

## Submit To The Boss Lucia And August Novel Chapter 8 -

Chapter 8 – “Hey you’re finally awake!”

The man put down the cup in his hand and said with a mouthful of yellow teeth bared.

Then he smiled and tried to reach out for Lucia.

He grabbed her hand towards him and leaned over “Have a good time with me today.

You’ll be benefited a lot!”

Seeing the person in front of her, Lucia couldn’t help but shiver and subconsciously raise her hand to push him away.

“You ...

don’t touch me! Get...out!”

The heat hadn’t faded away, but it was getting stronger and stronger.

By now, she had realized that she had been trapped by Lydia.

It was all too late; she had no way to escape.

The man didn’t care about her resistance.

He chuckled and said, “Young woman, do you think you can escape at this point?”

As he spoke, he quickly took off his clothes and reached out his hand to Lucia.

Lucia trembled all over.

In a panic, she grabbed the glass on the bedside table and smashed it hard at the man’s head.

“Bang!”

with a dull sound, the man’s head was hit with a gash, and blood spurted out.

His face instantly changed.

He raised his hand to feel the blood on his head and then raised his hand in embarrassment and anger.

He slapped Lucia’s face directly.

“Bitch! How dare you hit me! I think you want to die!”

As he spoke, he held Lucia’s hands with one hand and tried to strip her clothes off with the other.

“You...

Let me go...”

Half of Lucia’s face was swollen.

Seeing that her clothes were about to be stripped off, she struggled relentlessly.

In a panic, she touched a piece of broken glass and pressed the cutting edge against her neck.

She tried her best to be sane and her eyes turned red.

“If you dare to touch me again, I...

I will kill myself for you!”

“Humph!”

The man snorted with disdain, still holding her clothes.

“I’d like to see if you tell the truth!”

Lucia’s heart chilled and she lost all hope.

She couldn’t lose her innocence in such a way.

She had just married August who was such a wonderful man, so she couldn’t make herself dirty! She gritted her teeth and tightened her grip on the glass.

The edge of the glass directly pierced into her skin, and blood immediately gushed out from her fair neck.

Seeing this, the man was stunned.

He hadn’t expected that Lucia would dare to force herself to death.

At this moment, a loud sound came from the door, and the door of the suite was directly kicked open! It was August! Lucia’s hand trembled and suddenly stopped the blade, which was about to stab into her neck.

She hadn’t expected that someone would come to save her at the last moment! “Damn it!”

The man cursed and turned around.

Before he could finish his words, a kick came across his shoulder, directly knocking him down to his knees.

August felt a fit of unspoken anger in his heart.

With his eyes sweeping to the dazzling bloodstain on the woman’s white neck, he came back to his sense.

He stepped forward to pull the thin quilt to cover her body and said in a deep voice, “Don’t move!”

Luckily he came just in time; otherwise, Lucia would have stabbed the glass fragments into her neck.

“President...

Adams?”

The man who was kicked to the ground turned pale when he saw August’s face.

He was too scared to breathe.

On hearing the voice, August stared at him callously.

“Who gave you the guts to hurt my woman?”

The man on the ground was shocked.

“... ”

I just spent money to have fun.

How...

How could she be your woman?”

As soon as he finished speaking, the sound of footsteps came from the door; Burton looked at the situation inside the room, and he had a general idea of what was going on.

He looked around and pulled out the camera that had been installed beforehand.

August cast a cold glance at the man and ordered Burton, “Take him away and deal with him.”

Burton nodded, “Yes.”

On hearing the order, the man immediately panicked and repeatedly pleaded, “President! I’m Jed Young from the Gres Sincerity Group! For the sake of our cooperation, please spare me this time! It’s my fault that I messed up with your people...”

August took the first aid kit aside and was about to stop the bleeding for Lucia.

He immediately wore a face of gloomy thunder when he heard what Young said.

From his expression, Burton understood immediately and pulled the half-dressed Jed out of the room.

When pulled to the door, Jed shouted, “President! It was Carol who did all the work! I didn’t know about it!”

When August heard the name, his eyes grew murky.

It turned out that it

was all her trick! August came back to his senses.

He saw Lucia’s neck wound still bleeding and picked up the medicine to help her do the disinfection.

As soon as the cotton swab touched the woman’s neck, she trembled and let out a misleading groan.

August frowned and said, “Just bandage it up.

I’ll take you to the hospital later.”

Before he finished his words.

his shoulder suddenly dropped and his neck was hugged.

Lucia felt hot all over her body.

At this moment, the drug was working, and her last sanity was instantly gone.

“No...  
No...”

I don't want to go to the hospital..”

She leaned against August's chest and rubbed back and forth like a dingy cat.

August lowered her eyebrows and tried to push Lucia away, but she wrapped her arms around his neck.

“I'm so...  
so hot...”  
She said.

August lowered his head, only to see her snow-white neck, her bright bloodstains, and her cheeks which had already been flushed.

No one could refuse a woman like this.

August tightened his grip on the swab and was about to continue cleaning her wound, but Lucia suddenly slapped his hand away.

“No...  
No...”

She resisted.

Looking at the woman who was unwilling to cooperate and the bleeding cut, August had no choice for a moment.

When he inadvertently glanced at the set of props on the nearby table, he took the rose-colored handcuffs and clasped her hands behind her back in one take without thinking too much.

The woman was still unwilling to be well-behaved even with her hands clasped.

She wriggled around and refused to cooperate.

August frowned and half-pressed on her body.

Eventually, he managed to bandage her wound.

As soon as he put on the last piece of medical tape, Burton's cautious voice came from the door, “Mr. President...”

Hearing the noise, August immediately stood up from Lucia's body.

He looked straight at Burton and asked, “What's the matter?”

Burton's eyes wandered back and forth between August and Lucia.

“Well...”

I've handed Mr. Wright to my subordinate.

Let them interrogate him first.

I'm here to ask what else you need...”

When August was about to say something, the woman beside him suddenly muttered, "It's so hot..."

"I want to hug you..."

Her voice was charming, and there was a bit of grievance in the tone.

It was even more pleasant to hear.

August's face turned somber instantly.

He glanced at the woman beside him and frowned deeply.

Burton hesitated for a moment before he asked, "Do you want to call a doctor?"

Turning to look at the woman beside her, August grumbled, "We don't have time to do so."

Having been in the business circle for a long time, he had seen kinds of tricks to deal with people.

From Lucia's strong reaction, he had known that it was a strong drug.

With the drug working continuously, she just couldn't hold on like this.

Burton understood immediately and nodded sensibly.

He quietly left the room and closed the door. Hearing the sound of the door being closed, August felt a little annoyed and pulled the tie off his collar.

He hadn't wanted to touch her, but for now, the fire in his body was triggered.

Just at that moment, Lucia started to rub her head against August's shoulder.

She raised her head and kissed him on the lips all of a sudden.

"Buzz...", August felt as if something exploded in his ears.

He pulled Lucia into his arms and said in a hoarse voice, "Under this circumstance, it's not my fault!"

When she woke up, Lucia found that it was completely dark outside.

She moved her body and felt aches and pains all over, her brain going blank.

'What is wrong with me?' Lucia raised her hand to rub her temples.

When she sat up, she suddenly felt a chill in her upper body.

As soon as she lowered her head, she was stunned.

She was naked!
