Married at First Sight Chapter 1631-“I’ll play with you until you don’t want to play.” Josh made a promise to Jasmine.

Now everything was focused on the baby in the womb.

When Josh found out that Jasmine was pregnant, he immediately cancelled the tour and flew back with her in a hurry. Even if Jasmine were healthy and only pregnant, nothing would happen if she was careful, but Josh dared not be careless.

He borrowed their family’s private jet from his elder brother.

When Josh’s elder brother heard that Jasmine was pregnant, he also attached great importance to it. As soon as Josh called him, he arranged a private jet for Josh and Jasmine to bring them back.

Josh was the first person in this generation to get married, and the baby in Jasmine’s belly was the first of the next generation of the Bucham family. The whole family was excited when they found out that she was pregnant. The couple hadn’t arrived home yet. The relatives sent a lot of supplements.

Some elderly relatives even bought a lot of daily necessities after the baby was born.

Everyone attached so much importance to Jasmine’s child, could Josh not be nervous?

Jasmine: “When the child is born, and I don’t want to bear the child, how can I go out to play? Now I’ll go and open the door for Serenity and Elisa.”

Jasmine was about to get up, but Josh quickly held her down and said, “Lie down, I’ll go right away Open the door for the two of them.”

In order to prevent Jasmine from getting out of bed, Josh said as he hurried to open the door for Serenity.

“Mr. Bucham.”

Seeing Josh, Serenity and Elisa called him in unison.

“Sister-in-law, Ms. Stone, you are here. Jasmine is resting in the room.”

Josh smiled and staggered to let the two of them in. When Serenity passed by Josh, he stopped Serenity in a low voice.

Serenity stopped and looked at him.

Josh: "Sister-in-law, please help me watch Jasmine, don't let her walk around in the ground, we just came back, and she must be tired after flying for several hours, but she can't sit still, as soon as I walk away, She's like a monkey, she can't calm down."

Serenity smiled and said, "Okay, I'll help you watch over Jasmine, so she won't let her walk around on the ground."

Then Josh left the room with confidence and left the space for three women.

After he went downstairs, he arranged for two maids to bring tea, snacks, and fruits upstairs.

"Serenity, Elisa, you guys are coming to see me." Jasmine sat up and was about to get out of bed, but Serenity said quickly, "Jasmine, just sit down and don't get off the ground. Mr. Bucham told me to let me watch you, Don't let you walk around in the ground."

Hearing this, Jasmine had black lines on her face, and complained: "It's like treating me as a seriously ill patient."

"Are you pregnant?" Serenity asked.

Now that Jasmine was pregnant, Elisa and Serenity could be sure of it.

There was a smile on Jasmine's face, it was a happy smile, she said: " I'm pregnant, I didn't expect it to be so soon, when I got married, I happened to be in a dangerous period, and then I went out for honeymoon, when it was time for old friends to come, I didn't care at the time.

After half a month, I still didn't come, I told Josh, and he took me to the local hospital for an examination, and found that I really won the lottery, and then he became anxious, immediately called his elder brother and arranged for a private plane to pick us up.

I just got home today, and when I got home, he insisted that I was exhausted from the flight for several hours and asked me to lie down to rest in bed. I am not tired at all, I am very excited now, I want to share this good news with you."

Married at First Sight Chapter 1632-Elisa smiled and said: "You two are so happy, you were pregnant during your honeymoon. Jasmine, congratulations, if we knew that you were pregnant, we should have bought some supplements for you and brought them here. Serenity learned from Zachary that you had returned from your honeymoon

ahead of schedule, so she was worried about you, so she brought me over to see you as soon as possible.”

Jasmine quickly said: “Don’t send me supplements, I haven’t returned home yet, the relatives in Josh have already sent a lot of supplements, I’m scared.”

Again the united big family could really scare her once she gave a gift.

“I’m just pregnant, so I don’t need supplements. I just need to have regular meals. Please don’t give me supplements, just let me go.”

Everyone laughed when Jasmine begged her two friends.

The maid brought in fruit snacks.

Jasmine greeted two friends for snacks.

Serenity and the two of them were not polite to her, they just came back from Serenity’s hometown, and they were also feeling hungry, so they even ate a few pieces of snacks to fill their stomachs.

“Jasmine, do you have morning sickness?” Elisa poured herself a glass of water, took a sip, and asked Jasmine curiously.

“My sister-in-law is still throwing up now, maybe she’s about to vomit until she gives birth.” Every time Elisa saw her sister-in-law having morning sickness, she felt that being a mother was not easy.

She kept reminding her elder brother in private that he must treat her sister-in-law well, but he must not let her sister-in-law down. How hard it was for her elder brother to have children.

Her elder brother dared to feel sorry for her sister-in-law, she was the first to ask elder brother to settle the score.

She said that and was knocked down by her elder brother a few times.

Clive felt that he was already a man who doted on his wife very much, and his sister threatened him like that, he couldn’t help but slapped his sister twice.

“I’m just pregnant, and I don’t have a pregnancy reaction yet. I hope I don’t vomit too much.”

“Everyone’s reaction is different. Most people will be fine after vomiting for three months.” Serenity was not pregnant yet, but she helped bring up Sonny, and she had some experience.

“There are also people who don’t respond at all. That kind is the most comfortable. They can eat and sleep without throwing up.”

Jasmine smiled and said, “I hope I’m that kind.”

She wanted to ask her friend if there was any movement, and the words came to her lips but she didn’t dare to ask, if Serenity was pregnant, she would definitely tell her, if she didn’t tell her, then she was not pregnant, if she asked, Serenity would feel bad.

She received the certificate almost a year later than Serenity. She was pregnant during the honeymoon period, and Serenity had not moved yet. She was afraid that if she asked, Serenity would be under psychological pressure.

“How is our vegetable farm business?” Jasmine asked about business matters.

Just to change the subject, lest Serenity think about the fact that she was not pregnant yet.

Serenity replied: “The newly rented vegetable farm has been negotiated, and I am going to sign the contract. I have rented an additional 33 acre of land, and I have also rented a house in the town as a management point. The company is in the urban area, but where is the company renting?, I haven’t been optimistic about the place yet.”

Elisa said: “The establishment of a company is a major event, let’s not worry, and slowly choose a prosperous place, so that our business can grow bigger and more prosperous.”

Married at First Sight Chapter 1633-What a busy, just out of money.

She felt a little sorry.

Serenity and Elisa laughed in unison: “You should take good care of your baby now.”

Jasmine said: “I can work even if I’m pregnant. How many people still go to work after pregnancy, and only take maternity leave when they are about to give birth?”

“That’s someone else, you are different from others, you, just treat yourself as a national treasure at home.” Serenity said, “If you want to return to the store in the future to take a look, Mr. Bucham probably won’t agree because he is so anxious.”

Jasmine: “...”

The three women chatted for a while, and then Josh knocked on the door.

He pushed the door open and entered, holding a tray in his hand, on which was a bowl of soup, without asking, he knew it was soup for Jasmine to nourish his body.

“Zachary is downstairs and is here to pick you up, sister-in-law.”

Josh walked over and said to Serenity.

He put the bowl of soup on the bedside table, and said to Elisa: “Ms. Stone, Mr. Remy has also come to pick you up, and said he wanted to treat you to dinner.”

“Jasmine, take a good rest, we’re leaving first, and we’ll see you another day.” Serenity and Elisa heard that their sweethearts had come to pick them up, so they didn’t stay long.

After the two of them left, Josh said to Jasmine: “Honey, this is the tonic soup that mom personally made for you. It doesn’t burn your mouth anymore. You can have a bowl of soup first, and you can have dinner in half an hour.”

Jasmine said: “I’m not hungry yet.”

Josh: “Have you eaten any snacks?”

Jasmine: “No, I feel like I don’t like sweets now.”

Jasmine said that she was not hungry, but still picked up the bowl of soup drank.

This was the soup that her mother-in-law personally cooked for her, so she had to finish the soup to save her mother-in-law’s face.

“What do you like to eat, I’ll buy it for you.” Josh also knew that when a woman was pregnant, her appetite usually changes.

Jasmine: “I want to eat raw mangoes. Peel and cut raw mangoes into pieces, and add some chili powder and tangerine peel powder.”

Josh said, “I’ll ask someone to go out and buy them for you later.”

Josh would satisfy Jasmine with anything that was edible as long as she ate.

Josh sat down on the edge of the bed, and when Jasmine finished drinking the soup and put down the bowl, he reached out and touched Jasmine’s belly.

With an unstoppable smile on her face, Jasmine said, “Baby, your mother drank the soup, so you have to drink it too. Grow up quickly. After drinking the soup, you thought it was blowing up a balloon, and it would get bigger when you blow it up.”

Josh giggled, “October is pregnant, it feels like a long time, now it is June, and if you count the time, the baby will not be born until next spring.”

He embraced Jasmine and said happily: “Jasmine, I feel very happy now, very happy.”

Ever since he found out that she was pregnant, other than rushing to bring her back, he was just being silly. If she hadn’t told him not to talk about it when she was less than three months old, he would probably have kept calling his relatives and friends with his mobile phone in his hand.
