.

Fang Chixia stared at the picture for a while, and found another piece of white paper, holding a pencil on it, didn't know what to paint, and finally handed the picture to Luo Yibei, "Hey."

She painted two heart shapes. Compared to the design of the big designer before, her lines will be more flexible, and the shapes of the two hearts are very different.

Her heart-shaped lines are very smooth, and at the apex of the two hearts, she has turned upside down in an ingenious way, intertwined, like embracing, and kissing.

Chapter 325: Heartbeat

The design is actually a very dead thing, but what she painted is as if it is endowed with vitality, vivid and vivid.

Just watching, even involving some emotional things.

The general design picture is a static picture. When you look at it, you may only see something on the picture.

However, what Fang Chi Xia painted can make people automatically make up a dynamic process, kiss, hug, and the two hearts, just like two people.

This is the so-called agility, giving the design of the pen a vitality, and it seems to be able to see the passion of a couple.

Such a square pool summer, in fact, is very unexpected for Luo Yibei, but his face did not say anything.

“Actually, I think the name of this design should also be changed. I think it will be more appropriate.”

Fang Chixia stared at the picture and looked at it and said.

Luo Yibei just listened and did not speak.

Fang Chi Xia looked at him silently and saw that he did not respond. He added, “I just talked about it, designing things, you know better than me.”

Luo Yibei was just a faint “hmm” sound, and even did not comment, however, after the second day of work, announced a news that shocked everyone.

Every Monday morning, Rongxi has a company high-level meeting, attended by some of the company’s veteran figures, as well as some important employees.

This morning’s morning meeting is about the design drawings of yesterday.

Luo Yibei first announced the design drawings selected yesterday. At the end of the game, he raised two designs in his hand. It was cold and unpredictable. “With regard to the design of Mr. Roland, the company decided carefully in the original Based on some improvements, the design of the soul part of the ring decided to adopt Miss Fang Chi Xia!”

In a word, like an explosive, the bomb exploded in the audience.

Fang Chi Xia is also in the conference room and has been making records.

Hearing his words, his face was cold and he was obviously shocked.

Who is Roland?

Sensational top designers in Europe, senior in the design world, many young designers are respected by the predecessors.

Who is Fang Chi Xia?

A small assistant, whose name is unfamiliar to all areas of Europe, may not have been heard at all.

What is the behavior of Luo Yibei now?

Openly use a small, unremarkable, even the layman who the designer can't count, to provoke the authority of a senior designer?

Roland's meeting was also attended. After hearing his words, his face was white.

"Mr. Luo, such a decision, I can't accept it!" People who have always been used to it have always had a temper. Now they are suddenly being beaten. Roland only thinks that the face is sweeping.

"That's abandoning this picture. The new products in this issue, we use the previous ones." Luo Yibei also speaks indifferently, never accepts room for bargaining, and does not look at anyone's face.

A relentless sentence, Roland only felt that his face was slammed, his chest was suffocating, but he could not vent, and his eyes swept to Fang Chi Xia.

Fang Chi Xia was seen by him, and his sense of crisis suddenly rose.

The work of an authoritative designer has been replaced by a gimmick that looks like an adult, and no matter whoever encounters such a thing, it is a great humiliation.

Roland looked at her eyes very angry, her eyes like a fire.

Chapter 326: She is my wife

His eyes are very sharp, like needles tied to Fang Chi Xia. Fang Chi Xia was very uncomfortable for him, and he was always ready to cope.

Roland didn't know that it was all spurred by the actions of Luo Yibei, and all of them ran out of light. They still wanted to return their teeth and return all the shame they had just received.

Staring at Fang Chi Xia for a long time, his yin and yang sarcasm, "small means is good, I know how to use the congenital advantage of women, how much is it sold to Luo Shao? How many times have you been sleeping? Is there a shame in the upper class?"

He spoke at all without any mercy, and seemed to have forgotten that Luo Yibei was still there.

Since arriving in Nice, Fang Chi Xia has been with Luo Yibei at any time.

Not to mention Roland, Rong Xi, in fact, many people think about it when they think about the relationship between the two.

I feel that the relationship between the two is not normal. It is actually a very popular thinking.

Although the facts are the same, but now Roland is openly speaking in the face of so many people, still in such a humiliating way, Fang Chi Xia's dignity is trampled, his face is somewhat white, his body shivering slightly.

Luo Yibei quietly observed her look, her brow wrinkled.

Since he got married, he has never felt that she is bullied.

When I got it, even the people who dared to contend with him were so humiliated?

At this time, she only needs to be confident and return to everyone. "I am his wife!"

In this case, everything is solved.

However, Fang Chi Xia Mingming's stagnation of the bones was rooted, but there was no rebuttal in one sentence.

Such a woman, let Luo Yibei do not understand.

Fang Chixia actually felt that Roland's words were not wrong.

Luo Yibei promised to marry her at first, should she be just her body?

The nature of this marriage is in fact no different from buying

and selling.

A paper marriage contract, each taking the required, is as simple as that.

Although this kind of thing is humiliating, it is a fact!

This is why she is unable to argue.

“Luo Shaogang’s words are not serious...” He looked up and just prepared to relate himself to this matter from the relationship between the two, but he was just exported, but he was interrupted by Luo Yibei. “Everyone questions the ability of Miss Fang, I can understand, pick up Let’s take the vote of the public vote!”

To the end of the sentence, he turned his head and called another assistant and gave a few words. In a short while, the man organized a hundred designers to come in.

Luo Yibei put the design drawings of Fang Chi Xia and Luo Lan out, and the designer’s name was hidden.

He did not say who designed it. He took a hundred people to vote publicly, and the result of the final vote, Fang Chixia’s map, won with 90 votes.

This is a very fair way to hide the name and let go of the loud aura of the top designer. Roland’s design was pressed by Fang Chixia!

This result shocked the entire Rong Xi, but also gave Roland a beautiful blow, and the other side could not say a word.

Luo Yibei was very satisfied with this result. At the end of the meeting, Fang Chixia walked past him in public.

When I was rubbing my body, I looked at him from the side and looked at it. “Yes, I forgot to tell you, she is my wife, I am sleeping with me every night.”

He spoke very fluently, and he defended Fang Chi Xia with an understatement, and ruined Roland.

Chapter 327: Rejected by her

When Luo Yibei said this to Roland, it seemed that the relationship between the two was completely indifferent, and his expression was still very sloppy.

However, as soon as he left the other's line of sight, it seemed like nothing had happened. He took advantage of Fang Chi Xia's arm and loosened it indifferently.

Fang Chixia is not surprised by this.

She understands that Gang Luoyi helped her, but she just thought she was his own.

Before the person preloaded, after the person, she and he returned to the original point.

Hidden marriage, she is related to him, it is only when she sleeps at night.

Luo Yibei, who was completely different before and after, did not let Fang Chixia feel lost. Her mood was not even aroused by him. If he had nothing to do with him, he returned to the office.

Luo Yibei saw Fangchi Summer Fu last night, went into the office and sat on his tall office chair. He asked coldly, "I don't want to learn design?"

Fang Chi Xia did not think about it, and refused directly, "I don't want to."

This way, she made Luo Yibei very surprised, and her brows were picked up. "Cause?"

His answer to her is really curious.

The person she lives with every day is him, and Rong Xi is the same legend as the jewelry design world.

Now that he has extended an olive branch to her, this kind of treatment is probably what many people dream of.

With such good conditions to cultivate, as long as she nods, it is very likely that the future design community will be updated in her hands.

For many people, this is undoubtedly a good thing in the sky, but she refuses!

She actually refused!

Luo Yibei looked at her quietly and wanted to hear her answer.

Fang Chixia's arrangement for the future is actually to enter the translation room of the Ministry of Foreign Affairs and become an interpreter.

Because of this, she learned French, learned Italian, learned German, English, and many more.

In terms of language, she has a high talent. Others may not be able to learn a good language for a few years. She only needs three months to communicate fluently. This is her cleverness. The profession she is studying now is also a good choice for the translation department. The design is not in her plan. Moreover, if you really learn the design, I am afraid to involve more with Luo Jia in the future!

This is the idea of Fang Chi Xia Xin, but she is very smart to know that she can't say so to Luo Yibei.

If she really said this, she might have been thought that he did not even abandon her, she also disliked him.

Fang Chi Xia took the wording and said, "I haven't chosen French yet? The school and Rongxi have not had much space, so let's talk about it later!"

She refused to be euphemistic, did not irritate him, and did not cause trouble for herself.

Luo Yibei squatted and looked at her quietly. She said to her, but she did not believe it.

"I went out first." Fang Chixia was afraid that he would ask more questions and turned and calmly went out.

When she comes here, things will be much more than when she came to C.

Luo Yibei encountered any cumbersome things and liked to hand over to her to deal with, errands, miscellaneous, meeting arrangements, hard life, Fang Chi Xia was trained as a special assistant by a small assistant.

When Fang Chixia held a lot of information just coming out of him, the phone ringing on the desk just sounded.

"Hello, Rong Xi International." Fang Chixia put the folder on the desktop and picked up the phone.

"I am looking for Yibei." The answer is a female voice, listening to the voice, vaguely familiar.

Chapter 328: Su dyeing calls

Fang Chixia tried his best to think about it, but he did not remember the identity of the other party.

“Hello, is there an appointment?” Sit down in her seat and ask her for business.

The other party seemed to have stunned after her words, and silenced for a while. When Fang Chi Xia was ready to hang up, the other party’s voice rang again. “No, trouble telling him, I am Su dye.”

Fang Chi Xia Yi, the hand holding the phone is stiff.

“Miss, is there any problem?” Su dyed her and didn’t answer her, her brow wrinkled.

“Okay, I will help you to tell, please wait a moment.” Fang Chixia returned to God, opened his mind, an internal call to Luo Yibei dialed the past.

At this time, Luo Yibei was dealing with a lot of new jewellery advertising programs. She received a call from her and thought that she had just called out and had a call. It was a bit of an accident.

Who knows that Fang Chi Xia’s opening is a sentence, “Mr. Luo, Miss Su dyed, I will transfer you right away?”

Her tone is very unfamiliar. After coming to the company, she is always like the “Mr. Luo” and “Northern Master” as the public. It feels like the two are not familiar at all.

Su dyed the phone, she did not ask his opinion.

Looking at the posture, it seems that I am ready to hang up the phone to pick him up.

This kind of her, let Luo Yibei unreasonable for a while.

Fang Chi Xia really did it, and when he finished speaking, he was ready to cut off the phone, and he might not even wait for him to speak.

At the fingertips, pressing the phone button, the call was cut off, and the sound of Luo Yibei’s cold ice and ice slammed.

“Miss Fang, I said let it turn?”

Fang Chi Xia Yi, the hand is so stiff there, it seems a bit unexpected to him.

Luo Yibei did not explain too much, and he hanged the phone. His phone was still very loud, and the strength was so great that Fang Chi Xia heard it outside.

The place where two people work is at least a few meters

apart, and the middle also blocks a door. This distance is also passed to Fangchi Xia.

A bang, very clear.

Fang Chi Xia listened to the broken tone of the beep in his ear, and did not know what happened.

However, I did not care.

When she was in the company, she was always a business official. What Luo Yibei said, she called back Su Yin with a phone call and refused directly. "Sorry, Miss Su, the North Master is busy now, may not be able to pick you up. Sorry."

In a word, the phone is hung directly.

Su dye seems to be a little accidental. He hasn't recovered since he took the phone for a long time.

He couldn't pick up her when he was too busy on the phone?

After Fang Chi Xia's phone call ended, he opened the folder he had just picked up and was about to do his own thing. The landline ringing on the desk sounded again.

The phone was called by a girl named Laila, a nobleman from France, who met with Luo Yibei.

Fang Chi Xia did not ask much, the other party reported the purpose, directly to the Luo Yibei hit the past, "Mr. Luo, a lady named Laila wants to ask you, said that it is a fund of a French consortium. The other party online Waiting, if there is no problem, I will transfer the other party's phone directly." She is very formulaic, and she does not change her face. There is no personal feeling in her words.

Luo Yibei was originally irritated by her recent affairs, and now she has such an inexplicable call, and her brows are wrinkled.

Chapter 329: Master Luo is in a violent

Fang Chi Xia saw that he did not answer, urging a voice, “Mr. Luo, is the phone to pick up?”

“You want me to pick up?” Luo Yi went back to her with a sigh of relief.

Fang Chi Xia stunned, and did not think much at the moment.

“This is Mr. Luo’s private affairs.”

Her answer was very formal, and her face did not change.

Luo Yibei’s eyes are colder.

Fang Chi Xia was not able to wait for his reply, and he was busy doing things. In a simple sentence, the woman named Laila was rejected. “Miss, I am sorry, Mr. Luo is not convenient to answer the phone now. Please call again next time. Come.”

Her resilience has been very good. When she meets Luo Yibei’s love, she will not be able to answer the phone.

This is a very useful sentence, no matter what the situation, as long as a woman calls, this sentence can be used.

Moreover, such an answer is still very euphemistic, not only for those who have found a certain amount of money, but also to let Rong Xi’s image divide because of the decline of Luo Yibei.

In any case, Fang Chixia thinks that it is better to tell her the truth than to let her tell the truth that Luo Yibei is now in a violent situation.

I hung up the phone of Leila, took my own documents, and was about to continue watching. Who knows, it was a phone call.

Fang Chixia has not happened since he became his personal assistant, and received a call from the phone.

The successive calls did not make her feel surprised.

“Hello, Rong Xi International.” Picking up the phone, her attitude is always good.

This time, the phone was also reserved for Luo Yibei. It is probably from the news media that he knows his relationship in Europe. Today, the ladies on the side, like an appointment, are all coming.

This time I called a treasure of the Earl’s family. Fang Chi Xia still asked about the opinion of Luo Yibei.

“Mr. Luo...” Who knows, just opened, the two words of Luo

Yibei's cold ice suddenly came, "Hang up!"

"What is this so fierce?" Fang Chi Xia screamed, his words were speechless.

"Sorry, Miss, Mr. Luo is not available now." Refused the other party's phone. This time, she did not continue to work, but specifically stared at the landline for a few seconds.

She feels that the frequency of calling Luo Yibei today should wait for two minutes, and then there will be another call.

Sure enough, I haven't waited for two minutes, and it was a phone call.

This time it was a consortium of money, Asian, but the family business developed in Europe, similar to the situation of Su dyeing.

Fang Chi Xia took the call, and after hearing the other party's instructions, he went inside again to Luo Yibei.

Who knows, the phone just dialed, did not open, the office door, suddenly pulled open.

A loud noise, probably when the door was opened, was too hard, and the door slammed on the wall, and many people shook with the big office outside.

Fang Chixia's face was lifted and his eyes lifted.

Luo Yibei stood at the door, his eyes cold as if he was enough to freeze people.

Sweeping on her, he vomited two words coldly, "Come in!"

Fang Chi Xia did not understand his purpose, but still stood up and followed him and went in.

The door of the office was closed, and the eyes of a large group of people staring at the two were also blocked.

"Is there something?" Fang Chixia looked up at him and asked him carefully.

Chapter 330: I am waiting for you at Hilton tonight.

Sometimes Fang Chi Xia is actually a little afraid of Luo Yibei angry, but he is not afraid of how he takes her, but simply does not like him when he is angry and staring at her, it is as sharp as it is just by vision, you can look at your eyes late. .

Luo Yibei's gaze swept over her, staring at her for a long time, forcing her to lean against the wall on her side. The voice was very cool. "I hope I will pick up those calls?"

"This is your business, the decision is in your hands." Fang Chi Xia no response to change color.

She said very indifferently, that feeling, as if the two did not have a relationship.

Luo Yibei's sharp eyes were more intense after her words.

"Nothing else, I will go out first." Fang Chixia's gaze and his staggered, pushed him away, and calmly went outside the office.

"Stand up!" Luo Yibei's gaze moved along her figure, sullenly yelling at her.

"Sorry, there are still a lot of things left outside of me." Fang Chi Xia opened the door and went out without going back.

Luo Yibei had a fire on his chest and his face was dark like a pot.

What makes him more violent is the next thing in Fang Chi Xia.

In the afternoon, the two had an advocacy selection campaign. About the latest issue of jewellery, Luo Yibei had to go, and Fang Chixia followed.

Rong Xi's jewels, which were introduced by Luo Yi's northern hand, are basically not red.

Other brands are generally spokespersons who bring jewellery to the red, but Rong Xi is the opposite. It is the jewels that bring people who shoot advertisements, which is the charm of Rong Xi.

Therefore, every time Rongxi's advertising spokespersons were selected, they were basically smashed by the stars of the entertainment industry.

There are many people coming here today, and even many international big-name stars, in order to compete for the opportunity of spokespersons, are also crowded with the average small model.

Luo Yibei's face could have taken the sight of people from wherever he was. Today, when there are so many occasions for such female stars, even when they are playing, the focus of the audience is all transferred to him.

After the end of a trial, Luo Yibei's body was too cold, no one dared to approach, but Fang Chi Xia, blocked by a large group of stars, the road could not get through.

"You are Mr. Luo's assistant? Do you know who I am? Have you seen the new Wang Hao? I starred, know how to do it?"

"Help me ask if Master Luo has no time at night, see if he can come to the Hilton Hotel, or tell me his room number, I will go to him."

"This is my call, and the trouble is handed over to Master Luo!"

There are a lot of actresses on the scene, and they are waiting for the emperor to be lucky. One by one, in order to get close to Luo Yibei, they have tried their best and they are not embarrassed.

"Okay, I know, trouble let it go!" Fang Chixia said what she had promised, and the card that someone sent me to write the phone number, she accepted it, and it was meant to stop for Luo Yibei. nothing.

That feeling, as if to forget that she is his true wife.

Before marriage, she once said that after he got married, he thought about what he was doing, and he wouldn't care about his affairs.

It seems that she is doing very well.

She never interferes with his affairs, and he always stays at two disjoint levels. When she is at home, she doesn't seem to want to have too many intersections with him.

This way, she can see that Luo Yibei is colder.

Chapter 331: I don't want you to go

What made him even more annoyed was the night of Fang Chi Xia.

In order to get close to Luoyi North, a young lady of a certain group booked a room at the Hilton Hotel in the evening, so that Fang Chixia brought the house card back.

Fang Chi Xia did not refuse. After the two returned home, they actually handed the card to him.

"This is a lady named Irene, saying that I am waiting for you at Hilton at night." She said nothing, spread his hand, put the card into his hand, turned and went to the building. Go up.

Luo Yibei looked at her movements coldly, and she stopped her, "Stay!"

"What's wrong?" Fang Chixia's footsteps at the foot of the summer, his eyes looked at him if nothing had happened.

Because of Luo Yibei, she has been harassed more than he has been all day.

She should be more annoying than him, but she is not impatient from beginning to end, and her face is not even a little extra, it is an irrelevant look.

Such a she, see Luo Yibei unhappy to the extreme.

Especially when I received the room card she handed over.

Her husband was asked by other women, not only did not mind mentioning it, but even actively promoted, should he praise her generosity?

Slowly, she went to her, looked at the card in her hand, and the eyes were full of irony. "Miss Fang really did her best, and even these things helped me take care of it."

"I just handy." Fang Chixia only felt that his words were very thorny, how to listen, how not to listen.

"Strictly put your husband out?" Luo Yi's north lip swelled, and the irony in his tone was stronger.

Fang Chi Xia Guangguang did not open, and he did not argue with him. "I am only responsible for conveying, the real decision-making power is in your hands."

She said very indifferently, without a little personal feelings, received an invitation from the boss, and passed it back to him.

Isn't this an assistant's job?

Such a woman, let Luo Yibei black face.

"This is at home, not at the company!" Luo Yibei screamed at

her with some irritability.

“If you don’t like it, tell me directly, I will refuse.” Fang Chixia answered the formula very well.

“What about you? Want me to go?” Looked at the card in his hand, his voice was cold and cold.

Fang Chi Xia Yi, he was blocked by him.

Why do you want to ask her opinion?

She is only his nominal wife, and the relationship between the two, even few people know that, in her position, she is not qualified to manage him.

Luo Yibei’s face was colder in her silence, and she slammed the wall on her lower side and went outside.

He still holds the card in his hand, and seems to want to go to the appointment.

Fang Chixia stood on the spiral staircase, staring at him into the back of the night, his eyes suddenly stinging.

Luo Yibei is still going outside, his pace is very fast, every step, it seems to be mixed with low anger.

Fang Chixia stood stiff in the field and looked at him slyly, his hands squeezing the sides of the clothes very tight.

When he was about to get out of sight, she suddenly stopped him, “Luo North!”

Luo Yi’s footsteps at the foot of the North, the line of sight looked slightly toward her direction.

Fang Chixia’s gaze is in his direction, and the bright cockroaches illuminate under the light. “I don’t want you to go!”

Luo Yibei’s body turned and stared at her and took a big step toward her.

Came to her side, leaning against her on the wall, her arms folded her, the dark ink smudged a shallow softness, “What do you say?”

Chapter 332: My taste, not so complicated

“I said, I don’t want you to go!” Fang Chixia raised his face, and his clear eyes looked into his eyes and reiterated.

“Reason?” Luo Yibei raised his eyebrows and asked.

Fang Chi Xia Gang stopped, in fact, because he likes a clean man.

She is dirty with other women.

However, she is very clear about this marriage with Luo Yibei, she did not stand to ask him so much.

Luo Yibei looked at her with a sigh of relief and was still waiting for her answer.

Fang Chi Xia was somewhat uncomfortable with him. He picked up his toes and did not answer directly. He held him.

An action that makes Luo Yibei slightly glimpse, his eyes seem to flash a glimmer of light.

“I was not prepared to go.” The corner of the lips slid a slap in the arc, against her leaning against the wall, her lips pressed against her, and she entangled her, picked her up, took her She went upstairs.

Fang Chi Xia’s arms wrapped around his neck, entangled with his eyes at a close distance, looking at his eyes, his eyes were a little wrong.

Not ready to go?

What did he just prepare for?

“My taste is not so mixed.” Luo Yibei did not explain too much, holding her back to the room, pushing her to bed.

Fang Chixia did not refuse this time, his hand was still around his neck, and he fell down on the soft bed with a heavy pillow on his head.

The soft white pillow was deeply immersed in the strength of the two people, and the soft touch came. Fang Chi Xia only felt surrounded by a gentleness, and his head was groggy and forgotten.

The next day is a working day.

Fang Chi Xia wakes up a bit late, and when he gets up, it is already more than nine o’clock. The working hours have passed.

“Well!” Opened the sheet, flustered and wanted to get out of bed, a low figure on the balcony, suddenly came, “Early!”

Very sloppy, with a lazy morning, the tail sounds a bit long,

that feeling, can not tell the magnetic.

Fang Chixia's face was slightly sideways, and his eyes followed the sound source and forgot the past.

Luo Yibei stood in front of the large window of the room. He wore a pure white bathrobe. The belt was loose and loose. The neckline was very open and a small part was opened. There was a piece of sunshine behind him. This is the face of the sculpted face, some dazzling.

He looked at her, his eyes relaxed and lazy.

Fang Chixia saw that he was still in the room at this time. He was slightly surprised. "I haven't been to the company yet?"

"I am waiting for you." Luo Yibei looked casual.

"I am going to prepare immediately." Fang Chixia's gaze was somewhat difficult to remove from his face, wrapped in a sheet and went out of bed, and went to the closet to find out the clothes he had put out, and simply washed it. After that, I went to the company with him.

When she was in Nice, she was not as scrupulous as she was in C, and he went in and out with him.

Luo Yibei is no matter whether it is in Rongxi or C City. It seems that he has not avoided it. The reason is that Fang Chixia does not know.

The release of the new jewels of Rongxi has basically been finalized. The model designed by Fang Chixia, due to the relationship with Roland PK yesterday, was finally selected and released.

The ring did not use Roland, Luo Yibei forced Fang Chi Xia to redesign once.

He is keen to introduce a special jewelry to Fang Chi Xia, no matter which details are completely from her hand, it really belongs to her creativity.

Therefore, Roland originally designed it and was abandoned by Luo Yibei.

Chapter 333: You are so sad

After the two arrived at the company, he gave a few drawings, forcing Fang Chixia to stay in his office for a long time, and he was drawing a design.

Fang Chixia didn't really want her work to be chosen. Design was not the way she wanted to go, but Luo Yibei insisted that she did not refuse.

She has always been very clever and has a lot of inspiration.

The final design of the ring is that the three rows of small white diamonds are inlaid with two hollow hearts.

"Louis North, this name is called a heartbeat?" Raise the design of the hand, her eyes turned to the next Luo Yibei.

The word is very suitable for this ring, two like a kiss, but also like a heart-shaped hug, just in line with the concept of the word.

Fang Chixia thinks that his creativity is very good. Who knows, the opinion has just been proposed, but it was directly cut down by Luo Yibei. "Do you feel guilty?"

His words were expressionless, and her eyes were still very disdainful.

"I feel very good, this is my design, how to take it is my business." Fang Chixia ignored him, and he felt good and took the picture and continued to look at it.

Luo Yibei was a bit speechless to her, but she did not deny it. Except for being too lyrical, the name she took is really close to this design.

The listing of a jewel, after the design is out, is followed by the production of the finished product, as well as advertising.

There are several jewels introduced by Rong Xi this time.

There are also several selected advertising models, which were selected by the last spokesperson selection contest.

When the advertisement was shot, he was also supervised on the spot.

He supervised the advertisement of the ring designed by Fang Chixia. The model is a very beautiful mixed-race woman. The facial features are three-dimensional and the gas field is strong. Every shot taken is actually very good.

However, the woman did not know if it was too urgent. When she filmed, she threw a few winks at him. When she was resting in the middle, she was even more blatant and directly

pushed the side of the pool to the side. I am here just fine.” From her hand, she took a small fan she was holding, and the model replaced her standing next to Luo Yibei.

The woman’s figure was a bit high, Fang Chi Xia was hit by her, and she stepped back a few steps, almost falling down on the grass.

The woman did not look at her, and she continued to help Luo Yibei with a fan. “Luo Shao, I am Anna, Star Entertainment, I will have more promotion and promotion in the future.”

She was very close to him when she spoke to him, and the body was half-dipped, revealing a large landscape of chest, almost pinned to the body of Luo Yibei.

Luo Yibei was obviously disgusted with the woman who took the initiative to send her arms. The brow was wrinkled and she did not push her away. It was just cold and heavy and called the sound of the pool, “Miss Fang!”

Fang Chixia was only indifferent to this situation and Luo Yibei had troubled yesterday. Today she is a lot of cleverness. Luo Yibei called, understood his meaning, she consciously took the past.

“Sorry, this lady, just give it to me.” From the hand of Anna, she took over her little fan, and if she accidentally squeezed her to the side, Fang Chixia stood back to Luo Yibei.

Staring at the shoulder of his clothes that had just been touched by Anna, her brow wrinkled and then made a gesture that made the audience stunned.

The fingertips first smashed his shoulders, and it felt like his clothes had something like a germ, and then she smoothed the slight folds on his shoulders.

Chapter 334: Wife's multiple functions

She is very natural in this movement, looking at the eyes of outsiders, like a wife who helps her husband organize her appearance.

A very common one, but, looking at so many women who are trying to get close to Luo Yibei, I am afraid that no one dares to help him so naturally.

What is even more hateful is that she looked at the shoulders of his shoulders and was too disgusted. This made Anna's teeth gnash.

Is this gimmick disgusting with her, or is it even aloud?

Luo Yibei did not expect that she would make such an action. After a while, the corner of her eye glanced at her hand on his shoulder. He did not condemn it. It seemed to be quite enjoyable.

On-site advertising continues to shoot.

Anna is obviously very confident in all aspects. When shooting, her eyes are always looking at the direction of Luoyibei. Her eyes are very crisp. She should not let her lower chest deliberately pull low. The face should be The beautiful expression of the smart, deducted by her, how to look very charming.

Luo Yibei's brow wrinkled, but did not say anything.

They have already finished shooting, and when they are ready to go to work, he just stood up and looked away from the photographer. When he said it, he was sharp and poisonous.

"The photos taken today, the models above the hand are all cut off. As for her face that is always tall and tidal, she is the same temperament as a street girl. I don't know how many times I have operated the chest, can I also perform Rongxi's jewelry?" He satirized people with no mercy, and his style of work was sharper. He didn't know who was on the scene, and he burst into laughter.

Anna was so angry that she was so angry that she didn't know where to put it.

Fang Chi Xia has seen the irony of Luo Yibei to come up with more poisonous tongues. This reaction is very dull, but it involves the lower corner of his mouth.

Packing up the good things, they are all ready to leave, and Luo Yibei's eyes are cold and sweeping to her.

Fang Chi Xia is sorting out the little things brought by the two people, the parasols, the small fans, the hands are shaking under the eyes of Luo Yibei, and the white eyes are dazzling. Her hands are extremely beautiful, the bones are particularly slender, the nails are not superfluous, very fresh and natural pink, and the ring finger is wearing a wedding ring for two. Her hand is very suitable for wearing a ring, even if the ordinary zircon is worn on her hand, it can also wear a high diamond.

Luo Yibei stared at her hand for a while, walked a few steps, raised her wrist, and turned her eyes to the photographer. "No need to even use it, re-shoot, just fly away, put on she was!" In a word, let the audience be a glimpse, watching his eyes are serious and incredible.

Anna was so angry that she was coming out with tears.

Fang Chi Xia is also very surprised, how can I change her suddenly?

"Are you saving money?" Fang Chi Xia couldn't figure out his style of work. He glanced at him and seemed to be speechless about his decision.

"Is it seen by you?" Luo Yibei gave her a look, and did not deny that she followed her words and said, "A wife can use it for free, why not?"

Fang Chi Xia Wu.

Do you have the role of dare to include her?

However, unhappy is not good, she still went forward.

Just clapping your hands, you need to show your face, but there is nothing.

The advertisement continued to shoot, and the previous mentality of Anna was lost. This time, it was very fast and smooth.

This is a very creative advertisement, a pure white world, neat and bright light screens, white sheets, the female host sits on the ground, and the head rests on the edge of the bed.

Chapter 335: Sensational city

In the lens, Fang Chi Xia's face is biased and does not see the front.

Under the lens, I only saw her hand, slender and radiant, white as jade, and the diamond ring shining on the ring finger and the skin.

A gauze swept through the air, falling lightly, just falling on her wrist.

A picture of a very artistic conception, Luo Yibei's vision has always been very accurate, and the advertisements that Fang Chixia's own interpretations are much more than the previous Anna's.

The main thing is that she is very natural, very fresh, not like Anna, even if she wears pure clothes, it looks like the vulgarity of standing on the street.

Luo Yibei was very satisfied with the advertisement. After going back in the evening, she took it for a long time and took it out in two days.

When he launched, the designer's name was not announced, and Fang Chixia requested it.

Originally, the design was not in her future plans, so it was hidden under the spotlight. Fang Chixia felt that it was quite good.

Fang Chi Xia's design, the biggest feature is not dull, jewelry, such a very dead thing, like she was given a soul, very smart. As Luo Yibei expected, after the release of this design, the response was very fierce, like a fresh wind, and quickly spread all over Europe.

What makes this piece more sensational is the price of the auction.

Most of the jewelry that Rong Xi launched is unique in the world. This one is the only one of Fang Chi Xia.

All the unique designs, the sales method adopted by Rong Xi is the form of auction, and Fang Chi Xia's this, the final transaction price is 500 million!

A ring, sold for 500 million days, and is not even published by the designer's name, which is undoubtedly unprecedented in the design world.

Because of this, the work was even more sensational, and the whole thing was even spread in Europe.

Luo Yibei sat on the sofa in the living room, his eyes fixed on the screen of the tablet in his hand, watching the orders that had been sold, and the brows were wrinkled.

Rong Xi's jewellery is expensive, but it's still less than 500 million.

The most important thing is that this work, the outside world does not know who designed it.

Fang Chixia's work is unique in nature, but Luo Yibei is very clear, and it has not yet reached the point where people can buy hundreds of millions.

Unless, the other party is not simply bought because they like the work, but because... people!

Who is so open?

Fingertips slammed the touch screen, and the first person in Luo Yibei's head responded to Fasino.

The only heir to the Chris family, this is a very small thing for him.

However, Fissino is a country of R. If he wants to buy a ring, the contact address should be R.

The information left on the order is Northern Ireland.

Northern Ireland is obviously not related to Fesno.

Fang Chixia stood in front of the window of the living room and was pondering this question.

Northern Ireland...

Northern Ireland!

Is it...

Fang Chi flashed a name in the summer brain, and his face lifted up.

Luo Yibei's gaze swept over her and asked blankly. "Is there a friend in Northern Ireland?"

Fang Chixia didn't want him to think too much, faintly denied, "No."

Her voice, if nothing had happened, said a word, turned and calmly went upstairs.

Luo Yibei looked at the back of her leaving, and her eyes were darker...

Chapter 336: Yibei brother likes sexy

Fang Chi Xia and Luo Yibei have been in Nice for a long time. After the business here is stable, they are planning to return to China. Xiao Zuo and Lonqi just came from Germany and four people returned home together.

The relationship between Xiao Zuo and Fang Chi Xia has always been better. When flying on the plane, she directly squeezed Luo Yibei and sat with her. "Sister, I will accompany you."

He was only seven years old, his body board was so little, people were not big, and his strength was quite big. Luo Yibei was not prepared for a moment, and he almost squeezed the sofa.

Luo Yibei's face sank and his eyes glanced at him.

Xiao Zuo did not see him, his eyes looked up and down in Fang Chi Xia, and he was commenting on her dress today.

"You said you, this is not good, you look at you, the whole What kind of clothes are you wearing all day? So dull, so conservative, don't you know that men like to stare at the big and **** look?"

He and Fang Chi Xia have been arrogant, and they have nothing to say when they think of anything. They are not afraid of hitting her.

Fang Chi Xia today wears a casual skirt, which is very casually turned out in the closet. In fact, Luo Yibei prepared for her.

The idea that Luo Yibei was so prepared at the beginning was to be **** and to be hooked, to wear it to him alone, and to go out and wear it.

Fang Chixia's view of dressing is as long as it is comfortable, and the rest is not important.

Now I was mentioned by Xiao Zuo, coveted and looked at my dress. His words were speechless. "What happened to me?

Who do you want to wear when you wear it?"

"Give..." Xiao Zuoguang's eyes drifted toward Luo Yibei, and he was just about to say something. Lorne was cold and came over. "What are you talking about?"

"Grandpa, huh...hehe..." Xiao Zuo looked up at him, smiled at him and laughed at him, and stunned him with him.

"Nothing, my sister Xia Xia is talking about the company."

“Company? You?” Lorne took a look at his eyebrows and watched his eyes squint.

“I asked Xia Xia in the company to get used to it?” The small left head turned very fast, even if it was clearly an excuse for knitting, he was able to lie blindly.

Lorge didn't say much, turned aside and took a comfortable position to sit and rest.

Xiao Zuo was not quiet on the road, and he was chatting with Fang Chi Xia.

Luo Yibei was also pushed to the side by him. He walked over and took his little body directly, littered it, and threw it behind him.

His movements are very rude and they are really lost directly. The little left fell to the floor, and the pain was screaming at the ass, but did not dare to protest.

Luo Yibei was quite satisfied with his acquaintance, and gave him a faint look. The big thorn was sitting in the position he had just sat.

Sitting on the floor with a small left-legged leg, he stared quietly at the two people who were naturally attached to the shoulders, and the lips showed a sense of unclear smile.

He had only suspected that the relationship between Luo Yibei and Fang Chi Xia was a bit unusual. Now, basically, he can confirm seven or eight points.

The plane continued to travel in the air and arrived in C City the next day.

When Lonki got off the plane, he proposed that Luo Yibei followed the Luo family.

Luo Yibei has been abroad for so many days, and indeed has not returned home for a long time, should go back once.

Looking at Fang Chi Xia, he looked at her and seemed to want to say something.

However, there is no opening yet -

Chapter 337: Was cheated into LuoJia

However, before I opened my mouth, I was interrupted by Fang Chixia. "Go, let me go back by car!"

After a word, there is no more nostalgia for a turn.

Xiao Zuo looked at this way, she just wanted to shake her head.

Luo Yibei brow wrinkled.

After Fang Chi Xia left, she returned directly to her home in Luoyibei.

She hasn't been here for a long time, but when she got home, her **** was still hot, and the landline ringing suddenly rang.

The phone was called by LuoJia GuanJia. I had been to LuoJia once, and Fang Chixia was no stranger to his voice.

"Miss Fang is good." The housekeeper's voice was very respectful.

"Excuse me, is there something?" Fang Chixia was a little surprised.

"This is the case, Xiao Zuoye is sick again, I want to ask Miss Fang to come over." The housekeeper's voice was helpless.

"Is it sick again?" Fang Chixia was surprised.

She was just separated from Xiao Zuo, and she was so alive and kicking when she was on the plane.

"Yes, so you may have to trouble Miss Fang." The steward responded politely.

Fang Chi Xia is only a child with poor immunity, or suddenly came back from abroad, the temperature difference and the time difference are not adapted, and did not think much.

"Well, I will come right away." Hanging up the phone, pulling the door of the room, she went to LuoJia by her own car.

When I arrived, Xiao left was lying on the bed in his room, surrounded by a lot of servants and people from LuoJia, and they all seemed worried.

"What is the situation? Is it important?" Lonchi frowned very tightly, and asked the doctor sitting on the bed more than once, obviously worried.

The doctor actually did not check out anything. However, he was afraid that it would be useless by Lonchi. He could only make an excuse vaguely. "The younger left is a sudden change in the environment, and it is not suitable, so it will become sick. Individual differences, severe, vomiting, diarrhea will be

Chapter 338: Don't want to leave you alone

"Do you pretend?" Fang Chixia looked at him with awkwardness, walked a few steps, and took a handcuff of his head. "You are sick!"

Xiao Zuohe smiled and looked away if nothing had happened.

"Reason!" Fang Chi Xia asked.

"I want you to come over!" Xiao Zuo looked up at her and answered very directly.

Fang Chi Xia Yi, such an answer seems to make her somewhat surprised.

Luo Yibei looked at the side with no expression from the beginning to the end, did not say a word, even the behavior of Xiao Zuo did not even blame.

His look is very indifferent, and that feeling is obviously clear about everything.

Fang Chixia felt that the behavior of Xiao Zuo was absurd.

What she did not understand was why Luo Yibei would cooperate with such a big child.

With his savvy, little left trick, how could he escape his eyes?

Fang Chi Xia did not understand him like this, stood up, she licked the head of Xiao Zuo, and said, "I have my own home, can't live here, don't do this next time."

"Nothing, where is your home? I used to be." Xiao Zuo had a very negotiating tone.

In a word, Fang Chi Xia asked.

In addition to Luo Yibei, where can she have a home?

Xiao Zuo silently observed her reaction, licking her stomach, and suddenly her face was wrinkled. "Actually, it is not fully loaded. Just returning to China, it is really uncomfortable. It is true that nausea is uncomfortable. It hurts."

He said that it was really the case, and the expression on his face looked really painful.

"Don't pretend, little trick, don't want to fool me!" Fang Chixia was very disdainful about his behavior. He took his head and turned around. He wanted to leave. When he passed by Luo Yibei, his wrist was cold. He pulled it.

Fang Chi Xia Yi, his face turned stiff.

First, he glanced at the hand that he was holding her, and looked at the little left looking at the two eyes. The conditional reflexively wanted to pull out his hand. Luo Yibei buckled her

hand and refused to let go. .

“Leave it!” He looked at her, the twilight was very quiet, like a night sky with layers of clouds, as if you could see everything at a glance.

Fang Chi Xia obviously did not expect this kind of words to be spoken from his mouth, looking at him slyly, his body is very stiff.

“This kid is handed over to you.” Luo Yibei did not explain, loosen her hand, turned and looked at the house without squinting.

Fang Chixia looked at the back of his departure, but he still didn't understand his intention to do so.

Obviously, she was so impressed with her original intention of marrying him. Why did she pull her into this house three times and four times?

Xiao Zuo looked at her silently, and she couldn't help but float. “My brother is afraid that you can live alone in such a big place. So big villas are alone, really poor!”

This is really what he said casually. It is purely what he wants to say. At the end of the sentence, there is still quite a bit of the taste of Luo Yibei every time she calls her “little pity.”

Fang Chi Xia Yi, his eyes were incredibly sideways, first smashed, and then smashed his head. “Children, what do you know? Children should usually look at the villain, or cartoons.” ”

“It's so naive, I haven't looked at them for a long time.” Xiao Zuo gave her a scornful look, and she stunned her face with a sly face.

“Hurry to eat, be careful not to have the strength of the disease!” Fang Chixia was extremely speechless to him, and took the porridge left by a bowl of maids and gave it to him.

Chapter 339: My room is your room

Xiao Zuo has a feeling of being seriously despised, but still doing what she said.

Fang Chixia accompanied him in the room for a while, then was led by the servant to the room that the family arranged for her.

Or the last time, in the middle of Xiaozuo and Luoyibei, and the room in Luoyibei, the balcony is still on the balcony, close to the distance, nearly two people if they stand on the balcony, the temperature of each other is thin, the other party Can feel it.

After entering the room, after the servant left, she first visited the room very casually and then transferred to the balcony.

As soon as he came out, Luo Yibei just stood outside.

He seems to be waiting for her, his arms are on his chest, lazily leaning against the wall, and his expression seems to be very idle.

“Come here.” The eyes tilted down the direction of his room, he asked.

“No, I live in this room very well.” Fang Chixia knew that he was not well-being, and on the side of his head, he turned and went to the house.

However, the legs have not yet entered the house, but the arms have been smashed, and the body has followed the balcony where the room in Luoyibei is located.

His movements were very direct, his long arms came out, and she was slammed into her arms, and she was lifted up by her strong arms, and she was directly carried by her balcony.

He always seems to be like this. When he wants to do something, he is very direct, and his movements are still very strong. He is like a bully who is robbing the women on the street.

“Why should I do more than one thing, but I have not lived together.” Luo Yibei arrived at the wall facing her side, her arms were fixed, her hands were on both sides of her body, and she talked to her leisurely.

His look seemed to be very lazy, but, against her body, she was banned from death, apparently not ready to discuss with her.

Fang Chi Xia struggles and does not struggle, simply do not struggle.

He said that he is right, indeed, he has not lived together. The only difference between living here and at home is that his room is very strange to her, and with the Luo family, it will make her somewhat uncomfortable.

Did not continue to protest, Fang Chixia held his hand behind the wall, watching him quietly, thinking about the little left, she did not know what she was, she asked, "Why do you want to do this?"

She is referring to why he left her.

Luo Yibei, a woman, was asked to be silenced.

In fact, if this matter is put in the past, his normal answer is that it is convenient to have a wife at any time to do certain things.

This is the answer he normally has, and Fang Chixia even understood it so.

However, he is silent now.

Fang Chi Xia looked at him quietly, and combined with Xiao Zuo, seemed to understand something.

Xiao Zuozen said it?

The chest is like something hot, she looks at him, her eyes are bright and bright.

Luo Yibei is also watching her, quiet and embarrassing, dazzling and embarrassing.

The four eyes are opposite, and I don't know whose eyes first ignited the atmosphere. Luo Yibei arrived at her against the wall, one hand slammed her waist, one hand held her head, and Jun's face slowly leaned toward her. The past.

The cool lips, printed on her, exclusive to his breath, very clear, very good smell, people are somewhat lost.

Fang Chixia did not refuse, looked at him with gaze, looking at him in Luo Weibei's slightly squint, picking up his toes, arms around his neck, lifting his face, putting himself closer to him, lip alignment His kiss went up...

Chapter 340: Hug into sleep

An action made Luo Yibei obviously accidental. She stared at her for a while, hugged her arms tightly, and her lips seemed to scorn.

One hand pressed her head and took over the mastership, and his lips covered her again.

Fang Chi Xia's toes were raised a bit higher, and the body leaned into his arms. Luo Yibei took her home.

The action of two people is unexpectedly tacit.

Luo Yi North nose pointed to her, kissed her, probably thought that the action was a bit unsatisfactory, holding her striding into the room.

Entering the room, the toes were taken to the door, and he pushed her to the big bed behind him...

When the room subsided, it was a few hours later.

On the north side of Luo Yi, I looked at Fang Chi Xia, who was about to fall asleep. The eyes fixed on her face, and her eyes were very deep.

Fang Chi Xia was exhausted, and he didn't sleep very much on the plane. When he was about to fall asleep, the body leaned in his direction, and his arms suddenly slammed him. An action that makes Luo Yibei slightly stunned and his body stiffened.

Fang Chi Xia did not seem to be aware of it, so he held him behind him and his face was attached to his back.

When she did this movement, it was natural, and it felt like the two suddenly became old wives.

It was Luo Yibei, staring at the arms that fell on his waist, and it took a while to get back to God.

She is getting used to it now!

Fang Chi Xia apparently did not notice anything, and his head was still arched against his back.

Her movements are lazy, like cats in the sun basking in the sun.

"Washing and then sleeping." Luo Yibei stared at her for a while, afraid that she couldn't sleep well, and slammed her up to the bathroom.

The sound of the water in the bathroom, after that, screamed. At the same moment, in the room shrouded in the morning, a ringtone followed.

Mobile phone from Luoyi North.

The vibrating sound of “dudu toot” rang for a long time, however, the water in the bathroom was too loud, and it was completely covered up. Luo Yibei did not hear it.

The sound of the water in the bathroom is still going on, and it’s been a long time.

The ringing of the mobile phone outside was ringing twice in the middle. However, Luo Yibei still did not hear it.

He was bathing in the summer pool, putting her in the water, teasing her like a cat, and no matter how confused her eyes were, she didn’t open it.

He was playing with her skin, pinching it here, and it was licking several times.

Fang Chi Xia’s skin is silky satin-like silky, still very tender, touch, so that Luo Yibei thought of the petals soaked in milk. The mist in the bathroom lingered, her skin was covered with a thin pink, especially beautiful, and it was very attractive.

Luo Yibei is eager for the touch of her skin. Fang Chixia’s reaction from the beginning to the end is slumbering, and he can play addicted himself.

It’s been more than half an hour after coming out of the bathroom.

The phone that kept calling for a long time outside was already calm.

Luo Yibei put Fang Chi Xia back on the bed, accompanied her to take a nap, and wake up when it was afternoon.

When I opened my eyes, the people in my arms had long since disappeared.

She seems to have just left, the place where she slept on the pillow is still sunken, and Luo Yibei can even smell the fragrance she has left.

Very light and very light, still very pleasant.

Looking at the depression in the pillow for a while, thinking back to her last night, the lips slowly slammed open.

Chapter 341: Grandfather's temptation

When I opened the bed and got out of bed, I found a dress for myself and changed it. I opened the door and he went out.

When I came downstairs, Xiao Zuo was still ill, and the voice was a little louder.

There were a lot of people around him, but it didn't seem to satisfy him. The little guy's brow was always wrinkled.

Luo Yi looked at him in the north without expression, and his eyes were pumped.

Fang Chixia was in the kitchen, while Luo Yibei walked over, she was helping Lorge to make tea.

Luoshen tea, Lorge did not know that she had all cooked before, but she tried to do it.

Fang Chi Xia is very clever, in order to make the current taste different from before, the proportion of various materials added has changed.

The taste of the tea is naturally changed.

"You are awake." When he came out with tea, he saw him at the door, stunned, and then gave the tea to Lorge if nothing happened.

"Grandpa, you try it!" He poured a glass and handed it to him. Fang Chi Xia Qiao stood next to him.

Lorch was also prepared to test her and what she had prepared for him before, and had a different taste. It was a bit unexpected. "Good!"

His other pool summer has always been very kind, the atmosphere of getting along with each other, even very harmonious, that feeling, like a family.

However, because of the kindness and goodness, Luo Yibei is very clear. It is one thing to like it. Whether it will acquiesce in the marriage of two people is another matter.

Luo Yibei stood not far away, quietly watching the scene here, suddenly in his head floated in Nice, Lonki's warning.

What does Grandpa mean in the end?

Fang Chixia sat in the living room for a while, and then turned upstairs.

Luo Yibei's line of sight followed her figure. She had just been up the stairs for two minutes, and he followed.

When she came to her room, Fang Chixia was finishing her clothes.

Her body has the mark he left, and it can be seen everywhere, and the collar is a little hidden.

Fang Chi Xia pulled a loose neckline and tried to pull it up a few times, only to cover it as much as possible.

Luo Yibei slowed down and went to the door and came to her side.

“How did you come in?” Fang Chixia was a little surprised at his appearance, mainly because the footsteps were not heard.

“No?” Luo Yibei lazy and gave her a sigh, and walked a few steps, her eyes fixed at her neckline.

Fang Chi Xia still wears that necklace on the neck, and the pendant is the one that rings.

She seems to have been wearing it all the time, since she met her from Luo Yibei, she has not seen her take it down.

However, the pendants are generally hidden in the clothes, and her clothes are generally not exposed, which is well covered.

Fang Chi Xia saw that he was just staring at his own chest. He was reflexively thinking that he was thinking about those

unhealthy things. He was alert to want to go backwards. Luo Yibei had a hand holding her waist. Blocked her movements.

Fang Chi Xia fixed his look and did not insist, let him be so stunned, she asked suspiciously, “What happened?”

Luo Yibei did not answer. The fingertips picked out her necklace and stared at the sly pendant for a while. The fingertips gently licked the diamond on the ring, and he seemed to be in some kind of contemplation.

Fang Chi Xia looked at his movements in a quiet manner, and his brows tightened even tighter.

What is he doing?

I want to ask, Luo Yibei’s face quickly returned to nothing.

“It’s ugly, don’t wear it in the future.” Release his hand, he said insincere comments.

Chapter 342: I like to hide it.

“I like it!” Fang Chi Xia’s character is a little rebellious. He doesn’t let her do it. She wants to do this.

Luo Yibei was a little speechless to her words, and her eyes were pumped and she did not insist.

Staring at her for a while, he was cold and worries, “I like to hide.”

His possession is actually a cover-up meaning, however, it was understood by Fang Chixia as a collection.

What Fang Chi Xia thought was that he didn’t need to be reminded, and she also collected the ring at any time.

The fingertips were gray and licked. The place on the ring that had just been touched by Luo Yibei’s fingers was wiped and put back into the clothes.

Her movements are very careful, and it feels like it is a bit disgusting to be touched by Luo Yibei.

An action, seeing Luo Yibei’s eyes sinking, his brow wrinkled.

“I will go out first!” Fang Chixia did not see his eyes, and as soon as he turned, he opened the door and went out.

“Stand up!” Side over the head, Luo Yibei cold face and face.

Fang Chi Xia Li did not care about his words, not only did not stop, but even accelerated a few points.

Her pace was very brisk, and when he turned his face, he seemed to be in excellent mood. When he walked to the corridor, he even picked up the song.

Luo Yibei’s face was distorted after her sudden and clear “after I grew up, I want to be your bride”.

Pulling open the door, he followed and walked out.

His movements were very fast, his figure was as fast as the beast of the same out of the grid, and Fang Chi’s sense of crisis was everywhere. He looked at him carefully and looked at him. He wanted to pull his legs down to the downstairs. She was quick, but Luo Yibei’s figure was more than her. Fast, when she ran to the building, she was blocked by him.

The two are now in Luojia, and Fang Chixia knows how to look at the situation.

Looking up and looking at his gloomy face, she changed her previous arrogance with her, and stepped back two steps.

“Don’t make trouble, everyone is still below.”

“Is there a relationship?” Luo Yibei leaned against the wall on

her side, and her face leaned toward her, sticking to her ear, and lazy to say this to her.

Fang Chi Xia was very uncomfortable with his breathing sputum, and the skin behind his ears and neck was hot.

Pink pink, bright color, like cherry blossom petals washed by milk.

Luo Yibei looked at her eyes and was tempted by her. She leaned over and her face slowly tilted toward her.

Fang Chi Xia Yi, raised his head, his eyes slammed into him, watching his quiet ink, screaming, but was avoided.

Such a woman, let Luo Yibei's eyebrows pick up and pick.

The lips aligned with her, but they didn't kiss, and downstairs, a footstep suddenly came.

The two men were still standing in the hallway, and the sound of the abrupt sound made the two men squat at the same time.

Fang Chi Xia's face was uncomfortable, pushed him away, calmed down his look, and if he had nothing to do, he stepped out.

Luo Yibei sneaked into the shackles, and the slow-moving stalks followed her and went out.

The person who came up was Sha Zhixing, and his gaze glanced at Fang Chi's pink face, and he understood a few points, but said nothing.

"Mrs., should the situation of Xiao Zuo be better?" Fang Chixia asked politely.

"There should be no big deal, the little child is like this, the young lady is hard." Sha Zhixing smiled lightly.

"This is what I should do. I will go see it again." Fang Chixia scorned her dagger against her and turned to go downstairs.

Chapter 343: I really don't know how to cherish

Luo Yibei stood tall on the stairs, and the line of sight moved along her figure. She watched her go down the stairs and wanted to follow it. Her wrist was cold and she was dragged by the sand weaving star.

"Is there something?" His gaze was swept away on her, and his tone remained calm forever.

"Do you have anything to say to your family?" The sand weaving star is not clear, just ask side by side.

"What does Mom mean?" Luo Yibei actually knew what she was suggesting, but she did not answer it positively. Even if she had nothing to do with her problem, "Yes, is the baby coming back?"

"You guy!" Sha Zhixing glanced at him and continued to go upstairs.

Luo Yi's north lip corner smashed, and if nothing happened, he continued to go downstairs.

Xiao Zuo is still sick on the sofa. He is also very hard. In order to leave Fang Chixia, she has been here for so long. She has been acting for a long time, and she has called herself a bit dry. Fang Chixia was extremely speechless to him, walked a few steps and sat down beside him.

She didn't expose him, but if nothing happened, "I have been here for a few hours. It's time to go back. You have a good rest. If you have any questions, feel free to call me."

She did not mean to stay here more, and he confessed that he turned and seemed to want to leave.

"You, you..." Xiao Zuo looked at her, mad at her face, pointing at her, "you" for a long time, only you said, "You stupid woman!"

Xiao Zuo only suspected that she had a relationship with Luo Yibei, but did not know where the two developed.

In his opinion, Luo Yibei made a speech to let her stay, and can live in the house, which is a luxury for many women.

If she can seize the opportunity and do a good job with the family, this is undoubtedly the equivalent of paving the way for her to enter the family.

Such a good opportunity, I do not know how to cherish!

Really stupid!

He has worked so hard for such a long time.

Fang Chixia was a little speechless to his thoughts, and did not say much, stood up and walked to Lorge.

“Grandpa, I will go back first!” Politely said goodbye to him, Fang Chixia turned and went outside the house.

Luo Yibei stood at the stairway and his face was stiff.

Just gone?

Don't say hello to his grandfather?

When Fang Chixia left the Luo family, the old man had sent two people to send, but she refused.

I stopped the car myself, just sat up, did not report the address with the driver, Tong Yan suddenly called a phone.

“Returning to China?”

“Well, I just arrived today.”

Miss Tong Da's mood seems to be very good today, and the voice can't hide her happiness. “Come out, come out, I am waiting for you in the Imperial City!”

Tong Yan seems to be a little excited, screaming a few times, listening to the sound, the place is still very lively.

“Okay.” Fang Chixia thought about it. He thought that two people should return to China. It was also a general gathering among friends. After agreeing to agree, he hung up the phone.

“Master, trouble to carry me to the Imperial City.” Side over the head and the driver confessed that the taxi should go to the Imperial City.

When I arrived at the club, I just walked in. I didn't see the situation. I heard a sound of “嘭” in my ear. Fang Chixia only felt the gorgeous color in front of me, and stepped back two steps, trying to avoid it. But he stunned.

Want to hold herself by herself, an arm, but first step her, and her movements hooked her waist.

Chapter 344: Baby, come over

Shi Yanyang's faint voice followed, and it sounded above his head. "Is it okay?"

"I'm fine, thank you." Fang Chi Xiayi, looked up at him, and stood up, evacuated his arms.

"Be careful." Shi Yanyang faintly reminded her to help her remove the paper flower that had just been sprayed on her hair and walked in if she had nothing to do.

There are several people in the box, Shi Luo, Qing Muchen, Tong Yan are in, even Ji Ani's little girl is also.

The young masters of the families who are all associated with Luoia are familiar with each other.

"Little beauty, we met again." Shilo saw her, and greeted her with great enthusiasm. She stood up and walked over, and her arm naturally took her shoulder.

Wanting to take the opportunity to tune and play, Shi Yanyang stretched his legs, his toes hooked his legs, and Shi Luo gave a squat and almost fell to the ground.

"Brother, what are you doing?" Shi Luo stabilized his body, and he would have reached halfway, and he quickly touched Fang Chixia's hand and shrank it back.

"The next time I walked and stabilized." Shi Yanyang lazily sat down on the sofa, and casually drank the wine and drank it. Schloed was stunned by a word that he didn't know how to answer it. It looked like it was delicious.

Fang Chi Xia was teased by two people and laughed.

Outside the corridor, a figure walked slowly toward this side, came to the door, the door opened, the figure just appeared, and there was a commotion in the house.

"Ebe brother, you are here too!" Ji Ai first saw that he had not seen him for a long time, his eyes lit up.

"The speed is good!" Qing Muchen raised his precious watch on the hand and looked at the time, faint.

"Hey, the young master of the North, you can call you on a phone call, it's really rare!" Shi Luo followed the play.

Fang Chi Xia was only separated from him for half an hour.

Suddenly, she encountered another accident in this place.

I did not expect that she had just arrived, and he followed.

Luo Yi looked at her with no expression on the north side, and the eyebrows picked it up, and slowly walked in, and she took

a position and sat down.

“Da Bao, come, come here and sit here!” Tong Yan said Fang Chi Xia sitting next to his position.

She and Fang Chi Xia often call each other very numb, in front of so many people, the two people baby baby screamed.

Since Luo Yibei saw the chat records of the last two people, he has been very tired of the two.

The name of Tong Yan, he heard his heart stunned, and the goose bumps on his hands are fast.

“Two women, what treasure?” Also, regardless of the serious sister control of the Qing family is still next to it, Luo Yibei rewarded Tong Yan.

Tong Yan was very dissatisfied with his words, even stood up and chatted with Fang Chi Xia.

Luo Yibei frowned at his brow.

Tong Yan did not care about him, Fang Chi Xia did not care, and after a bunch of Tong Yan, the two men put a head on the other shoulder, arms still holding each other, whispering.

Luo Yibei was speechless to the two people, interfering with it, and did not continue to interfere. One person drank a glass of wine and drank it.

When Ji Ai saw him, he was reflexive and wanted to flutter in his direction. However, when he thought about the advice of Ji Nanyou, he stopped the action.

Luo Yibei received a call later, in fact, it is purely speculation that Fang Chi Xia also came over.

Who knows...

Chapter 345: If you can't get married, you have to be responsible for me.

Who knows, after coming, Fang Chixia and Tong Yan exchanged, and did not look in his direction.

Luo Yibei has a feeling of being seriously ignored.

When his heart was blocked, the demonic factor in the body began to work.

With a glass of wine, he casually drank and stared at Fang Chixia.

Looking at the reddish side of her light, he has begun planning how to toss her up after going back tonight.

Fang Chi Xia line did not look in his direction, and talked with Tong Yan about what he heard from Anan.

Regarding Tong Yan, An An was a speaker, and Tong Yan did not mention it.

It is said that there is a boy in the school who made a phone call to Tong Yan and wanted to invite her to go out.

As a result, I didn't know what happened and I was known by Qing Yafeng.

Qing Yafeng's daughter control is notorious in C City. Who knows that he led two men to go to the appointment in the evening.

The man was simply trying to express his confession. He met Qing Yafeng, and did not know what Qing Yafeng said. As a result, he and Tong Yan met again in the school. The man was almost away from the childhood. .

Shi Yanyang just sat next to the two, Fang Chi Xia's words, just heard all the words.

Silently staring at Tong Yan for a while, his brows picked and picked.

When did the **** suddenly catch up?

Shi Yanyang and Tong Yan knew each other when they were wearing diapers. They were too familiar with each other and were familiar with her growing up. He didn't seem to notice.

In Shi Yangyang's memory, Tong Yan was still a child with a long open face.

He was shocked by her last night when she was prescribed medicine, but his ingrained impression of her has not changed.

Shi Yanyang stared at her for a long time, and her eyes seemed to be very unexpected.

Can this girl also chase?

Schroe was sitting not far, just heard the words of Fang Chi Xia.

Looking at her wrongly, he couldn't help but shudder. "The man of the Qing family is really scary! If any young master in the future falls in love with Yan Yan, he is not at all ready to be arrested by Qing Sanshu. danger?"

The eyes swept to the squad, and added another sentence.

"Right, there are two sister-controlled brothers who want to get rid of the daughter of the Qing family. The courage is enough!"

His words were very casual and sighed. Tong Yanbai gave him a look. "Don't be alarmist, be careful when I am no one, let you be responsible!"

"Isn't it?" Schloor smiled with interest and sat down aside without incident.

Shi Yanyang listened to the dialogue between the two people from beginning to end, and lazily took the sentence, "How do you want to be responsible?"

His words, fluttering, like a breeze blowing, seems to bring a sense of playfulness.

Tong Yan was blocked by his words, his eyes turned stiff, his eyes crossed with him, and he looked at him with a sly look. He didn't know what to pick up.

Shi Yanyang looked at her long and picked her eyebrows.

Tong Yan grew up with him, and his face was familiar to her.

However, suddenly looking at him like this, just looking at him like this, even her face suddenly a little uncomfortable.

When the gaze was staggered, she slammed the subject.

"Summer, where did we just say?"

Luo Yibei sat alone, staring at Fang Chi Xia, who was talking to Tong Yan from beginning to end, and his fingertips licked his temples.

Chapter 346: When I grow up, I want to be your bride.

“It’s really noisy!” stood up and walked a few steps. He walked away in Fang Chi Xia.

“Where?” Fang Chixia looked up at him, but did not resist.

“Go home.” Luo Yibei threw her two words, and took her head and went back to the Imperial City.

Fang Chixia followed him, looking at him with a slight sorrow, chewing on the words in his mouth, this moment, inexplicably felt warm.

The night outside the Imperial City is very quiet, the long streets, the lights are quiet, and there are not many cars on the road.

The white Lamborghini is driving slowly on the road, the roof top is open, and the wind with the smell of sea water is blowing, which makes people feel refreshed.

Fang Chi Xia Gang drank a few glasses of wine in the inside and Tong Yan, his head was slightly stunned, his face was red, like the peach blossoming color after the rain washed.

She wore a shirt skirt, a shirt style, and a button at the neckline was buckled to the neck. It was a little hot after drinking.

“Why did you come?” The head slanting slanting pillow was on the seat, and she casually untied a few buttons on her neckline and spoke to him.

Her voice at this time was very soft, like soaking in water, listening to the special bones and hair.

“Occasionally.” Luo Yibei lazy and gave her a gaze, and looked in her direction.

Fang Chixia’s head is resting on his side, and the body is leaning obliquely against the back of the chair. From the perspective of Luo Yibei, she just can see her slightly open chest.

This way, she made Luo Yi’s hand open and stiff.

“The clothes are buckled, I am driving.” Difficult to take back his eyes, he is a rare reminder.

Fang Chi Xia ignored him, looked up at his small face and smiled at him, and suddenly sang a song. “When I grow up, I think...”

She sang in English, and Luo Yibei heard her sing so many times. She didn’t have to guess what her second sentence was.

Luo Yibei actually did not like to listen to her singing this

song, Fang Chi Xia Cai just opened, he screamed at her, “noisy!”

Fang Chixia didn't look at him this time and continued to lick himself. “When I grow up, I want to be your bride, Lalalala...”

Lalalala also looped infinitely several times.

Luo Yibei's face was slightly distorted. He slammed the car to the side, and reached out to hold her mouth. The hand just reached, and Fang Chi Xia's action pressed his hand faster than him.

An action, let Luo Yi a glimpse of the North, his eyes are well placed on her face.

Oh, drunkenness can still react so fast.

Luo Yibei did not pull her hand out, let her weak bones hold his hand, put her head on his leg, leaned over, and talked to her leisurely. “Growing up wants to be Whose bride?”

The first time he heard her sing this song was the wedding night of the two, when he thought she was singing to him.

Later, for a long time, he thought so.

After getting along with this time, he felt that it was not the case.

Fang Chi Xia drank the wine, drunk is not drunk, but with her amount of alcohol, a few cups of drinking should not be awake when normal.

Luo Yibei thinks that when she looks at her, she can see if she can cover her.

However, Fang Chi Xia did not know whether it was intentional or not, and directly avoided his topic.

“Don't you go back to Luo's family?” Looking up at him with a small face, a smile flashed in her throat.

Chapter 347: Su dyed back to China

“Do you want me to go back?” Luo Yibei did not answer.

“You shouldn’t be because I am back?” Fang Chixia ignored his question and continued to ask.

Her words were purely casual, but it was heard that Luo Yibei was stunned. What was even more unexpected was that he did not deny it. He just asked, “What do you think?”

When he said this, the tone was very interesting, and his eyes were looking at her.

Fang Chi Xia was on his lap, lying flat, Luo Yibei’s face just above her, the distance between the two is very close.

Looking at each other, Fang Chi Xia looked at him quietly, as if he was thinking about his problems.

Her eyes are very bright, probably drinking wine, water and moisture, seeing Luo Yibei tickle, the body is itchy.

Luo Yibei saw a move in his heart, leaned over, and his lips wanted to kiss. Fang Chixia’s mobile phone ringing suddenly rang.

Tong Yan called.

Luo Yibei and Tong Yan have never been polite. It seems that the name on the electric display directly throws Fang Chi Xia’s mobile phone into the back seat. “Don’t worry.”

“What are you doing? Yan Yan may have something to look for!” Fang Chixia was very dissatisfied with him. He pushed him up and sat down. He wanted to explore the phone after he reached the hand.

Luo Yibei’s good deeds were destroyed, and this time it was very annoying.

Fang Chi Xia had already talked with Tong Yan for a big night, and now he wants to continue in the car, which makes him even more unhappy.

“Let’s go back later!” He smashed her. He pressed her back to the seat, arms around her shoulders, and held her back. Jun’s face wanted to go back to her again. In the car, the ringing of the phone was It rang again.

This time, the sound came from the mobile phone of Luo Yibei.

Luo Yibei was interrupted again and again, and he was annoyed. He didn’t look at his mobile phone. After he found it, he was thrown aside at random.

The place he threw was diagonally opposite to the position where Fang Chi Xia was sitting. The ringtone of the mobile phone continued, the screen was flashing, and her angle just happened to see the name on the caller ID.

Looking at the two words that flashed on the screen of the mobile phone, she was shocked and stunned.

Luo Yibei looked at her look a little wrong, and looked back at her sight, and saw the name above, slightly stunned.

The long arm was enough. He took the phone back and answered the phone.

The phone was called Su dyed.

In fact, she has been playing this countless times.

There are a lot of missed calls in Luo Yibei's mobile phone, including the one in Luoja, Luoyi North and Fangchi Xia.

Missed calls, a total of seven.

However, Luo Yibei did not notice.

After he woke up, he only took a phone call, which happened to be the pass that Qing Muchen called to let him go to the Imperial City. The rest of the time did not look at the phone.

Suddenly I received a call from Su Dye. He was a little surprised. When he took the phone, he still stunned for a few seconds.

The phone was connected, Su dye was silent for a while, and the fresh voice came softly. "Easy, I am back!"

In a word, like an explosive, blasts in the car.

Fang Chi Xia and Luo Yibei sit very close, the voice on the phone, she can hear very clearly.

The eyes looked stiff and looked at Luo Yibei. She seemed to be poured a bucket of ice, her face was white and the wine was scattered.

Luo Yibei seems to be very surprised. The five fingers holding the phone are very tight and have not spoken for a long time.

Fang Chi Xia looked at him quietly, and secretly observed his look.

Chapter 348: Do you miss me?

Luo Yibei was silent after the phone call, and did not answer for a long time.

“What’s wrong? Was it shocked?” Su dyed the voice again, she talked to him with a relaxed tone, obviously the relationship between the two was shallow, and even a little joke.

“Why don’t you say hello in advance?” Luo Yibei returned to God, his face quickly recovered and nothing happened.

“You are not happy?” Su dye seems to be embarrassed, not answering questions.

Luo Yibei licked his temples and was silent.

“I didn’t pick up a lot of calls before. I didn’t know about C. I have been at the airport since the morning. Are you coming to pick me up?” Automatically avoided the problem just now, Su dye said.

Luo Yi looked at the side of Fang Chi Xia on the north side.

He seemed to hesitate, but he finally agreed. “Well, I will come over later, you will wait for me at the airport.”

After Fang Chixia’s phone from Su dyed, it was like being poured a bucket of ice. It was cold from head to toe and the wine was completely scattered.

Her head is low, and Luo Yibei can’t see her expression.

“I will send you back first.” Turned his head and he restarted the car.

Both of them have already traveled to the doorstep, and the road after that has arrived in a few minutes.

Fang Chi Xia pushed the car door and got off the car. He turned and wanted to go to the house. Luo Yibei suddenly stopped her and stopped her. “Actually...”

He seems to want to say something. However, he has not spoken yet, but he was interrupted by Fang Chixia. “You go, this is your private matter, it doesn’t matter to me.”

She said that it didn’t matter at all. All the expressions on Luo Yibei’s face were stiff. If they didn’t blurt out, they were all stuck in the throat.

His face is very dark, what he wants to say, Fang Chi Xia is not known.

Luo Yibei did not explain, staring at her for a while, and dropped the car, turned and squatted.

Fang Chixia stood at the door of the villa and watched the car shadow that he disappeared into the night. He stared at the direction of his departure and looked at it for a while. There was something in his chest that just swelled up today and fell back to its original position.

When the line of sight was withdrawn, she pushed the door open and went in.

She hasn't returned to this villa for a long time, and she came back once a day, but she did not do anything and was cheated by Xiao Zuo.

The villa is very quiet, the lights are bright, and when it gets into the night, it will all light up.

This is what the family servant will do every night, regardless of whether the owner is there.

Just entering the living room, a group of white figure fluttered in front of her.

Fang Chixia stepped back a few steps, and his condition stretched out his arms.

When the group saw that she was back, she seemed very happy. She was screaming in her arms and yelling at her.

It is particularly energetic, and the two claws are still scratching and swaying in Fang Chi Xia. The whole villa is a cat that is alive and kicking.

"Hey, miss me?" Fang Chixia held it to the sofa, and couldn't help but stare at it.

At this time, the group was particularly energetic. It was expressing the joy of her return with all her vitality. The body of the white meat group was arched in her arms, and it was screaming, and the square pool was cold and cold. Are you fat recently?"

The group's enthusiasm before it was high, and after her words, it was like a deflated balloon, and it was instantly smashed.

Why do you want to raise this problem with Yan Mao?

Chapter 349: Are you staying tonight, ok?

Fang Chi Xia is extremely speechless to this look.

Proud!

“Go, take a shower!” He lifted it up and stared at it, and she held it upstairs.

.....

After Luo Yibei sent Fang Chi Xia home, he drove directly to the airport.

The relationship between Sujia and Luo Jia should start from the generation of Lonchi.

Lonchi and Su dyeing grandfather are very good brothers.

They were established when they were working hard for their family business.

At that time, the family businesses of Luo Jia and Sujia were not so large now. There were many problems in the process of development. The two had merged for a while before, and the two men fought side by side. The friendship of the comrades is deep.

Su Jia is like a half family in Lorge.

Sujia lived in the country in his early years, but after the development of his family business, Su dyeing had settled abroad for a few years before his birth.

Sujia's business in recent years has also developed in China.

People in the family occasionally need to return to China. Su dyeing this time to return to China, Luo Yibei guessed that it should be related to Su's family business.

The Su family is a big family, and the European and domestic fame are very high. However, this generation has only two daughters, one is Su-dy, and one is...

Luo Yibei is thinking, the sound of Su Dian is cold and can't be prevented. “Easy, you are here!”

Luo Yibei returned to God and strode over to her. “Is the place to live?”

“I lived in the house.” Su dye smiled at him.

“Okay, then I will send you in the past.” Luo Yibei walked in front and led her away from the airport.

Because of the occasional return to the country, the Su family also has its own home in the country, but usually no one usually comes to live.

After Luo Yibei carried Su dyed in the past, he wanted to leave

directly. Su dyed him and stopped him. "Is there something urgent?"

Luo Yibei stunned, his eyes turned slightly, did not speak.

"If not, will you stay with me to talk and talk?" Su dye tried and said.

Luo Yibei thought of the face of Fang Chi Xia, some hesitant, can think of her indifferent attitude to anything, and waved the worry in her heart.

"Good." Stopping, he turned and walked toward her.

.....

After Fang Chi Xia returned home, he helped the group to take a shower, holding a group of sitting on the hanging chair of the open-air balcony of the house, hand swaying the hair of the group, and swaying a few chairs without a moment, the eyes were a little lost.

The wind on the balcony was very clear, and the alcohol that remained on her body was blown away.

When Fang Chi Xia came back, his head was still a little groggy. After coming to the balcony, he was more and more awake.

I took the phone and looked at it, staring at the zero on the screen, and her eyes couldn't help but glance at the door.

The door was very quiet. Since Luo Yibei left, there was no sound at all, and there was no sound of the car coming back.

Fang Chi Xia suddenly felt that he was ironic.

He went to date him, what is she waiting for here?

It feels like a deep blame.

Fang Chixia waved his thoughts and didn't think about Luo Yibei's affairs. He held a song with a group. "One person's loneliness, one's life, all the way, one person, all the sadness, one person Bear. The stars in the sky, quietly spilling, telling who misses, my mind, who can understand?"

Kneeling, suddenly stopped again.

What are you talking about?

Chapter 350: Company encounter

“Tuan Tuan, we went to sleep!” He picked up the group and Fang Chi Xia swept the gloomy point that had accumulated in his heart and took it to the room upstairs.

Fang Chi Xia hugged the group for a night, and when he woke up the next day, Luo Yibei had not returned.

Going downstairs, I prepared breakfast for myself, and then she went to the company herself.

When it arrived, Luo Yibei had already sat in the office.

His door was open, and Fang Chixia glanced in his direction.

He came to me so early, actually let her admire.

Last night, accompanied by the beautiful spring breeze, this morning, even so early to come to the company!

Fang Chi Xia Lips raised a taunt, and then the line of sight was withdrawn, if nothing had happened to do his own thing.

Organize the information, report the morning meeting, go to the tea room to make coffee, walk in the big office, and go over, do not look in the direction of Luo Yibei.

She was like someone who had nothing to do. After preparing the information for the morning meeting, she walked in and handed it to him. “This is the information needed at the meeting. I will put it here first.”

Throw a word, turn around and go.

Luo Yibei sat in the office chair, her eyes moved along her figure, and she looked at her like this, and she was annoyed.

“Stand up!” He was cold, and he stopped her.

“There are still things? Just came back, there are still many other things that have not been handed over to me.” Fang Chixia looked at him and gave a glimpse of it and continued to go.

She left very quickly, and it felt as if she was still very busy.

This way, she saw Luo Yibei’s chest with a fire, and was very annoyed.

Fang Chixia returned to his desk and sat down. He wanted to continue to organize the information. In the office, a clear footstep suddenly rang, and then, it was the voice of several employees around the whisper.

“this is.....”

“Is this not a Miss Su family?”

“Which Su family?”

“The one who paid with Luo Jiashi?”

Fang Chi Xia smashed, and when the face was raised, the footsteps had already come to him.

This is a very elegant and elegant face. The facial features are bright and delicate, and the temperament is very elegant.

Her greatest feeling is that it is elegant, so elegant, it is from the bones.

Empty valley orchid, this is a good description of her words, clear and faint, so I went there one stop, beautiful like a painting of ink and light.

Such a woman, for women, no matter how long or temperament, there is no attack.

For men, I am afraid that more is to investigate the parry.

She is not like Fang Chi Xia. She doesn't have the wild nature of Fang Chi Xia. I accidentally got it, and it hurts like a little wild cat.

She is very elegant, her manners and demeanor are carried out with a good and easy-going attitude. At first glance, she is well-educated.

Fang Chi looked at her quietly in the summer, thinking about the whispers of just a few employees, and stopped watching for a few seconds.

Su Dian probably noticed her sight, looked at her sideways and walked to the front door of Luo Yibei's office.

Luo Yibei's office, the average person can not easily enter and exit.

“Sorry, miss, please have an appointment...” Fang Chixia stood up and wanted to stop the business.

However, when she thought of her relationship with Luo Yibei, she resisted the impulse.

Su dye only looked at her faintly and knocked on the door.

Chapter 351: The best gift for the wedding

Luo Yibei opened the door and saw her suddenly coming, her brow wrinkled, and her eyes looked quietly in the direction of Fang Chi Xia.

Fang Chi Xia is not seeing him, still doing what he is doing.

“Come in.” Luo Yibei brow wrinkled, let Su dyed in, the backhand slammed into the door.

His strength was great, and the door creaked, the voice, and several people in the office outside shook.

Fang Chixia looked up and looked in the direction of his room, his brow wrinkled.

The temper is really big!

I didn't pay much attention to it, she continued to do her own.

In the office.

“How come suddenly?” Luo Yibei will have a morning meeting, and when she talks to her, she is sorting things out.

“I just passed by, just take a look at it, by the way, greeting Grandpa and Uncle Xixi.” Su dye explained, stepping to his side, staring at him quietly, “You are very Are you busy? Need me to help?”

“No, sit down, I will let the assistant take you to my dad's office.” Luo Yibei casually returned her, bent over, opened the drawer of the desk, and turned the hand inside and turned, it seems Is looking for information.

Su dyed for a while, wanted to find a position to sit down, turned around, a small box, suddenly crashed into the field of vision.

It is a very beautiful jewelry box, look at the size of the box, it should be a ring and the like.

A very elegant box, the color is noble and calm black, the material, at a glance, the value is extraordinary.

Su dyed the box and looked at it for a while, and the eyebrows were twisted.

Ring...

Who is it for?

Luo Yibei lowered his head and looked through the documents. He found the desired one, and the drawer had not been able to close. The sound of Fang Chixia was cold and the door was coming. “The meeting is about to begin, Mr. Luo, you should It's over!”

Very strange name, I heard that Luo Yibei was more annoyed with the feeling of irritability.

Will this woman not do something pleasing?

Fang Chi Xia Jin did not come in, which guessed that he came out with a word, and ignited the gunpowder, packed up the record book and went to the conference room.

Her name is Luo Yibei as “Mr. Luo”. In fact, she doesn’t mean a bit of arrogance. She only knows how to take advantage of it when she is at the company.

The two are invisible, in the company she is just a small assistant, can not let her in the company at home, just call his name?

“You sit for a while, my meeting is over.” Luo Yi looked over at the north side of the room and looked at Su dyed in the room and took the document and left.

He has been away for so long, and there are a lot of things to deal with this morning. He walks very fast, and the drawers have not yet had time to lock.

Su dye stood in the window and stared at him in the direction of his departure. After his figure disappeared, his eyes could not help but look at the direction of his desk.

Step by step, walked to his position and sat down, his eyes quietly falling on the jewel box that was quietly lying in the drawer, his fingertips reaching out and taking the box out.

The box opens, and a ray of light shines like a sun, dazzling and dazzling.

This is a very beautiful pair of rings, the ring is platinum, with a round brilliant cut diamond in the middle, 0.18 carats, not big, but extremely delicate and beautiful, minimalist design, but low-key Luxury.

Seeing the first sight of the pair of rings, Su dye recognized it.

Chapter 352: This is what Yibei sent me.

Rongxi launched some time ago, the only wedding ring in the world, the first lady of Rong Xi, the world's top jewelry designer Sha Zhixing design.

This pair of rings, there is a very moving name - the beginning of the heart.

The implication is that from the moment I met you, I still haven't changed my mind.

This ring of Rong Xi, when it was still at the press conference, had already sensationalized the entire jewelry industry, not only because the auction of the sky price did not allow Rong Xi to change hands, but also because of the meaning of the ring itself.

The initial heart, the meaning of intriguing, should be the best and most suitable gift for the wedding, right?

This wedding ring designed by Sha Zhixing was very sensational at the time of the new product launch.

However, the outside world only knew that the ring had a high price of several hundred million, and Rong Xi did not sell it, but did not know that it was eventually left by Luo Yibei himself.

Su dyed saw the news about the conference on TV, and the follow-up part did not know.

Staring at the pair of rings for a long time, her whole body temperature is cold.

Who is he prepared for?

In the direction of the office, Fang Chixia came along.

Her footsteps are fast, and the goal is facing the Luoyi North office. It seems to be in a hurry.

"Is there something to take off?" A female assistant saw that she seemed to be in a hurry, and asked casually.

"Well, the file has been dropped." Fang Chixia returned to the man with a casual mouth and went straight to the front door of the Luoyi North office.

She used to go in and out of this place. In front of Luo Yibei, sometimes she didn't pay attention to so many details. When the door didn't knock, she came in.

Her movements are natural, and it feels like entering the room, just like entering a room at home.

Such a thing is actually very rude, and the average assistant is

afraid to do so.

Moreover, there are still guests in the office.

Entering Luo Yibei's office, it's natural to enter your own room...

Her direct, let Su dyed a sly, and then look at the ring he held, the woman's sixth sense made her heart stunned.

"Hello, let me get something!" Fang Chixia just looked at her faintly, crossed her to the desk in Luoyi North, took a document placed on it, looked and hugged I was about to leave, and my eyes were suddenly stabbed by a ray of light. Fang Chixia's line of sight passed over, and his eyes narrowed in the hands of Su Dye.

Su dyed his hand on a covered ring box, wearing a hand on it, and the platinum ring was set with a diamond ring with a round brilliant cutting technique. This ring is familiar to Fang Chi Xia.

When Rong Xichu's heart series jewelry was released, the scene was interpreted by her. Each ring was introduced by guests from all over the world in several languages.

Now again, she can naturally recognize it at a glance.

That pair of wedding rings named "heart" by Sha Zhixing!

Fang Chixia was shocked to see the ring she was wearing in her hand, and her pupils shrank slightly.

Her expression changed very little, but it was still captured by Su dye.

Looking at her quietly, Su Ding understood a few points.

"Good-looking?" Raised the ring in his hand, she asked if nothing had happened.

Fang Chixia's face was a bit white, but it quickly returned to nature.

"Very beautiful. Sorry, I still have something urgent to deal with." Calm down, holding the information, she turned and left.

Chapter 353: a pair of childhood friends

She left very quickly, her face was just a little unnatural for a moment, and it quickly returned to normal.

This kind of her, let Su dye a little doubt his judgment.

When Fang Chi Xia returned to the conference room, the meeting had just begun.

When the hand was handed over to Luo Yibei, her eyes couldn't help but glance at him.

Luo Yibei's ring finger is bare and there is nothing.

Probably in cooperation with her, I don't want to expose the two people to the wedding, the two wedding rings he did not wear, there are no other rings.

Fang Chixia stared at his hand and watched it for a while, and his eyes quickly stopped.

Her eyes shifted very quickly, and it felt like she was still disgusted.

Luoyi North, a brow wrinkled again.

Yesterday morning, what is it doing?

Fang Chi Xia did not say anything, sit quietly, and open the notebook if nothing happened.

A morning meeting, because there are many things to explain, it lasted for more than two hours.

Fang Chi Xia lowered his head in the whole process, and his fingertips slammed on the notebook. From the beginning to the end, the head did not lift.

After the meeting, the first to go out is Luo Yibei.

Standing at the door, he specially waited for her.

However, after Fang Chi Xia came out, he did not go with him, and he left with the information.

Luo Yibei calmly followed his face and returned to the office.

When passing by her, she stayed at her desk for a few seconds.

"Is there something?" Fang Chixia looked up at him and asked faintly.

Her look was very indifferent. When she asked him if she didn't return last night, she resumed the previous attitude that was irrelevant.

That feeling, as if she took the initiative to meet her yesterday morning, is just an illusion produced by Luo Yibei.

Luo Yibei looked cold and heavy on her, sharp like a knife.

Staring at her for a while, he did not say anything, went

straight into the office.

When he returned to the room, Su was still at his desk.

“Come back!” If he had nothing to say, he greeted him and put a magazine in his hand back to the original place. She gave the office chair to him.

The drawer is still open, and the ring box is still lying inside, everything is like it has not been moved.

Luo Yibei stuffed the ring into the inside and locked the drawer.

“I will take you to see my parents!” stood up and led her to the office.

Sujia and Luojia are relations with the world. Luo Yibei and Su Dian were known from an early age, but they couldn't talk about childhood.

In the definition of Luo Yibei, only two people with close relationship and two little feelings of guessing can be called childhood friends.

He and Su dye are not counted.

He and Su Ding were only close because of the close relationship between the two.

Another reason is that Su was once injured because of him, so Luo Yibei will take special care of her.

Luo Yibei left with Su dyed and had not returned to the office for a long time.

At noon, Su dye suddenly returned to China, and Luo Yibei arranged a family feast.

When I got off work with the Luo Xi and his wife, they couldn't help but look at the direction of Fang Chi Xia.

Fang Chixia forgot to bring a lunch today. A person is sitting at his desk and is making instant noodles.

The consumption around Rongxi has always been very high. If she didn't bring the rice, she usually solves the instant noodles.

Luo Yibei looked at her quietly, just want to say something, the sand weaving star is not cold.

Chapter 354: Nothing to pay attention to

“Miss Fang, are you going to be together?” Sha Zhixing looked at her, smiling and invited.

Fang Chixia looked at Su dyed around her, stood up and refused. “No, ma’am, let’s go, my lunch is ready.”

“That’s it!” Sha Zhixing glanced at her soaked instant noodles, and her eyebrows were light and wrinkled.

“Because there are still many things to be dealt with later, I want to solve the problem well.” Fang Chixia’s polite answer.

“What’s the matter?” This time, the call became Luo Yibei.

He didn’t arrange anything for her, what else can she do?

Fang Chi Xia just looked at him faintly, and there was not much expression on his face. “The school thing.”

In a word, Luo Yibei blocked the sound.

How long has she left C City, how long has she not returned to school, and there are many things that she wants to come.

“In this case, let’s go!” Sha Zhixing regained his gaze and walked in front and Luo Xiyi walked into the elevator.

“Easy, let’s go!” Su dye faintly looked at the direction of Fang Chi Xia, the arm was naturally pulled to Luo Yibei, pulling him behind the Luo Xiwei couple.

In the big office, there was only one person in Fang Chi Xia.

Luo Yibei went out and didn’t come back in one afternoon.

When I got off work in the evening, Fang Chixia walked alone.

She and Luo Yi lived in a quiet place, the beach, occasionally just catching up with a car after a good time, when the luck is not good, waiting for a long time can not wait for a car that is willing to go.

When I got off work, it was at the peak. Fang Chixia waited for a long time after I went out to Rong Xi. I finally waited for a taxi. As a result, people only went to a sea area near the two people.

Said to be nearby, if you walk, at least you have to go a long way to go back.

Fang Chi Xia wore a fine high heel, and when he spent half an hour walking back, how many times he spent it, he couldn’t count it.

After entering Rongxi, she usually went in and out with Luo Yibei, and the place where the two lived was really

inconvenient. Fang Chixia went back to this road, but it was very unsuitable.

However, the special growth environment made her adapt to her ability from a young age. She decided to avoid the car during the peak hours. After going back, she was too lazy to deal with the injuries on her feet. She took a group to the sofa and ran with nothing. People like, continue to tease it, “group, at night, my sister and my sister go out to see through the wind is good? You should lose weight!”

I picked up the group and wanted to take it out of the villa.

The ringing of the phone suddenly sounded at this time.

Fang Chi Xia Guangguang turned to his own phone, looked at the name on the caller ID, and stunned.

The phone was called by Ye Hao. Fang Rong and Fang Fei’s mother never cared about Fang Chi Xia’s foster mother from small to large.

Ye Hao never took the initiative to call Fang Chi Xia. If Fang Chi Xia did not remember correctly, this should be the first time.

Fang Chixia received her phone call very unexpectedly, holding a group, she took the phone, “Auntie, what happened?”

“Summer summer, you see you, don’t come back to sit after marriage, Auntie often misses you.” Ye Hao’s opening is a chill.

Her words are very hot, it feels like the relationship with Fang Chi Xia is still very good.

However, the actual relationship between the two...

Fang Chi Xia listened to her words, her brow could not help but wrinkle.

“Auntie, just say something if you have something!”

Chapter 355: Now you should report it.

Both Ye Hao and Fang Fei's mother and daughter are a pair of virtues. They are so mean and mean to pick things up. After Fang Chi Xia lived in Fangjia, he was not troubled by both mother and daughter.

Now suddenly calling to care for her, Fang Chixia has a hunch that it is not as simple as greeting her.

She said so directly, Ye Hao did not want to turn around with her, straightforward explanation of the intention.

“Recently, the company in the family has encountered a big problem and needs some money to turn around. You see, our family has raised you for so many years, so you are also the one who went out of my house, the crown is still the name of my family, now out This kind of thing, you will not look at it and help? The object of your marriage is the young master of Rong Xi? If not, your relationship is also very unusual, right? LuoJia is so powerful, this is small Busy, you talked to Master Luo, he was easy to level out when he shot.”

She said it was taken for granted, and the tone seemed to say that Fang Jia raised her Fang Chi Xia for so many years, and finally raised it. Now I will give you the opportunity to repay you.

Fang Chi Xia has long been accustomed to the insults of her and Fang Fei, she will say this, Fang Chi Xia is not unexpected, but when I heard the Fang family accident, my heart is still tight, “How much? ”

When Ye Hao heard that she did not refuse, she was stimulated to be a spirited person, and she spoke a lot of words. “Auntie knows that you will not look at the party, and you will not have much, not much, three hundred million. You get my hand and turn it on my card...”

Ye Hao saw that she was not angry and not annoyed. Only when this matter was so easy and easy, she was prepared to take out the bank card to the Fangchi Xiabao card number.

Who knows, but was interrupted by Fang Chixia, “Sorry. Auntie, I am just a student. I can't help you.”

She refused to be very straightforward, and she did not even let Ye Hao finish her words.

Ye Hao was so angry that he was angered. Before the good and clean, almost the original shape appeared in the second

speed. “Fang Chi Xia, you are a white-eyed wolf. I have been working hard for you for so long. Now let you help. What happened? What is this money for LuoJia? If you are a little bit conscience, you should not refuse it!”

She turned her face very quickly, and her face changed like a book. The monk was still very sharp.

Fang Chi Xia was stiff and his hand was very tight. The whole process allowed her to stare at herself one by one, without refuting it.

In fact, what Ye Hao said is a fact.

Regardless of how the family treats her, the kind of parenting is what she should repay.

However, 300 million is not a small number!

This is busy, not that she doesn't want to help, can't help!

Fang Chi Xia is just a student at school. He is too poor to leave himself. Where can she find so much money to help?

LuoJia is rich, but LuoJia is LuoJia.

Although she was married to Luo Yibei, she did not step into the home of LuoJia! The nature of her marriage with Luo Yibei was originally only a form of marriage. When the four-year marriage contract ended, the two people would not be involved with each other. What reason does she have to pay him so much?

“You have no conscience! You are ungrateful! You tell the truth, from childhood to big, when is my family ill-treated to you? Eat, live, which is not treated as your own?” Ye Hao is still awkward, still very mouthful Unobstructed, it is purely in the head to think of what to say.

She said that she was like a mother. Her face was not suffocating and she didn't breathe. It seemed like she had amnesia. The other pool was not good. I didn't remember it.

Chapter 356: Ask him for help

For so many years before, Fang Fei was always looking for troubles in Fang Chi Xia, and she always picked her up, and Fang Rong was always doing things in the pool, and she was all filtered by her, and she did not mention it.

Fang Chi Xia actually admire her, and when she gets to this point, she can get a Guinness World Record Award.

What Ye Hao is angry with, she is actually very clear.

I heard that she and Luo Yibei had a relationship. Before Ye Hao called this phone call, I am afraid that it has been counted several times. I have counted the money that I can get from her again and again.

She should be confident when she is full of calls, but who knows that she has not gotten half of the money, she should naturally be angry.

Fang Chi Xia and Ye Hao had no feelings, but Ye Hao's so many accusations, but she did not fight back at all, scruples is the Fang's point to her.

"Auntie, if there is nothing else, I will hang up the phone first." Let Ye Hao finish, Fang Chixia wants to hang up the phone, Ye Hao suddenly rushed. "Chi Xia, you must help." We, the company's recent situation is very bad, your dad is rushing to get sick."

"What?" Fang Chi Xia Yi, who is ready to press the hand of the hanging button, is so stiff.

"I'm sick, I have been in the hospital some time ago!" Ye Hao saw a turning point in the situation, and Ai's sighed.

Fang Chi Xia was brought back to Fang Fangcheng by Fang Mingcheng. He also called the other party a dad, so she completely ignored the name of the city, she was still not so worried.

"I know, I will think of a way, I will tell you if there is news."

Fang Chixia hung up the phone, took the phone and walked in the living room, and walked over, she was a little anxious.

While he was worried about the situation of the name city, he did not know how to open it with Luo Yibei.

Luo Yibei originally thought that she had proposed to marry him for his money and power. Fang Chixia did not want him to misunderstand and deepen, and he did not want to spend money with him after marriage.

Suddenly let her ask him, and there are still so many openings. Fang Chixia does not know how he would think about her after he heard the news.

Holding the mobile phone in the living room for a long time, Fang Chixia's eyes fixed on the screen of his mobile phone, brave the courage, the fingertips trembled and pressed the name of the address book Rila Yibei.

The toot of the toot is particularly clear in the big villa. Fang Chi Xia hung his heart and waited quietly, and he thought about how to open his own.

The tone of the doodle is still going on.

The other party seems to have something, and it hasn't been answered for a few seconds.

Finally finally connected, Fang Chixia picked up the phone, did not open, the other end of the phone, Su dyed the voice gently and softly, "Hey, which?"

Very light voice, only three words.

Fang Chi Xia's head seemed to be struck by something, and he hanged up.

She was just too worried, worried that she would forget the name Su dye.

A man of another woman, what identity does she borrow from him?

After borrowing, how should she return it to him?

Fang Chi Xia was sitting on the sofa with a disappointment, holding the group and following his hair again and again, lost. What should I do?

Fang Chixia sat on the sofa for a long time, sat down and fell asleep on the sofa.

It was almost early in the morning, the door of the villa was opened, and people who did not see it in the afternoon and evening today appeared in the living room.

Chapter 357: Very ugly, don't look

Luo Yibei stood in the middle of the living room, staring at her on the sofa, and looked at her step by step.

She seemed to sleep very hard, her arms circled in her arms, her legs curled up together, and I didn't know what I was thinking. The eyebrows were still slightly twisted.

Her bones were so slender, so when they curled up into a group, the appearance looked particularly weak and helpless, and she was judged to be with her during the day.

Luo Yibei's line of sight slowly moved on her, bent over, and wanted to hold her upstairs in the room, and the corner of her eye looked cold and glanced at her bare, bare feet.

Fang Chi Xia's feet are very delicate and compact, and Bai Yuying is as good as the fine jade carving.

But now, there are a few more large and small dermabrasion scars, from the heel to the toes, several, and the white feet are awkward.

Fang Chi Xia's wounds were made by wearing shoes at night, and her character was not squeamish. After returning, she didn't care about the details. The tube didn't care about that injury.

Luo Yibei stared at her feet for a while, and her brow wrinkled.

How long did he leave, she made herself a virtue?

He despised her like this, but she turned around and found the medicine box, crouched beside her, took out the medicine and wiped her.

His movements were very soft, and the cold ointment was clear and cool when it was applied to the skin. Fang Chixia had never been able to sleep well, and suddenly he woke up. The pair opened and looked at him who suddenly came back. She groaned and her eyes shifted to her feet.

Her feet were placed on the knees of Luo Yibei, held by one of his hands, and he was kneeling beside her, wiping her medicine.

She obviously didn't expect to wake up in the middle of the night and suddenly saw him. I didn't expect him to make such an action. He stared at him for a while and his eyes were a little confused.

Isn't it a lover?

I want to pull my foot back, but I am forced to let go by Luo Yibei. “Don’t move!”

“I can do it myself.” Fang Chi Xia was a little awkward, and his ankle twitched again in his hand.

Luo Yibei’s brow wrinkled and glanced at her with a blank expression. “Great night, very spirit?”

His words were warning, Fang Chi Xia was irrational, and his hand pushed his hand. “It’s ugly, don’t look!”

Although she did not care about the injury, but her feet are too miserable, she still knows.

Luo Yibei did not expect that she would float like this, it seems to be awkward.

His eyes glanced at her coldly, and he said very sharply. “It’s not even more ugly.”

Fang Chi Xia Yizhen, he was asked to hold it for a while.

When did this happen?

Luo Yibei actually refers to her sleeping position, but did not explain. After a few times, she treated her wounds and wanted to hold her to go upstairs. Fang Chixia suddenly pushed him away. “I can go up myself!”

Her movements were very hard, and it felt like she was deliberately pulling away from him.

Such a woman, let Luo Yibei brow wrinkled and wrinkled.

His mood was actually not smooth today. When he came back, he finally managed to calm down. Fang Chixia’s action now is undoubtedly a hurricane, and his face is black.

Fang Chi Xia line and he staggered, crossed him and went upstairs.

Luo Yibei’s line of sight moved along her figure, staring at her for a long time, her eyes were cold and heavy.

Chapter 358: Please help me.

Fang Chi Xia did not look back, went straight upstairs.

Going back to the room, she opened the bed and didn't wait for him to return to the room. She continued to sleep with her pillow.

Stupid, when I was about to fall asleep, the door of the room was pushed open, and one end of the bed was sunken, and Luo Yibei breathed, and it came.

His breath is very warm, just so close, Fang Chi Xia seems to be suddenly wrapped in a warm wind, obviously can feel his presence, but the eyes did not open.

Luo Yibei refused to believe that she was asleep.

Only then, how can I fall asleep?

The long arm stretched out, and her body was hugged and placed on the side of her body. His arms were shackled by the back and she was shackled.

Fang Chi Xia's body was stiff and stiff, and his elbow suddenly stretched out.

It seems to be a very casual action, but it does not move him.

Luo Yi's north lip raised a sinuous arc, which was very disdainful to her movements.

The gaze was glanced at her hand, her hand clasped her wrist, and he pressed her hand back to the back.

His movements are very strong, which makes Fang Chixia somewhat annoyed.

I will finish my lover outside, and I will still toss her back. The energy is really enough!

"Luo Yibei, you are enough!" The wrist twitched in his hand, the body slammed him, and she indifferently opened the distance between himself and him.

Her voice was mixed with a bit of low anger and seemed to be very angry.

Luo Yibei stunned and looked at her quietly, not knowing why her fire came from.

It doesn't seem to matter to anything during the day, but what is the fire now?

The heart of a woman is really complicated!

A woman like Fang Chi Xia is more complicated!

Luo Yibei had some fires, and his hands squirmed his tie and turned to the bathroom for a half-hour cold shower.

The next day, Fang Chixia did not know what the name of the city was. He wanted to go to the hospital to see.

Ye Hao knew that she was going to go, only when the family was saved, it was quite happy.

Who knows, after seeing Fang Chi Xia empty-handed, her sharp irony after a meal and blocked in the door of the ward, even the face of the city will not let her see.

Fang Chixia was helpless, and he could only continue to think of ways if he walked out of the hospital.

Luo Yibei, she can't find it. After looking for it, if she owes him 300 million, she and he may be more unclear after four years.

Fang Chixia came out of the hospital and went to the scene. In the end, the name of Fasino flashed in the brain.

Hesitating for a moment, she called Fissino, just saying that I could see him.

Fesino has a lot of supernatural powers, and Fang Chixia is once again seen.

After a phone call, a few minutes later, his person appeared directly in front of her.

The location of the two is a coffee shop.

Sitting in the seat, Fang Chi Xia lowered his head and struggled, his face slowly rising.

“His Royal Highness, can you do me a favor?”

Her words are temptations, and her tone is very uncertain.

After all, 300 million is not a small amount, even if people have more money.

Fesno's deep gaze quietly looked at her, the twilight was very clear, and it felt like it could penetrate everything.

I haven't waited for Fang Chi Xia to continue. However, he slowly spoke up. “Is there a problem at home?”

“Do you know?” Fang Chi Xia Yi, the pupil was shocked and shrunk slightly.

“I don't know what I have in City C?” Fissnor picked up his eyebrows.

Chapter 359: Leave him

Fang Chi Xia thinks about it too. He does not mention the strength of the Chris family. He often travels to C City. What does he know?

Besides, Fangjia is not an ordinary small family. If something goes wrong, this circle is sure that many people know it.

Since he guessed the purpose of her coming, Fang Chixia did not turn around with him. After thinking for a while, he simply said the opening. "Can you help me?"

"Yes." This kind of thing actually wants to be sure that it can only be solved by money, but Fasino asked if she didn't ask her how much it was, and she readily agreed.

Fang Chi Xia is a glimpse, sensitive feel that this is simply not supposed to be so simple.

Sure enough, Fasino's next sentence confirmed her guess, "But I have a condition."

"What conditions?" Fang Chi Xia looked at him quietly, and his alertness stood up.

Fesno's gaze swept her face at an extremely slow speed, inch by inch, slowly and spit out a word, "Leave him!"

Fang Chi Xia Ran looked at him, his face was a bit white.

"How?" Fasino watched her look quietly, lazy and changed his posture.

Fang Chi Xia seems to be struggling, silent and has not spoken.

Then, after a while, when Fasino was curious about her answer, she stood up with her coat. "Sorry, I can't agree with this."

Not that she didn't want to leave, but that her four-year marriage contract with Luo Yibei was not over yet.

Moreover, if the money is followed by Fasino, what is the difference between selling this and selling yourself?

Fang Chi Xia's self-esteem does not allow her to do so.

She refused to be very straightforward, turned and did not hesitate to leave, but Fausto called her, "I just said, it is just a joke."

"What?" Fang Chi Xia Yi, the footsteps stopped.

Fesno actually just wanted to test her reaction, but could not tell her so straightforwardly.

Smiled, if nothing had stirred the coffee in the cup, took a

drink and said, "The weather is so good today, sit with me!" Fang Chi Xia was somewhat unpredictable, but he still sat down.

Just, I didn't mention anything afterwards.

So much money, in fact, what is the difference between borrowing from Luo Yibei and borrowing from him?

Always confused with a person.

Fang Chi Xia hesitated, decided to find Luo Yibei.

She sat with Fesno for a long time. After returning, she did not directly call Luo Yibei, but found out the card he gave her.

Luo Yibei gave her several photos, but Fang Chi Xia has never been used, has been hidden in the snow.

When she took it out, he hesitated, and finally turned to Ye Hao in batches.

Therefore, when Luo Yibei sat in the company office, he always heard the mobile phone text message reminding the toot of the earthquake.

When you open it, there are more than a dozen transfer information, and the name of the other account has not been displayed.

Luo Yibei's brow wrinkled, and the reflexive sounded the last time Fang Chi Xia was kidnapped and blackmailed. He put the documents in his hand and he called her over a phone call.

Fang Chi Xia turned over and kept thinking in front of the window how he should explain to Luo Yibei. The phone was put a bit far away, and the ringing sound did not hear.

Luo Yibei dialed a lot, still did not have any message, opened the door of the office and went out. The company had been home for more than half an hour and spent more than ten minutes to get back.

Chapter 360: Why didn't you think about me?

He was rushing back all the way, the footsteps of the door were very fast, quiet and embarrassing, leaking a bit of frenzy. When I came to the living room, my eyes first looked at the room and finally turned to Fang Chi Xia.

Fang Chi Xia is still at the window, always thinking about how to explain this to him.

Suddenly I saw him coming back, and stunned for a moment, his eyes quietly falling on his face.

With a brief transition to his sight, I don't know if it was her illusion. She seems to have seen some concerns in his eyes.

Fang Chi Xia did not know why he came back. The conditional reflection was because she used the hundreds of millions of related things.

Looking at him, she was silent for a while, and she didn't know how to explain it. She simply said, "I used the card you gave me."

She said this with some caution, while she was quietly observing his look.

She is afraid of causing some unnecessary misunderstandings. Luo Yibei always thought that she had something to come back, and did not pick up her mobile phone. He drove back this road and even imagined a variety of situations that she might happen.

Looking at her sharply, she opened her question slightly. He asked coldly, "Why didn't you answer the phone?"

Fang Chi Xia Yi, looked at his mobile phone not far from the line of sight, explained, "I didn't hear it."

Her words are fluttering, and she can't look down on the waves.

Let Luo Yibei feel like a fist on the cotton, and the fire that accumulates back on this road is hard to be returned to her chest.

"What happened?" Without continuing to investigate the phone, he turned the subject on the right track.

His tone was just a bit cold, but it was still calm and there was no trace of anger.

This made Fang Chixia somewhat accidental. She thought that such a large sum of money was now used by her. Even if he did not care, he would sharply take the irony of her marriage

to him.

However, Luo Yibei seems to have not pursued the meaning. Fang Chi Xia Yan stared at him for a long time, he explained, “Fang family has something wrong, Dad is sick and needs some money to survive the crisis.”

Fang Chi Xia actually had no feelings in the other side of the family. However, she was brought back by Fang Mingcheng. Yu Li, she could not completely let the other family leave her hands.

This money is a feeling she repaid to her family.

“Why didn’t you look for me directly?” Luo Yibei’s gaze swept across her face, her eyes still bleak and desolate.

Fang Chi Xia Yi, want to explain, can think of the phone that was received by Su Ding last night, and then swallowed back.

“I will find a way to return this money to you.” The eyes and his staggered, she opened the subject.

“The design of the ring in this issue has already offset this hundreds of millions.” Luo Yibei said it does not care.

His words made Fang Chi Xia slightly wrong.

He is going to give her the proceeds of the ring auction to her?

Fang Chi Xia was very surprised, but it made her feel better.

The hundreds of millions of dollars she earned with her own hands, she used more peace of mind, always better than owing him.

At least she is not anxious and owes him a favor.

“Why didn’t you think about finding me?” Luo Yibei asked again.

He seems to be very persistent on this issue, and it feels like he is not willing to give up.

“It’s not good to disturb you so late.” Fang Chixia did not directly explain that the phone was picked up by Su-dye, and he turned around and took the group and went out.

Chapter 361: Help her account

Luo Yibei stiff standing in place, his brow wrinkled.

How do you listen to this sour?

Luo Yibei was recently irritated by her, mainly because he did not understand why Fang Chi Xia suddenly became alienated in the past two days.

Luo Yibei's beating the wall, sitting down on the sofa, holding a mobile phone, and making a call to a special helper, "What happened to the bottom of the house?"

In a word, I hung up the phone and waited for a while on the sofa with my fingertips slamming the phone screen. The assistant's phone called after a few minutes.

"Northern Master, is the economic crisis caused by poor management of Fangming City."

"I know." Luo Yibei simply returned to the man and hung up.

Looking at Fang Chi Xia's cell phone, he took her phone.

He actually wants to see if Fang Chi Xia was recently entangled by the Fang family. When he opened the address book, he accidentally discovered that there was a call record that she called him.

The status is displayed by the pass.

Luo Yibei stared at the record for a while, looking at the time clearly shown above, the brow wrinkled, and suddenly understood.

Fang Chixia's communication records have been several to date, and several of them are related to Ye Hao.

Luo Yibei stared at her communication record for a long time, held her phone in her hand and took it out.

When he came to the garden, Fang Chi Xia Zhengyi helped the group to comb the hair on the grass.

Her facial curves were originally very feminine, and when the sun was stunned, the small face was shrouded in halo and beautiful.

Luo Yibei walked a few steps, took her hand, took her and went outside.

"Where to go?" Fang Chixia followed behind him and asked while walking.

Luo Yibei did not explain, just walked with her striding, and the pace was very fast.

His face has been cold and cold since he came back. It feels

like it is possible to pick up the stormy weather at any time.
The air around it is cold.

Fang Chixia didn't want to give himself a trick, didn't continue to speak, just took his cell phone in his hand and quietly followed him.

Luo Yibei took her to the car and went to some direction in the city.

Fang Chixia began to check her mobile phone with a low head. She didn't know what he had just done.

When I walked through the city, I had already turned a secluded road and my face was lifted up.

Looking away from the window, she looked at the scenery outside, and she was not calm.

Isn't this the way to the party?

"Would you like to go to the house?" Turned his head and turned his eyes, she asked.

Luo Yibei's thin lips squatted proudly, ignoring her.

"What to do?" Fang Chixia chased and asked.

Luo Yibei just focused on driving his own car, or ignored her.

Fang Chi Xia Yu mouth, decided to sit and watch.

The car where the two are located arrives at the party after a few minutes.

"Get off the bus!" Luo Yibei first got off the car, then went to Fang Chi Xia and went in.

Fang Fang's people had only guessed that Fang Chi Xia was married to him, but Fang Chi Xia did not personally admit it.

Now suddenly I saw Luo Yibei coming over, which is undoubtedly equivalent to all the speculations being implemented.

"Luo, Shao Shaoye..." Ye Hao was very surprised. He looked at the words with a look of diligence, but he could see the cold face of Luo Yibei. All the words that were not exported were swallowed back.

Chapter 362: You don't even have to serve me.

Ye Hao was stunned by the coldness of his body, and he did not know what to say.

Fang Chi Xia looked at Ye Hao, and looked at Luo Yibei again. Xu Mei screwed it. "What happened?"

Luo Yibei looked at the micro side, faintly glanced at her, and slowly walked to a side of a rattan wooden chair and sat down. When Ye Hao saw it, he was busy giving Fang Fei to the side, "Fifi, tea!"

Fang Fei understood his meaning, sorted out the grooming, just wanted to go to the coffee table to go to the tea, but was stopped by Luo Yibei, "No need!"

His voice was very cool, and when he spit out from his lips, it seemed like a cool breeze around him, letting the temperature of the air cool.

I haven't waited for Fang Fei to answer, and I added a sentence, "You, not worth it!"

Very faint voice, even no ups and downs, however, the sharpness of words, like a knife, cut Fang Fei's high self-esteem in two.

This is not the first time that Luo Yibei has hit her. The first time is for Fang Chi Xia. This time, Fang Fei feels that it should still be for Fang Chi Xia!

Luo Yibei is rooted in helping the pool summer revenge?

Luo Yibei did not look at her, but swept his eyes to Fang Chi Xia, and then slowly spit out two words, "Miss Fang, this seems to be your business."

Fang Chixia has been surprised since he heard the irony of his invisible words.

She has not seen the sharpness of Luo Yibei. His sharpness will not make people feel wild, but the words that are light and spit out are often sharp as sharp.

Fang Fei has always been used to being arrogant, and now it is so frustrated by Luo Yibei that Fang Chixia actually feels very refreshed, and even admire Luo Yibei.

"Miss Fang?" Luo Yibei saw her just groaning, could not help but call her again.

Fang Chi Xia returned to God. At this time, he cooperated with him. He walked over with a low eyebrow and took the teapot to help him brew tea.

“Is the temperature OK?” A cup was handed to him, and his fingertips helped him to test the temperature of the teacup. Her service attitude was particularly good.

Fang Fei saw the teeth itch around.

Luo Yi north of the tea she handed over, squinted, his eyes suddenly swept to Ye Hao.

Ye Hao was seen by him as a spirit, his back bones were quite stiff, and his body stood upright. “Luo Shao, may I ask you to come here...”

In fact, she still has some expectations that Luo Yibei is looking at the side of Fang Chi Xia, and came to help Fang Jia. However, as soon as he appeared, the gas field on his body was too strong. Ye Hao hit him from the house, feeling that the pressure in the whole room was reduced by several degrees, and the bones were cold.

Ye Hao was shocked by his gas field, and even let him help this point and dare not think about it.

Luo Yi North’s slender five fingers slightly took the cup held, the corner of the corner of the eye was light, the eyes faintly swept to her, staring at her for a long time, taking a pen from her arms, and writing a check, handed it to her.

Ye Yiyi, enough to pass a look at the check, glimpsed the nine zeros above, the eyes are bright.

Luo Yibei pushed the cheque to her, stood up, and pulled Fang Chi Xia to the arms, and spit it out in a cool manner. “One billion, is she still enough to raise the parental fees for these years?”

I paused and added another sentence. “Since then, she and the Fang family have no relationship at all!”

Chapter 363: From now on, you only belong to me.

Fang Chi Xia Yi, his face stiff and raised, his eyes looked incredible to him.

Ye Hao seems to have been stupid. Suddenly she received so much money, her head was blank for a while, and she returned to God. Her face smiled. "Enough, of course enough. Thank you, Luo Shao!"

Her eyes were staring at the check from beginning to end, and the line of sight seemed to be glued to the tape, and it was not removed.

Such a woman, seeing Fang Chi Xia's eyes full of ridicule.

"If you have said it, it is best to remember. In the future, people in the family have anything to do, don't look for her again, she has nothing to do with this family!" Luo Yibei cold and cold again.

"Okay, ok, I know." Ye Hao nodded like a garlic.

Luo Yibei released the hand that pressed the check, took Fang Chixia's wrist, and pulled her away from the house without squinting.

The people of this family had no feelings with Fang Chi Xia. Fang Chi Xia and Fang Jia were separated from each other. In fact, they would not be sad.

Just, thinking of her leaving the house completely, it turned out that in this way, it made her a little lost.

Luo Yibei took her to the side of the house, and when she was about to go to the front of the car, her footsteps could not help but stand over her head. His eyes fell on her face.

Fang Chi Xia Yi, he looked up and looked at him quietly.

"In the future, you are mine!" He swept the coldness in the room, and this sentence seemed to bring something interesting. Suddenly, the fingertips clasped her chin, and added a sentence, "I am alone, remember!"

Fang Chi Xia stunned, but did not expect that he would suddenly come up with such a sentence.

His words are very overbearing, but it seems like this is really the case.

Out of the Fang family, her world seems to have nothing to do with him.

At least, in the four years in which the marriage of two people is valid.

Without refuting his words, thinking about the reason he suddenly came over, Fang Chixia raised his head and asked, "Where are you coming, is this for this?"

She did not expect Luo Yibei to do the kind of thing just to avoid her being disturbed by her family.

In fact, Fang Chi Xia was moved in the heart, but when she thought about the wedding ring, she was waved by her.

Luo Yibei did not admit it, but did not deny it, just faintly said, "Get on the bus."

Fang Chi Xia did not say much, followed him and sat up.

Leaving Fangjia, Luo Yibei took her directly back to the villa of the two.

After Fang Chi Xia went back, he took a school book and went to the open-air balcony.

Sitting alone in the chair, she swayed the chair gently, and she looked at the book casually.

Her talent in language is particularly high. To be proficient in a language, many people may not be able to do it for a few years, but she only needs a few months.

This is why she didn't report to the school for a long time, but it is still so good.

Luo Yibei leaned against the door and quietly looked at her on the balcony, thinking that the phone was not received by him, his brows were slightly wrinkled.

"Last night, actually..." The lips moved and wanted to explain. However, just after opening, Fang Chixia did not know whether it was intentional or not. He suddenly turned around and took the group.

"You can see you, these two days are heavy." Poke the belly of the group, she talked to himself.

Luo Yibei slowly walked over and overbearingly put her on the chair, and her face slowly leaned toward her. "I am talking to you."

Chapter 364: Always like him

He used the body to hold her back. Fang Chi Xia was imprisoned in the chair and before him. He was full of his breath. The faces of the two people were close together, and his breath could be sprayed to her. Face.

This kind of posture makes it difficult for Fang Chi Xia to ignore him.

Over the side, her eyes fell on his face, waiting for his second half.

“Last night...” Luo Yibei just wanted to open his mouth, and the group that was in Fang Chi Xia Huai suddenly jumped up and rushed toward his shoulder.

The regiment has always liked him more. He may like it more than Fang Chi Xia. This one-fashioned action is particularly fierce, and the body of a small meatball hits his body. The claws are holding his shoulders constantly. scratch.

Luo Yibei brow wrinkled, and some irritatedly waved it, did not wave open, fingertips licking a layer of skin on the back of his head, hands back, the body of the chubby body was directly thrown by his hand Go out.

Boom!

The grassland was filled with a very dull sound, followed by the “喵喵” sound of Ai Ai.

“How can you do this? You hurt it!” Fang Chi Xia was distressed. He pushed him away and walked over.

Bend over and lift the clumps on the grass, check it out here, check it out, stare at it and look at it, kneel down and patiently help it to roll some dry grass hair.

“What can be done like Feicheng?” Luo Yibei looked at her in a disdainful direction and did not reflect on his behavior.

Fang Chixia was speechless to his behavior and continued to hold the group to help him deal with the dead grass.

Luo Yibei walked a few steps, stood in front of her, bent down, fingertips clasped her chin, and turned her face to herself, “I just got it...”

In a word, just after the exit, Fang Chixia’s hand suddenly pressed his wrist, opened his mouth, and bit his back. “I don’t know if it’s rude to interrupt someone’s work?”

Her movements were so sudden that Luo Yibei didn’t even think that she would suddenly make such an action, let her go,

and didn't even take her hand off.

"Polite?" He seemed to think her words were funny.

Need politeness to her?

Luo Yibei can't imagine what it would be like to be polite in life.

Do you need to be polite when doing those things at night?

Fang Chi Xia did not expect the overbearing person to understand her words, and turned around, wanting to continue to help the group to organize the hair, Luo Yibei suddenly leaned down in front of her, fingertips provoked her sharp The small chin, the lip is biting up at her lips.

He used the bite, it seems to be revenge for her fresh action, and it seems to be venting her neglect.

Fang Chi Xia smashed, and wanted to push him away, his hand just lifted up, but Luo Yibei took advantage of her wrist. He bite very fiercely, as if to crush her lips, and Fang Chi Xia screamed in pain.

"It hurts, hurts, you are lighter!"

"Lighter!"

He clenched his fist into his hand and beat his shoulders. The body was against him and he wanted to knock him away. Luo Yibei's action suddenly slowed down.

The rushing bite, somehow, suddenly changed the taste, turned into a light, shallow, sly.

The movement is still very slow and it is slow.

Fang Chi Xia couldn't stand him. He tried to hit it. He didn't knock it open. His hand was on the grass. Her body suddenly leaned back, his arm hooked his neck, and he leaned back and made it. An action that surprised him -

Chapter 365: Pinching you with one finger

“You don’t want to move!” The arms wrapped around his neck, Fang Chixia’s body suddenly turned sideways, and the two men’s positions were reversed, and she pressed against him.

Luo Yibei looked at her with a sigh of relief. She was somewhat surprised by her actions, and she even had some expectations.

“Actually, I just want to...” Fang Chixia’s body squatted on him, his face slowly leaning toward him, stopping at a distance from his nose, his lips rubbing from his lips, licking Luo Yi. On the occasion of her loss of the North, she suddenly bite his lips.

“Just want to be rude.” He watched his look quietly. Her body quickly withdrew from his body. Before his temper broke out, she climbed up from the ground and rushed into the house as soon as she slid.

She ran very fast, and she lost her figure in a flash.

Luo Yibei looked at the direction in which she disappeared, and the corner of her eyes took a moment, and slowly went into it.

When entering the house, Fang Chi Xia has gone upstairs.

When Luo Yibei followed up, she was preparing to close the door.

Suddenly I saw him appear, she seemed to squat for a moment, then the action was stopped.

Luo Yibei handed a support to the door panel, pushed the door open, and the body squeezed in.

His body is already very high, so one stop in front of Fang Chi Xia, so that Fang Chi Xia feels depressed.

He looked at her, his eyes dark and dark.

After Fang Xia’s marriage, he did not make a sing against him.

Seeing him catch up, he only came to look for her to settle the bill. He took him back two steps, his body against the wall, his hand climbing on his shoulder. The beautiful chin was lifted and lifted. “I know that you can’t swallow the last breath. If you like the tone of the marriage, you want to come directly.”

Luo Yi’s north corner of the eye took a look, watching her eyes full of disdain.

Can she still let him swallow?

“Do you believe that I can kill you with one finger?” Luo Yibei arms on both sides of her body, the words are very arrogant, very arrogant, and very vulgar.

What he meant was that it was easier to pinch her finger than to pinch an ant.

However, Fang Chixia seemed to want to squat, looked at him slyly, blushing red, and then suddenly did not speak.

“The phone call last night, actually...” Luo Yibei was very satisfied with her quietness, and her hands were on the wall on her side, which seemed to be explained.

However, at the thought of her just a series of disregarded behaviors, she felt that her words were completely unnecessary.

With her attitude of irrelevant to everything, she said that she is not rare!

When I thought about it, if Luo Yibei was not finished, I stopped.

“Nothing, I let the servant prepare dinner.” Release her, he turned and went downstairs.

Fang Chi Natsume left his back and left, his eyes seemed to be embarrassing.

The next day was a working day. Fang Chi Xia went very early, but still did not have the same car with Luo Yibei.

After half an hour, Su dyed also came, still with Luo Yibei.

Peer, there are several people in the Luo family, Sha Zhixing, Xiao Zuo, Luo Xiwei.

Su dye took Luo Yibei from the side of Fang Chi Xia, pushed the door of the Luoyi North office and went straight in. The feeling was naturally like visiting his own door.

After Luo Yibei had stepped on one leg, his footsteps could not be stopped.

His gaze quietly glanced in the direction of Fang Chi Xia. He wanted to see her reaction. Who knows that she is like a person who is okay, still immersed herself in her own face, and she didn't even lift her face. .

—

There are still six more today~

Chapter 366: I like to grab it.

Luo Yibei brow wrinkled, indifference to close the line of sight.

Xiao Zuo stood not far away, and looked at the scene without a smile. He smiled and bent, and did not know what was thought in his small head.

The sand weaving star is also on the side, with a smile on this scene, it seems to be thinking about anything.

“Go!” Luo Xi is not the person who loves to watch the movie. She takes her hand and takes her to the office upstairs.

For a time, only the left one was left in the Luo family.

Xiao Zuo came to the desk of Fang Chi Xia, elbows on her desk, swaying in front of her and chatting with her. “You look at you, you are not right, you look like this. My brother, I am afraid I haven’t gotten it, and I was taken away by people sooner or later!”

He was only seven years old, and he didn’t know how many adults thought about where to go. When he said it, he was like a little adult.

Fang Chi Xia was extremely speechless to him, but did not explain.

He said that it is awkward!

“Do you know what is the relationship with my brother?” Xiao Zuo said.

“What relationship?” Fang Chixia actually didn’t think about his words, but he still had a ride on him.

Xiao left the chair and placed it beside her. She sat up with her legs and continued to chat with her. “My childhood, understand?”

Fang Chi Xia smashed, and the hand flipping through the file was stiff.

“What do you know about the childhood? Isn’t it easy to be so beautiful? The most dangerous thing is but green plum, do you know? Why don’t you have any sense of competition?” Xiao Zuiyi hated it.

“What is the struggle?” Fang Chixia was speechless to him. Isn’t it something that her content has to fight for?

“You, you...” Xiao Zuo was mad at her face, and her face was red.

“You should look at the little book, you don’t care so much

about adults.” Fang Chi Xia coveted, holding the file and continuing to read his own.

Her attitude is the kind of irrelevant thing, letting nothing happen to her side in her heart.

Xiao Zuo hated her bitely, but she couldn't help it.

“Look at the cartoon! My sister is working.” Fang Chixia pushed him.

Xiao Zuo hated her and walked with her little hand.

Fang Chixia continued to work for a while, and the door of Luo Yibei's room suddenly opened.

“Miss Fang, come in!” A stop outside the door, he waved at her outside.

Fang Chi Xia thought that Su Dye was still inside, and hesitated.

Can think of the identity of her own assistant, or stand up and walk in, “OK.”

After Luo Yibei called her in, she sat down on the French swivel chair, but ordered her to make up the coffee. “Two cups, my taste, you know.”

“Good.” Fang Chixia did not think that it would be a good thing when he came in. He pressed his temper and was very professional and listened to his instructions to help him soak up.

Su dye Dazhuang sat on the sofa next to her, elegant and ceremonial, what is called everyone, Xiu Fan, is well interpreted in her.

She stared at Fang Chi Xia quietly, and the clear scorpion groaned slightly, and did not know what to think.

“Miss Su, this cup is yours.” Fang Chi Xia soaked two cups and handed one of them to her.

“Thank you.” Su dye whispered softly, sipped her coffee and put the cup back in place. “Sorry, I don't like sugar.”

Chapter 367: Sweet childhood

“Well, I will help you make another cup.” Fang Chi Xia smashed, changed a cup, and re-soaked a cup.

“Mr. Luo, this is yours.” Carrying another cup to Luo Yibei, placed on his desk, turned and wanted to leave, Luo Yibei put a bunch of documents on his hand in front of her. , faint voice, “This pile of data sheets, help me check.”

A very high stack of accounts, I don't know if it's been piled up for a few months, and a lot of numbers are so dizzying. Fang Chi Xia looked at the thick stack, his fists were gripped, but finally slowly loosened.

“Okay.” She seemed to be very patient today. She wanted to leave with information, but she was dragged by Luo Yibei.

“Just look here.”

Fang Chi Xia Yi, his eyes swept to him, and he was somewhat annoyed at his behavior.

Even if he is dating a lover, why should he catch up with her?

“Is there any opinion?” Luo Yibei looked up and his voice was not shocked.

Fang Chi Xia is very resentful, but only in his heart, his face is still like a person who has nothing to do.

“No.” A faint denial, she moved a chair and sat next to him.

Luo Yibei did not take care of her, but turned over and Su dyed to continue to talk.

“Easy, you have changed a lot here. I remember that every time I came here, you are not so small and fresh here.” Su dye stared at his office and looked at it. The voice of the voice was faint, soft, even if it was square. Chi Xia is a woman, and she feels particularly crisp.

There were a lot of small potted plants in Luo Yibei's office.

Fang Chi was prepared for him when he was fine, and he also inserted several bottles of flowers.

It is a beautiful hydrangea, a vibrant, hard-working office that has been masculine and full of softness.

Luo Yibei did not care about this matter, mainly Fang Chi Xia's taste is OK, decorated things, even if his taste is so picky, can get into the eye.

Therefore, in the face of such a small matter, Luo Yibei all let her toss.

Su dye asked such a question, Luo Yibei did not explain, just a

touch of “hmm” sound.

But the side of the pool is listening to ear thorns in the summer, every time I come?

Have you been there many times?

Su Dian took a coffee and sighed, and continued to talk with Luo Yibei. “Easy, when did I go to visit my grandfather at home? I haven’t visited his old man for a few days.” ”

“Good.” Luo Yibei readily accepted.

“Right, grandfather’s favorite is jade carving? I remember that when you were a child, you accidentally broke a jealousy. At that time, he didn’t know how distressed, and he almost forced you to break the broken pieces. stand up.....”

“Oh, that time is actually very fun, and the results are not taken care of by you.”

“There are still many things in my childhood, as well as the previous Jade Tower, and ah...”

She said a lot, just started talking about Luo Yibei, who was half-dead when he was a child. After that, he chatted and talked about it. Somehow, he talked about the things of the two people.

What Luo Yibei once fell into the lake, what else she was injured, he took her for a long way, and he made trouble for her, and grandfather.

Fang Chi Xia is still in the room, and Luo Yibei insisted on leaving it. At this time, a lot of figures are being stared at the densely packed figures. In contrast, the two people there are still laughing and joking...

Chapter 368: The world knows how close you are.

Fang Chi Xia has some fire in his heart.

I want to talk about the two young people when they are young, more than two little guesses, just talk about you, why should I leave her here to listen specifically.

I am afraid that the world does not know how intimate you are in the past?

Still good intentions in front of her true wife!

Fang Chixia was being irritated by a lot of dense numbers at this time, and no matter what Luo Yibei was beside her, she suddenly floated out, "The traitor yin woman!"

The four words are very clear, the volume is not high, and the place where Su dye is located may not be heard.

However, Luo Yibei originally had a special ear, and it was also taken by the side of the pool, which was naturally captured.

His face sank and his face was slightly distorted.

"Miss Fang, what do you say?" The lips were cold and ticked, and he asked.

"Don't say anything." Fang Chixia calmly returned to him, bowed his head and continued to struggle with a lot of numbers.

Her words, not shocking, that feeling, as if nothing really said nothing.

Luo Yibei looked at her like this, and the corner of her lips was colder and colder.

This account goes back to count with her!

Fang Chixia continued to look through the thick stack of data sheets.

Interrupted by her midway, Luo Yibei and Su Ding, who had been talking in the room, were quiet for a while, but after a minute, the sound of Su Dian sounded again.

Everything she talked about was with Luo Yibei when she was a child. There are many stories of two people, as if how to talk and talk.

Her voice is actually very good, and the speech speed is very slow, soft and soft, very sweet.

However, Fang Chixia is reviewing the data, and if he is not careful, it is easy to make mistakes.

The sound of Su Ding sounded from time to time in her ear,

and she had to make a mistake several times and had to come back again.

Fang Chi Xia was a little annoyed. She didn't know what happened to her. She looked up and suddenly she rushed to Su dyed coldly. "Please calm down? You bothered me!"

Very light voice, without a trace of personal emotions, is purely a reminder.

Su dyed the cockroach, was said by an assistant, his face was a bit stunned, and his eyes finally turned to Luo Yibei.

Luo Yibei was not angry at this time, and his mood seemed to be excellent. He did not even blame the pool of Xia Xia.

Outside the door, a knock on the door suddenly came.

Followed by the sound of the sand weaving star, "Easy, open the door!"

Luo Yibei stood up and walked over and opened the door for her.

Sha Zhixing did not come in, just handed a female coat to him in his hand. "Stained, I will leave it when I leave with you at 12 o'clock the night before, and help me to say thank you."

She has a very thin coat in her hand, very elegant color, very famous, and looks like Su dyed.

The sound of Sha Zhixing was still a bit high. When he spoke, his eyes glanced in the direction of Fang Chi Xia.

Fang Chi Xia, such a clever person, Sha Zhixing's words, want to pass the key information, she suddenly caught.

The lightly lowered face slowly lifted up, and her gaze fell on the face of Luo Yibei.

At about 12 o'clock in the evening, he and Sha Zhixing left from Su Ding?

Are the mother and son both there that night?

The night before the night was the night when Fang Chixia's call for help to Luo Yibei was received by Su Ding. She always thought that Luo Yibei was alone in the lover...

Chapter 369: Wedding rings are ready

In the words of Sha Zhixing, Fang Chi did not return to God for a long time in the summer.

Luo Yibei glared at her very coldly, and took the coat and walked in if nothing had happened.

Fang Chi Xia stunned for a while, and opened his mind and continued to toss with a lot of numbers.

She was just a little surprised, but again, is he and Su Ding that night together, and what is the relationship with her?

The wedding rings are all ready, even if you spend the night together, it is normal.

Luo Yibei arranged a large number of data sheet audits for Fang Chi Xia. In fact, she was interested in letting her stay here.

Data check is a very tedious job, and he has come up with a lot.

After knowing that the room was quiet, Fang Chi Xia's turned over, and others might have spent a whole day not necessarily doing the work. She solved it in less than two hours.

"I have already reviewed it. If there is something wrong, I made a comment. You can see it. If there is nothing else, I will go out first." Give him a lot of accounts, Fang Chixia stood up, waiting for him to have When I sent the other orders, I turned around and went out.

"Your newly hired assistant?" Su dyed her eyes moving along her figure, watching her cover the door, her eyes turned cold and turned to Luo Yibei.

"Yeah." Luo Yibei just faintly responded to her, Fang Chi Xia left, his attention also shifted to his work.

His attitude changed a lot. Before and after, he was still chatting with Su Ding. It felt like the relationship between the two was intimate. Fang Chi Xia turned and left, and he resumed the indifference of the past.

Such a, let Su dye feel that he seems to accompany him to play a play, the audience left, the play also ended.

"You didn't like to use a female assistant before." Su dye stared at him for a while, and said.

Luo Yibei looked at her and his voice was light. "Habits can be changed."

"Is it from her?" Su dyed his mouth and asked, and asked.

“What business are you going back this time?” Avoiding her problem, Luo Yibei put the documents in his hand, and asked coldly.

“So the family’s domestic affairs may live in the country for a long time.” Su dye answered.

“I know, there is a place where you need help, you can find Dad.” Luo Yibei faintly responded to her and continued to do her own.

What he said is that there is a need for help, let her find Luo Xi, not him.

This kind of him, let Su dye heart tightened.

Is this what he is avoiding?

In the big office, after Fang Chixia came out, he did his own thing with nothing happened.

In the afternoon tea, Xiao Zuo ran over to sit with her for a long time, moved the chair to her side, and the small adult gave her advice and gave her a list of how to ask Luo Yibei.

For example, what are the taboos of Luo Yibei, and which ones must not be touched. For example, when Luo Yibei was angry, she learned to look at her face.

Xiao Zuo is really trying to help Fang Chi Xia.

The seven-year-old child probably wrestled with all the things he could think of in his mind.

However, Fang Chi Xia seems to be not interested in anything. He said so much, and she did not know that she was listening to it.

“Stupid woman, I just said so much to understand?” Xiao Zuo hated it, and pushed her to push her head down to do her own thing.

Chapter 370: Pool summer is overcast

“What do you say?” Fang Chixia’s face was lifted from a pile of French, as if he had heard his words.

“I said, Su dyeing will definitely leave with my brother at night, let’s go with it.” Xiao Zuoxiao’s answer.

“What to follow? What is the best thing to follow?” Fang Chi Xia did not care.

“Then you don’t go, I am going, are you with you?” Xiao Zuo said with a smile.

Fang Chixia was speechless to him.

What is the difference between this and the words in front of him?

“That’s it.” Xiao Zuo smiled and bent, and the cigarette slid down from the chair and turned to call the sand weaving star.

“Hey, hey, I will send me back in the summer and summer, I will not be with you, you and the second uncle will leave after work, do not wait for me.” And Sha Zhixing confessed that he hung up the phone.

His speed is very fast, and he said a series of screams.

“Hey!” Fang Chi Xia was shocked and changed his face. He wanted to stop him from getting it.

“It’s already hung up.” Xiao Zuo shrugged and collected his cool children’s mobile phone.

Fang Chixia looked at him incredulously, and he smacked his head.

Is she considered to be overcast by this kid?

Xiao Zuo came with the couple of Sha Zhixing Luo Xixi. Now he called to let the couple go, and Luo Yibei obviously will not be with him.

Doesn’t this mean that he is dependent on her?

Fang Chi Xia is not interested in tracking Luo Yibei. Luo Jia is even more shunned. Now Xiao Zuo is a double-edged sword, which makes her have to accompany him, and also sent him to go back because she had to Go to Luojia once!

This kid!

Fang Chi Xia can’t believe that he was actually restrained by such a small child!

The small left disk was placed on the sofa chair next to the leg, and she smiled at her innocently.

“I don’t care about you for the time being.” Fang Chi Xia

glanced at him and continued to do his own thing.

At five o'clock in the evening, as Xiao Zuo expected, Luo Yibei really went out with Su dye.

Su dyed in and out of the shots are always on his arms, the two are like a pair of lovers.

It was clear that I had been to the office twice in the past two days, but most of Rongxi's employees remembered her face. One rumor about the birth of the new lady, even in the interior of Rong Xi.

When Luo Yibei left, he glanced at the direction of Fang Chi Xia.

Fang Chi Xia looked up, his eyes briefly crossed with him, and he looked at Su dyed around him, saying nothing.

"Dyeing, let's go!" Withdrawal of sight, Luo Yibei and Su dye walked side by side.

"My brother, goodbye!" Xiao Zuo waved his hand to Luo Yibei far away, his face was very harmless.

When the figure of Luo Yibei disappeared, his figure followed and walked out.

Now that they are off work, the Luo family people are all gone. On the phone, he is talking to Sha Zhixing, Fang Chi Xia will be with him.

The current Fang Chi Xia is undoubtedly the equivalent of his guardian. When he left, she also left.

I don't even need a small left like the one just used.

After the little left came out, she took a taxi and took her to sit up.

The young master who came out of the Luo family had a very good example. After getting on the bus, the shot was quite wide. Several hundred yuan bills were handed to the driver.

"You don't have to find it. Just give me the Lamborghini." "

After the two taxis, they drove out of Rong Xi, followed the car of Luo Yibei, and finally stayed in a western restaurant.

Chapter 371: Track his appointment

Xiao Zuo did not go in, but like a sneak shot of a reporter, a telescope hung around his neck, staring at the pair in the restaurant.

Fang Chi Xia sat next to him and did not go in.

The purpose of her follow-up was actually to look at Xiao Zuo Zhao, but sitting and sitting outside, her eyes could not help but look at the restaurant.

Luo Yibei and Su dye sit in the window, the restaurant selected by the two is very stylish, and the table is covered with rose petals, which looks like a couple restaurant.

When Su Ding just sat down, the waiter also gave her a beautiful bouquet of white roses.

But she didn't seem to like the white look and placed it aside.

Su Dye is a very temperamental girl, and very elegant, giving people the feeling of being indecent, the five senses are very beautiful, sitting there is like a static painting, very pleasing to the eye.

Fang Chijing stared at her quietly for a while, and her eyes narrowed.

The restaurant is a little far away from the car she is in, and I can't hear the conversation from the inside.

Su dyeing in the house did not know what he was talking about with Luo Yibei. It was not finished at 10 o'clock in the evening.

Fang Chi Xia quietly glanced at the direction of the two again, only to feel that such a Luo Yibei is somewhat ironic, "I have not seen that kind of patience!"

"What do you say?" Xiao Zuo still stared at the window and stared at the two people. Hearing her words, she looked at her sideways and wondered.

"Nothing, continue to be yours." Fang Chi Xia licked his head and took back his sight.

The two people in the room were still sitting, and I didn't know how long it took. The little left outside was so sleepy that I fell asleep directly on Fang Chixia's shoulder.

Fang Chixia wanted to take the opportunity to take him away. Luo Yibei and Su Dian, who had been sitting in the restaurant for several hours, suddenly came out.

Fang Chi Xia sat in the car, thinking that she would leave after

the two left.

What surprised her was that Luo Yibei actually stopped the car and let Su dyed himself back. She did not send her.

Such Luo Yibei, let Fang Chi Xia do not understand.

Luo Yibei stood on the street in the night, and did not get on the bus immediately. It felt like waiting for someone.

The light was laid down from the top of his head, pulling down a silhouette behind him, softening his body and softening it.

Two people, one sitting quietly in the car, one standing outside the car, so deadlocked for a while, Luo Yibei's line of sight was cold and prevented from sweeping in her direction.

Fang Chi Xia was so looked at him, it felt like he was suddenly caught in a bad thing, and he was reluctant to hide.

Luo Yibei walked a few steps.

"Not yet?" The door on her side was opened and he stood in front of her.

Fang Chi Xia is a bit embarrassed, mainly because he is afraid of misunderstanding.

They have been monitoring for so long, such a woman, not mentioning others, even she herself feels like the kind of woman who came out to catch her husband's adultery.

"I just stayed with Xiao Zuo." He looked up at him and she didn't explain it.

"Follow!" Luo Yibei faintly swept the little left eye that she was sleeping with, and picked up the little left and walked in front of her car.

When he came to the front of the car, Fang Chixia helped him open the door. He placed the small left in the rear seat and placed it on the door.

"I just sit back." Fang Chixia also wanted to sit up, but he was caught by his wrist.

Chapter 372: Not just a kiss

Fang Chi Xia Yi, over the side, his eyes faintly fell on his hand.

Luo Yibei stared at her face, her eyes swam past the extremely slow speed, and her eyebrows picked her face. "With the little left?"

"Small left wants to come, but no one is following, I don't trust, so..." Fang Chi Xia Yu explained, in a word, he did not speak, but he was interrupted. "So how many hours is it with me?"

Fang Chi Xia is a glimpse.

He even knows that they stayed here for a few hours?

Luo Yibei like the ink of the shackles her eyes, twilight, like the hope of wearing everything quiet.

Fang Chi Xia was so watched by him, and he did not know how to answer it. "I, I am just..."

Just what?

Even she herself felt that her behavior at the moment was like a woman who followed her husband's private lover. How could she explain to him?

I don't want to be more and more black, and Fangchi Xiasu does not explain it.

What do you think about him?

"It's too late, go back first!" The eyes were stiff and staggered.

I wanted to go around the front passenger seat. The footsteps just started, and the wrist was suddenly smashed by Luo Yibei. Fang Chixia had not reacted yet. The dense air rushed to the surface, and the body followed the slamming sound and was placed on the window behind him.

Luo Yibei's strength is very strong, but also very strong, arms around her waist, her banned her death, face to her face and poured over.

Two people are still on the street, and the car still slept a little left. Fang Chi's side of the summer side looked around and looked around. He was shocked and changed his face. He struggled in his arms, did not struggle, and raised his fist. Beat him a few times, "No, don't do this!"

Her voice was originally resisting, but because she was afraid of the small left to hear the deliberately depressing relationship, when it was low and low, it seemed to have

changed its taste, and how to listen to it was a bit of a taste of rejection.

Luo Yibei Li did not care about her, slender fingertips slammed her squat, forced her face to turn to herself, and her lips glared at her and kissed her.

Fang Chi Xia Yi, biting his fingertips, evasively evaded.

Two people are like two chasing fish, one is constantly dodging, a strong pursuit, outside the car window, the little troubles are up.

The person sleeping in the car was sloppy and his body turned over.

The stalemate outside is still going on, and Fang Chi Xia and Luo Yibei obviously did not notice.

Fang Chi Xia is a bit sloppy, but Luo Yibei, forced to helpless, do not hide without hiding.

Back against the window, looked up, looked at him, her arms suddenly climbed over his shoulder.

“You are a little faster!” Lightly raised her head, she made a catering posture.

What she thought was that she was just a kiss. She thought that he could not last long. It would be better to follow his wishes and leave such awkward places.

After the two people got married, when Luo Yibei wanted to do something, there was almost no time to be embarrassed.

The corner of the lips raised a sinuous arc, leaning against the head, and her face tilted toward her again, but she stunned when she saw a gaze in the window.

In the car, the little left who was still asleep before did not know when he had woken up.

He seemed to be a little awake, kneeling on the window, his eyes wide open, and he was staring at the two outside.

Luo Yibei was so looked at him, and he stunned for a moment, and all the movements stopped.

Fang Chi Xia Min felt that his eyes were not right, and the line of sight was stiff and looked into the car...

Baby, I like the Wenwen. I like to let the young masters of the North and Xia Xia give the monthly tickets to the article. Every fifty, seven or seven will give you more, what?

Chapter 373: Just for you on a whim

Xiao Zuo seems to be very serious, his eyes are unscrupulous, and he does not know how long he stared at the two.

Fang Chi Xia Qingliang's cockroaches collided with his round eyes and looked at him slyly. There was something in his head. The blast exploded and all the expressions on his face suddenly solidified.

When she was with Luo Yibei, she was always very anti-small left, mainly the last time Tong Yan and Shi Yuyang, and how strong the propaganda ability of Xiao Zuo was.

Moreover, the child is very clever, and Fang Chixia is afraid that he and Luo Yibei will spread from him.

The result is now being hit by him!

Fang Chi Xia Yan looked at him, his head for a few minutes, completely blank.

Luo Yibei's reaction was still dull, but it was just a little while, and his face quickly returned to nature.

He has always been like this. He doesn't mind anyone's eyes when he does things, and he naturally won't avoid anyone.

Open the door and look at the little left face. He faintly said, "Continue to sleep!"

His voice has a natural indifference, and the wording is very simple, and the little left is the most listened to him.

As for the three words, there is nothing else. The little left is like a person who is trained in military training. He stumbles "oh" and then climbs back to his seat and falls asleep.

I didn't even ask two people.

Fang Chixia was incredulously watching this scene, admiring all kinds of Luo Yibei.

"Not too early, go back, I sit behind." Pulling the car door up, she and Xiao Zuo were together.

Luo Yibei was interrupted midway, his face was a bit gloomy, but he did not insist.

Sitting on the driver's seat, he drove two people to his villa.

Fang Chi Xia did not know what Xiao Zuo saw in the scene.

I was afraid that he would think too much. When she was sitting behind, she kept hypnotizing Xiao Zuo all the way.

"Small left, listen to my sister, you just didn't see anything, you are dreaming, you know? This is a dream, It's not true, I have to forget everything when I wake up, do you know?"

She has been repeating, like a panic, a person talking to himself, no matter whether the little left sleeps.

Xiao Zuo has just been sleepy, and his head is not awake.

Luo Yibei let him continue to sleep, he fell asleep very quickly, this time is about to fall asleep, who knows that the sound of Fang Chi Xia has not been heard along the way, when halfway, Xiao Zuo can not help, closed The eyes suddenly opened.

When the four eyes collided, Fang Chi looked at him in summer and his expression was a bit stunned.

He leaned back in the chair, his head slightly tilted and his posture looked lazy.

His eyes were faintly swept away on her face, and he glanced at her up and down over and over again, and looked at it very seriously for a while.

Then, the mad man screamed in disappointment. “My brother must have a visual problem tonight. You don’t have to care so much in summer and summer. Like you, the chest is so flat, the clothes are so conservative, even the initiative will not The woman will not easily get into his eyes. Even if there is, it is only a moment of rise. Although I like you very much, you still need to go a lot.”

He doesn’t know who is genetic, and the satire is also very sharp.

It feels like saying, although I am very supportive of you, but the process of your struggle is still very long.

Fang Chi Xia’s face was white for a while, and he wanted to hold him a few.

Chapter 374: Without me, can't you sleep?

However, her fears did not happen, which made her actually relax a lot.

Fang Chi Xia sighed and took all his evaluations as childish and did not care about him.

“Let's go to sleep, take a good sleep, I am calling you.” Patted his back, she wanted to let him fall asleep, but the little left pushed her hand away.

He is seven years old, and Fang Chixia's behavior makes him feel very naive.

Fang Chi Xia was speechless and his hand curled back.

Little left holding the coat and continuing to sleep.

For the relationship between Luo Yibei and Fang Chi Xia, he actually sees the clouds.

When I was in the villa of Niscar, I saw the pair of lovers cups. He wondered if the relationship between the two would be more intimate.

And back to the country, in Luojia, Luo Yibei, the other side of the pool is different, he also caught several times.

However, looking at Fang Chi Xia's not thinking about anything, Xiao Zuo's understanding of the relationship between the two was subverted.

He seriously thought about coming over, thinking about the past, still feel that Luo Yibei, the other side of the summer, is only a big possibility.

The white Lamborghini is still driving slowly on the road.

Luo Yibei drove Fang Chi Xia back to the villa of two people, and then sent Xiao Zuo to Luo Jia.

When the three people left the western restaurant, it was already more than ten o'clock. When Fang Chi Xia returned to the villa, it was already eleven o'clock.

I took a shower and walked out of the bathroom. I was lying on the big bed in the two-bedroom. Her sleeping position was very casual.

What she thought was that it was already so late, Luo Yibei had to go back to Luojia once, and it should not be back tonight.

However, when the stupidity was about to fall asleep, there was a footstep downstairs.

After a while, the door was pushed open.

Fang Chi Xia had some accidents. He took a small alarm clock on the bed and looked at the time. It was already half past twelve.

Looking at him back to this point in time, she was a little dumbfounded.

“Why, is the special waiting for me?” Lazy to pull the tie away, Luo Yi went to her north, and untiedly buttoned the shirt.

Every time he did this action, he was particularly sloppy, and he was very lazy and **** with his hands and feet. Just watching, there was something to make the population dry.

“You think more.” Fang Chixia’s gaze was somewhat difficult to remove from him, and his eyes turned to the side.

“What is that? No, I can’t sleep?” The shirt that was untied was thrown to the side, and he spoke slowly to her.

I am already asleep when you are not coming back.

Fang Chi Xia wants to splash him a cold water.

However, in the past, the pain of raising the bar was too much, and she was very clear about how dangerous it would be to return to this.

They have been married for so long, and Fang Chixia knows how to look at things.

Luo Yibei tweeted her two sentences and went to the bathroom.

He is taking a shower inside.

It is early in the morning, the night is quiet, and the sound of the water is like being magnified, so that Fang Chi Xia, who wants to go to sleep, is a little bit awake.

When the sound of the water in the bathroom was over, Luo Yibei wrapped a towel to get out of it, Fang Chi Xia was staring at him and watching it.

She actually wanted to wait for him to go to bed before going to sleep, so that he would not be woken up in the middle.

But who knows, Luo Yibei did not know whether it was intentional or misunderstood her meaning.

“I still don’t want to sleep? Let’s do something else?”

Chapter 375: So good energy

Fang Chi Xia only thought that his words were ironic. While kissing my lover and me, I came back and had the mood to do this kind of thing with her. The energy is really good enough! “There is still a lot to do tomorrow, maybe I have to toss my eyesight against a bunch of numbers! I slept first.” The lips smacked a slap in the face, wrapped in a sheet, and her body’s cold side turned to the side.

She was satirizing Luo Yibei, and she did not forget to distort her mind when she slept today to let her handle a lot of data sheets.

Luo Yibei was extremely speechless to her words, faintly snoring, opened the bed on the bed, and held her arms behind her, and hijacked her into her arms.

Fang Chixia didn’t struggle with him this time. Although he was disgusted with the night with other women, she didn’t want to behave like a woman in a vinegar jar, and she didn’t want him to misunderstand.

I slept in this position for a night, and I still had to go to Rongxi the next day.

Fang Chi Xia still went by himself to prevent the car from getting stuck. She went out very early and even walked for a long time.

The location of the villa in Luoyi North is too quiet, it is a suburb. It is very convenient to come and go to Rongxi every day.

Luo Yibei arrived at the company. When she passed by her, she looked at her who seemed to have been working for several hours. Her eyes glanced at her feet.

He remembers that she had tossed herself up very badly last time.

In fact, Luo Yibei has thought about whether or not to send her a car. If there is a car, it will be more convenient to go in and out.

However, he thought that if she hadn’t left, she would avoid him. After she really got a car, the two people couldn’t cross each other in the same way as the horizontal line.

Luo Yibei thought about it and finally gave up the idea.

“Miss Fang, I will come to my office later.” Throw a word and turn around. He went straight to his office.

Fang Chi Xia did not know why he stared at his back and looked at it, and he reflexively thought that he was trying to toss her like yesterday.

Sitting in her office chair, she hesitated for a while between going in and not going in, and eventually went in.

Fortunately, today's Luo Yibei is relatively mild.

"Help me buy a breakfast!" confessed that he wanted to start working on his own work. The corner of his eye was slanting to her who was about to leave. He looked at him quietly. He seemed to think of something and suddenly called again.

Lived her, "Wait!"

"What else?" Fang Chixia's footsteps stopped.

"By the way, I also prepared a copy for the dyeing. Maybe she will come over later." Luo Yibei looked at her with a sigh of relief and added a sentence.

Fang Chi Xia Yi, the expression on his face was stiff.

Her scope of work, now even the lover who serves him is also included?

"Sorry, this is not in the scope of my work!" Fang Chi Xia did not think, and refused.

Luo Yibei raised his head and held his hand on his forehead.

He faintly returned to her. "The matter of dyeing is also my business."

He said that the attitude is still very clear, it feels like telling her that if he wants to serve him well, he has to wait for the people around him to wait for the week!

Fang Chi Xia Wu, my heart is very ridiculous, do not need her to even give him so many flowers and plants to serve?

Cold eyes stared at him for a long time, angry and angry, but she finally held her fist and went straight out of the back.

Chapter 376: Be so fond of her

In fact, think about it, Fang Chixia feels very ironic.

Although the relationship with Luo Yibei is a hidden marriage, it is good to see that this marriage is also genuinely priced, and two people live together for so long every day.

Luo Yibei is nominally her husband, but now, what is she doing?

Helping my husband to play well with the relationship between lovers?

Does she not get a maximum wife award?

Fang Chi Xia Yue thinks more and more ridicule, who is going to be with him, why should he involve her?

Indignantly came to the door, wanted to open the door and go out, Luo Yibei once again called her, "I have not finished talking!"

Fang Chi Xia Yi, the footsteps stopped.

"Is there something else?" Her tone was very cold, cold, and her attitude was not friendly.

Luo Yibei just took a glimpse of her, took a notebook from the desk, and the pen made of pure gold did not know what to write on it. He tore the page and handed it to her. It is the favorite of dyeing, crab yellow bag, soy milk, fried dough sticks, crab yellow bag, as long as the shop in the western suburbs of the city, the specialty store of the soy milk city south, the fritters north of the city, she will order breakfast every time she returns to China."

He said that he did not change his color and bought three things. In the south of the city, in the north of the city, the west of the city let her run all over again. He didn't have a bit of awkwardness, and even taken it for granted.

Fang Chi looked at him with cold eyes and a fire in his eyes.

Really enough to love!

Chengxi, Chengnan, Chengbei?

Why should we eat a bun on her pain?

Fang Chi Xia was so angry that his body shook slightly.

Staring at Luo Yibei for a while, her lips slammed her face and her face was counter-attacked. "Yong Xicai has a rough atmosphere. Recently expanded business, should we consider the development of the steamed bean paste soy milk shop?"

Luo Yibei quietly observed her reaction, watching the flames

that were obviously moving in her eyes, and the lips and corners were raised.

“Miss Fang, you can go!” Was swinging at her and his attention returned to work.

Fang Chi Xia walked out of Rong Xi’s fist and was completely holding it. If she could, she would like to put this fist directly on Luo Yibei’s face.

Just thinking, reality is obviously impossible.

In the case that her economy is still not completely independent, even if she knows that he is deliberately martyrdom, she can only stay in Rongxi.

Fang Chi Xia Ping usually does not eat what kind of steamed buns, even if he grew up in C City, but Luo Yibei said what the store, she has no concept at all.

After rushing from the car to the west of the city, it took nearly an hour to find the store he said, and then spent some time on the turnaround of the city south of the city. When I bought everything back to the company, it was already one morning.

It’s almost over.

The things brought back are naturally cold.

Su Ding is really as Luo Yibei said.

When Fang Chi Xia went to the office, she was looking through a magazine.

Su dyeing belongs to a woman who only needs to sit quietly, and put a hand and foot in a pose that is as beautiful as a picture.

Her beauty is not to say how refined the facial features are.

From the face of the face, she is actually not as good as Fang Chi Xia.

The beauty of Fang Chi Xia is a very easy-to-follow type, beautiful like the morning light of the morning dew, making people unforgettable.

The beauty of Su dyeing is more reflected in the temperament, the empty valley, the quiet and fragrance.

Chapter 377: Grabbed her identity

The beauty of Su Ding, the lack of a wild nature of Fang Chi Xia, adds a woman's gentleness.

Men may like more of the type of Su dyeing, more moderate, it is easier to evoke the protection of people.

So sitting in the office, the other embellishments in the office have become a backdrop, leaving her alone.

"Miss Su, this is your breakfast." Fang Chixia walked over and handed the things she bought to her.

Su Ding did not seem to think that she would go to buy breakfast for herself, and for a few seconds, her eyes looked at Luo Yibei.

Her thoughts were so delicate, and then I saw what I bought from Fang Chixia, and I suddenly understood it.

"Thank you." Nothing was clarified. She took the breakfast she brought in, opened it, and tasted two. She put it aside again, "cool."

Two words, I heard Fang Chi Xia's heart twitching, and there was a bad feeling in my heart.

"Is it?" Luo Yibei seems to be working at his head. He didn't lift his head and ordered it directly. "Miss Fang, please go back and buy again."

Fang Chi Xia Wu.

He is deliberately looking for her today?

So far away, she didn't have insulation tools. No matter how many times she ran, the things she bought would be cold.

Fang Chi Xia did not understand what he had done wrong.

Last night, he seemed to be in control with him.

"What's wrong? Any opinions?" Luo Yibei's documents were placed next to him, and his head was finally willing to lift up. His eyes were faintly looking at her, watching her eyes filled with anger, he knew it.

Fang Chixia made a deep breath, a touch of irony. "When is Mr. Luo going from the west of the city to the south of the city, and then from the south of the city to the north of the city, it is hot to return to Rongxi? What do you teach me?" Good insulation work?"

"This way!" Luo Yibei seems to understand, they are ready to open this matter, the Su dye next to it is very warm and gentle, "Buy a few insulated lunch boxes."

There is no sharp voice, soft and soft, reminding you to be very good.

Fang Chi Xia was angered and burned.

Is she asking herself to run another supermarket again?

Fang Chi Xia is very hot, and Su dyeing is also annoying.
a pair...

Fang Chixia's head picked up the word of yesterday... the traitor yin woman.

However, think carefully, as if you are the one who occupied the position of others.

If there is no her, Luo Yibei's real wife, maybe it is Su dye now?

Moreover, if the two get married, they don't have to hide like this with themselves, and they can do anything generously.

How can Luo Yibei and Su dye together, Fang Chi Xia can not manage.

She is more annoyed, why do the two together each time, Luo Yibei want to catch her?

Fang Chi Xia was very angry. He stared at Luo Yibei in the fire and looked at it for a long time. He finally ran again.

When I bought the things back in the afternoon, I sent them to Su dyed hands. Su dyeing only took a faint look, and gave me an understatement. "I have had lunch, so this breakfast...but, no matter what. Thank you, Miss Fang."

Fang Chi Xia ignored her, but she swept her eyes to Luo Yibei. Luo Yibei looked up at her and his voice was faint. "Miss Fang is working hard!"

After a word, attention returned to his own file.

Just, no matter how many seconds, I lifted it up again.

Chapter 378: I only belong to you

Then, he spit out a lightly, “Yes, Miss Fang will help me to go to Queen Street to book a flower! A champagne rose, 11 forget me, 3 hydrangea.”

He spoke very quickly, and he didn't mean anything at all. Fang Chi was so angry that he rushed to bite off a piece of meat on his body.

The meaning of a flower has a special liking for you, 11 flowers, I only belong to you, 3, I love you.

He and his lover are here, why should they toss her like this? Fang Chi Xia was in the morning of the south of the city west of the city, and he ran twice. He didn't even have time to rest. Now he is called out again, and the purpose is to please Su dyeing. She is so angry that her body is shaking. .

What is the relationship between Su Ding and Luo Yibei, she does not understand, she will not mind and care.

If Luo Yibei does not do this again and again, she can even take the other side as the air, let alone do it for the other party.

Fang Chi Xia just thought about the fire in his heart.

She decided that if Luo Yibei continued this way, she resigned!

When she leaves Rong Xi, she does not support herself. At most, her income will be much lower.

However, instead of facing the face of Luo Yibei every day, her mood will be much better.

“Okay, I am going.” She swallowed the anger of her stomach, and she chose to give in, but this is the last time.

The office door was closed after that.

In the room, only Su dye and Luo Yibei were left.

Su dye stared at the breakfast that Fang Chi Xia brought back and looked at it. The corner of her lips was pulled down and she laughed a little.

Is he using her to stimulate Fang Chi Xia?

“I don't like hydrangea and forget me.” The face lifted coldly, she said faintly.

“Yes, then change it next time.” Luo Yi's north face did not lift.

“I didn't like crab yellow packets and soy milk fritters very early.” Su dye said again.

He doesn't know what she likes about her.

Just those words, only to tease Fang Chi Xia she will believe.
“I know.” Luo Yibei lowered his head and looked at himself to do his own thing. His voice was too light to look down on.
Su dye did not say much, but even if everything was clear, but nothing was explained.

Many times, the explanation is not a good thing.

Fang Chixia left for a long time after that, and soon came back when he came back.

A small bouquet of flowers, wrapped in Korean wrapping paper, fresh and chic and beautiful.

When I came to the door of the office and knocked on the door, when I came in, Su Ding and Luo Yibei seemed to be preparing to leave.

“Miss Su, this is yours...” I wanted to hand the flowers to her, but Luo Yibei dyed Su, and left with her head.

Fang Chixia held the flower stiff and stood in the same place, and the fingertips broke off several branches.

I bought it and didn't want to toss her addictive?

Su dye took Luo Yibei out of the office, and when he was about to get on the elevator, he couldn't help but glance at the direction of Fang Chixia.

Staring at the bouquet on her hand, her eyes were stunned.

This bunch of flowers, Yibei was originally prepared for the girl himself?

“gone.”

The door of the elevator opened, and the sound of the sound of Luo Yibei was clear, and two people walked in after that.

Fang Chixia stood alone in the big office, holding the bunch of flowers still ecstatic.

What did Luo Yibei take her?

Really, she didn't have any emotions at all?

Chapter 379: In the future, I will control

She has been very annoyed with today's Luo Yibei, and spent a lot of effort to control the fire did not break out.

Fang Chixia wanted to return him to the crimes he had today, but Luo Yibei did not say anything wrong.

Su dye is a person who is related to him. As long as he asks her to do it, it is actually his business.

Fang Chi Xia never noticed that her endurance was so good. Now she has some admiration for herself.

I pressed all the anger, looked at the flower in my hand, and tried to throw it away. However, I thought that it was a hard time to buy it so far. It's a pity to throw it away. She took the flower back. .

The departure of Luo Yibei and Su Dian has not come back for a long time.

Fang Chi Xia is now used to being alone. Without him, she often feels quite comfortable.

I prepared a dinner for myself. She sat on the sofa and looked at the school's book while holding the group.

She read a little late, mainly to go to work, but the school is less, when she is free, she is making up for herself.

Fang Chi Xia has always been very smart. When someone else holds a professional book, it may not be able to read it. Most of the time she relies on self-study.

Moreover, in the case of absenteeism so many times, at the end of the exam, you can still take the scholarships of the college.

This is her intelligence, envy and hate ~ www.mtlnovel.com ~

When I saw twelve o'clock, Luo Yibei came back.

Two people squinted and stunned.

He was surprised that she hadn't slept so late.

What surprised her was why he always liked to come back.

The two men looked at each other for a while, Fang Chixia first looked away, and coveted to continue to read his book.

Luo Yibei did not go upstairs immediately, but walked to her side, moved her to the side, and sat down with her.

When Fang Chi Xia did not exist, he continued to look at his own book.

Luo Yibei's gaze first glanced at the vase placed on the small table next to it, and saw the bouquet inserted in it, and it was a

glimpse.

A bunch of flowers that are not too big or small, just inserted into the flared bottle, beautiful and beautiful, the only thing missing is that several branches have been broken.

This flower Luo Yibei natural understanding is bought by Fang Chixia. He thought that in such a resentful situation, she should throw away the flowers directly.

Staring at the broken branches, he looked at his lips and raised his lips.

The temper is really bursting!

“It’s a pity to throw it, so I brought it back.” Fang Chi Xia saw that he was just staring at the flower and faintly explained.

She is actually a little embarrassed. This flower is prepared for others in any case, but now she is brought back by her, which is easy to misunderstand.

She is afraid that he will think more.

“Yeah.” Luo Yibei’s voice is still very light, the lips are with a touch of arc, if it is too subtle, Fang Chi Xia did not catch.

Fang Chi Xia was silent for a while, and said, “Today’s business is that my temper is too much and will be controlled in the future.”

A very understated sentence, like no pain, it doesn’t matter anything.

Luo Yibei’s slightly open mouth was closed after her words, and her eyes sank almost at the second speed.

When he came back, he was still thinking, today is tossed so embarrassed, she will not be cold to him, even a wild cat jumped up and counterattack.

Chapter 380: Want to embrace his impulse

He thought about the countless possibilities after he came back, but he did not expect that she could still be so calm. Calm, as if he had a little bit of relationship with other women. This kind of her, let Luo Yi's north chest unreasonably violent. They have been stimulated to this part and can still be regarded as nothing has happened. Should he say that her psychological quality is too strong or should she say that she is too cold?

Luo Yibei irritated and pulled the neckline tie, very casually thrown aside, stood up and went upstairs.

He seemed to be angry and his footsteps were heavy. He wore soft-slip slippers and stepped on the stairs. His voice was still awkward.

Fang Chi Xia sat on the sofa, silently watching the figure he left, did not understand what he said wrong.

A cold war overnight.

When Fang Chi Xia returned to the room, he only felt that the whole villa was covered in a low pressure, and the temperature was cold several degrees.

There is still a little heat during the day, and it can only be cool in the evening. It can't be called cold. However, Fang Chi Xia sleeps tonight and feels that the whole body is cold and stiff.

Looking at Luo Yibei, not far from her, she was conditioned to want to drill into his arms.

However, as soon as I thought about the relationship between the two, all the impulses were ruined.

In the past two days, she was a little insomnia. She got up very early the next day. When she went to Rong Xi, she still didn't go with Luo Yibei.

Fortunately, Su dyed did not come today.

It's not that Fang Chi Xia wants to see her, but she is afraid that the other party will come, and Luo Yibei will toss her again!

Su dye did not come, Fang Chixia mood is a lot easier, sitting in the office, feeling the air is also a lot fresher.

She brought a lunch bag today. At noon, she didn't go out to eat, but she stayed in her seat.

Her department is usually only at noon and she and Luo Yibei two people, if Luo Yibei is not there, then only her.

Today is her and Luo Yibei are both.

Fang Chixia took out his insulated lunch box, opened the box, and took the tableware to prepare for lunch. The door of the Luoyi North office suddenly opened, and his figure came out of it.

The gaze was swept away from the lunch box in front of her. He walked over and pushed her along with the chair she was sitting on. She moved her chair and sat in the place where she was just sitting.

Then, in the eyes of Fang Chi's summer smoldering fire, he picked up her cutlery and solved her lunch with no expression. "I said you will prepare more."

He said that he did not change his color, pushed her away, grabbed her things, and did not mean anything.

This kind of thing he did not actually have done, but Fang Chixia was hungry at this time, and the food to his mouth was so completely transferred to his mouth, she was extremely intolerable.

"You yourself let people go downstairs to buy!" The stool moved over and she pushed him.

"My assistant is only left with you, so, you go." Luo Yibei ignored her, and handed her a gold card to her, and she took her lunch box into the office.

Fang Chi Xiaqi has to bite his teeth.

What is this for him?

Continue to torture her in disguise?

Fang Chi Xia was very angry, but at this time, the stomach was still empty, and there was no fire and venting.

Forced to help, she can only go with his card.

What she thinks is that the card of Luo Yibei is brushed anyway. The restaurant that goes to is the restaurant inside Rongxi, which is hundreds of times more expensive than the outside restaurant.

Chapter 381: Single-handedly

With the purpose of brushing his card, when he had a meal and returned to the office, Luo Yibei just came out of his office.

“In the afternoon, I will help you with this.” When she saw her, she put a document on her desk and dropped a sentence. He left as soon as he turned.

Did not even explain a few words.

Fang Chi Xia looked at the file and looked at it slightly.

Luo Yibei gave her a contract, probably let her replace him to negotiate business with people, the contract amount involved 5 billion.

This is a big project, and he is confessed to let her go to help him make a cup of tea.

What makes Fang Chi Xia unexpected is how can he let her go to negotiate with such a big project?

Although Fang Chixia has been attending many commercial occasions with him at the time, she has also been involved in some commercial negotiations. However, she is a newcomer in the business field. She is too junior. Such a big project allows her to do it alone. She is actually somewhat uncertain whether she can do it.

“Don’t you go in the afternoon?” Called Luo Yibei, she asked.

“No time.” Luo Yibei underlined her three words.

Fang Chixia was helpless. After making a phone call and making an appointment with the client, he left the document with the file himself.

The customer of this business negotiation is a very young man, the young master of the business, Shang Rui, the family business is also one of the rich family of C city, and the legend has made the relationship between the various roads very good, the network is very solid.

Shang Rui, a person who lived in C City for so long, still knows some.

The wind review is not very good. Like Schloeder, it is often embarrassing.

But unlike Schloeder, Schloth is awkward, giving people a feeling of righteousness, not like him, just looking at evil.

The original person who was originally negotiating the business was not him, but his father. It was probably what happened in the middle of the race. It was him who finally

played.

This point Luo Yibei should not know.

When Fang Chi Xia and Shang Rui made an appointment to enter the restaurant, the other party had already waited in the position, which looked like it had been coming for a long time. "Hello, Shang Shaoye, I am sent by Rong Xi!" Fang Chixia and he made a self-introduction, and opened the chair opposite him and sat down.

"Want to drink something? I am doing east." This signing is that Rong Xi wants to get a piece of land from the merchant. It is the other party that Rong Xi is looking for. Fang Chixia knows how to handle the rules on the business field. Who wants to take the order? Who is doing east.

Shang Rui did not answer directly, but lazily leaned against the chair and stared at her.

His eyes are very sloppy, there is no such thing as a businessman, the whole person looks very cynical, and the voice of his voice is very lazy. "Is Rongxi now even a beautiful employee who is out of the way?"

His words are praises, compliments, and even a bit of teasing. "Thank you." When Fang Chi Xia came, he thought about how to deal with the strategy. He faintly responded to the sentence and did not take his words seriously.

The two people ordered some dishes very casually. Fang Chi Xia simply tasted a little bit, quietly waiting for him to run out and talk about business.

Who knows, Shang Rui just stared at her and did not eat.

There was a smirk in his eyes, and his smile was a little embarrassing. He was very uncomfortable when he saw Fang Chixia.

"If Shang Shaoye doesn't want to eat for the time being, would you like to see the contract first?"

Chapter 382: My only condition is that you accompany me. Wanting to push the contract to her, but he was faintly stopped, “What?”

He always talks casually, and it feels like he is not here to do business, but to date.

Fang Chi Xia brow wrinkled.

It seems that it is difficult to get involved.

Fang Chi Xia secretly wonders what to do next.

If he has been spending so much, does she have to stay with him all the time?

Fang Chi Xia took a drink and sipped her mouth. The coveted and stunned, and squinted at the Shangrui, who was still staring at her, her face slowly lifted.

“How can the Shang Shaoye be willing to sign this contract with me? What are the requirements for not saying it directly? We are very sincere in this list. Rongxi will satisfy all the requirements of all partners. As long as you can tell, we can do it. Even if I can’t do the Lord here today, I will ask the boss.”

She did not talk to him, and asked straightforwardly.

Shang Rui seemed to be very surprised by her words. For a while, I slammed a few times. “Okay, very good, I like to be sincere!”

Fang Chi Xia sighed, only when things were easier, but he did not slow down in one breath, but the other party suddenly came up with a sentence, “My only condition is, how can Miss Fang accompany me to eat at night, how? ”

Like being afraid of her refusal, she paused and added another sentence. “If Rong Xi is so sincere, shouldn’t he not agree with such a small request?”

His words did not seem to have a bit of lethality, but they blocked all the backs and turns of Fang Chixia.

Fang Chi Xia looked at him quietly, his expression was a bit stiff.

In fact, in the business field, it is no longer common to go to the customer’s dinner.

However, Fang Chi Xia is not a fifteen or six-year-old girl.

What does the dinner mean? She doesn’t know.

Going to the dinner, drinking with customers is very common, and many times it may not be easy to quit.

Drinking and drinking is easy to get out of trouble, she is also

very clear.

If Fang Chixia does not have the responsibility for this contract, she may refuse it on the spot.

However, Luo Yibei's list handed to her today is so big. She also heard about the land he wanted to win. The location is very good. No matter what project he takes, the income will be very large. In C, many buyers are currently competing.

If today, she refused, after turning around and leaving, what did Rong Xi want to win, was it taken away by others?

Fang Chi Xia spent a long time, silent for a while, and finally nodded, "OK, I promise you!"

What she thought was that she had to give it a try anyway.

When the situation is wrong, she will adapt to it and handle it carefully.

Fang Chi Xia has always been a cautious person, but after all, social experience is not enough, and many things are far more complicated than she can think of.

When he came to the hotel box agreed by Shang Rui at night, he would give her a toast.

When Fang Chi Xia came, she was psychologically prepared. Tonight, on this occasion, she couldn't get rid of the wine, and she could only drink a few cups with her scalp.

When she drank, she was very smart. In fact, every cup was splashed out by a large part. It was only a small part of the drink. Who knows it was discovered by Shangrui and respected her.

Chapter 383: The sound is crisp.

The amount of wine in Fangchi is not bad, but it is not good.

After a few cups, the head has begun to faint.

While the reason was still there, she made a phone call to Luo Yibei by the time she went to the bathroom.

This is the way for her to give her a good retreat. Tonight, she will fight for Rong Xi once. If it goes well, it is best.

If she can't hold it, she will ask Luo Yibei for help.

As long as there is Luo Yibei, she feels that the problem of Tianda is not a problem.

Fang Chixia came to think of the retreat, and the layout was more cautious.

When I called Luo Yibei in the bathroom, the voice was a little drunk, "Luo Yibei..."

Her voice is softer at this time, and this time it sounds more delicate, like a honey-like good.

Luo Yibei smashed, and at first it was strange that she was not right today, so that he actually called it so many times, so that it is so sweet.

However, as soon as she heard the drunkenness in her voice, he immediately became angry in the next second. "Where? Where are you going to wander outside in the big night?"

"I am at Hilton, you come over!" Fang Chixia simply explained to him, and he smashed the water of the water dragon and went to the face.

She wants to be awake, her hands stained with water, and she patted and shot on her face, but it didn't seem to work.

Luo Yibei listened to the broken tone of the phone in the phone, and did not know where the fire came from, this time the storm was terrible.

Su Dye was still next to him. The two men were just eating at this time. He was not looking right. He tried to ask, "What?"

"Nothing, I still have something to do, I have to leave first, and you will go back later." Luo Yibei dropped a sentence, took the coat, and went out to the restaurant without going back.

His pace is very fast, and it seems to be still mad, it feels like he is going to marry someone, and he has not looked back in her direction.

His head was all the words of Fang Chi Xia, and the soft

feeling that people could not do it.

Luo Yibei Yue wants to be more and more irritated, what is the virtue of this dead girl?

Su dyed stiffly in the chair, watching him leave quietly, a heart, sinking into the bottom of the valley.

He is so anxious to leave because Fang Chi Xia?

She knew that Luo Yibei was at a very young age, probably when she was three years old.

She is now 20 years old and they know each other for 17 years.

Seventeen years, for a long time, Luo Yibei in memory seems to never look up on anything, and it is all indifferent attitude to everything.

When is it because of the emotional ups and downs?

But now, because of Fang Chi Xia, it seems to have changed personally...

Su Dian was quietly watching the car shadow that disappeared into the night, and the heart was soaked in the ice, and it was cool.

Fang Chixia stayed in the bathroom for a while, and originally wanted to wait until Luo Yibei came. As a result, Shang Rui suddenly came over.

“Is it alright?” He is actually quite good, although he is embarrassed, but at least it is not vulgar to use the despicable means of taking medicine.

Fang Chi Xia actually has a very dim head, and the station is a bit unstable. However, she is afraid of making mistakes after she is in a coma. She still supports her consciousness and makes herself look like nothing.

“I don’t mind, I went outside to blow the wind, come back later.” Straight to the back, want to find an excuse to leave, the wrist is cold and can not be pulled by the business.

The babies who like the texts vote for the seven-seventh month, what?

Chapter 384: You are more dangerous

“The amount of alcohol is not good?” Shang Rui’s hand holding her wrist was only a little along, and Fang Chixia’s body softly ran into his arms.

Conditionally reflexively wants to lift the arm between the two, just before the impulse, as if to perceive her intentions, Shang Rui pressed her hand facts.

“Let me go!” Fang Chixia struggled in his arms, and when he looked at him, he was completely flowered.

“I will take you back to the private room. I am responsible for your safety. A girl, drunk like such a person walking around, how dangerous, isn’t it? Go with my brother!” Fingertips clasped her small chin, lifted her pretty face and quietly looked at it for a while. When Shang Rui spoke, he took a lazy man.

Pooh!

Fang Chi Xia wants to marry!

Is it dangerous to go outside?

I am afraid it is more dangerous to follow him in?

The fingertips twisted a small piece of meat and slammed it.

She kept her senses awake, and the cat pulled out of his arms.

“Shang Shaoye, the contract matter, can you sign now?” Fang Chixia actually had a very dim head at this time, but still did not forget the ultimate goal of coming here.

Such a woman, seeing the sharp brow wrinkled.

“So dedicated? How much does Rong Xi hire you for a month? Go to me, I will give you a price three times higher than you now!”

“Unfortunately, I have no plans to change jobs at the moment.” Fang Chixia stepped back two steps and refused.

The problem of job-hopping, when she was bitten by Luo Yibei today, she didn’t think about it, but she wanted to think about it.

With the character of Luo Yibei, he will not let her do this!

Even if she ran far away, as long as he didn’t want to let go of her, she would bring her back directly.

Now, after calming down, she doesn’t want to change herself.

In Rong Xi, although Luo Yibei is very hateful many times, but at the very least, in the identity of his wife, she will at least not encounter the hidden rules of various workplaces.

However, if you change places, it is hard to say.

And Shang Rui is not a good person!

Fang Chixia refused to be very straightforward, which made Shang Rui somewhat frustrated.

“That’s a pity, oh!” sighed, his eyes turning towards her, and he stared at her intently.

Fang Chi Xia was weak in consciousness, his limbs were soft, his eyes were faint, his head was faint, and he could not hold on at any time.

When he saw it, she felt a sense of crisis and wanted to pull away from him. The steps at the foot were awkward.

Shangrui sharp-eyed, step forward, and stretched out her arm to hold her.

“You drink too much, I take you upstairs to rest.” The tube did not care about the box, want to cross the hug and she went upstairs, Fang Chixia struggled in his arms, “Do not touch I, let go!”

“You are not standing, I will help you.” Shang Rui is not angry, not even angry, and even talked with her very emotionally.

Fang Chi Xia Li did not care about him. He bumped into him and did not succeed. When the two passed a counter, she suddenly refused to pick up a vase above and hit him on the back of his head.

She attacked his fragile place, a bottle slammed down, and the business snorted, and when he looked up, his eyes were squirting.

“I don’t know how to be a good woman!” He seemed to be irritated by her, and her patience was exhausted under her attack. The scorpion was covered with a scarlet color.

The darlings who like the texts give the monthly tickets to seven or seven, for every fifty plus.

Chapter 385: Raw swallowed her

The two are still in the hotel lobby, and he doesn't care.

Pulling her arm against her against the wall behind her, her hand held her back of the head, forcing her face to face him, his lips pointing at her face.

"Don't touch me!" Fang Chixia's face was dodging around, and the body struggled fiercely in his arms.

She resisted some madness. When she was provoked, the temper was also wild. She squatted at his armpit and grabbed him a few times.

Shangrui did not ask for it. The bitterness was eaten a lot. His face was so hot that he was caught in several five-fingerprints.

This woman!

Shang Rui probably hasn't touched such a spurt, and licked the cheeks of the blood-stained prints, regardless of her struggles, the lips want to continue to go over, the ears, a bullet rubbed, when I passed back, A gunshot slammed.

Shang Rui stunned, all the movements stopped, and the line of sight looked stiff and looked behind him.

Luo Yibei walked step by step from outside the lobby of the hotel. He had a gun in his hand and his muzzle was in the direction of his face. His face was cloudy and cold, like a Shura from hell.

"What's wrong? The business's young master talks about business is such a talk with people? This way, it really makes me open my eyes!" His voice is very cold, and the words are extremely ironic.

Fang Chixia shocked and looked up, his eyes gazing in his direction, pushing Kai Rui to run and ran towards him, "Luo Yibei!"

Her appearance is very embarrassing, probably struggling too much, the hair is completely chaotic, the lips are very pale, it should be very scary in my heart.

When Luo Yibei was driving in, he was burned in anger.

Seeing this look of her, he is even more unbearable.

The chest was like a fire that was ignited by someone. "Hey," all the anger was ignited, and his eyes were cold as if he wanted to kill.

Fang Chi Xia was shocked by his body.

What do you want to use this pair of people to swallow her

eyes and look at her like her eyes?

This look of Luo Yibei looks very terrible, but I don't know when it started, Fang Chixia seems to be afraid of his anger. In his sharp eyes like a knife, she not only did not back down, but moved to his side.

Her movements are a bit cautious, like a timid rabbit.

In the cold eyes of Luo Yibei, she stepped closer to him, closer, and finally approached his arms.

An action that made Luo Yi squatting and tightening the facial curve seemed to ease it without any trace.

"I wounded him!" He looked at his face and was scratched everywhere. He was still red with a sharp eye, and her eyes were a little uneasy.

What she is afraid of is that after her bad things, what Luo's family wants to win must only be handed over to others.

Who knows, Luo Yibei seems to have no intention of it, very cold and proud to return directly to her, "do well!"

His tone is actually very indifferent, but indifference is accompanied by an indescribable connivance.

Fang Chi Xia Yi, looked up and looked at him, seemingly surprised him.

After the appearance of Shang Rui in Luo Yibei, his face was always dark.

The two people who looked at the relatives quietly, his brow could not help but wrinkle.

Damn, who is not good, why did you accidentally touch a person who touched Luo Yibei?

The darlings who like the texts give the monthly tickets to seven or seven, for every fifty plus.

Chapter 386: Bullying her, no one can

The appearance of Luo Yibei made Shang Rui very annoyed. Luo Jia is not only in the C city, but even in Asia, I am afraid that few people dare to provoke.

The power of the merchants is also very large. There are several leaders in the family in the family, which are different from the sphere of influence of the Luo family.

In fact, they are not fuel-efficient lamps. However, there should be few people in the entire C city who are willing to compete with Luo Jia.

Before Shang Rui felt that Fang Chi Xia had at most one company's middle and high level, she did not think that she was still a Luo Yibei person.

Shang Rui stiffly stood in the same place, secretly wondering how to round the field.

Luo Yibei's muzzle also pointed at him, but his eyes did not look in his direction, but looked at Fang Chi Xia.

"Where did he just touch?" His voice was originally cool, and this time it was accompanied by a bitter chill, which caused a thin layer of sweat on the back of the Shangrui.

He didn't seem to stop, even though he knew that Fang Chi Xia didn't eat much, but looking at her now, she couldn't swallow.

Shang Rui is even more angry.

The discerning eye can see that the loss is obviously him! However, the direction of the Luo Yi North muzzle has not been removed, he is very clear that he can only think about this, can not say it.

Looking at the direction of Fang Chi Xia, he can only hope that she can speak a little.

Fang Chi Xia is silent about how to solve this matter.

Luo Yibei is the type that is not afraid of anyone. Fang Chixia knows that if she is not worded properly, it is very possible to make a life.

She is very angry and aggressive, but it is not necessary to put people to death.

Moreover, the background of the business in the political sector is really noisy, and may not be a good thing for Luo Jia.

Fang Chi Xia took a bit of a moment, hand pressed Luo Yibei's hand, pointed him at the other's gun, and collected it.

“I’m fine, he may be more involved.” Thinking of her own glimpse, her gaze subconsciously glanced at the sharp crotch. Luo Yibei’s cold eyes still stay on Shang Rui’s face, and it seems that he has not let go.

The gun in his hand wanted to rise again, and Fang Chixia’s body suddenly fell to the ground softly.

She drank too much, her limbs were very soft, and the station was standing still.

Luo Yi North cold eyes looked at her like this, Tie Qing’s face lifted her up and hit her to hug her.

Fang Chi Xia’s head was very dim, let him hold her so, his arms naturally held his body.

The head was buried in his arms, and she closed her eyes in exhaustion.

Luo Yibei looked coldly at her face and listened to her heavy breathing after drinking. She did not take her away, but walked toward Shangrui step by step.

Standing in front of him, the eyes of the two men are right, he warned one word at a time, “Business can not do, but I tell you, if you move her, I will let your business in the city of C can not stand for a few lifetimes. !”

A very cold sentence, like the wind coming from the hail, was cold in the bone marrow.

There was something in the head of Shang Rui that blew up and the whole person was completely frozen.

Luo Yibei swept him coldly, holding Fang Chi Xiatou and not going back to his car.

Fang Chi Xia got on the road this way and has been sleeping in a groggy way.

But when I knew that I was about to get home, my closed eyes suddenly opened, and my eyes turned to the side of him, and suddenly it was noisy.

Chapter 387: Black wind high night

“You have just come so fast!” And no matter if he was driving, her head leaned against his shoulder and even extended his arms to ring him.

An action that made Luo Yibei slightly stunned, and the expression on his face solidified for a few seconds.

Fang Chixia didn't seem to realize that the two were still in the car, and the head groaned on his shoulder. He probably felt that he was too uncomfortable and leaned into his arms.

Her hand was around his neck, and when he leaned in his arms, his face was buried directly in his chest.

The faint, with the breath of silky wine sprayed out, warm and hot, clearly passed through the thin fabric to the skin of Luo Yibei, almost instantly, he also ironed his body temperature. stand up.

Luo Yibei was a little annoyed, but she didn't hate her approaching. It was just that she drove her like this, and the taste was really uncomfortable.

What he is jealous is actually the body, not the emotion.

“Sit well!” A faint look at her, he reminded.

Fang Chi Xia Li did not care about him, his face was still buried in his chest, and his furry head was against him.

She probably didn't realize what she was doing, just adjusting the posture that made her feel comfortable.

Luo Yibei was sharpened by her dry mouth, and some irritatedly pulled her neckline and untied the buttons.

“Sit back!” He is driving, her current behavior is playing with fire!

“Isn't I been with Su dye tonight?” Fang Chixia didn't hear him, looked up at him with his face, and spoke to him.

Luo Yibei's brow wrinkled, his face slightly distorted.

Why do you want to mention others at this time?

“Did I disturb you?” Fang Chi Xia looked at him quietly and asked again.

Her tone seems to have an apologetic look, listening to the North Ear of Luo Yi, how to listen, how unhappy.

“Shut up!” The face was thrown at her with no expression, and his gaze swept her arm.

Her arms still glared at him, blocking Luo Yibei's line of sight, and he was telling her to take her hand off.

Who knows, Fang Chi Xia does not know whether it is a slow half-shot or how to drink, just look at him, no half-action.

Luo Yibei stunned the temple with a headache, and did not push her away. It was a faint warning. "If you continue to play / fire, believe it or not, I will solve it directly here?"

His words contain a strong warning.

In this case, if it was in peacetime, Fang Chi Xia listened to the blush and moved his eyes away.

But tonight, she didn't know whether it was alcohol or if she wanted to lift the bar with him. She looked around and looked up. She looked up and looked at him with bright eyes. "Here? But the lights here are very bright!"

Her words, not to refuse, to speak out with her soft voice, is more like an invitation.

The lights are so bright...

What does it mean to change places?

Luo Yibei was hooked by her words and dried up.

Observing her look quietly, he stared at her for a while, his eyes dark.

"Let's change somewhere?" Eyebrows at her, his long advice.

Fang Chi Xia Guang looked at him with a faint look. He didn't know if he was not aware of the feeling of drinking. He was surprised by Luo Yibei. He even nodded with a smile.

Such a woman, let Luo Yibei clearly feel incredible.

"Are you sure?" squinting at her, his voice raised a little.

Chapter 388: This is what you are looking for.

Fang Chi Xia just hesitated, but still nodded.

Luo Yibei looked at her with a sigh of relief, and picked her eyebrows.

“This is what you said.” Pushing her back to the front passenger seat, helping her tie the seat belt, the steering wheel clenched, the eyes locked in front, the throttle under the foot slammed, the white sports car banged Increased speed.

All the way galloping, turning around, driving the car to a seaside near the home, he stopped.

Fang Chi Xia Xi obliquely leaned against the window next to it, like sleeping and not sleeping.

“Come here!” Luo Yibei’s face passed over, his eyes swept to her side and called her.

Fang Chi Xia did not care, holding a small pillow and closing his eyes did not know if he fell asleep.

Luo Yibei helped her unfasten the seat belt and took her over. Placed on his lap and adjusted the two to a comfortable position, so he sat face to face, he raised his voice again, “wake up.”

Fang Chixia groaned and opened his eyes, his eyes looked at him in confusion, and there seemed to be some unresponsiveness.

Luo Yibei held her arm tightly and glanced out. He snorted.

“Is the environment here satisfied? No lights!”

He was teasing with her words, and when she spoke, her face was very close to her.

The warmth of the breath is faint, sprayed thin on her face, ear, clear and beautiful, especially good smell.

Fang Chi Xia’s arms wrapped around his neck and looked at him with a stunned look.

Looking at each other, Luo Yibei looked at her quietly, pressing her face to lean toward her, and her lips kissed her lips.

His kiss was very overbearing, still rude, and a strong arm hugged her waist, as if to break her off.

He has been angry since he received her call from tonight.

After rushing over, he looked at him who was so embarrassed, he was even bigger.

His anger tonight is all because of her.

He didn't move her, she fell, and took the initiative to commit him.

Luo Yibei felt that if the two really did those things in this situation, Fang Chi Xia would ask for it!

Fang Chixia let him kiss and did not push him away.

He looked at him in the air, and tightened his arms around his neck. In the gaze of Luo Yibei, she raised her face and responded slowly to him.

The atmosphere inside the car, because of her movements, seems to suddenly rise a few degrees.

Luo Yibei pulled the collar of his clothes very easily, and the hand that was fastened to her waist was tight, and she leaned against the chair behind her. The hand grabbed her clothes and wanted to tear it. Fang Chixia suddenly took him. The wrist was pressed.

"I don't want to be here!" Her voice was originally soft, and at this time, in such a soft tone, it felt like it was spoiling.

"What's wrong here? Too dark?" Luo Yibei was patient at this time, and even had a mood to make jokes with her.

"...Measure!" Fang Chi Xia reminded him of two words, his face was very red, and he did not know whether it was caused by the stamina of the wine.

Luo Yibei first stunned, but did not expect her to care about this problem.

His eyes glanced over her clothes, his hands suddenly on her, groping up and down, as if looking for something.

"What are you doing?" Fang Chi Xia did not understand his purpose, left to avoid the right flash, want to avoid his movements, but was shackled by Luo Yibei.

Chapter 389: Don't like you with her

"What are you doing?" Fang Chi Xia itched, the body shrank in his arms.

Luo Yibei ignored her, and she groped for a while on her own, her face slowly lifted up, and then she said something that made Fang Chixia's face instantly red.

The lips are light, he said, "Don't you like to bring that thing with you at any time?"

He refers to TT. When he first met with Fang Chi Xia Gang, he bumped into the bar and watched her at any time to carry her TT.

Fang Chi Xia blushing is almost ripe, and his face is not good. "That was an accident!" That time her body was still stuffed to her!

"Oh?" Luo Yibei looked at her with a sigh of relief. The word "oh" was delayed by him.

"I didn't get used to it, go back first!" Fang Chixia pushed him back and sat back in the passenger seat.

Her movements were not very profitable, mainly because of the relationship between drinking and climbing. This movement almost fell off the chair.

This way, she saw Luo Yibei's corner of the eye pumped a little, and the fire did not come to the ground and began to captain again.

What do you like to toss yourself?

"Why are you going to the kind of person today?" Cold face, his voice was caught in a few undulating anger. "Is that kind of person's game? Can you go there? Don't you know that men are not safe?" "

He is very hot, and the words behind him are almost smashed out.

Fang Chixia had agreed to go to the appointment. The starting point was for the benefit of Rong Xi. Now he was so embarrassed that Fang Chi Xia was stunned by him. He looked at him silly, and all the grievances suddenly came up. "I want to help Rong Xi to take the list, but Shang Rui has been reluctant to talk about signing, let me talk to him at night, but whoever knows it will become like this..."

"You have no brains? How old? Is it so obvious that you can't see it? When does Rong Xi need to sacrifice these things?"

Luo Yibei Yue is more annoyed and speaks sharply.
Fang Chi Xia is actually going to lay the road for himself.
How could she not know that there is danger in this situation?
She didn't want to go, but it wasn't because he had to go to Rongxi.

Now it's good, he is coming to marry her?

As soon as the chin was lifted, he looked at him so close. She refused to fight back. "Why are you yelling at me? I ran to date with your dyeing, and then handed me such a big deal to you. You are now What is the qualification to say me?"

She was quite loud, and she slammed Luo Yibei for a few seconds.

Luo Yibei asked her to take charge of the matter today, but she was actually training her, but at that time she did not know that the person sent by the merchant was Shangrui.

What happened later was not in his control.

"You don't like me and dyed together?" He groaned for a while before he slowly asked.

Fang Chi Xia ignored him and turned his face to the window.

Luo Yibei only when she was awkward, but slowly found something wrong.

Her shoulders were trembling slightly, and it seemed to be accompanied by snoring, very small, not listening carefully.

Luo Yibei stunned, hardly turned her face, Fang Chixia looked up at him, his face, wet a piece...

She rarely cries, even if she has been alone for so many years, she has not cried.

The last time I cried was in the soft plaque by Fang Fei.

When Luo Yibei saw her tears, her chest seemed to be sucked by something, and suddenly she lost nothing.

Chapter 390: Luo Yibei, I think...

"It's okay, it's okay, don't be as stupid as it is today." She took her into her arms and raised her hand. He patted her back stiffly, and he didn't notice how gentle he was.

Fang Chi Xia did not know if he heard him, and he was still crying on his shoulder.

"I will encounter this situation in the future, go directly, or call me to deal with it." Luo Yibei thought about it and said.

"Yeah." Fang Chixia responded with a vague voice.

"Go back first." Luo Yibei was disturbed by her tears. She pushed her back to the passenger seat to help her tie the seat belt. He drove the car away.

The villa for two people was very close to the sea, and it took only a few minutes to arrive at home.

Fang Chixia's head was very dim and seemed to be a little tired. When it arrived, the head leaned against the window and didn't know if she was asleep.

Luo Yibei's first car, opened the door on her side, and hugged her into the house.

His pace was very slow and he didn't seem to be rushing into the house.

Fang Chixia looked up and looked at him, and buried his head to continue to sleep.

"My problem, you haven't answered yet." Luo Yi walked north and spoke to her.

Fang Chi Xia does not know that he is referring to the sentence, he is irrational, still groggy and sleeping.

"Don't sleep!" Luo Yibei stunned her very badly.

Fang Chi Xia brows a twist, some scratched his face and closed his eyes.

Luo Yibei's brow wrinkled, staring at her face in her face, she looked at it for a while, holding a handsome face and holding her to go to the house.

Going back to the room of two people, put her on the bed, Fang Chixia somehow, and woke up.

Her hand hung on his neck, and he looked at him like this, his eyes were very clear, like a mist of water, fascinated.

"What's wrong?" Luo Yibei asked faintly.

"I am thirsty." Soft voice, and a little bit of awkwardness.

"Wait for a while." Luo Yibei groaned, and a good temper

turned to the downstairs to help her pour a cup of warm water. "I will go to the bath first." Handed it to her, watched her drink, smelled the alcohol, and wanted to turn to the bathroom. Fang Chixia stopped him again. "Luo Yibei, I want to pee." "" She said nothing at all, the voice is soft, delicate, like a child. Although Fangjia and Luojiabi are very different, but good is also a giant, the daughter raised, at least the lady should be there.

Luo Yibei heard her words, stunned for a while, looked at her strangely, and some did not respond.

Fang Chixia drank so much wine tonight. At this time, the stomach was full of water. Seeing that he didn't respond, he wanted to get out of bed, his feet just touched the carpet, because the station was unstable, and suddenly he sat down on the ground. .

Luo Yibei looked at her like this, her eyes twitched and bent over, and he hit her and hugged her.

Fang Chi Xia seems to be somewhat proud, and does not know where the mood comes from, lazy in his arms, and picked up the song, "When-I-Grow-Up, I-Wanna-Be-Your-Bride..." Very soft voice, because of the relationship between drinking, but also brought a magnetic that can not be said, very good, very embarrassing.

"Don't sing this one." Luo Yibei didn't know who she sang for this song, her brow wrinkled and she interrupted.

Fang Chi Xia did not care about him, he still cares about himself, and his voice is still big.

The darlings who like the texts give the monthly tickets to seven or seven, for every fifty plus.

Chapter 391: You hold me out

“You will only sing this one?” Luo Yibei glanced at her and taunted.

Fang Chi looked at him in summer, and snorted, and the singing voice immediately turned, “Can-you-feel-the-love-tonight...”

She is the theme song of the cartoon lion king, you can feel my love tonight.

It may be that the throat of the drink is a bit dry and has broken several sounds.

Luo Yibei was speechless tonight, but listening to her voice from time to time, the mood was not so irritating.

Mainly the current lyrics are pleasing to the ear.

The tip of the toes opened the door of the bathroom, and Luo Yibei took her in and walked her on the toilet and turned her back.

Luo Yibei was so big, and for the first time in his life, he made a waiter to go to the toilet.

The expression on the face is completely speechless from beginning to end.

However, the speed of Fang Chi Xia is still very slow.

Tonight, she seems to have no idea what it is, but he is still standing next to her, she can still continue to lick herself.

And the lyrics that are only awkward, one after another, like a single loop, continue, repeating infinitely several times.

Finally finally ended, stood up, her arms around his neck, soft voice, “You take me out!”

Her nephew smiled at him, his voice, like a spoiled.

Her behavior tonight has been seriously serious, but Luo Yibei did not say anything from beginning to end.

He doesn't really hate her spoiling. Some even look forward to waking up tomorrow. After waking up, she can still do what she wants in front of him, what she wants to say and what she wants to say.

What he hates is only the one who has nothing to do with anything, and who may marry him with some purpose.

“Okay, I am holding you.” Going back to God, playing with her gently soft body, Luo Yibei took her to the house.

Fang Chi Xia tonight was a bit unconscious. After returning to the room, Luo Yibei helped change his pajamas and asked him

to help him wipe his body.

Luo Yibei generally does not refuse her. For her, she only needs to drink alcohol in front of him to drink alcohol.

It's already a little quicker when I finally fell asleep.

After asleep, Fang Chi Xia was very quiet, his body curled up slightly, and his sleep was dull.

Luo Yibei stared at her for a while, not knowing that she was asleep, he suddenly said lightly and lightly. "Today, let you deal with the signing of the contract, it has nothing to do with seeing dyeing." "

The eyelashes of Fang Chi Xia are lightly hanging like a feather fan, and I don't know if I heard it.

Luo Yibei did not explain much, helped her cover the quilt and lay down beside her.

The first day he got up was him.

When Fang Chixia woke up, his head was still dizzy.

Luo Yibei stood next to her and looked at her quietly. She was still looking forward to waking up and she remembered how many things she had done last night.

"Early." Who knows, Fang Chixia just looked at him faintly, and went to the bathroom with a sore neck.

She didn't seem to remember anything, her expression seemed a bit confused, and she walked, like she was thinking back.

In the end, the face was still in utter disappointment, and nothing should have been thought of.

Luo Yibei did not expect her to think of what to start, turned and went downstairs first.

When Fang Chi Xia was washed down, he held a book in his hand.

"I have an exam at school today, I will not go to the company." Seeing him, he confessed to him with a word, turned and left.

Chapter 392: Raw rice cooked rice

Luo Yibei looked at her leaving figure, her brow wrinkled.

Is it so natural?

I really don't remember anything!

Fang Chixia's exam today is a French professional exam. It took only one morning, and after that, she returned directly to her and Luo Yibei's home.

No Luo Yibei, she is more comfortable, at noon, just ready to take a nap, a small left call.

"Do you know what day is today?" His words are mysterious, and it feels like something big.

"What day?" Fang Chi Xia stunned and guessed. "Are you passing the exam?"

Xiao Zuo is speechless, very cool and very cool. "This young master exam is always a perfect score."

"Does the little girl next door live in your home?" Fang Chi Xia asked inexplicably.

Xiao Zuo was speechless to her, and she took a long time to say, "Today is my brother's birthday."

"Is it?" Fang Chixia had some accidents and he stunned.

"Yes, it's my brother's birthday." Xiao Zuo nodded and nodded. He started a series of tricks. "Although my brother is just a moment for you, if you can keep it for a long time, you may be able to pick it up for a while. There is a lot of interest, so you still have the opportunity to help you. How do you know when you are so important today?"

"How to do it?" Fang Chi Xia has become accustomed to the small left old is a lot of all sorts of neglects, very casually responded to him, the mind is not in his words.

"You carefully prepare, change the clothes that I picked you when I brought the servant, or give me a call to my brother, suggesting that he went out tonight, looking for a hotel, and then... .."

He seems to be very interested in this kind of thing, and he has said a lot in succession, and his thoughts are completely adult thoughts.

Fang Chi Xia was speechless to him. He was afraid that he would even say that he cooked rice and cooked rice. He was busy interrupting his words. "Okay, I know, you have a good class!"

She did not give him a chance to return, she hung up directly. Xiao Zuo is very positive about this kind of thing, she does not know.

She was afraid that he would say it, and it would be endless. Although she verbally promised Xiao Zuo, she did not take his words seriously, just purely perfunctory.

In the afternoon, I watched the book with my book. At night, when I was about to go to dinner time, I suddenly remembered the little left reminder.

Fang Chi Xia Kegen did not know that today is the birthday of Luo Yibei. After getting up in the morning, he did not see anything.

Fang Chi Xia was not sure, turned and went to find out the marriage certificate of the two people, and looked at the days clearly. The fingertips licked the temple.

Today is really!

Although she often hates teeth in Luo Yibei, she has a love balance in her heart. Others are good to her, bad, she is very clear.

Although Luo Yibei made her gnash her teeth, she could save her more.

Fang Chi Xia took a moment to decide, but decided to prepare for him a little.

Although she is not clear, he will not come back tonight.

At this time of the birthday, Fang Chixia felt that he should have been with so many people in the family.

Turned to the kitchen, opened the refrigerator and looked inside, did not find much food, she spent some time to buy some in the supermarket.

Fang Chi Xia cooking is not good, can only say that it is able to pass, dinner she is preparing Western food.

Chapter 393: I'm not familiar with you

I don't know if Luo Yibei will come back specifically. She has prepared very few dishes, all of which are seafood.

But less is less, but time has spent a lot.

Mainly because her cooking is not high, the kitchen is working, simple and okay, complicated, she can't master skill.

One of the four dishes tonight, she spent at least an hour.

When I was all prepared, Fang Chixia looked at the table and looked at it. I always felt that I was still almost in the air. After I found out a few candles lit on the table, I replaced the roses on the original table with fresh ones.

It was already eight or nine o'clock when she was all busy.

Staring at the candle-swimming table, she took out her own mobile phone and took a few photos to save it.

Luo Yibei did not return, and did not make a phone call to say.

Fang Chi Xia sat in the living room and waited for a moment.

He secretly guessed that he was directly back to LuoJia or was the company busy today, working overtime.

Luo Yibei has a lot of things in the company today. After adding a few hours of classes, when I came out of the company building, Su dyed a phone call. "Now it is off work?"

"Yeah." Luo Yibei faintly responded to him.

Su dye seems to be very happy, and the voice is full of smiles.

"Well come over, I have a birthday party for you at my house, uncle, aunt, Xiao Zuo, and your friends are there!"

Luo Yibei, I did not seem to think that she would have such an arrangement.

"If you leave the company, come over, everyone is waiting for you!" Su dye did not wait for him to answer, a phone call hung up.

When Luo Yi arrived north, it was almost nine and a half.

Su's villa is very large. Su dye is like a princess living in a castle. It is obvious that there is only one person living, but there are many servants sent by the family.

The party was held on the lawn of the garden. When Luo Yi went north, Luo Xixi and Tong Yan, Shi Yanyang were all in a group.

Tong Yan is not familiar with Su Yin, but because of Luo Yibei's relationship, he has seen it several times, but it is not

familiar.

I came here today and was invited by Su Dye.

Tong Yan's character love is very clear. She won't look at her face and she will not give face. When Su dye invited, she was prepared to return directly. "I am not familiar with you."

Then hang up the phone directly.

However, she thought that Luo Yibei might come, and she agreed.

To put it bluntly, Tong Yan is holding the purpose of observing Luo Yibei and Su dyeing.

After I came, I sat for a while, and unexpectedly saw Luo Yibei appearing, her brows wrinkled.

He appears here, what about summer and summer?

"Easy, you are here!" Su dyed that he was very happy, walked a few steps, hugged him in front of so many people, and took him to the dining area prepared for him.

"Do you think this is okay? I don't know your taste preferences today. I let the chefs at home make all the dishes you like, all over the country." She said with a smile, a mistress Look like that.

"Yeah." Luo Yibei just faintly responded, and his thoughts drifted far away.

This time is more than nine o'clock, what does the woman do at home?

"Hey, brother!" Xiao Zuo was wearing a small gentleman's suit standing far away, waving his little hand and smiling at him.

Luo Yibei casually found a position to sit down, took a glass of wine from the waiter's hand and sighed, ignored him.

Xiao Zuo was not angry, but he ran over and squatted and sat down.

Chapter 394: This is for you

“I just came from the company!” Xiao Zuo moved the chair in his direction and smiled and chatted with him.

“Yeah.” Luo Yibei faintly responded to him.

“A person is working overtime?” Xiao Zuo asked.

What he actually wants to ask is, did Fang Chixia not be with him today?

“Yeah.” It’s a faint word, as if it’s more than one sentence.

“So many assistants? When are you so sympathetic to the employees, let the employees go, and work overtime inside?”

Xiao Zuo smiled and licked his lips. In a word, he did not know whether he was boasting or hurting him.

Luo Yibei looked at him, his eyebrows picked and picked, faintly asked, “When did you care about my assistant?”

“Oh, huh, huh. I will ask casually.” Xiao Zuo smirked at him and smiled.

Who cares about his assistants?

He just wants to go to the pool below the summer.

The stupid woman will not be so open, after he dials, he still has no action at all.

“Play your game.” Luo Yibei was disdainful about his words.

“Well, I am leaving.” Xiao Zuoqi slid down from the chair and walked a few steps forward, thinking of Fang Chi Xia, and reluctantly retired.

“Brother, why didn’t you bring your assistant with you wherever you went today?” Xiao Zuo looked up at the little face and asked with a smile.

In fact, he knows very well that Fang Chi Xia is definitely not suitable for attending such an occasion tonight.

His words are only trying to test why Luo Yibei did not work with Fang Chixia.

“You have too much control. Going back tonight and wanting to copy the oracle bones?” Luo Yibei coveted, his eyes glanced at him coolly, and drunk slowly with a glass of wine. Xiao Zuo helpless, can only leave.

Luo Yibei sat in a high chair and thought of the little left, took a look at the phone.

He knows that Fang Chi Xia is not sure that today is his birthday. He actually doesn’t care about this kind of thing, so when he got up in the morning, he didn’t mention it.

He took out his mobile phone and wanted to see if she had called him because of something else.

Caller ID, none of the missed calls.

Luo Yibei stared at the phone for a while and put the phone aside.

Not far away, Su dye came to the side with two plates, handing one of them to him, and placing his own next to him.

Sitting on the position where she was sitting in the left, she took a very high-end jewelry box and handed the box to him.

“This is for you.”

Luo Yi North was picked up, but did not even look at it, received it directly.

This way, the expression on Su’s face was slightly solidified, but nothing was said.

“Would you blame me for making a self-proclaimed invitation to so many friends?” Helping him cut the food in the plate, she looked up and watched his eyes look a little cautious.

“No.” Luo Yibei sounds faint.

“That’s fun tonight.” Su dyed his lips and bent slightly.

“Yeah.” Luo Yibei indifference should have her, holding the tableware to eat their own.

.....

In the villa.

Fang Chixia waited for a little while preparing for dinner, turned around in the house, turned to it, took out the phone and looked at the time, only at nine o’clock.

More than nine o’clock, still early.

Fang Chixia stared at the time and looked at it. I thought about something, and opened the door of the villa and went out for a while.

When I came back, I had a small gift bag on my hand.

Chapter 395: Abandon Shi Shaoye

It was not so convenient for the villa to go out after going out. She went out for a while, but she didn't do anything, but it took more than two hours.

I bought a scarf, long, thin, and I can use it after a while.

This is the first time she has prepared a birthday present for Luo Yibei. She didn't buy much, but she felt very good.

It was already more than eleven o'clock when I came back with a present, and the villa was still very quiet.

Obviously, Luo Yibei has never returned from beginning to end.

Fang Chi Xia opened the door and walked into the dimly lit living room, looking at the still quiet room, her brows wrinkled.

The candles on the table have been burned out, and the dinner is still well placed, but it is all cold.

The environment in which Luo Yibei grew up is different from her. She is an orphan. She is the only one, but there are so many family members and so many friends in Luo Yibei. It is very normal to have a family and friends with this occasion tonight. thing.

When Fang Chixia was preparing dinner, he didn't expect much from the time he would come back.

Fang Chixia didn't want to care about it, but when a person came to the table and sat down, his heart was still a little empty.

The food is ready for so long, and it has been cold for a while. Fang Chixia tasted it very casually, filled in her stomach, and packed all the things on the table and put them in the refrigerator.

When I put everything together, it was already 11:30.

Fang Chi Xia Cai just came back soon, this time is particularly sober.

"Group, come over!" Did not immediately return to the room, she wore a group on the sofa and played.

.....

In the villa of Sujia, this time, the birthday party has just entered a climax.

Su dye prepared a lot tonight, invited many friends and family from Luo Yibei to come over and not even mention the

fireworks that were celebrated.

After Luo Yibei has been here, the sound of fireworks above the top of the head has not stopped.

He didn't really like such a noisy environment, but he didn't say anything.

Su dyeing was not talking to Luo's people one night today, or chatting with friends in Luoyibei.

Not only is Tong Yan, its implementation is praised, and they are not familiar with her.

It is not unreasonable for an unfamiliar person to invite it in this way.

Tong Yan sat on a high chair, and looked at Shi Yanyang quietly, and Su Mu, who stood together with Qing Muchen, flashed a satire in his eyes.

I have invited all the people from several families to come.

The idea is to take the opportunity to integrate into the circle of friends in Yibei.

Tong Yan is a typical helper and does not help, and Fang Chi Xia has a good relationship, even if Su dye did nothing, Tong Yan is hostile to her.

Seeing that she was chatting with Shi Yangyang, she put her wine glass to the side, walked on the high heel, and took a hand to Shi Yanyang's arm, no matter how many people next to her eyes. Lifting up her face, she smiled with a smile, "Glam, you just said that you want to accompany me?"

Shi Yanyang looked at her with a slight gaze and looked at her like a monster.

Tong Yan ignored his weird eyes, holding him in his hand, pulling him halfway and going to the corner.

"What is Yan Yan doing today?" Shi Luo looked at the scene like a play, his eyebrows picking up, his face was playful, "turn my brother?"

"It's your brother who took advantage of it." The next door, Qing Muchen, returned to him with no expression.

Seeking a monthly ticket~

Chapter 396: Think of me in the middle of the night?

Schloed was speechless, touched his nose, and simply did not speak.

The sister-controlled person, really can't just chat.

After Yan Yan left with Shi Yanyang, he went directly to a corner far from the crowd.

Shi Yanyang looked sideways, his eyes were light and he looked at the environment where the two were in, and his brow was wrinkled.

The place where Tong Yan brought him was very quiet. It was the depth of the garden. The lights were very dark and surrounded by flowers.

This kind of environment, if it is a couple's rendezvous, is actually very suitable.

However, he and her are obviously not the kind of relationship.

"Why do I want to accompany me?" Standing against her in front of the flower, his gaze was slightly squinted, and a glimpse of her face, quoting her fresh words.

"It's good to sit with me for a while." Tong Yan took a seat and sat down on her seat. Her eyes quietly watched Su dyeing in the distance, took out her mobile phone, and suddenly wanted to know. What is Fang Chi Xia doing now?

Tong Yan hesitated, and a phone call gave her a pass.

At this time, it was already twelve o'clock. Fang Chixia obviously didn't sleep. The phone dialed in and the connection tone just started. She was connected. "What happened? I missed me in the middle of the night?"

Her tone is like a person who has nothing to do, and even has a good mood to joke with Tong Yan.

"Hey, are you? I am happy outside, come together~" Tong Yan returned to her with a sly sorrow, if nothing happened.

Tong Yan was actually quite depressed here. She was not familiar with Su dyeing. She stayed here and gave it to Luo Yibei.

She thought that if Fang Chi Xia was willing to come out, she took the opportunity to leave, and Fang Chixia found another place to gather.

When two people are in school, they go crazy wherever they go.

Who knows but was rejected by Fang Chixia, “Next time, so late, you will go to bed early.”

After a word, I want to hang up the phone, but I can't help but be stopped by Tong Yan. “Wait.”

“What's wrong?” Fang Chi Xia Yi, are ready to press the hand of the hang up key, hard to live.

Tong Yan did not know what attitude she had towards Luo Yibei. Some hesitated whether she should tell her about it. She struggled for a moment and tried to say, “Summer and summer, today's Yibei birthday.”

In a word, let Fang Chi Xia a bit.

Luo Yibei's birthday, Tong Yan, if she just wants to remind her, it is like Xiao Zuo, she told her during the day, instead of now, at 12 o'clock in the middle of the night, she had to call and tell her this. thing.

Fang Chixia's intuition of Tong Yan's phone call is not simply a matter of telling her that it's so simple.

Fang Chi Xia, who is a smart person, with her understanding of Tong Yan, speaks so hard and not crisp, she thinks that Tong Yan should be thinking about what.

“You are at the scene?” The eyebrows suspicion screwed, she asked.

Tong Yan will not deceive her anything, very honest “hmm” sound.

“You... Did you see anything?” Fang Chixia asked and asked. Tong Yan didn't want to hide her. She simply said, “We are all dyed here.”

Fang Chi Xia was aware of it, and Tong Yan felt that with her IQ, she thought about it a little, and maybe the situation here can be guessed.

Fang Chi Xia stunned, and the hand holding the phone was a bit stiff.

Is he also dyed in Su?

Before Fang Chi Xia, he thought that Luo Yibei was in Luoja. In the case of his birthday, it is very normal for him to return to Luoja.

So, even if she prepared everything, he didn't come back, she didn't have much to say.

but.....

Dear, the lucky readers of the first round of the monthly vote have already come out. Everyone is concerned about the list in the commentary. The pros who have the monthly ticket in hand have rushed to vote, and everyone has a chance.

Chapter 397: There are surprises waiting for you

However, he was actually in Su dyed...

The scene of the Sujia party tonight was very lively. At this time, the fireworks in the sky were blasted in one after another, and the popping sounds, screaming, continued.

Fang Chi Xia and Tong Yan's mobile phone is still in a state of conversation. On the phone, she can clearly hear the sound coming from here.

It's very lively, it seems that there are still many people.

Fang Chi Xia is filled with a bucket of ice, cold from head to toe, and feels ironic in my heart.

She spent so many hours preparing a dinner for him, waiting for him to wait until now, dinner was also eaten at eleven o'clock.

As a result, someone has already prepared everything for him.

Fang Chi Xia suddenly had some self-deprecating.

Today, it turned out that she had more control, and she still had a little expectation that he might come back.

What is the relationship between his birthday and her?

Without her, there are so many people who celebrate him.

"Is it okay?" Tong Yan faintly noticed her something wrong, her brow wrinkled.

Fang Chi Xia has been silent.

"Speak!" Tong Yan called her again.

Fang Chixia's hand clasped the phone, and she was still thinking about her.

"Summer and summer, stay at home, I will come over!" Tong Yan didn't know what happened to her. She didn't know how much she and Luo Yibei had, and did not get a reply. Suddenly she was panicked.

Standing up, I wanted to hang up the phone and rushed outside the villa. The sound of Fang Chi Xia's faint voice came from me. "In the middle of the night, what come? Come to die, give me a home and rest!"

Her tone is like a person who has never happened before, except for the fierce point.

Tong Yan was stunned by her, and she paused and sighed.

"Nothing, why don't you cry?"

"I was reading a book, and I accidentally disappointed." Fang Chixia looked at the group in his eyes and calmly defended

himself.

Her tone was calm from beginning to end, as if she really didn't feel anything about Luo Yibei.

In the arms of the group, there are no books at all.

However, Tong Yan is so far away that she can't see it.

"Well, what book to read? Nothing to go to bed early! Did you hear?" Tong Yan ordered.

"Know, you are too." Fang Chi Xia faintly returned to her, hung up the phone.

I did not continue to manage Luo Yibei, holding the group upstairs and placing it in its own nest. After Fang Chi Xia, I went back to sleep.

The Sujia party is still going on at this time.

There are many people coming tonight, and it lasts for a long time.

Xiao Zuo has been sticking to the scene, staring at Su dyeing and Luo Yibei.

He is firmly standing on the side of Fangchi Xia. The purpose of his position is to guard against Suyin and Luo Yibei.

This time has passed in the early hours of the morning, Xiao Zuo has long been sleepy, the eyelids have been unable to open, but still did not go to sleep.

About a little while, he really couldn't keep going. When Sha Zhixing came to call him to sleep, he ran to Luo Yibei before he left, looked up at him, smiled, if nothing happened.

"Brother, don't you go back earlier?"

"What's wrong?" Luo Yibei stunned.

"Maybe there are surprises!" Xiao Zuo's mysterious singer said.

In fact, he did not know what Fang Chi Xia had prepared for Luo Yibei, so he said that there may be surprises.

Just maybe.

Regardless of whether or not there is, it is good to let Luo Yibei leave.

Chapter 398: Lonely man and woman are the most dangerous
The little left heart thinks that he is going to leave soon, and
the sand weaving stars, the Luo Xixi couple, and a lot of
friends are also leaving.

After everyone left, there were only two people in the villa, Su
Yin and Luo Yibei.

A lonely man and a widow, now it's a big night, this is a
dangerous thing!

The main thing is that Su dye is still the type that men can
hardly resist.

Luo Zuo also thought about it, but still thought it would be
better to call Luo Yibei together before he left.

Luo Yibei felt that his words were a bit strange, and he looked
at him quietly, secretly speculating on his meaning.

Xiao Zuo is not a normal child. His head is very clever. If he
says it, he can't be a child's child.

Surprise at home?

Luo Yibei almost conditioned and thought that it might be
related to Fang Chi Xia.

“Do you let the servant toss her again?” The first reaction in
Luo Yibei's head was that Xiao Zuo took a large group of
servants last time to toss Fang Qixia all over the body.

The left corner of the left eye was pumped, and no matter how
Su dyeing was still not far away, pulling Luo Yibei went
outside the villa.

“You will know when you go back! Just the second uncle and
the sly car are also there, let's go!”

This time is really not early, Luo Yibei also planned to leave.
Now that Xiao Zuo said this, he did not refuse.

When the two people walked in tandem, and they were about
to leave the villa, Su dyed him and stopped him. “Easy, are
you leaving?”

Luo Yi's footsteps at the foot of the North, looked at her
sideways and just faintly said, “It's not too early, you should
rest early!”

After a word, the steps were taken, and I was about to
continue. Su dye stopped him again. “Leave it, stay with me,
can you?”

Her speech rate was very slow, as if she was afraid of his
rejection, and her eyes were full of expectations.

Luo Yi was over the head and just prepared to say something. The voice of Xiao Zuo first sounded one step at a time. "Sister Sue, is this inappropriate?"

The child's voice, childish, even watching her eyes are very clear.

His meaning is very simple, two people are not a relationship, so a man left, even his seven-year-old child knows that it is not suitable, she still does not understand Su dye?

Xiao Zuo is actually satirizing Su dyed, but the latter words are not said.

Su dye was blocked by him for a while and did not know how to answer it.

"Early rest." Luo Yibei faintly looked at her, with a small left head and did not go back.

After leaving the villa of Sujia, I got on the bus and didn't go back to Luojia with Luo Xixi and his wife. He returned directly to the villa of Fang Chixia.

In the villa, the lights are still open.

Into the house, the living room is very quiet, Fang Chi Xia and the group are not there.

Luo Yibei gaze in the room and glanced at the restaurant.

When I saw the restaurant connected to the living room, I didn't see anything else. I only saw a few burning candles on the table, and the roses that were beautifully replaced.

Luo Yibei groaned, walked a few steps, stared at the table and looked at it for a while, and went suspiciously upstairs.

When I returned to the room, Fang Chi Xia had already slept. She is holding a group to sleep, and her body is curled up into a ball. The group is also curled up. One person, one cat, and the sleeping position are surprisingly similar.

Luo Yibei stared at her for a while, and opened the bed and opened her bed. She held her arms behind her.

Chapter 399: That photo...

Fang Chixia was about to fall asleep at this time. When she heard the footsteps downstairs, she was awake.

Feeling the breath behind him, her elbows pushed him to push, and the strength was still great.

A very exclusive action, let Luo Yibei smashed.

What's wrong?

The brow wrinkled and extended his arm, and he broke her into his arms again.

He seems to insist on it. Fang Chixia doesn't want to toss him with him at night, and he ignores him with his eyes closed.

Luo Yibei did not actually do anything. He just wanted to hug her after returning habitually. She was holding her back and her chest was against her back. The body temperature of the two people blended together and she was lying with her in such a position. After a while, he went to the bathroom to take a shower.

When the sound of the bathroom sounded, Fang Chixia's eyes closed and opened.

Looking sideways, her gaze looked in the direction of his departure.

This time is so late, Luo Yibei will come back, she did not expect.

Still coming back from Su dyed...

However, what did he let her understand, and this time?

Fang Chi Xia did not care for him, wrapped in a sheet and slept to the farthest position of his bed by the bed.

Luo Yibei came out in a few minutes, and she looked at her on the edge of the bed and quickly fell to the ground, her brow wrinkled.

He vaguely felt that Fang Chixia was deliberately pulling away from him, but he did not know the reason.

He stared at her for a moment, walked a few steps, lying sideways behind her, not moving her this time.

Looking at her back in silence, Luo Yibei is reflecting on her behavior tonight.

What did he do to make her alienate again?

Luo Yibei did not understand.

With a puzzle, I slept for one night, and when I got up the next day, he woke up earlier than Fang Chixia.

At the party last night, he didn't eat anything at all. He woke up a little hungry this morning, changed his clothes and went downstairs to the kitchen. He opened the refrigerator and wanted to see if there was anything to fill the stomach casually, but he accidentally found that there was a refrigerator. A few dishes are carefully prepared for Western food.

The four plates, although they look like they are not so high, can clearly feel the heart when they are loaded.

Luo Yibei stared at the things in the refrigerator for a while, then contacted the burning candle on the table, and the brow was wrinkled again.

Xiao Zuo said that there may be surprises when coming back. Is this referring to this?

Today is the weekend.

Fang Chi Xia is still sleeping upstairs. She doesn't know what happened to her. She usually wakes up when she gets up, but today she is tired and doesn't want to open her eyes.

After Luo Yibei was absent, the bed was wide. She wrapped herself in a group, like a hibernating animal.

Luo Yibei pushed open the door and walked in. She stared at this look for a long time, and went to the sofa chair on the side to sit down.

When I sat down, I was so cold that I was stunned.

Take a look, it is a mobile phone.

Fang Chi Xia.

Fang Chixia sat on the sofa for a long time last night. When she was sleeping, the phone was placed directly there.

Luo Yibei stared at her mobile phone and looked at it again. I don't know how. I suddenly wanted to open it.

He actually wanted to see her call history to see if she had made a call, but he didn't receive it.

Who knows when opening the touch screen, it happens to be her photo album, one of the pictures is still open.

That is, the photo taken by Fang Chixia after dinner was prepared last night...

Chapter 400: This is not for you.

The candle-swaying table, the four dishes are quietly placed, surrounded by a large bouquet of delicate roses, the bright lights, quiet and beautiful.

A photo taken very casually, but the kind of warmth on the picture seems to overflow. It seems that Luo Yibei's eyes are not consciously softened...

When Fang Chi Xia downstairs, it was approaching noon. I slept late last night and her head was a little dull.

Going down the stairs, I want to go to the kitchen to pour water, and in the restaurant, Luo Yibei's voice is faint, "Early." Fang Chi Xia really wants to ignore him, but he does not want to behave like a jealous woman. In the end, he faintly returned to him, "Early."

The head did not go to his side, and went into the kitchen to pour his own water.

In fact, nothing happened last night, Su Ding and Luo Yibei are childhood friends, and lover, birthday this time more normal things!

It's her own business. Knowing that there are so many lovers in Luo Yibei, how can she still prepare her for such a shabby dinner?

Fang Chi Xia wants to know these things, but it is inevitable that some of them are not a taste.

Going out with a cup of water and wanting to go straight upstairs, the voice of Luo Yibei sounded again. "No lunch?" There is only her and him in the villa, and today the servant did not come.

Suddenly, let Fang Chi Xia a glimpse, the line of sight unconsciously looked at the direction of the restaurant.

Luo Yibei sat at the table, holding a knife in one hand and a fork in one hand, and the meal was elegantly eaten.

There were four plates in front of me, no more, just four, and the dishes inside were all prepared by her yesterday.

I have been cooking for one night. If I am in Luojia, I am afraid that there will not be such a thing on the table.

However, he did not seem to mind, still eating his own carelessly.

Such a person, let Fang Chi Xia some mistakes, staring at him, she is quietly watching his look.

“Need me to help you come over?” Luo Yi’s north corner of the eye to the side of her direction, glimpsed her only standing in the stiffness of the place, the movement of the hand, the face is cold and not turned.

His so-called help is generally mandatory. You don’t have to guess Fang Chi Xia also knows that his next move will be to go straight, arbitrarily slamming her to the seat.

I didn’t want him to shoot, she took her legs and walked a few steps.

“Don’t eat it, it was yesterday.” The hand reached over and wanted to hold the plate and pour it into the trash can. The wrist was cold and could not be pressed by Luo Yibei.

“Isn’t it for me? I don’t mind, what do you mind?” Luo Yibei looked up and browsed and looked good.

He looked at her eyes and looked awkward, and it seemed to bring a bit of fun.

Fang Chi Xia was first seen as awkward, and his eyes were uncomfortably staggered. She resolutely retorted. “This is not for you, but it was prepared for last night.”

In one sentence, he took his hand out of his hand and took a few plates back to the kitchen, pouring all the things into the trash.

Luo Yibei looked at her movements quietly, her face slightly distorted.

Not for him to prepare some candles, what candlelight dinner to play?

Fang Chi Xia did not explain anything, dumped everything, and began to prepare lunch.

Very simple fried two sides, want to walk out, Luo Yibei’s mobile phone ringing is not sound.
