Novel Married at First Sight Chapter 1645 -“Could it be that I am with Remy? Do I seek justice?” Elisa asked her mother back, “Besides, I’m not the one to be bullied. I’ve always been the only one to bully people.”

Mrs. Stone said after choking, “You can be a crab in Wiltspoon, and no one dares to do anything to you if you walk sideways, that’s because you have a huge Stone Group behind you, and your elder brother is backing you up to clean up the mess. If you are with Remy, you live in Annenburg. You are a woman who married far away, and your mother’s family is so far away, who dotes on you, who will you rely on?”

Elisa argued, “Remy’s job is in Wiltspoon, and he has lived here for a long time. I am with him, and I will live in Wiltspoon from now on. Even if you want to go back to Annenburg, it’s just to go back during the holidays and spend time with the elders.”

“What trouble can you cause? Besides, Mom knows what kind of Johnson family is. The elders of the Johnson family are very enlightened and won’t bully their daughter-in-law.”

Mrs. Stone said: “Which one of the daughter-in-laws of the Johnson family is fuel-efficient? All of them have backers behind them. The eldest wife is the eldest daughter of the Lafayette family in Meadspring, and the second wife is the daughter of the Newman family. If nothing goes wrong, the fourth young mistress is a master student of a genius doctor, which one is easy to mess with?”

Elisa: “Don’t I have a backer behind me? If I marry far away, the Stone family will not be my backer? When I go back to my mother’s house, the door of my mother’s house will no longer be opened for me?”

Mrs. Stone was speechless by her daughter, but she was so angry.

“Mom, I think you should keep me by your side as an old aunt for the rest of your life and don’t whine in front of me that I’m almost 30 years old to get married if even a family like the Johnson’s are worried about me getting married.”

Mrs. Stone: “You don’t understand my reluctance. Mom has said so much, but there is one thing she does not want you to marry far away. If you married far away, your mother would have to fly for several hours to see you.”

Elisa: “Remy’s new house is next door to our house, you don’t need to take a few hours of plane, only need to walk for two or three minutes. you can see me and I can also go home and have dinner with you every day.”

Mrs. Stone: “He always has to go back to Annenburg.”

Elisa: "It's a normal thing, Mom can't let me never go back to Remy's house, can I? Even if I marry in Wiltspoon, I will almost live in my husband's house after marriage, so I might as well marry Remy, at least we will be neighbors with you. You put the vegetables in the pot, and I can come over for dinner. How convenient.

My sister-in-law is married close enough. Doesn't my elder brother accompany my sister-in-law back to her mother's house during the holidays? In the same way, If I marry Remy and become the daughter-in-law of the Johnson family, shouldn't I go back with my husband to have a look during the holidays?"

Mrs. Stone: "..."

"Driver, stop!" Mrs. Stone suddenly Order the driver to stop.

The driver quickly pulled over and stopped.

"Elisa, get out of the car." Mrs. Stone ordered her daughter to get out of the car.

Elisa was stunned, was she kicked out of the car by her mother?

Because she retorted so forcefully that her mother was speechless, so her mother kicked her out of the car?

Elisa: "Mom."

Mrs. Stone: "Get out of the car, I don't want you to accompany me anymore."

Seeing her mother's tough attitude, Elisa pursed her lips and said to her mother in a soft tone: "Mom, if what I said just now hurt you, I apologize to you. Mom, don't be angry, I-I know that what you do is for my own good."

When Elisa was young, her parents and elder brothers loved her.

She was the most favored child in the family.

Her parents and elder brother's kindness to her was absolutely sincere, and Elisa never doubted this.

Novel Married at First Sight Chapter 1646 – Seeing that her mother didn't speak, Elisa had no choice but to get out of the car.

As soon as she got out of the car, Mrs. Stone ordered the driver to drive again.

The driver was also a little dazed, turned to look at Mrs. Stone, and said, "Ma'am, miss, she..."

"The legs are on her body, so she can go back by herself." Mrs. Stone said flatly, "Let her sit on the seat again, it will definitely have a big fight."

After driving the daughter out of the car, both of them could calm down.

Mrs. Stone wasn't worried at all that her daughter wouldn't be able to go home.

The driver had no choice but to drive again.

Elisa stood on the side of the road and watched her mother's car go away, and soon merged into the traffic flow.

"My mother really left me behind." Elisa couldn't laugh or cry, and felt aggrieved.

She was too lazy to go back to the hotel to drive her car, so she hailed a taxi, got in the taxi, told Serenity's home address, and went to complain to Serenity.

Coincidentally, before Elisa arrived, Andrew also came to Zachary's villa.

The cousins had a very good relationship, but Andrew was rarely in the same frame as Zachary, because he was afraid of being said that he was taking advantage of Zachary's popularity to benefit from Zachary's glory.

Zachary and Serenity had just finished their meal, and they were walking in the yard holding hands. They only entered the house when they saw Andrew coming.

As soon as Andrew was offered tea, the butler came in and told Serenity: "Young Mistress, Ms. Stone is here. Ms. Stone came in a taxi."

Serenity's beautiful eyes twinkled, quite surprised: "Where is Elisa's car?"

Thinking of something, she hurriedly stood up and said as she walked out, "Something must have happened."

A car accident?!

This was Serenity's first thought.

Only when there was a car accident, Elisa would not drive her car over.

When Andrew heard that Elisa was coming, he felt like sitting on pins and needles. Zachary, who wanted to go out to have a look, noticed his cousin's unnaturalness.

He temporarily gave up and followed out, and asked Andrew with concern: "Andrew, are you okay? Is there a thorn in my sofa? I see that you look uncomfortable while sitting."

Andrew: "No, there is nothing, just ...Brother, why did Elisa come here? I came to you tonight just to talk about Elisa, but as soon as I arrived, she came here. It's a coincidence and fate."

Zachary: "...What's the matter with you and Elisa? She is Serenity's cousin and good friend, and she will come here anytime."

"I have nothing to do with her, but I helped Mrs. Stone a few times, Mrs. Stone seems...Brother, I don't know if I'm over-intentioned. I always feel that Mrs. Stone is too warm to me, and she's too kind. Looking at her eyes, I feel a little nervous. That's my mother-in-law look at the eyes of the son-in-law."

Zachary smiled, "Good guy, how long has it been before the mother-in-law looks at the son-in-law, Andrew, you are amazing, you are really amazing."

Andrew couldn't laugh or cry, "Brother, don't make fun of me. It's because I feel that Elisa is a bit different now, different from before, and I also think she is very beautiful, if... but I don't like being calculated by others, and I don't like being led by the nose."

Meaning, If he liked Elisa, he could pursue it by himself.

He didn't want to be led away by Mrs. Stone.

Novel Married at First Sight Chapter 1647 -Zachary asked, "Andrew, are you really tempted by Elisa?"

"Nothing." Andrew quickly denied it.

"I didn't realize Mrs. Stone's intentions until tonight. Now I suspect that she had a few accidents on the road, but I found out that she planned to send her home." Andrew was not stupid.

After realizing Mrs. Stone's intentions, after further analysis, he felt that his encounter with Mrs. Stone was most likely planned by her.

Mrs. Stone and her husband also have a very good relationship. After the couple retires, Mr. Stone will follow wherever Mrs. Stone goes.

Mrs. Stone took a walk, but Mr. Stone didn't follow her, and she happened to be without a mobile phone when she sprained her foot. How could there be so many coincidences?

"Brother, I know that Elisa once admired you and even pursued you openly. I won't be with her. I always feel... not so good."

Zachary said: "The important thing is that she liked me before, but I never even started with her. After she knew that I was married, she stopped pestering me. She has a very upright outlook on love. The important thing is that she now likes Remy, the fifth young master of the Johnson family. The two of them haven't disclosed their relationship yet, but anyone with a discerning eye can tell that Elisa and Remy get along well, and both of them are stubborn in their relationship. If you use your feet, you will only suffer and hurt yourself."

Zachary didn't think that Andrew was not suitable for Elisa, nor did he object to Andrew's liking for Elisa.

He didn't want the emotional hurt that Elisa had suffered from him to go to his cousin.

Andrew: "Brother, I didn't say that I like Elisa. I saw Remy and Elisa together, and it's fortunate that Remy was there, otherwise I wouldn't be able to taste the meal tonight."

When Remy was present, he could still chat with Remy. There was no need to face the business mother and daughter alone.

Andrew: "I can also tell that Elisa didn't know about it at first, but she is also a smart person, and she seemed to realize her mother's purpose later on. She was polite to me, but she had no intention of anything else."

Zachary: "You know That's good, Elisa is a bit self-willed sometimes, and her three views are more upright than many people, as long as you two don't see each other right, Mrs. Stone can't help it."

Andrew thought about it, and heaved a sigh of relief.

Serenity brought Elisa in at this time, and Elisa complained to Serenity as she walked: "I just argued with my mother for a few words, and what I said was the truth. I got out of the car!"

"Serenity, your aunt kicked me out of the car, I'm her own daughter, she always said that I was the one who loved her the most among her three children, and the one who regarded me as the apple of her eye, actually put me in the car. I'll get out of the car!"

Fortunately, there can be a taxi there, if she drives me out of the car without going to the village or shop, what should I do?"

To Elisa, it was too much of a blow for mother to get out of the car.

Through Elisa's complaint, Serenity basically understood the whole story.

"I'm not going back tonight, Serenity, you can arrange a guest room for me, and I'll stay with you for one night, or you can lend me a car, and I'll go to my own house for a few days."

"Serenity."

Elisa suddenly stopped, looked at the two men sitting on the sofa, and asked Serenity in a low voice: "Andrew is here too? Why didn't you remind me earlier that he is also here?"

Serenity innocently said: "You talk non-stop as soon as you get out of the car, and I don't even have a chance to intervene. It doesn't matter how I tell you, Andrew is here. He is here to find his cousin, not for you."

Elisa: "...The two of them probably didn't hear what I just said?"

Serenity: "I don't think they heard."

The distance was a bit far away.

Only then did Elisa calmly walk towards the two men together with Serenity.

Elisa: "Cousin-in-law, Mr. Reading."

Novel Married at First Sight Chapter 1648 -Elisa said hello.

When Zachary heard her calling him cousin-in-law, the corners of his mouth twitched, but he couldn't refute.

Serenity was one year younger than Elisa, she was a cousin.

In the past, Elisa used to call Zachary by his first name, but tonight she was stimulated and deliberately called him cousin-in-law.

"Ms. Stone." Andrew also returned to normal.

Elisa and Andrew looked at each other, and they both said in their hearts at the same time: What a coincidence!

Both of them came here at the same time.

“Did Remy come with Ms. Stone?” Andrew asked Elisa with a smile.

Elisa replied: “He still has important matters to deal with, so I let him go. He will go back to Annenburg in a few days, and his sister-in-law, Jane is going to give birth.”

Andrew said oh.

Serenity answered: “Jane’s due date hasn’t arrived yet, she’s going to give birth so soon.”

Elisa: “Remy said so, I don’t know.”

“But Jane is pregnant with twins, I heard twins...It will be born sooner.” Hearing that Jane was about to give birth, Serenity was a little envious.

Jane was really a winner in life, although both of them were young mistresses, for many people, Serenity was also a winner in life.

Compared to Jane, Serenity felt that she was still a bit inferior, as she was not pregnant so far.

Even Jasmine, who was married later, was pregnant, but she didn’t move.

Fortunately, Serenity’s in-law’s family and her husband were all good, and they didn’t add pressure to her, but as long as she was free, or when she heard that someone was about to give birth, or someone was pregnant again, she would look sad.

Serenity: “Husband, are we going to start preparing two golden locks? When Jane’s baby is born, we will definitely go there for the full moon wine. We will prepare the baby’s meeting gift in advance. I chatted with Jane at that time, I told her that I want to be the godmother of two babies.”

That was, Jane’s baby had many godmothers.

Jane’s friends were all scrambling to become godmothers for the child.

Although Iris was about to give birth, it didn’t prevent her from being a godmother to Jane’s child.

Serenity: “Buy a few more new clothes, and ask grandma when the time comes to see if the baby is full moon, what should I prepare as a godmother.”

Zachary said softly: “She hasn’t given birth yet, and the full moon is still very early, so don’t worry, no matter what you need to prepare, it doesn’t take much time.”

He could get it done with a single sentence.

"I also want to be a godmother, but I don't know Jane well." Elisa interjected.

Serenity looked at her and said with a smile, "You don't have to be a godmother anymore."

She could only be the baby's fifth aunt.

Elisa realized that if she was with Remy, she would have a baby. She was a little embarrassed, and her pretty face was quietly stained with red clouds.

Novel Married at First Sight Chapter 1649 -Andrew looked at Elisa, who was different from the outside rumors, and didn't want to stay longer, so he got up and said goodbye: "Brother, Sister-in-law, I'm going back."

"Would you like to sit down for a while? Let's go back after supper." Serenity asked to stay.

Andrew said with a smile: "I seldom eat late-night snacks. Once I eat late-night snacks, it takes longer to exercise in order to maintain my good figure. Sister-in-law, I'm still single, image is very important."

Serenity said, "You are the same as your brother, he also said to keep in good shape and doesn't want to eat late at night."

Since Andrew insisted on leaving, Serenity didn't want to stay anymore, and Zachary sent his cousin out.

"Serenity, lend me a car. I won't stay here anymore." When Elisa first came here, she impulsively wanted to stay overnight and didn't want to go home. Looking at it now, she thought she still needed to borrow a car. She wanted to go back to the house under her name to live for a few days.

Serenity: "Stay with me for one night."

Elisa: "Don't stop, Zachary won't say anything on the surface, if I really stay at your house for one night, Zachary's face will be darker than the bottom of a casserole."

Her cousin-in-law, Zachary was a very possessive man.

It was better for her to provoke less.

Serenity: "If he dares to give you a bad look, I'll let him sleep in the study."

Elisa smiled and said, "Then I have to go even more. If I make him sleep in the study, I'm afraid I'll have to watch his black face for the rest of my life."

Serenity also smiled, knowing that her man was a domineering ghost.

She generously brought several bunches of car keys, and put them in front of Elisa, "There are only these types of cars in the garage, you choose one yourself."

Elisa took a car casually key, and said: "It's fine to have a car, I don't pick it."

After Zachary sent his cousin out and came back, when he heard Elisa's words, he cursed in his heart that she could pick any car in his garage. All cars were famous cars.

Of course she didn't choose.

If his garage was full of tractors, let's see if she picked them.

Elisa left soon. After she left, Zachary went upstairs with his beloved wife in his arms and returned to their room.

Serenity asked him, "What did Andrew tell you when Elisa first came? As soon as Elisa came, he found an excuse to leave."

Zachary: "I didn't say anything, both Andrew and my cousin had seen through Auntie's intentions, and Andrew felt embarrassed, so he found an excuse to leave."

Zachary hugged her and sat down on the bed, and within two minutes, he couldn't help but push her down.

Serenity pushed him, "Take a bath, you haven't taken a bath yet, it's a hot day, don't take a bath, don't sleep in my bed."

"It's hot outside, but it's not hot inside." Zachary insisted on pestering her to ask for it. One kiss before letting go of her.

"Auntie is making things difficult for Remy by arranging a rival in love." Serenity sat up, "Remy has done a good enough job, but Auntie is still not satisfied. The two families are well matched, and you are affectionate, and my sister is interested, alas, My aunt refused to agree to death, Elisa refuted a few words with her, and the aunt even drove Elisa out of the car."

Zachary wrapped his arms around her waist, "Let's just see and don't talk."

Serenity: "I-I know, when they come to talk to me, I listen to it, they won't take the initiative to meddle in the affairs of any of them, I will just quietly be a melon-eating crowd."

Zachary: "Good drama continues."

Serenity: "Go take a shower."

Serenity turned her head and kissed him on the cheek, said something in a low voice, Zachary immediately went to take a bath in a hurry.
